

A Man Like None Other Novel

Chapter 1301

"It's no wonder that you dare to enter the Martial Arts Alliance by yourself. It turns out that you have some skills."

The boss looked at David and said gloomily.

"Stop talking nonsense, today I will eliminate harm for the people and abolish your four evil cultivators..."

David shouted angrily.

"Hmph, you look too high on yourself!"

The boss snorted coldly.

"Paralyzed, this kid is so powerful that he almost killed me..."

The fourth child moved his lower arm and recovered as before.

"Looking at the guy, he has just been promoted to Marquis, how is his strength so high?"

The third child is also puzzled.

"Nonsense, if this kid is not strong, I wish the leader would let the four of us take action. Now we will kill this guy together as a stepping stone."

"It won't take long, the entire Kyoto martial arts world will be ours..."

After the boss finished speaking, take a step forward!

Several other people also took a step forward, and the breath on their bodies continued to explode.

Facing the four evil cultivators, David did not have the slightest panic or retreat, but a raging flame burned in his eyes, and his body was full of fighting intent.

"Damn it for evil repair..."

After David said, the whole person was like a cannonball, and he was bombarded with one punch.

He wants to strike first. Although these four guys can repair the injury, David also discovered that these four guys need cooperation to repair the injury, and the speed is not particularly fast!

As long as you shoot fast enough to defeat these four people quickly, they will not be able to cooperate with each other to repair.

David wielded the power of a divine dragon with this punch, and immediately transformed into a golden dragon, let out a dragon roar, and rushed towards the four of them.

The terrifying spiritual power made the expressions of the four guys suddenly change.

Seeing the roaring golden dragon, the four guys didn't dare to neglect, they threw a punch one after another, and then these punches combined together and turned into a transparent shield, blocking the four of them.

They want to block David's attack, not to mention that this is a shield formed by four people, they don't believe that David can break it with one punch!

But in fact they overestimated themselves. At this time, David was full of fighting spirit, and he was determined to die, so the power of the dragon contained in this punch could shake the stars and shake the galaxy...

boom...

The shield formed by the four guys joined forces, and it shattered in an instant under David's punch, and it was able to hold on for even a second.

Immediately afterward, a terrifying force rushed towards the face, directly sending the four guys flying out.

"This... this punch is too terrifying..."

The second child looked panicked.

"Damn, this kid is too perverted. When he reaches the realm of Marquis, he can even leapfrog battle..."

The boss's face also became extremely ugly.

In the martial arts world, many talented people can leapfrog battles. The lower the level, the more obvious this kind of talent leapfrogged.

But as the strength increases, this kind of leapfrog battle will become less and less.

Because with the improvement of strength, the realm is getting higher and higher, and each realm is improved, it is a qualitative change, it will become very difficult to fight at many levels!

But now, they are both Marquis, and it is not bad for a martial artist of this level to be able to win at the same level.

David is just a newly promoted Marquis, but he can easily smash the shields of the four Marquis!

This kind of mismatch and disparity in level and strength makes the boss feel incredible.

"Big brother, this kid's strength is too weird, we must join forces to kill him as soon as possible..."

The old man said with a solemn expression.

At this time, he no longer dared to despise David, let alone let David play with him...

"Do it..."

The boss shouted loudly, followed by a terrifying inner strength that condensed from his fist.

Chapter 1302

When the others saw this, they clenched their fists at the same time, and their terrifying strength made their fists glow.

"kill..."

The boss shouted, his body suddenly disappeared, and then he came to the top of David's head.

Immediately afterwards, a punch shrouded David from top to bottom.

When the other three guys saw this, they all shot, and everyone attacked David from different directions!

Seeing this, David's face turned cold, and the golden light on his body emitted a dazzling light. The golden body was not bad, and he was used to the extreme, and then he punched into the sky!

David ignored the attacks from other directions, and instead punched the boss in mid-air.

He had to rely on his indestructible golden body and his perverted flesh to resist the blow of the other three Marquis!

