

# A Man Like None Other Novel

## Chapter 651

"Mr. Chen, is there something wrong?"

Zhou Zhigian asked in a low voice.

"Oh, nothing, let's go in and see..."

David followed Zhou Zhigan towards the room, but along the way, David didn't feel a trace of spiritual energy, but a gloomy wind.

Logically speaking, if the Shen family has a ten thousand year ginseng king, they should be able to sense the aura emanating from the ginseng king even in a radius of several hundred meters, but David did not feel it at all. There are only two possibilities. The first is that The Wannian Shenwang is not in the Shen family's yard, and the second is that the Shen family does not have a Wannian Shenwang at all, but spreads fake news.

But no matter what the situation is, David has to see Wannian Shenwang first. If he doesn't see anything, David will not trade.

Zhou Zhigan took David and the others into the hall. Although there were many servants of the Shen family, no one stopped them, and they all nodded slightly to greet Zhou Zhigan. It could be seen that Zhou Zhigan was familiar with the Shen family.

After entering the hall, I saw five or six people sitting on the sofa, some smoking cigarettes, frowning, some bowing their heads, as if thinking about something, and a woman with tears in her eyes, she must have just cried. .

"Uncle Zhou, when did you arrive? Please take a seat..."

At this time, a young man found Zhou Zhigan and them, so he hurriedly got up and said.

The others also looked up and saw that Zhou Zhigan was coming, and they all stood up to greet him. Everyone respected Zhou Zhigan.

"Sit down, everyone sit down..."

Zhou Zhigan was a little flattered, he hurriedly waved his hand to let everyone sit down, and then asked the young man, "Shen Lang, I heard that your father is ill, so I hurried over here, how are others?"

Zhou Zhigan was very knowledgeable about the world, so he didn't mention the Wannian Shenwang at all. Instead, he first cared about the body of Shen Wansan, the head of the Shen family. In this way, when the time came to talk about the Wannian Shenwang, the Shen family always wanted to Take care of some face.

"Hey..." Shen Lang sighed: "Aren't we worried? When I just came back, my dad was good and bad, and occasionally I could meet people, but now I'm like a fool, I don't know anyone, and I'm still old. Yelling, biting when you see someone..."

When Zhou Zhigan heard it, he couldn't help but be slightly surprised. He didn't expect Shen Wansan's condition to be so serious.

"What the h3ll is going on? How did it become like this?"

Although Zhou Zhiqian heard what his younger brother Zhou Zhicheng said, what Zhou Zhicheng knew was just a little bit of fur. After all, only the Shen family knew the real reason.

Shen Lang opened his mouth, but without saying the last word, he sighed and sat back.

The other Shen family members were also silent, and some were crying softly.

"Didn't you see a doctor?"

Zhou Zhiqian asked with a questioning face.

"I've searched for it. I've searched for doctors in a radius of hundreds of miles. No one can see it. They all say that Wansan will not survive for three days..."

The woman replied, and as she spoke, she burst into tears.

"Brother and sister, don't cry for now, I think there will be a way..." Zhou Zhigan comforted the woman, then glanced at David, and then said to the Shen family, "I am back this time, from Guan Nei specially invited Mr. Chen, Mr. Chen is a famous doctor, no matter what kind of illness, the medicine will definitely cure the disease..."

When everyone saw that Zhou Zhigan brought a genius doctor, they all looked at David and the three behind Zhou Zhigan.

In the end, everyone's eyes fell on Lin Tianhu. After all, Lin Tianhu was older, and it was possible to say that he was a genius doctor, but David, a young man in his early twenties, no one thought of him as a genius doctor.

## **Chapter 652**

Seeing that everyone's eyes were on him, Lin Tianhu suddenly felt uncomfortable, and hurriedly pointed to David: "This is Mr. Chen, the genius doctor who cures the disease..."

Seeing Lin Tianhu say that David is a genius doctor, everyone in the Shen family was stunned, and their eyes were full of disbelief.

"Yes, this is Mr. Chen. Don't look at Mr. Chen's youth, but his medical skills are Sai Huatuo's..."

Zhou Zhiqian also pointed to David and said.

Seeing Zhou Zhigan say this, the Shen family only had a trace of confidence in their eyes.

"Uncle Zhou, since he is a genius doctor, then please take a look at my father. As long as my father can be cured, my Shen family will be very grateful..."

Seeing this, Shen Lang hurriedly said to Zhou Zhigan.

Where did Zhou Zhigan dare to call the shots, he could only look back at David: "Mr. Chen, what do you think?"

"I can cure the disease, but before we can cure it, we'd better speak clearly..."

David said lightly.

