## Novel

### Chapter 971

Guo Wei warned about various precautions, but it was not the first time for everyone to try, so no one listened carefully, and everyone could not wait to enter the ancient tomb.

After the exhortation, Guo Wei looked in the direction of the Hu family and said to Hu Baqi, "Hu Baqi, the time has come, go and open the door of the tomb."

"As ordered!"

Hu Baqi took the children of the Hu family in a hurry and jumped directly to the front of the heavy tomb.

This tomb door was carved from white marble, more than 100 feet high and weighed 10,000 catties. If it were an ordinary person, even if they saw the entrance to this tomb, they would not even think about opening the stone door.

Hu Baqi took out a bowl of red beans, and then scattered them all in front of the tomb gate. Several children of the Hu family stood on both sides, each holding a white candle in his hand. The candle was lit and the flame was beating.

Hu Baqi said something in his mouth, and the red beans on the ground actually got into the soil one by one, and soon took root and sprouted.

Everyone stared at Hu Baqi closely, not wanting to let go of any detail.

Soon, a patch of red bean sprouts grew on the ground in front of the tomb gate. Hu Baqi waved his hand, grabbed all the red bean sprouts in his hand, and shoved them into his mouth abruptly and began to chew.

At the same time, Hu Baqi's hands began to glow, and then the light became more and more bright, and finally it became like two car headlights.

"open..."

Hu Baqi doubled his fists for a while, and a huge force hit the tomb gate.

The heavy tomb door began to move slowly, opening a gap, and the gap was getting bigger and bigger.

A stream of yin qi came out from the gap at the tomb door, causing the temperature at the scene to drop suddenly.

The candles in the hands of several Hu family disciples began to beat violently, and as the tomb door opened wider and wider, a cloud of black mist poured out directly.

The light on the candle went out instantly, and everyone felt a biting cold.

Hu Baqi frowned, and suddenly spewed out the red bean sprouts chewing in his mouth.

At this time, the entire tomb door has been opened, looking into the ancient tomb, nothing can be seen clearly in the black hole.

"Director Guo, the tomb door has been opened."

Hu Baqi reported to Guo Wei.

Guo Wei stepped forward to take a look and nodded with satisfaction: "Hu Baqi, this time your Hu family has contributed, and the Martial Arts Alliance will not forget your Hu family."

"It is our Hu family's honor to be able to do things for the Martial Arts Alliance."

Hu Baqi hurriedly bent over and said humbly.

"Everyone, follow me carefully!" Guo Wei said, and then said to Hu Baqi: "Hu Baqi, you are with me, if you have anything, let me know in advance."

Although Guo Wei was at the peak of Wuzong's strength, he didn't know anything about the hidden weapons in this ancient tomb, and Hu Baqi was proficient in this aspect, so he let Hu Baqi be by his side.

"Don't worry, Director Guo, there are dozens or hundreds of ancient tombs that have passed through my hands, and nothing will happen!"

Hu Baqi's face was full of self-confidence, and this time was the opportunity for his Hu family to show.

According to the strength, his Hu family can only be regarded as a third-rate family in the martial arts world, but with this ability to find caves and tombs, the Hu family is also very famous in the martial arts world of Kyoto.

The crowd rushed in in an instant. Zao Wou-Ki looked at David and said, "Mr. Chen, I can only send you here. After entering the ancient tomb, be careful yourself."

Zao Wou-Ki was not on the trial list, so he could not enter the ancient tomb.

"Don't worry, Pavilion Master Zhao, I will pay attention myself!"

David nodded, and then took Zhao Chuang into the ancient tomb.

As soon as I walked into the ancient tomb, I felt a sense of suffocation around me, very depressed, and the long tomb passage was bottomless.

## Chapter 972

Hu Baqi was in front and ordered the children of the Hu family to take out the prepared torches, take out a lighter and prepare to light the torches.

But just as Hu Baqi was about to light the torch, suddenly many candles were burning on both sides of the tomb.

The entire tomb passage was illuminated. The candles were as thick as water cups, and two rows of red candles suddenly appeared in this tomb passage, which was extraordinarily strange.

The suddenly lit candle shocked many people, and Hu Baqi followed Guo Wei and said, "Director Guo, don't panic, this is because oxygen enters the tomb, and the oxygen encounters phosphorus, which is lit and placed in advance. Just candles in the tomb.

Guo Wei nodded, then shouted loudly to the back: "Everyone don't need to panic, they all follow closely, there are murderous intentions everywhere, be careful of your own life!"

