

A Man Like None Other

Novel

Chapter 661

As soon as Shen Wansan heard the words of Heixiazilin, his face instantly changed color with fright, and after a long silence, he slowly told the matter.

It turned out that Shen Wansan was fascinated by wealth and knew that the trees in Heixiazi Forest were tall and thick, so he took someone to cut down the trees in Heixiazi Forest.

Although he knew that the rumored Heixiazi Lin was very strange, but for the money, Shen Wansan also risked it, not to mention that there were more than ten of them, and there was nothing to be afraid of.

The first day of felling was good, and the receipt was not small, but Shen Wansan and the others found a mountain ginseng when they were logging. After careful inspection, they found that it was a tens of thousands of years old But Shen Wansan was very happy.

Shen Wansan knew that he had no experience in digging wild ginseng and was afraid that it would be damaged, so he didn't move the After he tied the wild ginseng with a red rope, he dug a trench more than ten meters away from the wild ginseng to prevent the wild ginseng from running away.

It's just that when the trench was dug, I didn't expect it to be a mass grave, and a lot of bones were dug up. Although he was a little scared, Shen Wansan didn't stop, but continued to order people to dig, and sent someone back to tell the Shen family that they found Wansan. Nian ginseng king thing.

However, before the pit was dug, it suddenly became dark, and the entire mountain forest seemed to be shrouded in black mist.

Shen Wansan couldn't remember what happened later, and it was now when he opened his eyes.

"After my eldest brother sent someone to tell me, I immediately took them there, but the eldest brother was lying on the ground and was already unconscious, and the others disappeared, and after searching for a long time, they couldn't find it, but the mountain ginseng Still, I didn't dare to move, so I ordered someone to bring my eldest brother back..."

Shen Wanfu continued what Shen Wansan said.

David nodded slightly: "That's right, it's no wonder that as soon as I entered the door, I found that your Shen family was windy, and it really was digging someone's ancestral grave..."

"Mr. Chen, what to do next? Will the ghost come back?"

Shen Wanfu asked worriedly.

"Now you take me to see the Ten Thousand Years Shenwang, and take a look at the cemetery, so that those ghosts don't haunt your Shen family..."

David said.

After hearing what David said, Shen Wanfu nodded and said, "Okay, then I'll take Mr. Chen..."

"I'm going too..." Shen Wansan also wanted to follow.

Shen Wanfu wanted to persuade Shen Wansan, after all, Shen Wansan had just woken up and was still very weak.

But before he opened his mouth, David opened his mouth and said, "Let him follow. After all, he did things, and there should be an explanation..."

Seeing David say this, Shen Wanfu didn't say anything else.

A group of people, driving a few cars, rushed towards Heixiazilin together.

Although it was midday now, as soon as everyone got out of the car and walked into the Black Blind Forest, they couldn't help but fight a cold war.

David looked at the sky and frowned slightly.

"Mr. Chen, is there any difficulty?"

Seeing David like that, Shen Wansan asked in a low voice.

"It's okay, you lead the way..."

David shook his head.

However, at this moment, David saw that the sky was full of yin, which almost covered the sky. It was not like the ancestral tomb of a certain family. There should have been a lot of people who died here, and none of them died naturally. Caused such a heavy yin qi.

Shen Wansan was supported by Shen Lang and led the way in front of him. After walking for more than half an hour, he arrived at the place where he found Wannian Shenwang.

After arriving at the place, David was a little dumbfounded, and the other people who had never been there also widened their eyes, and they couldn't be more shocked.

I saw a radius of hundreds of meters, and the ground was full of dense bones. These bones were scattered everywhere, and the scene was very shocking.

Chapter 662

In the middle of these bones, a ginseng was swaying in the wind, and there was a red rope tied to it. David saw at a glance that it was indeed 10,000-year-old ginseng.

"This...how can there be so many human bones here?"

Zhou Zhiqian asked in surprise.

Now they are all attracted by these bones, as for the ten thousand year ginseng king, it is not so attractive.

"If my guess is correct, this place should have been a battlefield before, or a place of execution..."

David said lightly.

"Yes, I remember that there was a war here before. At that time, it was still a little devil. There were often gunshots in this forest..."

Zhou Zhiqian nodded quickly when David said this.

"Then...then these human bones were all killed in battle?"

Shen Wanfu asked David in a low voice.

"Not necessarily..." David shook his head: "If you want to know how these people died, you have to ask them..."

After David finished speaking, he suddenly pinched his fingers, and a flame shot out from his hand.

