

A Man Like None Other Novel

Chapter 961

A sword slashed down fiercely, and the terrifying breath enveloped the great protector. At this moment, the great protector was already injured, so how could he bear the terrifying blow of David.

shuh...

A golden light flashed, and the Great Protector only felt his body lighten, turned his head to look at his arms, and found that his arms were cut off by Qi Shushua.

After a while, blood continued to spurt from the broken arm, and severe pain followed.

"what..."

The great protector screamed.

The screams of the great Dharma protector instantly startled the other Dharma protectors.

Seeing that his eldest brother was injured, the other guardians suddenly became furious, and all slammed into David, who was facing him.

Although these are all avatars created by David, they are not like Watanabe Ichiro. They are only used to confuse opponents. David's shadow avatar also

has good strength. Although it is not as good as the main body, it can catch up with the big Master level.

The sword slashed by the shadow clone was dodged by several other guardians, and then slammed into the clone with a ruthless punch.

The four avatars were instantly smashed and disappeared into the air, but David stood in front of the Great Protector unharmed, staring coldly at the screaming Great Protector.

"Big brother..."

The other four guardians rushed over to help the big guardian stop the bleeding.

"You retreat, this kid's strength is far more powerful than we imagined, we have to report this matter to the Patriarch..."

The Great Protector asked the others to withdraw, and he was planning to hold David desperately.

"Brother, let's go together..."

Several other guardians set up the big guardians, and their figures instantly rose into the air.

They don't plan to fight with David.

"I said, you're all going to die here..."

David raised the Dragon Slaying Sword in his hand: "Nine Shadow Swordsmanship, draw the knife and break the water..."

The terrifying sword energy instantly enveloped several guardians, and then saw a golden light flashing away, and the five guardians were directly hit by a sword.

The terrifying sword energy directly tore the five guardians, and the whole body was cut in half from the middle, and the blood was mixed with the internal organs and scattered from the air.

"The fifth..." Several guardians shouted in grief and indignation.

"You take big brother, I stop him..."

Seeing this, the Second Protector turned around and smashed David with a punch.

Looking at the second protector from a single blow, David did not dodge or dodge, the golden light on his body flashed, and pieces of flickering scales began to appear. These scales were like the ones that grew from the skin when David just retreated. .

Soon, David's whole body was covered with such scales, like a layer of armor.

boom...

The second guardian smashed David with a punch, and the overwhelming anti-shock force made the second guardian's body fly upside down, but David did not move.

"Unbelievable..."

David snorted coldly, his body suddenly jumped high, and then he stepped on the chest of the second guardian, and stepped on it directly.

The second guardian's body slammed heavily on the ground, followed by a sound of bone cracking, and the second guardian's mouth spurted blood, which was mixed with many broken internal organs.

The Second Protector glared at David, as if he had something to say, but he didn't say a word, just tilted his head and lost his voice.

"Second brother..."

Seeing this, the third protector roared and turned back, and when David stepped on the second protector, he slammed into David's back!

bang...

With a dull sound, the three guardians smashed David with a ruthless punch, but David didn't move, but the three guardians' body was directly shaken back again and again.

David slowly turned around and looked at the three guardians, Ling Lie's eyes actually scared the three guardians back again and again.

David's indestructible golden body, along with the improvement of his realm, his physical body has also strengthened a lot. Now it is not easy to break David's physical body.

Chapter 962

"David, I... We are from the Long family. You know they belong to the Long family. If you kill us all now, the Long family will definitely not be able to spare you..."

The three guardians looked at David's eyes and were really scared.

"Long Family!" David sneered: "Not only will I kill you, but I will destroy the entire Long Family..."

After finishing speaking, David slashed out with a sword, and the vast sword qi directly cut the three guardians into flesh, and even a complete piece of flesh and blood could not be seen.

The Great Protector looked back at this scene. Although he was sad and angry in his heart, he had already broken his courage. He was supported by the Four Protectors and began to flee desperately.

David's figure disappeared in a flash, and in an instant, he arrived in front of the Great Protector and them, blocking the way of the two.

"David, we didn't come to kill you, the owner just asked us to take you to the Long family, not to kill you, don't get me wrong..."

The Great Protector looked at David, who was covered in blood, and hurriedly explained.

"I know you didn't come to kill me..." David said indifferently: "But I am going to kill you. Did you see that corpse? They were all my brothers..."

"David, you..."

The Great Protector wanted to say something, but saw a flash of light from the Dragon Slaying Sword in David's hand.