After Guo Wei finished speaking, he continued to walk towards the depths of the ancient tomb with Hu Baqi. There was light in the tomb passage, and the speed of walking was obviously much faster.

After walking for more than ten minutes, the entire tomb path seemed to have no end. Everyone was relaxed from the nervousness when they entered the ancient tomb. After all, they had not encountered any danger for such a long time. Many people began to chat while walking. up.

David took Zhao Chuang to the back of the team, but at this time David's face was very solemn, not as relaxed as others.

"Brother Chen, this ancient tomb is really big, how far has it come, and the tomb hasn't arrived yet!"

Zhao Chuang said with some sigh.

David frowned slightly, pondered for a moment and said, "This may not be an ancient tomb..."

"Isn't it an ancient tomb?" Zhao Chuang was stunned when he heard David's words: "Brother Chen, didn't you say this is the emperor's tomb? If it wasn't an ancient tomb, what would it be?"

"I don't know right now, but it gives me a very dangerous feeling here, be careful yourself!"

David didn't know what was wrong, but there was always a sense of crisis in his heart.

The Heart Condensation Art in the body started to operate unconsciously, and a large amount of spiritual power flooded David's body.

David's body seemed to be in a state of war, which surprised David.

No matter how big the danger is, David's body has never been in such a situation, but I don't know why, this time it is like this.

David became very cautious.

After walking for a few more minutes, the passage of the tomb suddenly became clear, and a hall with a size of hundreds of square meters appeared.

The people behind started rushing towards the tomb, but the tomb was empty, with nothing but stone benches, not even coffins.

This time everyone was dumbfounded, don't get to the end, it's an empty tomb, then this trial is going to be laughed at.

“Hu Baqi, take a look at what’s going on!”

Hu Baqi nodded, and immediately took the children of the Hu family to inspect the tomb, while the others sat on the stone bench and began to rest.

Many aristocratic sect families surrounded Long Xiao, and these people hugged together, while David sat on the other side with Zhao Chuang and two people from Shadowless Villa.

Ning Zhi and Dong Jiahao took their own people and sat elsewhere, and did not mix with these sect families in the martial arts alliance at all.

“Xingxu, you taught that David a lesson in the past, and lost his legs...”

Long Xiao remembered Long Jingguo’s explanation, so he said to Long Xingxu.

When Long Xingxu heard it, he hurriedly whispered: “Eldest young master, I... I’m afraid that David’s opponent is not!”

Long Xingxu had already guessed in his heart when he saw David’s appearance before the trial began, that the five guardians sent by Long Jingguo were probably more fortunate than fortunate.

## Chapter 973

Although he didn’t know who was helping David behind his back, he was by no means an ordinary person who could destroy the five guardians of the Long family at once.

“You can’t beat that David with your current third-rank Martial Sect’s strength?” Long Xiao looked at Long Xingxu in surprise.

“Eldest young master, you don’t know, this David has hidden strength, and his current strength is afraid that he will reach the realm of fifth-rank martial arts.”

Long Xingxu guessed.

"You're such a piece of sh!t, and you're called the most talented in the Long family all day long!" Long Xiao glanced at Long Xingxu: "It seems that I'm the only one who came out on my own."

Long Xingxu was humiliated by Long Xiao, but he didn't dare to say anything, he could only endure it, and suggested in Long Xiao's ear: "Eldest young master, Xuanyuankai and Cheng Kun are both at odds with David, why don't we use this The hands of the two guys will save us from dealing with David."

Long Xiao listened to the reason, so he waved to Xuanyuan Kai and Cheng Kun.

"Master Long..."

Seeing Long Xiao beckoning, Xuanyuankai and Cheng Kun hurried over.

Both of them bowed their heads when they saw Long Xingxu, let alone in front of Long Xiao.

"You two have a grudge against David?" Long Xiao asked.

Xuanyuan Kai nodded: "Master Long, this arm of mine was cut off by David."

When Long Xiao heard it, he immediately smiled and said, "Now is a good opportunity. You two go to dethrone David, but you can't kill him. After this trial, I can give you two some resources."

Xuanyuankai and Cheng Kun hurriedly nodded in agreement when they heard it.

At this moment, David was frowning slightly, feeling the breath in this ancient tomb. He couldn't figure out what it was that could make his Concentration Technique work by himself.

At this time, Xuanyuankai and Cheng Kun led people to David.