The flames exploded in mid-air, just like fireworks.

However, along with the bursting flames, there were bursts of participation suddenly in the air, and then the sky darkened, and countless black gas blocked the sunlight.

Those black qi were like ghosts with their teeth and claws, roaring constantly, while a wisp of black qi fell to the ground and instantly condensed into a human form, still the ghost that had just escaped from the Shen family.

"This...what is this..."

Shen Wansan was startled and screamed.

However, others have seen it before, and there is no such big reaction as him, but seeing so many ghosts suddenly appear in the sky, they are also quite frightened.

"I didn't expect you to catch up here, are you trying to kill them all?"

The ghost roared and questioned David.

"Who are you? Why do you still kill people after you die?"

David asked coldly.

The ghost's eyes were full of scarlet, and a mouth bared its fangs.

David didn't say anything when he saw the ghost. With a hand, a flame appeared in David's palm.

Seeing the flame, the ghost's eyes were full of horror, and he was instantly cowardly.

"We didn't harm anyone, it's all these people who dug up our bones for the sake of money and disturbed our cleaning..."

The ghost pointed at Shen Wansan and said.

"Then why don't you reincarnate and wander in this forest?"

David asked.

The ghost was silent. After a while, the ghost put away its fangs and said slowly: "We have no shelter, no burial, no way to reincarnate..."

"Then who are you all? How did you die?" David continued to ask.

The ghost slowly raised his head and glanced at the air: "We are all soldiers, and all my comrades are buried here. We were killed here by little devils..."

After David listened to it, the flame in his hand went out instantly. It seems that he guessed right. These people did not die naturally, otherwise there would not be such a heavy Yin Qi.

"We are trapped in this forest, because no one has claimed the burial, we can't get out of here, but fortunately there is a mountain ginseng here, we nurtured the mountain ginseng with our flesh and blood, I hope to absorb the essence of the mountain ginseng, and finally transform into a human form, Take my brothers out of this forest, but... but these people actually dug our bones for the sake of wild ginseng..."

The ghost looked at Shen Wansan angrily.

Everyone could hear the ghost's words. Seeing that these people were actually soldiers, they all felt awe in their hearts. Thinking of the remains of these soldiers, they were thrown everywhere. Even the Shen family members were looking at Shen Wansan. The eyes are obedient.

Even Shen Lang was no exception, looking at his father with anger in his eyes.

Chapter 663

Feeling everyone's gaze, Shen Wansan's face flushed red, and he lowered his head in embarrassment.

"You died to protect the people of the country, but you can't kill so many people just because they dug up your bones. That's a dozen lives..."

David asked.

"Those people are not dead, they are just trapped in the forest, more than 500 meters to the west..."

The ghost pointed to the west and said.

As soon as Shen Lang heard that those people were not dead, he hurriedly looked westward. Sure enough, not long after, he brought back more than a dozen people, but these people were trapped here for the past few days, obviously embarrassed a lot. .

Looking at the people who came back, Shen Wansan regretted his actions. He should not be greedy for money and almost killed these people.

And David saw that the ghost didn't really hurt anyone, and he was a soldier before his death, so there was no hostility in an instant.

"This 10,000-year-old ginseng cannot make you transform into a human form. Since you died for the people of the country, we should build a monument for you to bury you so that you can reincarnate in peace..."

David said, looked at Shen Wansan and said, "Patriarch Shen, this incident happened because of your greed for money. Would you like to pay to build a cemetery for these soldiers who died, and to sweep their tombs for sacrifice?"

"I will, I will..."

Shen Wansan nodded again and again, and knelt directly to the ground: "I am willing to spend money to build a cemetery at the foot of the mountain, so that future generations will remember these warriors..."

Shen Wansan cried bitterly, it could be seen that he really regretted it, and everyone in the Shen family knelt down one after another. It was a sin for their Shen family to do such a thing.

As a young man, Shen Lang flushed with shame and fell to the ground heavily, Shen Lang said: "Mr. Chen, I will immediately order the remains of these soldiers to be collected and built within half a month. Good cemetery, they have been forgotten by the world for decades, they should not be forgotten anymore, I am willing to guard the mausoleum for them for three years, thinking that my father atonement..."

Looking at the attitude of the Shen family, David nodded slightly, then looked at the ghost and said, "Now they are willing to build a cemetery for you, your achievements will be remembered by the world, you can rest assured and don't wander around. ..."

