

A Man Like None Other

Novel

Chapter 76

This is the call that Sun Xiaomeng asked for from Sun Fuhai. After Chen Baoguo answered the phone, Sun Xiaomeng said rudely, "What time is it, how long do you want me to wait? I have no concept of time, don't. You forgot that it was your family who begged me, and you asked me to wait?"

After Sun Xiaomeng finished speaking, she hung up the phone without waiting for Chen Baoguo to speak!

On the other side, after Chen Baoguo answered the phone, he was stunned for a moment, and his face was a little embarrassed. After all, at his age, he was beaten by a little girl from Sun Xiaomeng, and he felt very uncomfortable, but he thought that David had to rely on others Chen Baoguo endured the job introduction!

"Dad, who's calling?"

David asked.

"It's Xiaomeng, they're waiting downstairs, you go downstairs quickly, remember to say something nice to them..."

Chen Baoguo urged David to go downstairs!

David went downstairs and saw that Sun Xiaomeng was waiting at the door, so he walked over and said apologetically, "I'm sorry, I kept you waiting..."

Seeing David, Sun Xiaomeng immediately said with a livid face: "If it wasn't for my dad's words, I wouldn't be too lazy to pick you up. Look at what you're wearing? Which dynasty's suit is too old-fashioned..."

David frowned slightly, but still suppressed his anger and said, "I bought this three years ago, but I haven't worn it, it's still new!"

"The new one has a f.art, who still wears such an old-fashioned suit nowadays..." Sun Xiaomeng pouted!

"Then... Then why don't I go and change?" David said.

"Forget it, what time is it, where's the time? Get in the car..." Sun Xiaomeng opened the car door with a cold face and sat up directly.

David wanted to sit in the co-pilot, but just opened the door, but was stopped by Sun Xiaomeng: "Sit in the back, can you also sit in the co-pilot?"

David frowned, and then sat in the back, while that Sun Xiaomeng didn't wait for David to sit still, and rushed out with a kick of the accelerator!

Fortunately, David has the time to recover, otherwise he will fall down!

"Remember, you can't say you know me when you arrive at the company, and I don't care whether you can interview or not. It all depends on your own ability. Don't expect me to help you. I'm enough to introduce you to the company for an interview... .."

On the way, Sun Xiaomeng followed David to talk a lot, the most important thing was to keep David from saying she knew her, because she was afraid that David would embarrass herself!

"Okay!" David just replied with a good word!

Soon, the car arrived at Sun Xiaomeng's company, which is a collective company with a dozen floors in the entire office!

"Xinyu Daily Chemical Co., Ltd.?" David raised his head, looked at the huge company name, and frowned slightly!

"This is the Su family's company?" If David remembers correctly, this Xinyu Daily Chemical Company is also the Su family's business. He remembers that Sonya seems to have mentioned that this is Sonya's birthday, and the company established by Ruben for Sonya is regarded as Birthday present!

Sonya is the chairman and legal person of this company, but she does not participate in management and rarely comes to this company!

"Yes, this is the company of the Su family, the richest man in Horendel. It is a great honor to be able to work here. The various benefits are much better than other companies..."

Sun Xiaomeng said very proudly!

David smiled and didn't say anything, but followed Sun Xiaomeng towards the company.

As soon as I walked to the door, I saw a handsome, tall and handsome young man in a suit standing at the door. This person was Sun Xiaomeng's boyfriend Cui Zhiyuan!

"Xiaomeng, why did you come today?"

After Cui Zhiyuan saw Sun Xiaomeng, he immediately greeted him with a smile!

"Don't mention it, my dad asked me to pick up that comrade-in-arms' son, so later..."

Sun Xiaomeng pouted, a little not very happy.

Chapter 77

Cui Zhiyuan looked at David behind Sun Xiaomeng, a trace of contempt flashed in his eyes, and then he took Sun Xiaomeng's hand and walked forward!

David could only follow behind, while Cui Zhiyuan and Sun Xiaomeng whispered!

"If you don't want him to work here, I'll just swipe him down during the interview later. Anyway, today is my interview..."

Cui Zhiyuan said in a low voice.

"Don't be too obvious, or he will tell my dad, and my dad will kill me again. This guy has just come out of prison, so just reject him with this matter!"