Guo Wei wanted to speak out, but was stopped by Long Xiao. Seeing that it was Long Xiao's idea, Guo Wei didn't say anything anymore.

"David, you cut off my arm. I must avenge this revenge today. Although Mr. Shi is covering you, he only said that he can't kill you, but he didn't say that he can't abolish you. I'm going to cut off your hands and feet and let you become a jerk..."

Xuanyuan Kai's murderous aura was rising, and Wu Zong's cultivation was among the best among the younger generation.

"David, if you spit out Long Jing now, I won't embarrass you, otherwise, I can only tear you apart..."

Cheng Kun said with a sneer.

"Xuanyuankai, Cheng Kun, you dare to touch Brother Chen, I will kill you..."

Zhao Chuang stood in front of David, and the two Wuzong masters from Shadowless Villa also showed their weapons.

"Zhao Chuang, you fcuking piss and take care of yourself, you want our lives, and I want yours now..."

Cheng Kun looked disdainful, and suddenly punched Zhao Chuang with a punch.

Cheng Kun's body burst out with the breath of the great master of the eight realms. With this punch, Zhao Chuang was afraid that he was going to become a muddy flesh.

Zhao Chuang was startled, but he did not dodge and still blocked David, and the two Wuzongs from Shadowless Villa saw that Zhao Chuang was in danger, and immediately shot at Cheng Kun together!

Cheng Kun didn't care at all. At the same time that the two Wuzongs of Wuying Villa started to do it, the two Wuzongs of Thunder Gate behind Cheng Kun also started to do it.

Soon Shadowless Mountain Villa and the people from Perak Gate fought together.

Seeing that Cheng Kun's punch was about to hit Zhao Chuang, he found that a violent force came from behind Zhao Chuang, and then David's figure appeared in front of Cheng Kun.

Cheng Kun was startled, but before he had any reaction, he saw David slapped Cheng Kun's face!

Cheng Kun's body quickly rotated a few times in mid-air, and then fell heavily to the ground, blood gushing from his mouth.

## Chapter 974

"I wanted you to live a little longer, but you are courting death yourself..."

After David finished speaking, he raised his foot and stepped on Cheng Kun's head.

puff...

Before Cheng Kun could scream, his head was stomped on by David, his brain spattered, and the bloody aura instantly filled the entire tomb.

"Master..."

Seeing this, the two Pilimen Wuzong flew towards David and attacked.

Two violent breaths directly locked David.

David just glanced sideways at the two Pili Gate Wu Zongs, his eyes were full of disdain, and then he clenched his fists, and golden light began to appear faintly above them!

"Go to h3ll..."

David's feet froze, the hard bluestone ground cracked instantly, and David's body jumped up, fists out, towards the two Perak Gate Wuzong.

boom!

Two golden lights flashed, and David's fists collided with the two Pili Gate Wuzongs.

Immediately afterwards, the bodies of the two Pili Gate Wuzongs burst instantly, and the blood spilled, making the entire tomb terrifying and bloody.

This time, everyone looked at David in shock. No one thought that David would be able to blow up two Wuzong masters at the same time.

"You want revenge on me?"

David was covered in blood and stared at Xuanyuan Kai.

Xuanyuan Kai looked at David, who was like a god of death, and his body trembled slightly. Even though there were two Wu Zong guards behind him, Xuanyuan Kai was already frightened at this moment.

He really did not expect that David's strength had reached such a terrifying level.

"me..."

Xuanyuan Kai stepped back again and again, but did not know how to answer David.

"David, you are so courageous that you dare to kill people during the trial, do you think I don't exist?"

A huge and terrifying aura caused David's body to shake, and he took a few steps back, and then Guo Wei walked over slowly, with anger on his face.

Seeing Guo Wei's appearance, Xuanyuankai's mood became much calmer, at least his life was no longer in danger.

"As the leader of the trial team, but you can't be fair and impartial, what can you do if you don't listen to you? They come to trouble me first. Are you blind, can't you see?"

David was not afraid of Guo Wei at all, his eyes narrowed.

David dared to scold Guo Wei, which shocked everyone present, and even that Long Xiao looked at David with admiration.

"court death..."

Guo Wei's majesty was provoked, and he was suddenly furious, and a dazzling breath of gas began to flow from his body.

Then the dazzling aura pressed towards David fiercely.

Seeing this, David raised his fist to meet him!

Since he broke through, he has not fought against the realm of the peak of Wuzong, so David wants to see what his strength is after breaking through Wuzong!