The heads of the four protectors standing beside the great protector flew into the air in an instant, and blood spurted out, spraying the great protector all over the body.

Fifth-grade Wuzong, a sword instantly slashes!

The Great Protector can't believe what kind of strength David has achieved. Could it be that what David just broke through was not the realm of Wuzong, but the Marquis of Wu?

The realm of Marquis Wu that can move mountains and reclaim seas and turn clouds and rains?

But David's age is too young.

“Now it is your turn!”

The Dragon Slaying Sword in David’s hand has always been a great protector.

“David, you are too deceiving...”

The Great Protector’s arms were cut off. Seeing that there was no hope of survival at this moment, he took a deep breath, and then the Great Protector’s body began to swell like a ball.

The great protector is about to explode!

Anyway, it is a death, he will use self-destruction to kill David together.

The body of the great protector is getting bigger and bigger, his eyes are wide open like copper bells, and his face is also red.

“David, come back quickly...”

Long Wu shouted vigorously, his face full of panic!

A Wuzong’s self-destruction was as powerful as a bomb.

But David didn’t panic, put away the Dragon Slaying Sword in his hand, and slowly lit a cigarette for himself!

David, who didn’t like smoking at first, now hopes to use smoking to relieve his stress.

The corpses all over the ground died for him. Even if he killed the five guardians, these people would not survive!

Seeing that David didn’t run and was so leisurely, the body of the Great Protector swelled violently again.

David was smoking a cigarette, and his body began to emit golden light, and the scales on his body began to grow rapidly, wrapping David tightly.

“David, go to h3ll...”

The body of the great protector has reached its limit.

boom...

With a deafening sound, the entire Pine Bay and even the entire Horendel felt the power of this explosion.

A mushroom cloud rose up in the sky, and it could be seen clearly from a distance.

Many people looked up at the sky, not understanding what was going on.

“David...”

Long Wuwu roared and began to run over with all his might.

“Mr. Chen...”

Lin Tianhu and Chi Feng also hurried away immediately.

But when the smoke cleared and a few people ran up to them, they found that David was standing spotlessly on the spot, the smoke in his mouth was still burning.

The golden light on his body dissipated, David dropped the cigarette in his mouth, and slowly looked at Long Wu: “Uncle Long, I’m fine...”

Chapter 963

Long Wu excitedly stepped forward and hugged David: "Hahaha, David, good, good, as long as you continue to practice like this, the eldest lady will be able to see the sun again..."

"Uncle Long, we can't stay here anymore, we have to change place..."

David knew that since the Long family had found this place, it was impossible for Long Wu to retreat and retire in Horendel, and he needed to change to another place.

"Where are we going?" Long Wu asked.

"Medicine God Valley!"

For David, the safest place is Yaoshen Valley.

David explained that Lin Tianhu and Chifeng dealt with Horendel's funeral, and then took Long Wu and Sonya to the Medicine God Valley!

Now Sonya, Gu Linger and Xiaolan are all injured, and they can still recover from their injuries in Medicine God Valley.

After David and the others arrived at Yaoshen Valley, Xu Changsheng immediately arranged for someone to start treating Sonya and the others.

Long Wu took out the invitation for the trial and handed it to David.

"David, this trial is definitely dangerous and unusual, you should be more careful..."

Long Wu looked at David with some worry.

"Uncle Long, don't worry, with my current strength, those younger generations are afraid that there are no opponents, not to mention that I have an official identity now, they dare not openly attack me!"

David took the invitation and said confidently.

“Hey, you’re still too young, the martial arts world is far more complicated than you think, be more careful...”

Long Wu patted David on the shoulder.

“I know, Sonya and the others will bother Uncle Ervin to look after him...”

After David explained, he left Yaoshen Valley and went straight to Kyoto.

There is still one day left before the trial, and David has to get to Kyoto as soon as possible.

...

Dragon family!

There is still one day left before the trial. At this time, all the sects and families in Kyoto are gearing up. You must know the venue of this trial, but the emperor’s mausoleum that has been through thousands of years, what treasures and what dangers are there, no one knows .

But inside the imperial mausoleum, it must be full of dangers and organs, but everyone knows that with high returns, one must face high risks.

“Xiaoer, your strength has increased a lot when you return this time...”

Long Jingguo looked at Long Xiao in front of him with joy on his face.

“Dad, thanks to Master’s good teaching, Master originally planned to let me concentrate on my cultivation. After the New Year, I will reach the peak of Wuzong. I’m afraid it will take some time to come back this time.”

Long Xiao said.