Sun Xiaomeng also whispered in Cui Zhiyuan's ear.

They were afraid that David would hear it, but what they didn't know was that David had listened to every word of the conversation between the two. David's listening ability is not comparable to ordinary people.

David in the back laughed coldly. David didn't care about whether he could be interviewed or not. He was just going through the motions!

After following Sun Xiaomeng and the others to the sales list floor, Sun Xiaomeng pointed to Cui Zhiyuan, and then said to David: "You go with him, remember what I told you, don't tell anyone you know each other here. !!"

David nodded, then followed Cui Zhiyuan to the interview office. At this time, there were already many people waiting outside. These people were all here for the interview. After all, it was a group company with good benefits, so I wanted to come. There are many people, including some students from famous universities!

"Wait outside, someone will call you later..."

After Cui Zhiyuan said a word, he walked directly into the office, while David found a chair and sat down to rest!

"Dude, are you also here for the interview?"

Sitting next to David, a young man with glasses asked David.

"Yeah!" David nodded!

"What school did you graduate from? I know that many of the interviewees this time are graduates from famous universities. Look at the girl in the skirt. I heard that she is from Qingbei University, and the man with the backpack is from Haida University. graduated.

"

With an envious expression, the young man followed David!

"I'm from Beijiang Business School!" David smiled slightly!

"Student from Beijiang?" The young man was stunned for a moment, then said in surprise, "You dare to come to this company for an interview with your diploma. You are really courageous. Your university is not as good as my Lanxiang Technical School!"

The young man looked at David with a bit of pride. He finally found someone with a degree not as good as his own!

David smiled and did not speak!

At this time, a girl in work clothes came over and said to everyone in the interview: "Everyone hand over your resume to me, and I will call everyone in for the interview in order!"

When everyone heard it, they hurriedly handed in their carefully prepared resumes, only David sat motionless!

"Sir, where's your resume?"

Seeing that David didn't move, the girl asked!

"I didn't prepare a resume!" David said lightly!

Seeing that David did not prepare a resume for the interview, the girl's eyes flashed with surprise, but she still asked aloud: "Sir, what is your name, I will call you later!"

"My name is David Chen!" David said!

The girl nodded, turned and walked into the office!

Everyone looked at David like an idiot. On this occasion, wearing an outdated suit and not preparing a resume, how could he possibly be interviewed!

Only the young man who was talking to David just now looked at David a little strangely, and then suddenly whispered, "Dude, are you related and went through the back door?"

David was stunned for a moment, wondering why the young man asked such a question!

"You must have gone through the back door, otherwise why didn't you prepare your resume, and the person who brought you here just now, I see it as an executive in this company, no wonder you are so calm!" The young man's face was a little flattering. With a smile, he took out a box of chewing gum from his pocket and handed it to David!

David was not polite either, he took it directly and threw it into his mouth!

Chapter 78

"Dude, if you're really related, can you say something nice to me for a while? If I can be admitted, I'll invite you to a big hotel for a meal..."

The young man looked at David expectantly!

David smiled slightly: "Okay, if I succeed, I will give you two good words!"

"Thank you, thank you, thank you so much..." The young man looked happy and kept following David to thank him!

Soon, the interviews began. One by one, the interviewers walked in nervously and walked out in frustration. Even those interviewers from the famous universities were unsuccessful!

Seeing that the interviewees from the famous universities all failed, the young man beside David became even more nervous, his hands were slightly clenched into fists, and his palms were full of sweat!

"Next, David..."

Soon, it was David's turn. When David got up, the young man beside him grabbed him!

"Dude, you must say something nice for me, I'm counting on you..."

The boy said nervously.

David nodded, and then walked into the office. As soon as he entered, he saw three people sitting behind a desk, with the girl who had just collected her resume standing beside her!

That Cui Zhiyuan was sitting in the middle, obviously he was the main interviewer for today's interview, and the two left and right were just foils.

Whether or not he could pass the interview only needed a word from Cui Zhiyuan!

Cui Zhiyuan looked at David and said calmly, "Introduce yourself!"

Just as David was about to speak, he saw an interviewer beside Cui Zhiyuan saying, "Because you don't have a resume, you need to tell me all about your experience in the past few years after graduating from university!"