The ghost looked at the attitude of everyone in the Shen family, and suddenly a line of blood and tears flowed out, and Yangtian shouted: "Brothers, have you heard? We have not been forgotten, and now we can leave in peace..."

With the roar of the ghost, there seemed to be bursts of responses in the air, and then the black mist dissipated, and the sun shone in and hit the ghost.

The figure of the ghost became weaker and weaker, and finally disappeared slowly, and the whole forest returned to calm.

If it weren't for the corpses all over the ground, and the King of Ten Thousand Years Ginseng, everyone would think it was the same in a dream.

"Thank you Mr. Chen for saving your life..."

Shen Wansan kowtowed heavily towards David.

Everyone in the Shen family also kowtowed to David to thank him. Although David was young, they had seen it with their own eyes.

“Patriarch Shen, you have to pay for the sins you made by yourself. You can’t change your mind about the good things you promised...”

David said to Shen Wansan.

Shen Wansan blushed: “No, absolutely not, I will find someone to work right now to gather up the remains of these soldiers...”

“Patriarch Shen, the matter is settled, let’s talk about the price of the 10,000-year-old ginseng king. After all, it was you who discovered this ginseng king...”

David is here to join the King of Ten Thousand Years, and now we are talking about business.

As soon as Shen Wansan heard this, he waved his hand quickly: “Mr. Chen, if you need it, just take it. I, Shen Wansan, have been greedy for money all my life. Today, I think I understand that money is nothing but something outside my body. I can’t spend it all in my life, I will spend the money in the future to build cemeteries all over the country, and I will also find the families of those soldiers to help them...”

Chapter 664

It could be seen that Shen Wansan really repented, and this incident hit him hard.

“If that’s the case, then I’m welcome...”

Since Shen Wansan said so, David was not polite, after all, the 10,000-year-old ginseng king was very important to him.

“Mr. Chen, I’m going to dispatch people from my home. I’m afraid it will take a few days to dig a thousand years of ginseng king like this. I have to be careful when digging. I personally supervise the work...”

Zhou Zhigan said to David.

In a few days, David didn’t have time to wait, so he waved his hand and said, “No need, you all go back, I’ll stay here by myself, and Lin Tianhu will drive to pick me up tomorrow morning...”

Everyone didn’t know what David was going to do, but no one dared to refute it. All of them left the Hei Blind Forest. When everyone walked back, David looked at the ten thousand year ginseng king, and was very excited. He hurriedly sat cross-legged and circulated his body. ‘s Concentration Technique!

A large amount of spiritual energy swarmed towards David, and the 10,000-year-old ginseng king seemed to feel something, the branches and leaves swayed desperately, as if to get rid of the fate of being absorbed.

It took David half a day and a night to drain the spiritual energy of the ten thousand year ginseng king, and David’s realm also jumped directly to the third floor of the inedia period. When David opened his eyes, he felt the strength of the tyrannical once again. , glanced around the woods.

With a ten thousand year ginseng king, David’s strength has only increased by two levels during the fasting period. David does not know how difficult the road of cultivation will be, but since he has stepped into the path of immortality, David will not give up easily, and besides His own background is not yet known.

Looking at the skeletons all over the ground, David knelt down and kowtowed to these warriors. After all, the growth of the 10,000-year-old ginseng king was also attributed to these people. They cultivated this 10,000-year-old ginseng king with their own flesh and blood.

When David walked out of the Black Blind Forest, he found that Lin Tianhu had already driven at the foot of the mountain and waited, while Shen Lang brought dozens of people, ready to collect the remains, not far from the foot of the mountain, the roaring mechanical sound kept thinking, After going down the mountain yesterday, Shen Wansan immediately found the construction team and started the construction of the cemetery.

David didn't stop there too much, but asked Lin Tianhu to drive him to Shen's house. David planned to go back to Horendel immediately after saying goodbye. After all, tomorrow was the day to fight with Qin Xiaolin. He couldn't be late. Now that his strength has improved, David also had a lot of confidence in his heart.

David arrived at the Shen family, and the Shen family had been waiting for David, but when David said that he was leaving, Shen Wansan hurriedly said: "Mr. Friendship, you stay here for two more days, so that my Shen family has the opportunity to repay Mr. Chen..."

"Patriarch Shen, I do have some urgent matters, I can't wait for a long time, let's leave it now..."

David said politely.

Seeing David's insistence, Shen Wansan could only be slightly disappointed: "Since Mr. Chen has something important, I won't force it, but if Mr. Chen wants to be useful to my Shen family, we will do whatever..."