Guo Wei's fist was wrapped in energy, and the breath of Wu Zong's peak made the entire tomb become extremely depressed, and many people felt that it was difficult to breathe.

The dantian in David's body is madly conveying spiritual power, and the inner alchemy that has not been condensed in David's body emits a colorful light. The light shines on the dragon crystal, and the dragon crystal begins to emit aura into the dantian.

In David's body, it seems that a small formation is formed, making David's aura constantly rising.

Soon, the two breaths collided, David's body froze, and then he took a few steps back.

Guo Wei frowned, and kicked David's shoulder fiercely from mid-air!

Although Guo Wei was angry, he did not dare to take David's life easily, otherwise it would be difficult to explain to Mr. Shi.

David shouted, his body exuded a bright golden light, and David's golden body was brought to the extreme.

boom!

Guo Wei's kick slammed into David's shoulder. David only felt like a mountain was hitting him. Then he bent his leg and knelt on one knee on the ground. The ground was dented for several points by this blow. .

## Chapter 975

The blue veins on David's forehead burst out, and all the spiritual power was exerted on his feet. He wanted to stand up and looked at Guo Wei desperately.

"Hmph, I'm not self-sufficient..."

Guo Wei snorted coldly, and then suddenly exerted force on his feet, he pushed David's body down, and David's face became pale.

David, who has just broken through Wuzong, is still a little difficult to fight against Wuzong Peak, but David believes that it is no longer a problem to kill Wuzong Peak if he gives him some time.

"The director of the dignified martial arts alliance, the martial artist of the peak of the martial arts, is not afraid of being laughed at when dealing with a young man?"

With a resentful cry, Dong Jiahao jumped up and kicked Guo Wei directly.

Dong Jiahao is only a sixth-rank Wuzong, but he dares to attack Guo Wei, the peak of Wuzong. I have to say that he is not small.

Seeing this, Guo Wei dodged Dong Jiahao's attack.

"Young Master Dong, you are just a spectator. Do you want to intervene in the affairs of our Martial Arts Alliance?"

Guo Wei said with a gloomy expression.

"I can't fucking watch it, you don't bully people like you, what kind of reputation is upright, what kind of righteousness, your Kyoto Martial Arts Alliance are all robbers, so many years, how many evil cultivators have you killed by your Kyoto Martial Arts Alliance? Not yet? All day long with chicken feathers as arrows, bullying the major sects and families!"

Dong Jiahao scolded Guo Wei, then stretched out his hand and pulled David up.

"Brother Chen, are you okay?" Zhao Chuang ran over and asked with concern.

David shook his head, then looked at Dong Jiahao and said, "Brother, thank you!"

"Small meaning, I advise you to keep your eyes open, but don't join the Kyoto Martial Arts Alliance, there are no good things at all!"

Dong Jiahao's words can be regarded as offending many people from the sect family here.

"Dong Jiahao, what do you mean?" Long Xiao, as the most powerful person in the younger generation of these sect families, stood up and said, "Don't think that everyone is afraid of you, let's make a game if we have the ability..."

"Just make a gesture, I'm fcuking afraid of you!" Dong Jiahao's breath shook.

"Dong Jiahao, I'm inviting you out now, we don't welcome you in this trial!"

Guo Wei frowned, his body burst out with breath, directly suppressing Dong Jiahao's breath.

Although Dong Jiahao's breath was suppressed, he did not lose his momentum. He straightened his body and said, "I won't go out, what can you do to me? Kill me if you have the ability, and let me see who of you dares!"

"you..."

Guo Wei's terrifying aura pressed towards Dong Jiahao.

But just as Guo Wei's breath was heading towards Dong Jiahao, the same powerful breath struck, directly suppressing the breath on Guo Wei's body.

Guo Wei was stunned, and looked directly at the hunchbacked old man behind Ning Zhi, because here, only this old man can have such a strong aura.

"Director Guo, they are all young people, young and energetic, why do you need to be so angry, the director of the dignified Kyoto Martial Arts Alliance, when dealing with a young man in his early twenties, you won't have any light on your face, and if it spreads out, I will be ridiculed, let me see it!"

Ning Zhi walked up to Guo Wei with a smile on his face and persuaded him.

Guo Wei is also riding a tiger now. So many sects and aristocratic families look at him. If he is insulted by Dong Jiahao and indifferent, what is his majesty? Now that Ning Zhi has come forward, it can be regarded as a step for Guo Wei.