David nodded, and briefly explained his experience after graduation. Of course, he also said about his imprisonment. He didn't hide it, and there was nothing to hide!

It's just that David said that he was in prison, but no one showed surprise to several people. Obviously, Cui Zhiyuan has just told a few people, so these people will not be surprised!

After hearing this, Cui Zhiyuan closed his eyes slightly, clasped his hands on his chest, leaned on the seat without saying a word, and the girl on the side hurried forward to give Cui Zhiyuan a gentle massage!

"Do you know what kind of company we are? Do you know who the boss of our company is? You, a prisoner who just got out of prison, dare to come for an interview?"

An interviewer smiled contemptuously.

"Why don't you dare? Does your company clearly stipulate that people who have been in prison are not allowed to interview? Besides, what's wrong with being in prison? Is it a bad person who has been in prison?"

David smiled lightly!

"Although our company has no express regulations, but you are a reformed-through-labor worker. If you enter the company, it will affect our company's image. I believe that other companies will not want you to be released after

serving your sentence. You'd better be self-aware. I If it were you, I wouldn't even show up..."

The interviewer looked at David playfully, it seemed that he was deliberately humiliating David, and his voice was very loud!

This time, the interviewers outside also heard it, and all of them were surprised, and the young man who just followed David was even more shocked.

"Damn, it turned out to be a prisoner of labor reform. I wasted a piece of chewing gum in vain. It's really bad..."

The boy hurried to the bathroom to wash his hands!

David in the office was not angry, and smiled lightly: "If I were you, I wouldn't have the ability to be a man at all, I would have no face to sit here, you have dark circles all over your eyes, are you looking at your wife at night, but you are not at all It's useless, can't sleep all night?"

David's words made the interviewer stunned and looked at David with a bit of horror in his eyes. He didn't understand, how did David know that he was not capable of a man?

Chapter 79

This is his secret, and he has never told anyone. In the eyes of outsiders, he has a happy family and a harmonious husband and wife. Only he knows that at night, he will fall into deep pain!

Now David's words hit the sore spot, which made the interviewer suddenly furious, and the blue veins on his forehead bulged!

"You are talking nonsense, you don't have the ability of a man. I have a wife and children, and my family is very happy..."

The interviewer roared loudly and deliberately took the child seriously, in order to refute David and prove that David is nonsense!

David smiled: "Even if you have a child, it is not your own, it is not picked up, or your daughter-in-law gave birth to someone else, because your faults have fallen from childhood, and it was caused by an accident and an external force. Make you lose the ability of a man!"

bang...

Just after David finished speaking, the interviewer slapped the table and stood up, glaring at David and said, "You kid investigate me?"

This interviewer was indeed kicked in the crotch by a donkey when he was a child, so he lost his ability to be a man, and only picked up a child after marriage.

Except for those people in his hometown who knew about these things, no one in Horendel would know about it. He deliberately stayed away from his hometown for this reason, but he didn't expect to be directly told by David!

"You're not worthy of my investigation!" David smiled coldly!

However, the interviewer's words also proved that what David said was the truth. This time, several colleagues on the scene looked at the interviewer with strange eyes!

The interviewer also seemed to feel that he had said the wrong thing, and immediately became angry and rushed towards David!

Seeing that an interview was about to turn into a fight scene, Cui Zhiyuan could only shout angrily, "Enough is enough, sit back for me..."

The interviewer could only give David a stern look, and then sat back!

Cui Zhiyuan just wanted to let his subordinates humiliate David and then tell him that it was inappropriate. He didn't expect things to turn out like this, which made Cui Zhiyuan a little angry!

"Boy, you are not suitable to work in our company. You don't want to show us the door as you are. You better get out. Don't come again in the future..."

Another interviewer saw that Cui Zhiyuan was a little angry, and immediately reprimanded David!

"There are employees like you in such a large-scale company, it's really time to rectify it..."

David sneered, got up and walked out, he didn't really want to work here!

But just when David got up and was about to walk out, suddenly a tall, stern young man in a suit walked in!

The youth carried a bit of majesty on his body, and as soon as he entered the door, he glanced at David!

David also looked at the young man, and then prepared to leave!