"Silly son, this trial site is a thousand-year-old emperor's mausoleum. There must be a lot of treasures and resources in it. When our Long family gets these, I will use these resources and use the fastest speed. Pushed to the peak of Wuzong, or even the realm of Wuhou, a Wuhou of your age is probably the first so far..."

Long Jingguo looked at Long Xiao dotingly and said.

"Dad, don't worry, as long as I participate in the trial, these treasures and resources belong to my Long family."

Long Xiao's face was full of confidence and pride.

However, he does have arrogant capital, and he can reach the realm of the seventh-rank martial arts at a young age, which is something that many people cannot achieve after practicing for decades. Moreover, Long Xiao's strength is comparable to the strength of some patriarchs of aristocratic sects.

.

"Hahaha, if you say that, Dad will be relieved..."

Long Jingguo laughed.

At this moment, Long Xingxu on the side lowered his head slightly. Compared with Long Xiao, his current strength is far worse than that of Long Xiao. Although his talent is good, he has no resources, and it is difficult for a clever woman to cook without rice.

And Long Xiao got almost the entire Long Family's resources to cultivate, so his strength must grow at a rate.

"Xingxu, haven't they contacted the Great Protector yet?"

At this time, Long Jingguo looked at Long Xingxu and asked.

"Patriarch, I haven't been contacted yet!"

Long Xingxu replied in a low voice.

Chapter 964

“Damn, does it take so much time to catch David for these rubbish things? It must be drinking outside and picking up girls. I made a mistake. When I get back, I will beat them up!”

Long Jingguo frowned and cursed fiercely.

He didn't have the slightest suspicion at all. The five guardians of the Wuzong realm were supposed to capture David with their hands. For the sake of safety, Long Jingguo had already used a knife to kill a chicken.

...

The Protectorate of Kyoto.

David sat with Zao Wou-Ki in the courtyard of the Protectorate Pavilion.

“Mr. Chen, did you increase your strength again?”

Zao Wou-Ki looked at David with some doubts.

“What? Can you feel it? I'm already hiding my breath.”

David was a little surprised.

David was already hiding his aura. If even Zao Wou-Ki could see it, then his own hiding skills were too poor.

“That's not true. I didn't feel Mr. Chen's breath at all. I just felt it from Mr. Chen's aura. I don't need to feel your breath. The aura that naturally emerges from your body feels different from the previous time. already.”

Zao Wou-Ki explained.

When David heard this, he felt helpless. There was nothing he could do about this kind of aura. With the improvement of his realm, his body became more and more powerful. This kind of improvement in the strength of the body gave off the aura that there was no way to hide it. of.

"It just broke through two days ago!" David said with a faint smile.

"Congratulations to Mr. Chen, now that you have broken through to the realm of Wuzong, with your powerful strength, even if you encounter a fifth-grade Wuzong, you don't have to be afraid!"

Zao Wou-Ki was really happy for David when he saw David's breakthrough.

What he didn't know was that David's strength increased in geometric multiples.

Although David only broke through to Wuzong, but his strength is facing the fifth-grade Wuzong, he can kill it in one move. If it is the seventh-grade Wuzong, David can also win. If it is the peak of Wuzong, David has no certainty, after all With the improvement of realm, even if it is a small realm improvement, the strength will be very different.

"In the land of Kyoto, Hidden Dragon and Crouching Tiger, my strength is still much worse..."

David said helplessly.

After all, David started too late. In just a few years, he was considered a genius to be able to reach such a state, but thanks to his own Concentration Technique, this method was too perverted.

Thinking of Ning Xin Jue, a man's figure suddenly appeared in David's mind. Although he couldn't see the man's face clearly, this figure always appeared in his mind suddenly.

And this figure, David knew that it was the father he had never met, and he wanted to know what his father's identity was.

What kind of strength does a person who can possess a perverted cultivation technique such as the Condensation Technique and can create a power like the Dragon Sect possess?

"Mr. Chen, Mr. Chen..."

Seeing David suddenly stunned, Zao Wou-Ki felt like he shouted twice.

David's body was shocked, and he hurriedly woke up and said: "Zhao Pavilion Master, what's the matter?"

Seeing that David was all right, Zao Wou-Ki said: "Mr. Chen, Mr. Shi sent someone to spread the word two days ago, saying that the Watanabe family from the island country has already sent a master to sneak into our country to assassinate Mr. Chen, but Mr. Shi said, let you Don't worry too much, if those people dare to come in, someone will naturally make them disappear."

"Well, I see!" David nodded.