"Since Young Master Ning said so, then I won't care about their children!"

Guo Wei put away his breath and said.

Dong Jiahao wanted to say something, but Ning Zhi came over and interrupted directly: "Brother Dong, just accept it when you see it!"

Dong Jiahao thought for a while, and then he didn't speak.

## Chapter 976

For a while, no one spoke, and the tomb became depressed, mixed with blood, which made people go crazy.

crunch...

Suddenly, a sound of metal friction came, which shocked everyone, and hurriedly turned their heads to look.

I saw Hu Baqi's palm slapped on a stone wall, the stone wall was sunken, and then two animal heads that looked like tigers but not tigers appeared on the stone wall. The two eyes above the heads were all open, and inside were two beads poking faintly. The green light looks very scary.

"I found it!" Hu Baqi said proudly.

"Is there a night pearl in this eye?"

Zhao Chuang looked at the eyes above the two carved heads with green light, thinking it was some kind of orb, so he reached out and wanted to get it.

“Do not move!”

David grabbed Zhao Chuang and didn't let him move.

But when others saw this scene, they all acted.

You must know that in the trial here, whoever gets the treasure first will be the one who gets the treasure first, and the first one will be stronger, and then the one who will suffer. This is why David is arranged at the end.

“Don't move anyone...”

Hu Baqi shouted loudly. No one knew if there were any organs in it. If anyone moved casually, if the organs were triggered, these people would be in trouble.

But no one would listen to Hu Baqi's words, these people only see treasures.

“Director Guo, you can't let them move casually to prevent any organs.”

Seeing this, Hu Baqi could only shout at Guo Wei.

“Enough to stop me!”

When Guo Wei heard this, his face instantly became angry, and the breath on his body broke out by the way. Several guys who wanted to get the gift first were all blown away by Guo Wei's breath.

This time, no one dared to move. After all, the most powerful person here is Guo Wei.

“This trial, even if you encounter some rare treasures, before I say anything, if anyone dares to do it without permission, don't blame me for being rude to him, you want to die, don't let your mother kill others. ”

Guo Wei swept over the crowd with a gloomy expression, but no one dared to refute.

Only Dong Jiahao sneered, but Guo Wei ignored him. He didn't want to provoke this mad dog at this time.

"Hu Baqi, send someone to take a look..."

Guo Wei asked Hu Baqi to send someone over to see what was going on.

Hu Baqi nodded, and with a wave of his hand, a disciple of the Hu family walked over cautiously.

Everyone was on guard, and the Hu family disciple stretched out his hand from the head and buckled the green bead.

"Patriarch, this thing is not a gem, it's soft!"

The Hu family disciple walked towards Hu Baqi with the beads.

When Hu Baqi heard this, his brows furrowed: "Hurry up and throw it away..."

But just after Hu Baqi finished speaking, the beads in the hands of the Hu family disciples melted directly, like a puddle of water flowed directly from the hands of the Hu family children to the ground, and then dripped onto the bluestone on the ground. Makes a rattling sound.

"what....."

The disciple of the Hu family suddenly screamed and looked at his hand again. At this moment, there was a burst of green smoke, and the skin on his hand was rapidly dissolving at a speed visible to the naked eye, leaving only Bai Sensen. bones.

The other hand of the Hu family disciple hurriedly grabbed his wrist, and the energy in his body instantly converged towards his palm. It came out of it, but it still couldn't stop the speed of the green smoke corroding.

brush.....

The Hu family disciple only felt a light flash in front of his eyes.

Immediately after, the palm was cut off and fell to the ground.

There was not a trace of blood dripping from the severed palm, only the thick black gas surrounding the wound.

## **Chapter 977**

"This is rotten frog liquid. If you don't cut off your palm, you will soon be left with a pile of bones."

Hu Baqi said solemnly.

Although the Hu family disciple lost a palm, he also knew in his heart that if he didn't cut off his palm, his life would be lost.

"Thank you, Patriarch!" The Hu family boy gritted his teeth and endured the pain.

"Don't touch the things here easily, including the stone wall. I don't know what other mechanisms will be involved, so be careful!"

Hu Baqi frowned and reminded carefully.

"Have you heard the words of the Hu family master?"

Guo Wei asked the crowd loudly.

"heard it!"

Everyone nodded.

Through this time, whether in Guo Wei or in the crowd, the views of Hu Baqi have changed a lot.

After all, they have seen how powerful this ancient tomb is.