But who knew that he was directly stopped by the young man: "You are David?"

David looked at the young man suspiciously and nodded slightly, he didn't know the person in front of him!

But if David's parents were there, they would definitely know each other. It was this person who drove David's parents away when they went to the Pinerest Villa!

"Mr. Xing..."

After Cui Zhiyuan saw the young man, he ran over flatteringly, and then explained, "This person is called David, and he came to apply for the job. Because he didn't meet the requirements of our company, we refused..."

"Leave him..."

After the young man said a word, he looked at David again, then turned around and was about to leave!

"Mr. Xing, he...he's a reform-through-labor inmate who just got out of jail..."

Cui Zhiyuan stopped the young man and said.

The young man turned around slowly and looked at Cui Zhiyuan with chills in his eyes: "Are you teaching me to do things?"

This shocked Cui Zhiyuan, shaking his head again and again: "Don't dare, don't dare..."

Chapter 80

The youth turned and left, Cui Zhiyuan and the two interviewers were all stunned, looking at David in disbelief, wondering how David and the general manager of the company knew each other!

"David, how did you know me, President Xing?"

Cui Zhiyuan asked with a puzzled face.

"Is he the general manager of this company? I don't know him!" David shook his head!

David didn't know this young man, and he had never met him, but this young man had met David, and he even saw David following Sonya Qingqing me and me!

The young man's name is Xing Jun. He is an international student who graduated from Stanford University abroad. After working in the Su Group, he has been reused, and this Xing Jun has also taken a fancy to Sonya and has been pursuing Sonya, but Sonya did not agree!

After Ruben gave it to Sonya Company, because Sonya did not manage it, he transferred Xing Jun to be the general manager of Xinyu Daily Chemical Co., Ltd. and was solely responsible for the operation and management of the company!

This Xing Jun does have some strength. In a short period of time, the management of the company is well organized, and it has become the most profitable subsidiary of the Su Group!

The reason why Xing Jun worked so hard was to make Sonya look after him, but when he knew that Sonya was dealing with a kid like David who had been in prison, his heart changed drastically, and he wanted to take Sonya from David!

Now that David has come to the company for an interview, of course he has to seize this opportunity. As long as David stays in the company, he can have tens of thousands of ways to make David quit despite difficulties, and he can also provoke the relationship between David and Sonya!

"It's really weird..."

Cui Zhiyuan frowned, but the general manager had spoken. One of his department managers didn't dare to go against it, so he could only say to David, "Go through the onboarding procedures, and then I'll send someone to show you about the company..."

Now Cui Zhiyuan doesn't dare to trouble David for the time being. He doesn't know what the relationship between David and Xing Jun is!

David is also a little strange. He doesn't understand what this is, Mr. Xing, why he wants to keep himself. It seems that he knows himself!

Could it be that Sonya knew that she was coming to her company for an interview and specifically asked the general manager?

David frowned slightly and thought, followed the girl in the office, and was taken to go through the entry procedures!

“Damn, your kid turned out to be a reform-through-labor prisoner. I’m really unlucky to have talked to you for a long time. It’s too bad. Just like you, you’ll never want to apply for a job!”

As soon as David went out, he was scolded by the young man who had just put on glasses.

David looked at the young man. Originally, he felt that the young man was good, but he didn’t want to be such a low-key guy!

“Mr. Chen, please follow me here. I need an ID card for the entry procedure. Have you brought it?”

The girl who came out with David asked David.

“Oh, I brought it!” David handed the ID card to the girl, and then smiled gratefully!

He knew that the girl asked this on purpose, just to tell the boy!

Sure enough, when the young man saw that David had succeeded in the interview, his eyes suddenly widened, his face full of incredulity!

However, David ignored him, but after sneering, he followed the girl and left!

While David was applying for the job, in the sales manager’s office, Sun Xiaomeng said angrily to Cui Zhiyuan: “What’s the matter with you? Didn’t you say you shouldn’t admit him? Now he’s been admitted. If you don’t bore me to death in the future, my dad will definitely let me take him to work every day!”

“Can you blame me? Who knows what that kid has to do with Boss Xing, he was directly admitted by Boss Xing, what can I do!”

Cui Zhiyuan was also displeased!