He didn't doubt Mr. Shi's words at all, because he had seen the strength of the organization. The strength that Captain Xing showed at the time was no worse than that of David now. You must know that Captain Xing was just a follower. It can be seen that this Mr. Shi or this How terrifying the strength of the top of the organization should be.

"But Mr. Shi also instructed Mr. Chen not to go abroad for a while, otherwise your personal safety will not be guaranteed."

Zao Wou-Ki said again.

David nodded. His time is precious now, and he can't wait to spend every moment on cultivation. Where can he go abroad when he has time.

Chapter 965

...

Martial Arts Alliance!

Zhu Zhishan, Guo Wei and other senior officials of the Martial Arts Alliance gathered together. Tomorrow will be the official start of the trial. As the organizer, the Martial Arts Association must take everything into consideration. If something goes wrong, they will also Not good to explain.

"I wish the alliance leader, this trial, but the emperor's mausoleum buried underground for thousands of years, I still don't know how many treasures are in it, should our Martial Arts Alliance secretly send a few people to get some treasures out of it?"

Guo Wei asked Zhu Zhishan cautiously.

Zhu Zhishan shook his head: "This time, Mr. Shi personally asked, and we secretly sent someone, and it is likely to be discovered."

"Then let's just watch the treasures in the Emperor's Mausoleum be taken away by other sect families?"

Guo Wei was unwilling.

"Don't worry, I have already talked with Long Jingguo. You will lead the team in this trial, but you have to take care of the Long family. The treasures and resources that the Long family gets will be shared equally with us."

Zhu Zhishan had already made plans.

"I understand..." Guo Wei nodded.

...

The next day, the trial officially started!

David followed Zao Wou-Ki to the trial site. When David arrived, he realized that the place was already crowded with people, and many people from sect families had arrived.

The hill he found was already flattened at this moment, and the surrounding was blocked by a high wall, leaving only one entrance and exit. There are two people with the strength of the seventh-rank Martial Sect guarding the entrance and exit to prevent anyone from breaking in without permission. .

“Please show the invitation, you cannot enter without an invitation...”

After David and Zao Wou-Ki walked to the door, they were stopped by two guards.

David posted the invitation and followed Zao Wou-Ki inside.

As soon as he walked in, David found that there was a deep pit inside, and a huge stone gate was exposed outside.

Judging from the size of this imperial mausoleum, there will definitely be a lot of treasures in it, and there will also be hidden weapons.

“Brother Chen...”

Just when David was observing the Emperor’s Mausoleum, someone suddenly called him.

David turned his head to look and found that it was Zhao Chuang, and there were two people behind Zhao Chuang, all of whom were masters of Wuzong’s strength.

“Zhao Chuang, what are you doing here?”

David asked suspiciously.

After all, with Zhao Chuang's strength, if he came to participate in the trial, he would only be the laughing stock of everyone.

"I'm here to participate in the trial!" Zhao Chuang said excitedly.

David was speechless for a while, he didn't expect that Zhao Chuang really came to participate in the trial.

"With your strength, isn't participating in the trial courting death? Do you know how much danger there will be in this dusty emperor's mausoleum for thousands of years?"

David did not understand, how could Zhao Ligu allow Zhao Chuang to participate in the trial?

"I'm not afraid. My dad said that Brother Chen will also come to participate in the trial. It will be no problem for me to follow you. Besides, I also brought two masters..."

Zhao Chuang pointed to the two people behind him.

"Mr. Chen..."

The two stepped forward and shouted at David respectfully.

David nodded slightly. Although the strength of the two third-rank Martial Sects is not low, among the major sects and families in this trial, this kind of strength is nothing.

"Follow me, remember not to run around, there are many unknown dangers in this imperial mausoleum, and I don't even know if I can handle it myself..."

David warned Zhao Chuang.

"Brother Chen, don't worry, I will listen to Brother Chen's orders. My dad has already explained it when he came. If Brother Chen is in danger, let's try our best to protect you!"

Zhao Chuang said with a light smile on his face.

David patted Zhao Chuang on the shoulder: "Be careful, there shouldn't be a big problem."

Chapter 966

Just as David finished speaking, there was a sudden commotion in the crowd.

I saw a young man wearing a white training suit with a short head and a pair of shiny black leather shoes walking in.

Next to the young man was Long Xingxu, and two people with the strength of the fifth-grade martial arts.

"I didn't expect the eldest young master of the Long family to come. Did you think he won't participate in this trial?"