"Yes, yes, let's make it clear first, so that there will be no quarrels later..."

Zhou Zhiqian nodded again and again.

"Tell me, how much do you want?" Shen Lang asked David.

After all, the family came from thousands of miles away from the customs, so it is not an exaggeration to negotiate the price before seeing a doctor, and the Shen family is not unreasonable.

"I don't want money!" David shook his head: "I will heal your father, but you must guarantee that the King of Wannian can only sell it to me, and let me see the goods first..."

As soon as David's words came out, the Shen family were all stunned, but Shen Lang's face sank and said: "So you came here for the Wannian Shenwang? Uncle Zhou, what the hell is going on? If you want to King Wannian, with the friendship between our two families, as long as the price is right, we will naturally sell it to you first, but you brought a so-called genius doctor to treat my father, but you threatened my Shen family with it. Is this right? A little too much to say?"

Zhou Zhigan hurriedly explained: "Nephew, you have misunderstood, Mr. Chen is indeed rushing to King Wannian, but he is indeed a genius doctor who can cure your father's illness. I definitely did not use this to threaten you. The meaning of the family, besides, our Zhou family will not want this ten thousand year ginseng king, how can I dare to make up my mind about what Mr. Chen likes..."

"I just want to see things, and then buy your Wannian ginseng king. It's not that I don't give you money. Who do you sell it to? You just sell me the Wannian ginseng king, and I will keep your father safe... .."

David looked at Shen Lang and said lightly.

As soon as Shen Lang heard it, he was absolutely right in what David said. Whoever sells this is also selling it, as long as the price is right, and David can also heal his father's illness.

"Okay, I promise you, you will take care of my father first, and I promise to sell you the Wannian Ginseng King..."

After Shen Lang thought for a while, he nodded and said.

"I want to see something first..."

David didn't feel the existence of King Wannian Shen in the Shen family, so he had to see something first. If he was deceived by the Shen family, then who would David go to...

David wanted to look at things first, which made Shen Lang directly silent. Shen Lang's brows were slightly wrinkled, as if he was thinking about something.

"My dear nephew, just take a look, and you won't be missing anything. Mr. Chen's request is reasonable..."

Zhou Zhigan saw that Shen Lang hesitated, so he persuaded him.

But Shen Lang still didn't speak, and the rest of the Shen family were also silent.

Seeing such a group situation, Zhou Zhigan frowned: "Nephew, don't you guys have no Wannian Shenwang at all?"

"No, no, Uncle Zhou, there must be a ten thousand-year-old ginseng king in our Shen family, it's just... just this ginseng king..."

Just when Shen Lang was about to tell the reason, an excited voice suddenly came: "Lang'er, I invited the director of Fengtian First People's Hospital to treat my eldest brother, and my eldest brother is saved..."

## Chapter 653

Everyone looked around for fame, and saw a middle-aged man walk in with a sixtieth old man with a respectful support.

This middle-aged man is Shen Wansan's younger brother, Shen Wanfu, and the sixty-sixth old man is Zheng Xun, the director of Fengtian First People's Hospital.

When everyone in the Shen family saw Zheng Xun coming, they all hurriedly stood up to greet him, and invited Zheng Xun to the master to sit down.

The arrival of Zheng Xun made the Shen family instantly forget David's existence. After all, they were skeptical of David's identity as a genius doctor. After all, David was too young, and Zheng Xun was a well-known genius doctor in the entire Northeast.

It's just that he is getting older. After retirement, Zheng Xun no longer sees doctors. No matter how much money is paid, Zheng Xun will not see it. Someone once offered 100 million to ask Zheng Xun to help him see a doctor, but Zheng Xun refused. .

And this time Shen Wanfu invited Zheng Xun, which made all the Shen family see hope.

Zheng Xun gave the Shen family a proud look, and then said, "Shen Wanfu, this old man promised you to come and see your brother, but don't forget my conditions. If you dare to lie to me, don't look at me. It's an old bone, it's easy to deal with your Shen family..."

"President Zheng, what I promised you, I will definitely do it. After you have healed my eldest brother, I will take you to see the Wannian Shenwang immediately. If President Zheng is interested, we will give priority to President Zheng. Buy..."

Shen Wanfu quickly assured.

It turned out that the reason why Zheng Xun was able to come was because of the ten thousand years of ginseng king, it seems that he also wanted to get this ten thousand years of ginseng king.

"President Zheng, as long as you heal my father, anything can be said..."

Shen Lang also said quickly.

They put all their hopes on Zheng Xun now. If Zheng Xun can't do anything, I'm afraid that others will be even more helpless.

Seeing that the Shen family had said this, Zheng Xun nodded, very satisfied with the attitude of the Shen family.