Shen Wansan said very sincerely, it was thanks to David that the Shen family could escape the catastrophe this time.

"OK..."

David nodded.

Shen Wansan sent someone to drive David and the others directly to the airport. Because Zhou Zhigan had to deal with some things at Zhou's house, he did not go back with David.

At noon, David and the others returned to Horendel. At this moment, David's Pinerest Villa was surrounded by people. Lin Tianhu and Chifeng were not there. Hundreds of people surrounded David's villa. Gu Wentian and Ruben were both there.

Seeing David coming back, these people hurriedly greeted them, while David asked with a puzzled look: "What happened?"

"Mr. Chen, then Qin Xiaolin is here, right in the room..."

Gu Wentian said nervously.

Chapter 665

When David heard that Qin Xiaolin had come to his house, his face instantly became extremely cold.

Just when David wanted to walk towards the villa, Sonya hurriedly took David's arm: "David, don't go in, I'm afraid..."

Sonya was afraid that David would have a conflict with Qin Xiaolin.

"Don't worry, I'm here, don't be afraid..."

David patted the back of Sonya's hand.

A group of people followed behind David and walked in mightily.

Walking into the villa, on the sofa in the hall, a middle-aged man in a gray gown with a fierce face is sipping tea. , This middle-aged man is Qin Xiaolin.

Behind the middle-aged man, there were two subordinates standing, David just glanced at them, and he could see that both of them were above the strength of the fifth-rank Grandmaster.

"I came to see that David. If David doesn't come back, the others will get out for me, don't disturb me..."

Hearing the sound of the door, Qin Xiaolin said coldly without looking at it.

"This is my home, I think it's you who should get out..."

David frowned slightly.

Hearing this, Qin Xiaolin put down the teacup, turned his head slowly, and looked towards the door. When he saw David, he was obviously stunned.

"You are David?" Qin Xiaolin asked.

"Yes, I am David Chen who killed your son, killed your nephew, and injured your brother..."

David felt angry when he saw Qin Xiaolin's tugging appearance. He deliberately said this to stimulate Qin Xiaolin.

Sure enough, when Qin Xiaolin heard it, his anger suddenly rose, the teacup in front of him was shattered, and Qin Xiaolin also stood up at this moment.

The entire hall was instantly covered by Qin Xiaolin's murderous aura. The terrifying and bloody murderous aura directly overwhelmed everyone who walked into the villa.

David looked at Qin Xiaolin, his body trembled slightly, and a majestic spiritual power emanated, instantly shrouding the people behind him, resisting Qin Xiaolin's momentum.

Seeing this, Qin Xiaolin frowned slightly, but quickly regained his momentum.

"Patriarch Qin, since you have already issued the challenge letter, you can compete in the arena tomorrow. Why do you want to find a home today? The rules of the martial arts world, if you have issued the challenge letter, it will not be a disaster for your wife and children... .."

Gu Wentian and Qin Xiaolin are old acquaintances. I think that Qin Xiaolin would still call Gu Wentian an ancient uncle. After all, the Qin family developed in Kyoto, and Gu Wentian did not lose much effort.

But now, Gu Wentian was talking to Qin Xiaolin, and Qin Xiaolin just glanced at Gu Wentian coldly, and didn't pay any attention to him at all, obviously looking down on Gu Wentian.

Although Qin Xiaolin didn't speak, one of the men behind Qin Xiaolin took a step forward: "What does our master do, it's not your old man's turn to point fingers..."

The words of the servants of the Qin family made Gu Wentian's face flush red. He thought that not to mention the servants of the Qin family, even the owner of Qin Xiaolin would not dare to talk to him like this, but now that the times have changed, the Qin family is one Everyone under his name dared to yell at Gu Wentian.

Although Gu Wentian was angry, he didn't dare to say anything. After all, it was different now, the Gu family was in decline, and he didn't have the strength to fight with the Qin family.

"What kind of thing are you? If it wasn't for my grandfather's help back then, the Qin family would be a piece of sh!t now..."

Seeing that her grandfather was angry, Gu Linger immediately became angry and punched the servant of the Qin family directly.

Gu Linger's strength is like a three-year-old child in front of the master's strength of the Qin family's servant. Seeing that Gu Linger dares to move

towards himself, then the Qin family's servant's mouth has the same disdain on his face. .

Chapter 666

"Girl Gu, just watch, I'll teach the Qin family dog a lesson..."