Although they didn't know what the rotten frog liquid that Hu Baqi just said was, it looked terrifying.

"You all stand back, there should be a stone gate here, not the end."

Hearing what Hu Baqi said, everyone hurriedly stepped back, even Guo Wei took a few steps back.

Hu Baqi looked at the three remaining green beads in the eyes of the two sculptures, took a breath, and then slowly stretched out his palms, and a burst of energy came from the palms. issued, and then slowly absorbed the three beads from the sculpture.

After the three beads were separated from the head, they slowly turned into liquid, and then dripped to the ground. The bluestone on the ground was quickly corroded beyond recognition.

Looking at the eyes of the four hollow sculptures, Hu Baqi stretched out his hand, grabbed the four holes directly, and then twisted it abruptly, the two sculptures were twisted unexpectedly.

creak creak...

There was a sound of the stone wall rubbing, and the stone wall in front of him slowly opened, and soon, two corridors appeared in front of everyone.

"Sure enough, there is a mechanism. The Hu family owner is really good enough. He is indeed a family that hunts for caves and tombs."

"This time, with the Hu family head following, we will be much more relaxed."

"It seems that even if there are treasures here, they can't be easily touched. There are organs everywhere."

Everyone touted Hu Baqi one after another. After all, in this ancient tomb, they still have to count on Hu Baqi.

"Patriarch Hu, I will give you a credit for this trial!"

Guo Wei looked at Hu Baqi and even changed his name.

Not to mention how happy Hu Baqi was at this time, after this trial, their Hu family's status in the martial arts world of Kyoto will rise a lot.

"Patriarch Hu, there are two tomb passages this time, which one are we going to take?"

Long Xiao stepped forward and asked Hu Baqi.

"Young Master Long, wait a moment, let me see..."

After Hu Baqi finished speaking, he carefully looked at the two tomb passages that appeared.

And David looked at the two tomb passages, and suddenly, aura continued to pour out from the tomb passage on the left.

"How can there be aura in the ancient tomb?" David was very surprised. It's normal to have yin in it. How could there be aura?

"Brother Chen, what did you say?"

Zhao Chuang asked.

"Oh, nothing!" David shook his head.

But the whole person involuntarily walked towards the tomb passage on the left, as if something was attracting him.

"what are you doing?"

Seeing that David was actually walking towards the tomb passage, Hu Baqi suddenly shouted.

He has long disliked David. If it weren't for David, this ancient tomb would have long been the private property of his Hu family. Because of David's reasons, the ancient tomb was directly confiscated.

"David, what do you want to do? Didn't you hear what I said?"

Seeing David walking towards the tomb path alone, Guo Wei's face turned cold.

"I think there seems to be something in this tomb..."

David said.

## **Chapter 978**

"It's not up to you to judge if there is anything, return it to me..."

Guo Wei reprimanded loudly.

Seeing this, David didn't say anything, but retreated. Now that he is not Guo Wei's opponent, he still has to endure it first.

Hu Baqi gave David a disdainful look, and then said, "Director Guo, the tomb path is exactly the same these two days, but based on my years of experience, I think we should take the tomb path on the right."

"Okay, listen to you, go to the right..."

Guo Wei nodded.

Here, only Hu Baqi knows more about ancient tombs, and can only listen to Hu Baqi.

Seeing that Guo Wei was leading the crowd to the right, David walked straight to the tomb on the left: "I will go to the left by myself, you should go to the right!"

Guo Wei saw that David was disobedient, and was about to reprimand, but was stopped by Hu Baqi: "Director Guo, I am not sure which of the two tomb passages can lead to the tomb, since David wants to go to the left, Then let him go, there will always be someone to explore the two tomb passages."

"Director Guo, I'll go with that David..."

At this time, Long Xiao opened his mouth.

Long Xiao wanted to follow David, in order to find an opportunity to abolish David, and if the left tomb road led directly to the tomb, Long Xiao could get the treasure as soon as possible.

As for the tomb passage on the right, with Guo Wei present, Long Xiao was not afraid that the treasures in the ancient tomb would be taken away by other sect families.

"Alright, but you have to be careful, this David's strength is not much worse than yours!"

Guo Wei followed Long Xiao and warned carefully.

“Don’t worry, in addition to Long Xingxu, I have two Long family’s subordinates to protect me, so David is not an opponent!”

Although David had just killed the two martial masters of the Thunder Gate, Long Xiao was not worried. After all, the strength of his seventh-rank martial arts master could also kill the two martial masters of the Thunder Gate.