"Shen Lang, we came first. Besides, Mr. Chen can also heal your father. Why did you promise others?"

Zhou Zhigan was a little upset when he saw that the Shen family gave Zheng Xun this ten thousand years of ginseng.

Shen Lang glanced at Zhou Zhigan, and said a little embarrassedly: "Uncle Zhou, we don't know the genius doctor you found, and no one can believe it, and President Zheng is a famous genius doctor in the northeast of our country, so you must be too. You've heard of it, of course we have to give it to Dean Zheng first..."

Zhou Zhigan wanted to say something, but was directly stopped by David: "Don't tell them, no one can see the illness of the male owner except me, so it's okay to let others try it..."

David knew that this Shen Wansan was not sick at all, nor was he sick at all. It would be this kind of symptom. To put it bluntly, Shen Wansan got hysteria, and it wasn't just a matter of injections and medicines.

As soon as David's words came out, Zheng Xun, who was sitting on the sofa, looked at him coldly. When he saw that David was only in his early twenties, he said such wild words, and he said it in front of him. This is obviously Did not pay attention to him.

"Hmph, you're young, and your tone is quite crazy. This old man has practiced medicine for decades. When I treat people, I'm afraid you still don't know which mountain to climb a tree on..."

Zheng Xun reprimanded David with a cold face.

"Boy, where did you come from? In front of Dean Zheng, you dare to say such arrogant words. Do you know that Dean Zheng is in our northeastern region, and he is a famous doctor. There is no disease that he can't cure. The dean doesn't like it well, so no one likes it..."

Shen Wanfu looked at David and said with a look of disdain.

"That's right, I haven't heard that Dean Zheng has taken action, and he has a bad disease!"

"You are young, you know sh!t, you should stay where it is cool..."

The rest of the Shen family also spoke coldly to David.

## Chapter 654

After all, David annoyed Zheng Xun, and it was not good for their Shen family. It really drove Zheng Xun away, who would treat Shen Wansan to a doctor.

"What do you know? Mr. Chen is not only skilled in medicine, but also can concoct alchemy. Why don't you compare Mr. Chen with ordinary doctors..."

Zhou Zhigan became anxious when he saw that everyone in the Shen family had made disrespectful remarks to David.

"Brother Zhou, we have taken your kindness. You should take the genius doctor you found. We can rest assured that we have Director Zheng here. We won't need such a powerful doctor..."

Shen Wanfu actually ordered Zhou Zhiqian to evict guests...

This made Zhou Zhiqian angry, but he accompanied David to sell Wannian ginseng king, even if he was angry, Zhou Zhiqian could not leave.

"Okay, okay, let's talk about your brother's symptoms first..."

Zheng Xun saw that David and Zhou Zhigan had stopped talking, so he waved his hand and asked Shen Wanfu.

When Shen Wanfu heard this, he hurriedly followed Zheng Xun about his eldest brother's situation. Zheng Xun frowned slightly through Shen Wanfu's description.

"Listening to what you said, your brother doesn't seem to be sick, it seems that he has hysteria, and his mind is confused by dirty things..."

Zheng Xun analyzed.

"what..."

When everyone in the Shen family heard this, they all panicked.

Although the Shen family is rich, they are all ordinary people. They have occasionally heard of ghosts and gods, but they have never encountered them. Now hearing Zheng Xun say this, they are all startled.

However, because of Zheng Xun's reputation, they couldn't help but believe what he said, so Shen Wanfu hurriedly asked, "President Zheng, then... Is there any help for my brother?"

"Of course it's saved. Since I'm here, even if it's hysteria, I can be cured, don't worry..."

Zheng Xun said confidently.

Hearing what Zheng Xun said, the Shen family felt relieved.

And David looked at Zheng Xun somewhat unexpectedly. He didn't expect the other party to be able to see that it was hysteria, and that he was being overtaken by a ghost.

Zheng Xun groped from his body, and quickly took out a beautiful small wooden box. After opening it, there was a thumb-sized pill in it, which was black and not slippery.

When Zhou Zhiqian saw the pills, his eyes suddenly lit up, because he looked too familiar, and the small wooden box containing the pills was obviously made by someone he sent to process, specifically for packaging Xiaohuan Dan, and The black pill that Zheng Xun held in his hand was Xiao Huan Dan.

David laughed when he saw that Zheng Xun took out Xiao Huandan from his arms, but he didn't say anything.

"President Zheng, what is this?"

Shen Wanfu asked in confusion.

The other Shen family members also got together and looked carefully at the pills in Zheng Xun's hand.