"How could you not participate? This time, the Emperor's Mausoleum is probably the place with the most treasures among all the trial sites."

"This Long Xiao has already reached the strength of the seventh-rank Martial Sect, so young, it's really awesome..."

Everyone was talking, but they all followed Long Xiao to say hello.

"Brother Chen, this person is Long Xiao, the eldest young master of the Long family. He has been training abroad. He only comes back once a year for the trial. I didn't expect this guy's strength to grow so fast. I remember the trial last year. He was only a third-rank martial artist. , and now it has reached the seventh rank."

Zhao Chuang looked at Long Xiao with envy in his eyes: "If only I could be like this guy, it would be great to practice so fast."

David ignored Zhao Chuang and stared at Long Xiao with a pair of eyes. At this time, a bold idea slowly flashed in David's mind.

With David's current strength, it is a fantasy to go to the Long family to rescue his mother, but when his strength allows it, he doesn't know how long he will wait.

And now that Long Xiao was in front of him, David came up with an idea, he could hijack this Long Xiao, and then use Long Xiao to exchange his mother.

At this moment, Long Xiao also seemed to feel something, and suddenly turned his head to look at David. The two looked at each other, and Long Xiao felt a very strange feeling.

He didn't know David, and he didn't know anything about David's recent affairs.

"Master, this person is David, who just killed Ichiro Watanabe some time ago."

Long Xingxu followed Long Xiao's introduction.

"Oh, I see, he seems to have discovered this imperial mausoleum as well, right?"

Long Xiao suddenly realized.

"It should be Hu Baqi of the Hu family who discovered it first, was smashed by David, and then told Mr. Shi."

Long Xingxu didn't believe that David had the ability to discover such a large imperial mausoleum.

As the Hu family has the ability to rob the tombs of the ancestors of the past dynasties, it should not be difficult to find an ancient tomb.

“Speaking of which, this guy is also a rooster...”

When Long Xiao heard this, he snorted coldly, and looked away with disdain on his face.

Long Xiao had just left, and David found two more acquaintances, Cheng Kun from the Thunder Gate, and Xuanyuan Kai from the Xuanyuan family, both of whom also brought two martial arts masters.

After seeing David, Xuanyuankai’s face instantly turned cold: “David, this trial, you’d better be careful, don’t let me seize the opportunity...”

Xuanyuan Kai did not avenge his broken arm, and it is estimated that he would not be able to breathe out his anger in his entire life.

“Xuanyuankai, shut your mouth for me, are you threatening Brother Chen? Be careful I will tear your mouth...”

When Zhao Chuang saw Xuanyuankai threatening David, he immediately stepped forward.

Xuanyuan Kai was stunned for a moment, then sneered: “Zhao Chuang, when did you become this guy’s dog? You used to call me a brother, but now you are biting me in turn?”

“You’re paralyzed...”

As soon as Zhao Chuang heard that Xuanyuankai compared himself to a dog, he smashed his fist at Xuanyuankai in anger.

It’s just that Zhao Chuang’s fist has not yet reached, Xuanyuan Kai waved it casually, and a huge breath directly pushed Zhao Chuang back again and again.

David stretched out his hand to hold Zhao Chuang, which prevented Zhao Chuang from sitting on the ground and making a fool of himself.

Zhao Chuang's strength was too different from Xuanyuan Kai's.

"Zhao Chuang, you said that you can't flatter anyone in Wuying Mountain Villa, but you treat this David as a dog. I'm really not afraid of being laughed at by others..."

Cheng Kun on the side looked at Zhao Chuang mockingly.

Chapter 967

"Xuanyuankai, Cheng Kun, you fcuking wait for me, you two took advantage of the danger, hurt my dad, and killed so many people in our Shadowless Villa, Zhao Chuang remembers this hatred..."

Zhao Chuang glared at Xuanyuan Kai and Cheng Kundao fiercely.

"Hahaha, Zhao Chuang, are you worthy of talking big? With your virtue, you won't want to take revenge for a lifetime of cultivation."

Cheng Kun looked disdainful: "your father was so lucky that he didn't die, but even if your father didn't die, don't even think of comparing the strength of your Wuying Villa with our two."

The disdain on Cheng Kun's face made Zhao Chuang even more angry and clenched his teeth fiercely, while the two martial masters behind Zhao Chuang leaked their breath and clenched their fists.

Snapped!

But who knows, at this moment, Cheng Kun suddenly had a flower in front of his eyes, and then he was slapped, and half of his face was instantly red and swollen.

"Who, who the fcuk hit me?"