Lin Tianhu couldn't see it for a long time. After stopping Gu Linger, he slapped the servant of the Qin family.

Seeing Lin Tianhu attacking, there was a hint of solemnity on the faces of the servants of the Qin family. After all, Lin Tianhu is already a master now, and his body is very strong. Thanks to David's great return of pills, Only then did Lin Tianhu's strength improve so quickly.

However, Lin Tianhu has just stepped into the master, and there is still a big gap between the servants of the Qin family in front of him.

bang...

After a muffled sound, Lin Tianhu's body took a few steps backwards. If Chifeng hadn't hurriedly supported Lin Tianhu, Lin Tianhu would have fallen to the ground at this time.

"This is your subordinate? The strength is too poor..."

Qin Xiaolin looked at Lin Tianhu's embarrassing appearance and snorted at David.

David did not speak, but glanced at Chifeng, Chifeng nodded, and rushed out with a vigorous step.

During this period of time, with the help of David's medicinal pills, Chifeng's strength improved by leaps and bounds.

When the servants of the Qin family saw that Chifeng was a woman, they immediately relaxed their vigilance, with a hint of playfulness in their eyes.

But then, the servant of the Qin family regretted it, and when Chifeng threw out a fist, the servant of the Qin family hurriedly raised his arms to resist.

bang...

After a muffled sound, the servant of the Qin family was directly kicked out and fell heavily to the ground.

"This is the servant of your family? It's not even a woman, and it's shameful to bring it out..."

David looked at Qin Xiaolin with a sneer.

"Dare to stand in front of me, hurt my subordinates, court death..."

Qin Xiaolin's face turned cold, and he patted his palm directly at Chifeng. Although he was separated by a few meters, Chifeng still felt a huge force attacking him.

Chi Feng was startled and quickly retreated, but it was too late. He was directly hit by Qin Xiaolin's palm wind, and a mouthful of blood spit out from his mouth.

Chifeng glared at Qin Xiaolin. Although there was a huge gap in strength, there was no fear in Chifeng's eyes.

"You can still stand when you get punched by me?"

Qin Xiaolin was slightly surprised, and bursts of anger rose in his eyes.

Qin Xiaolin raised his palm again, only to see a ball of light condensed on Qin Xiaolin's palm, and lightning seemed to pass through the ball of light.

Seeing this scene, panic flashed in Chifeng's eyes, but she did not flinch.

Just when Qin Xiaolin was about to shoot, David stepped out, and a crack appeared on the ground instantly, and the crack was moving towards Qin Xiaolin at a very fast speed.

Seeing this, Qin Xiaolin could only press his palm down, and the ball of light in his hand instantly hit the crack on the ground.

After a loud noise, a large pit with a diameter of nearly one meter appeared on the marble floor of the hall.

The smoke and dust rose, and an aftermath dispersed to the surroundings. David hurriedly pushed his palms, and a wall of air rose out of thin air, blocking the aftermath, so as not to hurt Ruben and Sonya. After all, they are all ordinary people. Even the aftermath, they couldn't bear it.

And Qin Xiaolin's two subordinates were directly swept away by the aftermath, both of them fell to the ground, and a mouthful of blood spurted out.

David and Qin Xiaolin shot, even if it was the aftermath, the strength of their master could not bear it.

"You really have some strength..."

Qin Xiaolin looked at David with a bit of surprise in his eyes.

"Your strength is not bad..." David said coldly: "But even if you are strong enough to break my home, you will still have to pay..."

Seeing that David actually asked himself to compensate, Qin Xiaolin was stunned for a moment, and then laughed loudly: "Boy, if you are really capable, then let me pay you in the ring tomorrow..."

Chapter 667

"let's go..."

After Qin Xiaolin finished speaking, he said to his two subordinates.

The two servants of the Qin family stood up with each other's arms and walked out behind Qin Xiaolin.

Seeing Qin Xiaolin lead people away, no one at the door dared to stop him.

"My account, no one has ever dared to owe it..."

Just as Qin Xiaolin and his two men passed by David, David suddenly shot.

However, David did not attack Qin Xiaolin, but directly attacked the two men behind Qin Xiaolin.

bang bang...

After two muffled sounds, I saw that the two subordinates brought by Qin Xiaolin were directly shot in the head, and they didn't even have time to react.

"Since you don't want to lose money, then use your life to pay for it..."

As soon as David let go, Qin Xiaolin's two subordinates all fell to the ground, their eyes wide open, and they couldn't rest their eyes...