Seeing everyone's curious appearance, Zheng Xun said proudly: "This pill is called Xiao Huan Dan, it has the effect of refreshing the mind and strengthening the body, but it is a magic medicine that I spent millions on and dragged on. The relationship was obtained from the customs, and only this one was obtained. If it wasn't for your Shen family's Wannian ginseng king, I would be reluctant to take it out. This medicine pill will ensure that the mind of the Shen family master can be restored... .."

What Zheng Xun said was very confident, but those Shen family members were stunned when they heard it!

Hearing Zheng Xun's words, Zhou Zhigan's eyes widened in surprise. This medicinal pill was sold by him, and the packaging box was designed and made by him, but he had never bought it for a price of several million!

You Qi is still in front of David, isn't Zheng Xun saying this, he is framing Zhou Zhigan for taking black money?

You must know that Xiaohuan Pill was refined by David and handed over to Zhou Zhiqian and He Zhigang to sell it as an agent. The price is fixed, and the amount of money they give to David is also fixed. Would David be happy to give David such a little money?

## Chapter 655

Cold sweat broke out on Zhou Zhigan's forehead, he hurriedly looked at David, and wanted to explain to David, but he was stopped by David's eyes. David believed that Zhou Zhigan did not dare to eat black money. Nonsense.

Besides, David didn't even know that the Xiao Huan Dan he made could also cure hysteria. This is pure nonsense. Although Xiao Huan Dan can refresh the mind and strengthen the body, if you want to give the dirty things in the human body. Forced it out, Xiao Huan Dan has no such effect.

It's just that David didn't expose that Zheng Xun on the spot. He wanted to continue to wait, waiting to see Zheng Xun's joke. When the Shen family saw that Zheng Xun was useless, they would naturally ask for it.

"President Zheng, the money for this pill will be paid by our Shen family, and we will never let President Zheng suffer..."

Shen Wanfu understood what Zheng Xun meant, so he said quickly.

"Shen Er's boss is being polite. I didn't mean it that way. It's just a few million, and I still don't take it seriously..."

Zheng Xun waved his hand with a smile, and then gave Xiao Huandan to Shen Lang: "Go and take it to your father, I believe your father will be well soon..."

Shen Lang thanked him again and again, took Xiao Huandan carefully, and hurriedly ran towards the backyard.

Everyone in the Shen family waited anxiously, hoping that Xiao Huandan would really work.

About ten minutes later, Shen Lang ran back with a happy face.

"Lang'er, how is your father?"

Shen Lang's mother asked.

"Mom, Dean Zheng's Xiao Huan Dan is really useful. After my dad ate it, he stopped making noise and even called out my name. He knew me..."

Shen Lang said excitedly.

"Really? It's great, I'm going to see him..."

As Shen Lang's mother said, she was about to run to the backyard.

"Mom, my dad was only awake for a while, then he fell down and fell asleep. It's useless for you to go there..."

Shen Lang stopped his mother.

"President Zheng, my elder brother fell asleep again, what's going on?"

Shen Wanfu asked in confusion.

"Patriarch Shen's mind is damaged, his body is controlled, he has been overworked, and now he suddenly wakes up, he must be very tired, so it is normal to fall asleep..."

Zheng Xun explained.

When everyone in the Shen family heard this, they felt that what Zheng Xun said was reasonable, and they all nodded, showing even more respect towards Zheng Xun.

"Second Shen, I have cured your brother's illness. Shouldn't it be time to show me the king of ginseng for ten thousand years?"

Zheng Xun asked Shen Wanfu.

Shen Wanfu opened his mouth, but when he saw Zhou Zhigan and David, they would only know what to do. Shen Wanfu closed his mouth and hesitated for a while before looking at Zhou Zhigan and said, "Brother Zhou, you came back from the pass, and when you arrive at my Shenmue Home, we should have done our best to treat you as a landlord and invited you to a meal, but it's not very convenient today, I hope Brother Zhou will take your people away, and I will definitely come to the door in person another day to invite Brother Zhou to dinner..."

Shen Wanfu was giving Zhou Zhigan an evacuation order. After all, with Zhou Zhigan and David here, Shen Wanfu had something to say.

Shen Wanfu's words made Zhou Zhigan ugly, but he couldn't say anything. After all, what Shen Wanfu said was polite, he couldn't just stay here and not leave, right?

The helpless Zhou Zhigan could only look at David, wondering what David thought.

"Do you really think your brother is okay?"

David looked at Shen Wanfu and asked.

"Ah, what's the matter? Didn't you hear what my nephew said just now? My eldest brother already recognizes him, and now he's just sleeping..."

Shen Wanfu was convinced, after all, Zheng Xun's identity was there!