Cheng Kun took two steps back, covering his face and shouting loudly.

"I will avenge the revenge of Wuying Mountain Villa for them. You dare to say a few more words, I will kill you now..."

David's face was gloomy and cold, his eyes were slightly condensed and he looked at Cheng Kun, with a cold killing intent in his tone.

After all, Wuying Villa is also the entrance below his Dragon Sect. Now that Wuying Villa is attacked, David cannot ignore it.

"David, you fcuking dare to hit me, don't think you can do whatever you want with a backer, I'll kill you today..."

Cheng Kun's violent temper instantly became angry, and the two Wu Zongs behind him also stepped forward, and the breath on his body enveloped David.

"Cheng Kun, you are so brave. How can you say that Mr. Chen is also a member of my Dharma Protector Pavilion. You are too disrespectful to my Dharma Protector Pavilion."

Seeing that Cheng Kun didn't take himself seriously at all, Zao Wuji shouted angrily.

"Zao Wou-Ki, you protect the law and maintain the security of the capital. It's fine to catch the thieves who are stealing the chicken and the dog. What a big-tailed wolf, get away from me, or else you will be abolished."

Cheng Kun didn't take Zao Wou-Ki seriously at all. There was nothing to be afraid of in a big family like them, a small guardian pavilion.

"you..."

Zhao Wuji's face was pale, but with his current strength, if he really wanted to do it, he probably couldn't even beat Cheng Kun, not to mention the two Martial Sects beside Cheng Kun.

For a time, the atmosphere at the scene became tense, and many people watched the excitement, but no one planned to come forward to stop it.

For these people, it's good to have fun, and when the fight really starts, there will be one less competitor.

"Don't you understand the rules of the trial? Dare to do it here?"

A powerful breath came, followed by Guo Wei's figure floating from a distance.

Seeing Guo Wei, Cheng Kun was instantly cowardly, and immediately put on a smiley face and said, "Director Guo, this David hit me first, look at my face..."

Cheng Kun showed his face and let Guo Wei see it!

Guo Wei didn't even look at it, but Yan Su said with a cold face: "I don't care what grudges you have, I tell you, this trial was undertaken by our Martial Arts Alliance, so if you want to make trouble, it is because you can't get through with our Martial Arts Alliance. I will personally lead the team in this trial, and when the time comes, all of you will be honest with me..."

"sure..."

Cheng Kun nodded in fright.

Guo Wei looked at David and said, "You better be honest, don't think that Mr. Shi can cover you for the rest of your life..."

After Guo Wei finished speaking, he walked forward with his hands on his back, while Long Xiao greeted him: "Director Guo..."

“Master Long, your strength has increased a lot!”

Guo Wei looked at Long Xiao with a smile on his face.

“My ability is not worth mentioning in front of Director Guo...”

Long Xiao said humbly.

Chapter 968

“Hahaha, Young Master Long is humble!” Guo Wei laughed, then followed Long Xiao to the side, not knowing what he was talking about.

“David, just wait, after entering the ancient tomb, it is up to you whether you live or die...”

Cheng Kun glared at David fiercely, and then left with Xuanyuan Kai.

Two people who originally disliked each other have come together at this moment. After all, in the face of interests, they can give up any kind of grievance.

“Bah, what, I want them to look good sooner or later!”

Zhao Chuang spat fiercely.

“You have to practice hard in the future. You can’t be a playboy and run around everywhere. Only when you have the strength can you not be afraid of anyone!”

David said to Zhao Chuang.

Zhao Chuang got a big red face by David. He always thought that his family was very powerful. Even if he knew nothing, he could still live carefree.

But since the Shadowless Villa was attacked this time and suffered heavy losses, Zhao Chuang's heart has also changed.

"Dong Jiahao is here..."

At this moment, someone suddenly shouted, and then saw a young man, wearing an expensive Anima, with a pair of sunglasses coming.

Behind the young man, there were two seventh-rank Martial Sects, and they were full of momentum!

After seeing Dong Jiahao, Long Xiao, who had been chatting with Guo Wei, walked over and said with a faint smile, "Master Dong, I really haven't seen you for a while."

Dong Jiahao gently pulled down his sunglasses, raised his eyelids and looked at Long Xiao: "It turned out to be Young Master Long, long time no see, has your strength increased a lot recently?"

"How can I compare to Young Master Dong!" Long Xiao smiled slightly.

"Okay, I'm the most annoying of your false modesty, obviously my strength is not as good as yours, but you say this, are you humiliating me?"

Dong Jiahao suddenly turned cold.