"you..."

When Qin Xiaolin saw this, his anger rose.

David looked at Lin Tianhu: "Remove everyone, don't wait for tomorrow, we have to make a break today..."

David knew that if he and Qin Xiaolin fought, they would not have the ability to care about others. Even if the aftermath of the battle between the two of them would have hurt a lot of people.

Lin Tianhu also knew that they wouldn't be able to help David at all if they stayed behind. Thinking of this level of battle, these so-called grandmasters would probably not be able to intervene at all.

Qin Xiaolin looked at David, who was about to fight to the death, suddenly withdrew his anger, and looked at David coldly: "Tomorrow I will ruin your reputation and die in front of many colleagues in the martial arts circle. Under my feet..."

After Qin Xiaolin finished speaking, he turned around and left, only to see that he disappeared without a trace.

Qin Xiaolin didn't follow David, he planned to let everyone see David's tragic state tomorrow in order to avenge his own murder.

Qin Xiaolin left, but the strength Qin Xiaolin showed just now made everyone worried about David's fight tomorrow.

While Sonya looked at the two corpses on the ground, her internal organs were tumbling for a while, but she resisted and didn't spit it out.

She is just an ordinary person, and such bloody scenes are rarely seen.

Seeing Sonya's appearance, David hurriedly stood in front of Sonya and held Sonya in his arms: "Don't look at it, go home quickly..."

David winked at Lin Tianhu, Lin Tianhu immediately ordered the body to be carried away, and the scene was simply cleaned up.

Sonya shook her head in David's arms: "No, I'm not afraid. I want to be a warrior in the future, so I want to kill people. If I'm afraid now, how can I help you..."

Hearing Sonya's words, David was deeply moved, but now is not the time for Sonya to practice, and he doesn't have that ability, so he has to wait until he sees Long Wu.

"Go home, I can't cultivate with peace of mind here, do you want to see me defeated tomorrow..."

David smiled lightly.

Sonya hurriedly broke free from David's arms, covered David's mouth with her jade hand and said, "Bah, bah, bah, don't talk nonsense, how can you lose, I don't allow you to lose..."

"Sonya, let's not disturb David here, let him practice for a while, the chance of winning will be higher, go back and I will teach you luck..."

Gu Linger said to Sonya.

Sonya nodded, looked at David worriedly, and left.

After the crowd dispersed, looking at the still messy hall, David walked into the bedroom with a heavy heart.

David, who had already reached the inedia period, had no problem without eating or drinking water for a month, so he sat cross-legged on the bed. He originally wanted to practice, but unfortunately the thin spiritual energy made him not interested at all.

In the end, David lay on the bed, slowly took out the bronze mirror, and kept thinking about his identity. There were many things he didn't understand, but it was a pity that Long Wu didn't tell him.

Now David can only desperately hope that the day of July 15 will come. Only on July 15 will David know his life experience.

Chapter 668

But just when David was about to fall asleep in a daze, he suddenly felt that there were two figures in front of him, which made David break into a cold

sweat. You must know that with David's strength, even if there is a little movement within a hundred meters. , don't even try to hide it from him, but when the two of them were in front of him, David didn't realize it, why didn't David panic!

If these two people came to assassinate him, wouldn't David be in danger at this time.

With a shudder, David jumped up from the bed, but when he looked closely, David's heart was relieved. It turned out that the two people who had entered his room were Long Wu and Wu Mei'er.

"The little muscles all over the body look really strong..."

Wu Meier looked at David's body wearing only underwear, and smiled slightly at the corner of her mouth.

David's face turned red, he hurriedly put on his clothes, and looked at Long Wu and Wu Mei'er a little strangely, wondering what these two people were doing suddenly at his home.

"Yes, I didn't expect to see you for a few days, and the strength has increased again. It seems that I have encountered an opportunity..."

Looking at David, Long Wu nodded with satisfaction. He had no idea that David had absorbed the ginseng king of Wannian.

"Long... Uncle Long, what are you doing here in Horendel?"

David asked suspiciously.

"What else can I do? Isn't Uncle Long worried about your safety and worry? I didn't expect your kid to encounter an adventure, and his strength has improved so much..."

Wu Meier said with envy in her eyes.

When David saw that Long Wu had come from Kyoto because he was worried about his safety, he immediately said with gratitude: "Thank you, Uncle Long for worrying... I have the confidence to defeat that Qin Xiaolin..."