"Humph!" David snorted coldly: "Xiao Huandan can refresh the mind, but it's just a tonic, it can't cure diseases, let alone hysteria, not to mention when this Xiao Huandan is worth millions, I do not know how?"

# Chapter 656

"Young man, are you doubting me, this little Huan Dan?"

Hearing David's words, then Zheng Xun was not happy. Didn't this make it clear that he falsely reported the price!

Seeing that Zheng Xun was unhappy, the Shen family hurriedly accused David.

"You know the sh!t, Dean Zheng has practiced medicine for many years, do you still know if Xiao Huandan can cure the disease?"

"That's right, Dean Zheng asked a friend to buy this little Huandan. He doesn't know how much it cost!"

"Don't talk nonsense here, kid, it's like you made Xiao Huandan..."

Everyone in the Shen family said what I said, and no one was looking at Zhou Zhigan's face.

"Boy, don't rely on Brother Zhou's invitation, our Shen family will respect you, no matter what kind of genius doctor you are in the customs, you are not qualified to question President Zheng when you are here..."

Shen Wanfu said very annoyed, if he didn't look at Zhou Zhigan's face, he would have driven David away long ago. A child who has not grown all his hair, in front of Zheng Xun, brag!

However, in the face of the cold words of the crowd, David was not angry. He came to the King of Ten Thousand Years, and how could David leave without seeing the King of Ten Thousand Years.

"You're right, that Xiao Huan Dan was really made by me..."

David's words immediately made everyone stunned!

Immediately afterwards, all burst out laughing, and all looked at David mockingly.

Then Zheng Xun looked even more contemptuous: "At such a young age, he dares to brag about this kind of arrogance, but I heard that this Xiaohuan Dan was refined by an alchemy master in Guan, and this master obviously must be proficient in medical theory. , how could it be you a little boy, I'm afraid you don't even know what the ingredients are in Xiao Huan Dan?"

"I can testify that Xiao Huan Dan is indeed made by Mr. Chen, and I am selling the Xiao Huan Dan in this package. In the lower right corner of the package, the name of our Renhetang is also printed..."

Zhou Zhigan couldn't stand it any longer, so he stood up to testify, proving that Xiao Huandan was refined by David.

Hearing what Zhou Zhiqian said, Shen Wanfu hurriedly took the exquisite box, and sure enough, in the lower right corner, he saw the words Renhetang.

The Shen family all knew that Zhou Zhiqian was in the business of medicinal materials in Yuncheng and opened a Renhetang, but they didn't know that Zhou Zhiqian was selling this Xiao Huandan.

"Brother Zhou, although Renhetang is indeed printed here, as far as I know, there are quite a few pharmacies called Renhetang in Guan..."

Shen Wanfu still couldn't believe that Zhou Zhiqian's Renhetang had the ability to sell millions of pills, which requires a lot of economic strength.

"Although there are quite a few Renhetangs, Yuncheng has only my family. You ask Dean Zheng whether this little Huandan was bought from Yuncheng, or you'll know..."

Zhou Zhiqian smiled slightly.

Shen Wanfu looked at Zheng Xun, but Zheng Xun's face was a little surprised at this time, and he was looking at Zhou Zhigan: "Are you Zhou Zhigan, Boss Zhou?"

Zhou Zhigan nodded: "Yes, I am Zhou Zhigan..."

Zheng Xun was overjoyed, and hurriedly stepped forward and shook hands with Zhou Zhiqian: "Boss Zhou, I really didn't expect us to meet here, I just heard from my friend that you are also from Northeast China, but I have never met. I really asked a friend to buy this small return pill from Yuncheng Renhetang, and now many people want to buy it, but they are suffering from no way..."

Xiaohuan Dan is indeed very popular. After all, David has limited refining materials. Although the medicinal materials used for refining Xiaohuandan are all common medicinal materials, David does not have the time to refine Xiaohuandan all day long, and it is impossible for him to refine Xiaohuandan. Dan, wasting too much of your spiritual power.

"President Zheng, there is one thing I hope I can make clear today. The highest price of my little Huandan is not more than one million. When has it been sold for millions?"

The reason why Zhou Zhiqian asked Zheng Xun was that he wanted him to explain in front of David, but he could not let David misunderstand him.

## Chapter 657

"this..."

Zheng Xun looked embarrassed when he was asked. He didn't know how to answer Zhou Zhiqian. He couldn't admit that he falsely reported the price, right?

At this time, Shen Lang saw Zheng Xun's embarrassment, so he hurriedly said: "Uncle Zhou, Dean Zheng must have been deceived by a friend. Although the price you sell Xiao Huandan is not high, maybe his friend increased the price privately. Woolen cloth..."