The sudden change of Dong Jiahao directly made Long Xiao feel a little overwhelmed, and his brows furrowed slightly.

Seeing Long Xiao's expression, Dong Jiahao laughed and walked directly in front of Long Xiao.

"Master Dong..."

Seeing this Dong Jiahao, many people greeted him one after another, but this guy ignored him.

Cheng Kun and Xuanyuan Kai also hurried forward and greeted respectfully:
"Master Dong, I didn't expect you to come to participate in this trial..."

Dong Jiahao glanced at Cheng Kun and Xuanyuan Kai from the corner of his eye, and ignored them as well, but came straight towards David.

David was full of doubts when he saw Dong Jiahao coming towards him.

He didn't know this guy, and he didn't understand why Dong Jiahao came towards him.

"You are David?" Dong Jiahao looked at David and asked.

David glanced at Dong Jiahao, did not speak, but nodded.

Suddenly, Dong Jiahao stretched out his hand and patted David.

Zhao Chuang, who was on the side, was so frightened that he hurriedly wanted to reach out to stop him. Although he knew that he was not Dong Jiahao's opponent, Zhao Chuang would not be indifferent to watching someone attack David.

But just when Zhao Chuang wanted to shoot, David grabbed his arm, and no one let him move.

Dong Jiahao's hand clapped on David's shoulder with very light force, not to attack David.

"Hahaha, as expected of the person who killed Ichiro Watanabe, he really has the courage, unlike some people who brag all day, but are afraid of the family behind Ichiro Watanabe and dare not do it. Kill that grandson!"

Dong Jiahao said boldly, but when he said this, his eyes glanced at the people present.

Dong Jiahao's remarks can be said to have offended many people at once, but in so many sects and aristocratic families, no one dared to refute Dong Jiahao, which shows that the Dong family is very powerful.

Chapter 969

"Master Dong, I remember that there is no Dong family in the trial list?"

At this time, Guo Wei came over and asked Dong Jiahao.

Dong Jiahao took out the invitation directly from his arms and threw it to Guo Wei: "My dad has already told Alliance Leader Zhu, let me follow you, but if we find anything inside, our Dong family will not move, I am just curious to come and play. Play, no matter what treasures are in it, I don't like it at all..."

Guo Wei looked at the invitation card in his hand, and it was hard to say anything.

Dong Jiahao took people to the side, waiting for the trial to start.

"Who is this guy?"

David is very strange, this Dong Jiahao's strength is not much worse than that of Long Xiao, but David has never seen this person, nor at the celebration party, and he has not even heard of this Dong family.

"Mr. Chen, this guy is the son of the Dong family. He has already reached the realm of Wuzong when he was a teenager, but his cultivation speed seems to have slowed down a lot in recent years, and I don't know why!"

Zao Wou-Ki followed David's introduction.

"The Dong family? Why haven't we met at the celebration?" David was a little puzzled.

“Mr. Chen, there are many aristocratic families in the Daxia martial arts. Even the major families in the martial arts world in Kyoto do not all join the martial arts alliance. They are bound by the martial arts alliance. This Dong family is a family outside the martial arts alliance, so this trial did not have the name of the Dong family.”

Zao Wou-Ki explained.

As soon as David heard it, he immediately understood. It seems that this trial was not attended by the sect family of the entire Kyoto martial arts world, but the candidates selected from the martial arts alliance. The Zongmen family who did not join the martial arts alliance, it is also natural no longer eligible.

From this point of view, the water in the martial arts world is too deep. There are many giants in these sect families in the martial arts alliance alone. Outside the martial arts alliance, I don't know how many experts there are.

Now David suddenly feels that he is a lot smaller in an instant, and the road to cultivation is still very long...

“Ning Zhi of the Ning family is here!”

At this time, another handsome young man walked in.

There was only a hunchbacked old man behind the young man. The old man looked at his old age and coughed from time to time, as if a gust of wind could blow him down.

However, the aura on the old man's body was extremely tyrannical and had the strength of the peak of Wuzong.

Here, that Guo Wei is the same strength as the old man.

“Brother Ning, you actually came to join in the fun!”

Dong Jiahao, who had always had a cold face and ignored others, even took the initiative to greet Ning Zhi after seeing Ning Zhi.

Ning Zhi responded, "It's okay to be idle, just pass the time..."

Others followed Ning Zhi to say hello, this Ning Zhi was different from that Dong Jiahao, with a smile on his face, followed everyone back to salute, with an approachable appearance.