Seeing David's self-confidence, Long Wu was a little happy, but he still said with a serious face: "Although you have reached the third floor of the bigu realm now, you can't underestimate the strength of Wu Zong, Qin Xiaolin does not rely on chance, With his own strength, he has forced himself to retreat to the realm of Wuzong, and he has real skills, so don't underestimate the enemy..."

"Thank you Uncle Long for his teaching, I will remember it..."

David nodded.

"Well, that's fine, don't forget to put on the heart-protecting bronze mirror tomorrow, and I will also watch you fight tomorrow, so don't be under pressure, Wuzong is a formidable enemy to you, but to me , I can run over him with one finger, but I can't help you block all the enemies, you have to carry everything, do you understand?"

Long Wu is like an elder, exhorting David and giving David confidence.

Long Wu's words are obvious, that is, master David, don't be afraid, it is really about to die. When David loses to Qin Xiaolin, Long Wu will not stand by below, and will ensure David's safety.

In this way, there is no threat to life, David can feel more at ease, and he will let go of his hands and feet.

"Well, I understand!" David nodded again.

After saying a few more words with David, Long Wu turned around to leave, but just after Long Wu turned around, he was stopped by David.

"Uncle Long, I...I want to ask you one thing..."

David called to stop Long Wu.

"Didn't I say it, after July 15th, you will know what you want to know. Now if you ask me, I can't answer you..."

Long Wu thought that David was asking about his life experience.

"Uncle Long misunderstood, I'm not asking this, I want you to accept my girlfriend as your apprentice? She's just an ordinary person, but I hope she can also step into the path of cultivating immortals, so that we can live together for a long time. together..."

David wanted Sonya to practice as well. When Sonya's realm rises higher, the age of living will be longer and longer. Otherwise, after decades, David can only watch Sonya die, but he wants to Alone waiting to die.

"Do you think that just one person can step into the path of immortal cultivation? I have seen your girlfriend, who is not even a martial artist. You still want to cultivate immortals? You think too beautiful..."

When Wu Meier saw that David actually wanted to make her girlfriend immortal, she immediately sneered.

Chapter 669

"I'm not a warrior either, I'm just an ordinary person. Didn't the Ervin lead me into the path of immortality?"

David retorted.

After all, David was very ordinary since he was a child, and he was not a martial artist when he was in prison.

"Can I compare with you, but..."

Wu Mei'er was about to say something, but Long Wu gave her a fierce stare, and Wu Mei'er hurriedly swallowed the words back.

David looked at Wu Meier, he knew that Wu Meier must also know something, but Long Wu was there, Wu Meier dared not say it.

"David, it's not impossible for you to want your girlfriend to step into the path of immortality, but it's definitely not acceptable to take me as a teacher. I don't want to mislead my children. Don't think that my strength is very high. Wait until you truly understand the world of immortality. After that, you will find that there is a sky outside the sky, and there are people outside the world, but I can give you a few pills to wash the marrow. After your girlfriend eats it, she will wash her body. You are teaching her a mental method, can you? Step into the world of immortality, then look at her good fortune..."

Long Wu said to David.

"Thank you, Uncle Long!" David looked happy.

"I didn't bring the Essence Elimination Pill this time, do you have any herbs here? You don't need any expensive ones, just ordinary herbs. I'll make a few for you. This Essence Essence Pill is no better than the Body Tempering Pill, it's very easy to refine. ..."

Long Wu asked.

"What herbs does Uncle Long need, I ordered someone to send them now..."

Although it was very late, David's phone call was immediately delivered.

Long Wu told David the herbs he needed, and David called Lin Tianhu directly and asked Lin Tianhu to drive to Yaowangfu to get the medicine immediately.

About three hours later, and it was already midnight, Lin Tianhu rushed back and delivered all the herbs he needed.

Lin Tianhu felt a little surprised when he saw a man and a woman who suddenly appeared in David's villa, and the girl looked familiar. Lin Tianhu then remembered that it was the girl who brought the heart-protecting bronze mirror a few days ago.

After letting Lin Tianhu put the herbs down, David told him to go back to rest, while Long Wu looked at the herbs in front of him, his men flipped slightly, and a green fire suddenly jumped in the air.

Long Wu used his mind to stimulate the spirit fire, and the spirit fire became more and more vigorous, and finally turned into a puppy.

Seeing this situation, David's eyes widened. It was the first time he saw someone control the spirit fire to make alchemy.