Shen Lang's words made Zheng Xun go down the stairs in an instant, and immediately nodded: "Yes, it must be my friend who lied to me, I must find him to settle the account."

"

Since Zheng Xun has said so, Zhou Zhigan can't say anything more.

"Uncle Zhou, could it be that this small return pill is really made by this Mr. Chen?"

Shen Lang asked incredulously.

Since Xiao Huandan was sold by Zhou Zhiqian, he knew the origin of Xiao Huandan best.

"Of course, in the world, except for Mr. Chen, I'm afraid no one can make a small return pill..."

Zhou Zhiqian nodded and said.

However, David is a little embarrassed to say this. Xiaohuan Dan is the most basic medicinal pill, and I am afraid that some immortal cultivators can refine it. Now Zhou Zhigan directly touts him like this, which makes David very uncomfortable. Awkward.

"Boss Zhou, I know that this alchemy technique can't be learned overnight. This young man looks in his early twenties. Even if he learns from his mother's womb, I'm afraid he won't be able to practice an elixir like Xiao Huan Dan, right?"

Although Xiao Huan Dan was sold by Zhou Zhiqian, Zheng Xun still did not believe that David could make Xiao Huan Dan.

After all, David is too young. In Zheng Xun's eyes, David is just a child.

"I also don't quite believe that such a young person can really learn from his mother's womb. How high can he be in medicine? Can he refine medicine pills?"

Shen Wanfu didn't quite believe that David had the ability to concoct alchemy.

"I'm going to write a prescription now, you can follow the prescription, and I'll make one for you directly..."

David didn't have time to spend with these people, so he wanted to make alchemy on the spot to convince these people.

"It's the best..."

Zheng Xun's eyes lit up. He was able to see the refining method of Xiao Huan Dan with his own eyes. Zheng Xun was very excited. He knew the prescription and the refining method. Zheng Jun was confident that he could also make Xiao Huan Dan.

Soon, David wrote the prescription, and Shen Lang sent someone to prepare the medicine according to the prescription. There were more than a dozen kinds of medicinal materials, which were soon ready. After all, they were all common medicinal materials, and they could be bought in every pharmacy.

"Young man, I bought the herbs, how do you make them? If you need to make them, I can do it for you myself..."

Zheng Xun wanted to help David make alchemy himself, so that he could learn the method of alchemy more intuitively.

"No, I don't need to cook alchemy..."

David said, his fingers suddenly moved, and then a green flame jumped on David's fingers.

This time, everyone else was stunned, thinking that David could do magic, after all, they are all ordinary people, except on the stage of magic tricks, I have seen people who can rub their fingers to make fire, but I have not watched it off the stage. Pass.

The flame in David's hand became stronger and stronger, and the temperature in the entire hall also rose a lot, and everyone watched silently, wanting to see how David concocted alchemy.

Even Lin Tianhu and Chi Feng were attentive. Although they knew David's ability, they had not seen David refining the medicinal pills with their own eyes.

I saw David throw the flame in his hand towards the medicinal herbs, the flame instantly surrounded the medicinal herbs, and the green flame instantly ignited the medicinal herbs, but it did not lead to other things in the room.

These things that look like flames are actually just the spiritual power in David's body. It is impossible to ignite other things. This is all under David's control.

## Chapter 658

Everyone watched in amazement, and saw that the medicinal materials became more and more prosperous, and finally turned into clouds of white smoke. When the smoke dissipated, everyone was surprised to find that there was a small return pill on the ground!

"This...is this done?"

Zheng Xun's eyes were wide open, and his mouth was about to swallow an egg.

He hurriedly ran over, picked up the Xiao Huandan on the ground, looked and looked, smelled and smelled, and after confirming that it was Xiao Huandan, Zheng Xun was petrified.

The others also looked at David like a god. They were all ordinary people, and they had never seen such a method before.

Even Lin Tianhu and Chifeng had never seen alchemy concocting like this, and they couldn't help but feel surprised!

Only the corners of David's mouth were slightly raised. In fact, he actually made small return pills. It was not like this, and it was impossible to make them one by one. He did this just to bluff the Shen family. Don't dare to question him.

"I believe that Xiao Huan Dan was made by me, right?"

David said lightly.

"I believe, I believe..."

Zheng Xun had an embarrassed look on his face. Originally, he wanted to learn secretly, but after seeing it, he realized that it was impossible for him to learn at all.

Everyone in the Shen family was also embarrassed at this time, each with a wry smile on their faces.

"Brother Zhou, Mr. Chen has such a magical method, why didn't you say it earlier..."

Shen Wanfu said to Zhou Zhigan.

"I said it, but you don't believe it.

"

Zhou Zhiqian said helplessly.