What’s more, he still has Long Xingxu and two Dragon Clan masters of the fifth rank Wuzong to protect him. Four-on-one, David is not an opponent at all.

“Master Long, can I come with you?”

Xuanyuan Kai hurriedly said.

He knew what Long Xiao was doing with David, so he wanted to follow Long Xiao, so that he could get revenge on David. If he just let him do it himself, Xuanyuan Kai and the two masters of the Xuanyuan family might not be the same. David’s opponent.

The bloody scene of David beheading Cheng Kun just now is still imprinted in Xuanyuankai’s mind.

Long Xiao glanced at Xuanyuan Kai and nodded slightly. One more person means one more helper. Of course Long Xiao would not refuse.

As for the treasure, he believed that Xuanyuan Kai would not dare to compete with his Long family.

At this time, David had already brought Zhao Chuang and two masters from Shadowless Villa into the left tomb passage. Once he entered the tomb passage, the feeling made David even stronger, as if there was something in the dark. Desperately pulling David forward.

“David, wait for me...”

When Dong Jiahao saw that Long Xiao was going to enter the tomb with David, he immediately shouted and caught up with David.

“Brother Dong, do you want to come with me? I can agree in advance. I don’t know where this tomb path will lead to, and whether I can find treasures...”

David came here purely by feeling, and he is not good at robbing tombs!

“I see that Long Xiao has come in with you. I guess that kid is going to be bad for you. If I go with you, he won’t dare to do anything to you easily.”

Dong Jiahao said.

When David heard this, he turned his head to take a look, and found that Long Xiao had indeed come in, then smiled at Dong Jiahao and said, “Brother Dong, thank you.”

“Thank you, I, Dong Jiahao, don’t like these guys from the Kyoto Martial Arts Alliance the most. They are sane and decent, but they are actually not as good as those evil cultivators!”

Dong Jiahao said angrily.

## **Chapter 979**

David didn’t say anything, but continued to grope forward. Everyone was very careful along the way. After all, something might be triggered.

Long Xiao, who followed behind, saw Dong Jiahao and David together, and his face became very gloomy. They were more than enough to deal with David, but if Dong Jiahao and the Dong family’s two seventh-rank martial arts were added, they would not have any. What a win.

“Damn, this grandson Dong Jiahao, when the trial is over, I will definitely find a chance to teach him a lesson!”

Long Xiao gritted his teeth.

"Eldest young master, now we can't easily deal with David. There are no other people here. If these guys have murderous intentions, I'm afraid we people will not be able to deal with it..."

Long Xingxu reminded Long Xiao.

If Long Xiao insists on dealing with David, David is really tempted to kill. If Dong Jiahao is added, they will probably all die here, and there are no people from their sect family around. After the trial goes out, they will die. It is said that the death of the organ was triggered, who can say for sure.

"Bullshit, use you to remind me!"

Long Xiao glanced at Long Xingxu.

Long Xingxu lowered his head and stopped talking, but a cold light flashed in his eyes.

...

On the other side, Hu Baqi took Guo Wei and other members of the sect family and kept walking forward from the tomb on the right. Because Hu Baqi was in front, everyone felt relieved.

Hu Baqi, who was suddenly walking in front, stopped because he felt that there was a very evil atmosphere in the tomb passage, and there was a buzzing sound.

"Did you hear anything?"

Hu Baqi turned back and asked several Hu family disciples.

"It seems to be buzzing, the sound of bees flying around, right?"

Several Hu family children said.

"No, go back, quit!"

Hu Baqi's expression changed, he hurriedly roared, and the whole person quickly stepped back.

Although Guo Wei and the others were very strange, they all quickly stepped back.

After all, no one knew what happened. Hu Baqi's anxious shouting must have found something dangerous.

Everyone quickly retreated, and Hu Baqi finally withdrew, wanting to seal the tomb passage, but it was too late. Soon, a lot of bees flew out of the tomb passage, and the entire tomb passage was full of them.

"Poison bees, everyone be careful!"

Hu Baqi reminded the crowd loudly.

When they heard that it was a poisonous bee, everyone was full of tension, and they were all stunned when they saw the blackness of the poisonous bee in front of them.

Now they have retreated to this tomb, and if they retreat again, they will exit the ancient tomb.

"Damn, there are so many organs in an ancient tomb!"

Someone yelled angrily.

Immediately after that, someone shot a streak of energy towards the bee colony, blocking the tomb passage and preventing the bee colony from flying out.