Soon, the puppy transformed by the spirit fire ate all the herbs in its stomach. Through the spirit fire, you could clearly see that the herbs began to burn and melt in the puppy's stomach...

Seeing this scene, Long Wu's mind moved, directly activating the spiritual energy, making the spiritual fire more vigorous, and the whole room was filled with rich spiritual energy.

Feeling the huge spiritual power on Long Wu's body, David was envious. He didn't know that he could only cultivate to Long Wu's strength in that month.

David was wrapped in aura, and the Condensation Art in his dantian turned far away unconsciously, and began to frantically absorb the aura emanating from Long Wu in the room.

The incomparably overbearing mentality of Ningxin Jue is like a big vortex at this moment, directly sucking away the spiritual energy of Long Wu, but the spiritual fire of alchemy has lost the blessing of spiritual energy and gradually became dim.

Long Wu's forehead was full of sweat at this moment, but he didn't stop David, instead he suddenly took a breath and frantically poured out the spiritual power in his dantian.

Wu Mei'er looked at this scene with a look of surprise in her eyes, and it took a while before she reacted and glared at David.

Chapter 670

"David, you are so shameless. You asked Uncle Long to concoct alchemy for you, but you secretly absorbed his spiritual power..."

Wu Meier kicked David's butt fiercely and said.

David woke up with a start, and hurriedly stopped turning to the Condensing Heart Art, and then looked at Long Wu with an embarrassed expression.

Just now, David definitely didn't do it on purpose, it was just that the Condensing Heart Technique started to work unconsciously.

However, Long Wu didn't speak or stop. After a while, Long Wu put away his spiritual power, and at this time, three dark medicinal pills fell from the air to the ground.

Although the medicine pill is dark, it exudes a faint light. Even if the lights in the room are turned off at this moment, it will still be illuminated very brightly.

Long Wuyi waved his hand, and three pills for washing marrow were in Long Wu's hands, and Long Wu handed the pill to David: "These are three pills for washing marrow, for ordinary people's bodies, only one pill is enough. Whether you can step into the path of immortality depends on her talent and good fortune, you must not give your girlfriend more food, the body of ordinary people can't bear it..."

David took the pill, and felt a little unbelievable. This is the ordinary pill that Long Wu said, but in David's eyes, it is hundreds of times stronger than his refining of the Juling Pill and the Great Return Pill, not to mention the small one. Also Dan.

David always thought that he was very good at alchemy, but only after seeing Long Wu's alchemy, he knew that he was afraid that he could not even reach the entry level.

Looking at David like that, Long Wu knew what he was thinking, so he patted David on the shoulder: "Not every immortal cultivator is proficient in alchemy, I just learned a little bit, and the dragon who took you to the beginning... Ervin, he has never learned alchemy, so he only taught you some of the most basic elixir refining. You don't understand the rest, and you can be forgiven. There are special alchemists in our cultivating world, and they are the real ones. If you are proficient in alchemy, you can only learn the refining of advanced elixirs by learning from them.

"

When Long Wu said this, David immediately understood: "Is the alchemist in the world of cultivating immortals similar to the pharmacist in the world of martial arts?"

"Yes, it should be the same, but the pills made by alchemists are more advanced. When you understand it later, you will know that immortal cultivators not only have alchemists, but also casters. What you are facing now Your enemies are just some warriors and warlocks. With your powerful body, you can do it without weapons, but when you really enter the world of immortality, you must find a weapon that is handy, which will make your strength even more. ..."

Long Wu followed David, and David listened carefully like a primary school student. He always wanted to understand, but unfortunately no one told him, and now he finally lifted the veil of the world of immortality.

“Why did I accidentally tell you so much, you have a good fight tomorrow, and you will know it slowly...”

Long Wu patted David on the shoulder again, and turned around to leave.

“Uncle Long, why is this David able to absorb the spiritual power emanating from your body?”

At this moment, Wu Mei'er spoke in confusion.

In her understanding, no matter what kind of mental method, it is to absorb spiritual energy from all things in the world to help herself cultivate, and she has never seen anyone who can absorb spiritual energy from other people's bodies.

You must know that the spiritual power emanating from other people's bodies has been transformed by one's own cultivation techniques, and is stored in the dantian. It is not like the spiritual energy of heaven and earth at all, and can be absorbed by all immortal cultivators.

Wu Mei'er's words made David embarrassed again, but he also asked curiously, “Can't you all?”

Before this, David had never met an immortal cultivator, and he didn't know if other people cultivated, like him, and could absorb things other than spiritual energy.