This time, Shen Wanfu was even more embarrassed. At first, Zhou Zhigan said that David was a genius doctor, and they all suspected it. Later, they said that Xiaohuan Dan was refined by David. They still didn't believe it, but now they were slapped in the face.

"Mr. Chen, since you made Xiao Huan Dan, you just said that Xiao Huan Dan can't cure my father's disease at all, so why did my father suddenly wake up?"

Shen Lang stepped forward and asked David.

"Your father is not sick, he just has hysteria, he is a ghost, and Xiao Huandan has the function of refreshing the brain, but he can't cure the hysteria, so your father is not well, the reason why he can wake up and know you is just a coincidence That's all..."

David explained.

Just as David finished speaking, there was a burst of roars from the backyard, followed by the screams of the servants. Before everyone could react, a middle-aged man, wearing pajamas, rushed forward with disheveled hair.

"dad..."

Shen Lang shouted at the middle-aged man.

This middle-aged man is Shen Wansan, the head of the Shen family.

"You ignorant guys, disturbing my cleaning and trying to steal my treasures, I want to kill all of you..."

Shen Wansan's face was full of hideousness, his mouth was wide open, and he shouted loudly.

Following Shen Wansan's roar, gusts of overcast wind blew through the entire hall, and the temperature in the room suddenly dropped a lot.

"what..."

Seeing this, many Shen family members were so frightened that they thought about me running, but just after two steps, the door was closed by a gust of wind.

Looking at this scene, Shen Wanfu was so frightened that he shuddered and said, "You... what kind of immortal are you, we don't know how to disturb you, as long as you let us go, my Shen family will worship you every year..."

Zheng Xun frowned when he saw this scene, and his legs trembled slightly with fright. Although he had seen hysterical patients before, he had never seen such a horrible person.

"Hahaha... If you want to worship me, you are not worthy..."

Shen Wansan laughed, and suddenly opened his mouth to exhale a stream of black gas, and the whole room instantly became extremely dark, making everyone scream in fear.

Lin Tianhu and Chifeng were also a little scared, but they all took out their weapons and stood tightly beside David, while Zhou Zhigan had long since hid behind David.

## **Chapter 659**

"Help me, help me..."

Already, the Shen family couldn't bear it and shouted desperately.

"If you don't want to die, stand behind me all..."

At this time, David's voice sounded, and then the black fog in the room disappeared at a speed that could be seen by the naked eye.

When the black fog completely disappeared, everyone realized that it was David who opened his mouth and sucked all the black fog into his stomach.

All these people were dumbfounded and looked at David in shock. They also regarded David as a monster.

"Don't come, do you all want to die?"

David saw that the Shen family was stunned and motionless, so he said coldly.

David's reminder, the Shen family finally reacted, and hurriedly hid behind David.

"Chen...Mr. Chen, what kind of fairy is this?"

Hiding behind David, Shen Wanfu asked stumblingly.

"Hmph, it's just a shapeless soul, a goddamn god..."

David snorted coldly.

But who knows, David's words directly angered Shen Wansan.

"Boy, you dare to mock me, you are courting death!"

As he spoke, Shen Wansan said, his hands suddenly waved, and gusts of overcast wind came, these overcast winds were like sharp knives.

"Tiny..."

David pinched his fingers and saw blue flames beating on his ten fingertips.

As soon as David waved his hand, the flames instantly moved towards Shen Wansan, directly crushing the gloomy wind, and then burning on Shen Wansan's body.

"dad..."

Seeing this scene, Shen Lang wanted to rush up.

But he was stopped by Shen Wanfu: "Lang'er, that's not your dad anymore, don't go there..."

Seeing the blue flame burning on Shen Wansan's body, and the shrill screams from his mouth, everyone in the Shen family looked sideways, not daring to look again.

"Mr. Chen, Patriarch Shen he..."

Although Zhou Zhiqian also knew that Shen Wansan, who was already in the dark, was no longer himself, he couldn't watch Shen Wansan get burned to death!

"Don't worry, this flame can't hurt your body..."

David explained.

Hearing what David said, everyone in the Shen family breathed a sigh of relief.

The flames burned for ten minutes, and Shen Wansan screamed for ten minutes.

"Aren't you coming out yet? Do you want me to use real fire to burn all your gods out..."

David said with a cold face when he saw that the ghost didn't come out of Shen Wansan's body for a long time.

"Boy, you have something, wait for me..."

The voice fell, and a black aura emerged from the top of Shen Wansan's head, and then the black energy condensed into the appearance of a man.

It could be vaguely seen that the man's clothes were a little worn, but his whole face was full of hideousness, and two fangs were exposed.