"Young Master Ning..." Long Xiao stepped forward and said hello.

"Young Master Long is here too!" Ning Zhi was stunned for a moment, then asked: "I heard that you are not participating in the trial this year, but I didn't expect you to come. It's good that the trial can be rewarded, but if there is no reward, isn't it delaying Young Master Long's cultivation, after the New Year, Young Master Long will break through the peak of Wu Zong and become the youngest Marquis!"

"No, no, it's all nonsense!" Long Xiao hurriedly waved his hand, but his face was very unnatural.

"Young Master Long is so humble, I still think of the time to ask Master Long for advice!"

Ning Zhi said with a smile.

Ning Zhi's words made Long Xiao a little embarrassed, but he couldn't say anything and walked away.

At this time, Long Xiao was extremely shocked in his heart. Not many people knew about the things he arranged in his cultivation process, but he didn't want to be directly pointed out by Ning Zhi, which shocked Long Xiao. After the trial, he had to check it carefully. This matter, let's see who leaked the wind.

Chapter 970

Ning Zhi glanced at David's side, but didn't speak, but it was this look that made David feel a strange feeling. Don't look at this Ning Zhi's smiling face and approachable, but David felt from this person. Dangerous atmosphere.

Laughing Tiger, maybe that's the kind of person you are talking about!

"Director Guo, this is my invitation..."

Without waiting for Guo Wei to speak, Ning Zhi handed the invitation directly to Guo Wei.

Guo Wei looked at the invitation and didn't say anything, but his face became ugly.

In this trial, the sudden increase of these people made Guo Wei feel the pressure, especially the old man behind Ning Zhi.

The strength of this old man is comparable to Guo Wei. If he really finds some unparalleled treasure in the ancient tomb, and the other party becomes greedy, he may not be able to stop it.

However, since there are invitations to deal with, Guo Wei can't stop the other party, and now he can only take a step by step.

"Patriarch Long, Patriarch Long, you can't go in without an invitation."

At this moment, the two guards at the door suddenly shouted, and then Long Jingguo hurried in.

"Long Patriarch..."

Seeing this, Guo Wei hurried up to meet him, waved his hand, and let the two guards retreat.

"Dad, why are you here?" Long Xiao also stepped forward and asked in confusion.

Long Jingguo ignored them, but looked at David with stubborn eyes.

When everyone saw Long Jingguo staring at David, they were all puzzled.

"Mr. Chen, why is Long Jingguo looking at you like this?"

Zao Wuji asked David in a low voice.

"How do I know, maybe it's because I'm handsome!" David smiled lightly.

Zao Wou-Ki didn't believe what David said, but David didn't want to say it, so he didn't ask.

After staring at David for a while, Long Jingguo looked away, and then said to Long Xiao, "Xiaoer, come here!"

Long Jingguo called Long Xiao aside, and then said with a gloomy expression: "In this trial, you will find a chance for me to abolish David."

Long Xiao was stunned: "Dad, what is David doing? Has this guy provoked our Long family?"

Long Xiao was puzzled, how could his father suddenly want to deal with this David, seeing that David is not very strong, and there is nothing special about it.

"Don't ask, you can do what I tell you to do, but don't kill him, do you understand?"

Long Jingguo asked.

"Well, I see!" Long Xiao nodded.

Feeling the anger and killing intent of his father, Long Xiao couldn't understand how this David provokes his father.

After following Long Xiao's instructions, Long Jingguo found Guo Wei and whispered, "Director Guo, what happened to David during the trial, I hope you don't care."

"Patriarch Long, what do you mean? You want to kill him?" Guo Wei frowned slightly: "Mr. Shi just explained it. If you kill him now, it will be very difficult for us to do it."

"Director Guo, don't worry, I won't kill him, I'm just abolishing his skills." Long Jingguo said, took out an emerald-encrusted ring, and quietly put it in Guo Wei's pocket.

Guo Wei had already seen it, so he nodded and said, "As long as I don't kill him, I will pretend that I haven't seen anything."

Long Jingguo glared at David again and then left.

No one knows why Long Jingguo is because, only David himself knows. It seems that Long Jingguo already knows about the killing of the five guardians of the Long family by himself.

Long Xiao's eyes looking at David at this moment are also full of hostility.

Guo Wei looked at the time, then adjusted his clothes and said, "Now that the trial time is up, after entering the trial area, everyone must be careful, it is full of dangers, I hope you don't run around, let alone go indiscriminately. If you touch anything, if you accidentally trigger the mechanism inside, no one will save you, life and death. ..."