The huge energy continued to sweep, and many poisonous bees were killed by the energy, but more bees were flying out from behind.

Looking at this situation, I am afraid that before all the bees are wiped out, they will all be exhausted from exhaustion.

“Patriarch Hu, what should we do?”

Guo Wei let out a breath, wrapped himself up, and then asked Hu Baqi.

“Use fire, these poisonous bees are afraid of fire, other methods are useless at all!”

Hu Baqi said to Guo Wei.

“Then use fire attack, hurry up and set fire to it...”

Guo Wei urged Hu Baqi.

Hu Baqi suddenly looked embarrassed: “Director Guo, although I have fire powder, but there is nothing to burn, except for stones in this tomb, there is no way to burn!”

When Guo Wei heard this, he looked around, and there was really nothing to burn. Except for the two small torches in the hands of the Hu family’s children, he really didn’t know what to burn.

## **Chapter 980**

“Patriarch, we can take off our shirts and burn them directly...”

A Hu family disciple said to Hu Baqi.

“This is feasible, but the clothes for the few of us are not enough!”

After Hu Baqi finished speaking, he looked at Guo Wei.

Hu Baqi and the others definitely don't have enough clothes. If everyone else takes off their shirts, there will be no problem.

But these people are some of the leaders of the major sects and families. Let them take off their clothes. Hu Baqi doesn't have that ability, so he turned to Guo Wei.

Guo Wei looked at the endless poisonous bees in the tomb passage, and there was nothing he could do, so he shouted at everyone: "Take off your shirts, hurry up..."

Guo Wei's words made everyone stunned. They didn't understand, why should they take off their clothes when they encountered a poisonous bee? Isn't this to make the venomous bee sting itself better?

"Everyone, we are going to use fire to destroy these poisonous bees now, because there is no combustible here, so we can only burn the clothes..."

Hu Baqi hurriedly explained.

When everyone heard the reason, they all took off their shirts in the end.

Soon, a pile of clothes was piled up at the entrance of the tomb, Hu Baqi sprinkled fire powder, and the clothes burst into flames with a bang.

This time, the poisonous bees couldn't fly out, and the poisonous bees kept trying to pass through the flames, but they were all burned to death by themselves.

Hu Baqi picked up a few more pieces of clothes, lit them and threw them into the tomb passage, and the powder in his hand was also thrown out.

Immediately after that, he pushed forward suddenly with one hand, and a majestic energy emanated from the palm of the hand, and a gust of wind

swept through, and the detonating clothes instantly burned even more violently with this energy.

The poisonous bees fell one after another and began to fly backwards, trying to avoid the burning of the flame.

“go!”

Hu Baqi shouted, and then rushed up abruptly.

Every time you run a section of the road, a few clothes will be ignited and thrown out, using the flames to kill the poisonous bees in the tomb passage.

Soon, the tomb passage was filled with the corpses of poisonous bees, which were soft when stepped on, as if a thick layer of snow had fallen.

By the time the clothes were burned, all the poisonous wasps had been wiped out.

The people of the major sects and aristocratic families looked at each other in embarrassment and felt a little helpless.

In this ancient tomb, no matter how strong they are, they are often unable to fully exert their strength. So many martial sects have been so embarrassed by a group of poisonous bees.

.....

David and the others on the other side didn't know how far they had gone, but David felt that the breath was getting closer.

But just as David continued to move forward, a huge killing aura suddenly hit.

David didn't have time to react, and the whole person was knocked out by himself.

Bang!

David's body slammed heavily on the wall of the tomb, and all the bones in his body seemed to fall apart.

"What a strong killing aura!"

David's face was full of shock. He didn't understand how such a strong killing aura suddenly appeared here.

"Brother Chen, what's wrong with you?"

Zhao Chuang hurriedly supported David and asked.

"David, what's going on?"

Dong Jiahao also asked David.

When Long Xiao, who was following David and the others, saw this, they hurriedly stopped.

"There should be a magic circle cast in front of you, you can't get through it!"

David said solemnly.

Dong Jiahao looked towards the tomb, but found nothing, it was empty...

"There is nothing!"

Dong Jiahao walked forward.

"Brother Dong, be careful..."

As soon as David's voice fell, Dong Jiahao's body was also knocked flying by a huge force.

David grabbed Dong Jiahao's arm, which allowed Dong Jiahao to stabilize his body.

Looking at Dong Jiahao's mouth, blood was already flowing.