In this way, several people in the Shen family were frightened and fainted.

That Shen Wanfu was also so frightened that he slumped on the ground, unable to say a word.

David saw that the ghost had come out of Shen Wansan's body, and a flame appeared in his palm. This time the flame was indeed red.

Seeing this red flame, the ghost's face showed horror, and it turned into a gust of wind. After the window was opened, it disappeared without a trace.

David did not chase, but withdrew his spiritual power, looked at Shen Wansan who was lying on the ground, and lightly tapped on Shen Wansan's forehead.

Shen Wansan's body moved a bit, but soon there was no movement, as if he had fallen asleep.

The hall returned to calm, but many people were scared to pee. Seeing their ugly state, they all went to change their clothes.

"Mr. Chen, how is my dad, is he still alive?"

Shen Lang hurriedly asked David.

"Don't worry, your dad is all right, he will wake up soon..."

David said lightly.

# Chapter 660

"Thank you, Mr. Chen, thank you, Mr. Chen..."

Shen Lang thanked him again and again.

"It turns out that Mr. Chen is an expert in magic. I really don't know Mount Tai. I hope Mr. Chen will not take offense..."

Zheng Xun walked up to David with a face full of admiration, bowed deeply, and long ago lost the arrogance at the beginning.

David just smiled and didn't explain. He didn't expect that Zheng Xun knew about Warlock.

"Shen Lang, now that I have rescued your father, can your Shen family take out the ten thousand year ginseng king and let me take a look?"

David asked Shen Lang.

When Shen Lang heard this, he was immediately embarrassed, and then looked at Shen Wanfu.

Shen Wanfu hurriedly said, "Mr. Chen, the Wannian Shenwang was not here..."

"I already knew it wasn't here, where is it? Take me to see..."

David asked.

"At...at...at..."

Shen Wanfu hesitated, unable to say a word.

"You don't have any ten thousand years of ginseng king at all, are you lying to me?"

David's face turned cold.

This shocked Shen Wanfu, and hurriedly waved his hand: "No, no, no, how dare we lie to Mr. Chen, there is indeed a Wannian ginseng king, but we haven't dug it out, and the Wannian ginseng king is still black and blind. As for Lin, Mr. Chen also knows that digging ginseng requires experience and skills. If one ginseng whisker is cut off, the value of the whole ginseng will be greatly reduced, so we did not dare to dig..."

David knew that this mountain ginseng is not something that anyone can dig, or it will destroy the mountain ginseng. The Shen family didn't do this, so it makes sense that they didn't dare to dig it.

"Then take me to the Black Blind Forest to see..."

Even though David doesn't know how to dig, if he really is the king of ten thousand years of ginseng, he can practice directly beside the king of ten thousand years of ginseng until he can absorb the spiritual energy of the king of ten thousand years of ginseng, so that he doesn't need to dig.

When Shen Wanfu heard this, he waved his hands in fright: "Mr. Chen, we don't dare to go. My eldest brother became like this because he went to Heixiazilin and went to more than a dozen mouths, and my eldest brother came back..."

"Then what happened to them in the Black Blind Forest?"

David knew that ordinary ghosts would not easily possess themselves and harm others, let alone dare to follow them into the house. It must be known that there are many people in the ordinary Yangzhai, and the yang energy is relatively heavy, and ghosts are the least favorite place. Now this ghost actually followed Shen Wansan home, and kept saying that he wanted to kill the Shen family. There must be something unknown.

"This... I'm not very clear about this, I have to ask my elder brother..."

Shen Wanfu didn't know what happened in Heixiazi Forest.

At this moment, Shen Wansan took a long breath and opened his eyes.

"Dad, Dad, you finally woke up..."

"Husband, you are awake..."

When Shen Lang and his mother saw that Shen Wansan was awake, they jumped up excitedly.

Shen Wansan looked at his wife and children with a bewildered face, frowned slightly and said, "Where am I? What's wrong with me?"

Shen Wansan still didn't know what happened to him.

Shen Lang told Shen Wansan the whole thing, and when Shen Wansan heard that he was a ghost, the whole person broke out in a cold sweat.

"Brother, it was Mr. Chen who saved you, otherwise our Shen family will be finished..."

Shen Wanfu hurriedly said to Shen Wansan.

"Yes, yes, thank you Mr. Chen quickly, you scared me to death just now..."

Shen Wansan's wife also said.

"Thank you Mr. Chen for rescuing..."

Shen Wansan got up and followed David to thank him. Although he was a little surprised to see David so young, Shen Wansan was not shown.

"Patriarch Shen, it's just a little effort, but I want to know what happened to you in the Black Blind Forest..."

David asked.