The golden light radiating from David's body made several people feel a strong crisis.

boom...

Several terrifying forces bombarded David's body, and the scales on David's body fell off in a large area!

However, David gritted his teeth and punched the boss with a punch.

With the sound of bone cracks, the boss's body suddenly flew out like a kite with a broken string.

When the other people saw this, their faces were startled, and they hurriedly retreated to check the boss's injury.

And the boss at this time, under David's punch, all 50% of his bones were shattered, and the broken internal organs continued to spew out of his mouth!

Seeing the boss look like this, the other three guys were shocked, and hurriedly took out a pill and stuffed it into the boss's mouth.

Seeing this, David knew that these guys used magic again to heal the boss's injury quickly.

David glared at his feet, his body jumped up, and then his fists were thrown together, and he swung two terrifying fists, directly covering the four people.

David couldn't just watch them cast spells, he wanted to interrupt others to save the boss.

Seeing this, the third and fourth children hurriedly cast their spells, trying to stop David.

On the other hand, the second child had a grim face, gritted his teeth and healed the boss!

David's eyes were scarlet at this moment, and he ignored the attacks of the third and fourth children, and the spiritual power of one punch kept waving out!

Soon, the third and fourth also vomited blood and fell to the ground. Together, they couldn't stand David's attack at all!

"Run, run..."

Seeing this, the boss hurriedly interrupted the second child's treatment and yelled at the three people.

The three of them glanced at the boss, finally gritted their teeth, turned around and ran away, not caring about the boss's life or death.

Because they know that if they stay, none of the four of them will survive!

"Want to run? How can it be so easy..."

David snorted coldly, and instantly moved the magic formula with both hands.

One after another beams of light appeared, instantly forming a fence on the way a few people escaped, and soon more and more beams of light were formed, forming a large cage that enveloped them all.

Several people looked at David in horror, his face full of incredulity, David was nothing but a Marquis.

Such a huge array requires considerable mental strength and energy to maintain.

"Don't think that you are the only ones who know magic. In my forbidden space, none of you can escape..."

David walked slowly towards several people, and the golden light on his body became stronger and stronger.

"You try to escape, I stop him..."

The boss endured the pain and rushed towards David frantically.

David looked at the boss who rushed over, his eyes were full of disdain, and his golden palm instantly slapped on the boss's head.

When the other three saw this, their eyes widened with anger. They thought that their boss was going to burst into brains!

But soon, they found that the terrifying scene did not appear. David just put one hand on the boss's head, and the Concentrate Heart Technique worked frantically.

Chapter 1303

The boss's body was constantly shaking, and his face began to twist in pain, as if he was suffering great pain!

"You evil cultivators, let you taste the taste of being absorbed..."

At this moment, David looked indifferent and looked extremely cruel.

Soon, the eldest's body continued to shrink, and finally there was only a small pile of skinny bones and collapsed to the ground.

Looking at the tragically dead boss, the other three guys were too frightened to speak.

They have always grown by absorbing the essence of others, but they never thought that one day they would be absorbed by others.

David flicked his finger lightly, and a light blue flame fell on the boss's body, and the body was quickly burned clean.

"Chen...David, we have no grievances or enmity. I hope you can let us go. What you are looking for is the Martial Arts Alliance. We are not from the Martial Arts Alliance!"

The second child trembled and said to David.

"Where's Zhu Zhishan?"

David asked coldly.

The second child shook his head: "I don't know, maybe it's in the backyard!"

David looked at the three people who were already frightened, and waved his hand, the taboo space was lifted.

"Now you take me to the dungeon of the Martial Arts Alliance..."

David said to the three guys.

"I... We don't have a way to open the dungeon. Every time we enter, the leader of the alliance brings us in."

The old man said in a low voice.

"You just take me there. Whether you can open it or not is none of your business!"

David said coldly.

"Then...then we'll take you there, can you let us go?"

The second child asked David.

Just after the second child's words were finished, David's eyes shot out with killing intent: "Are you negotiating terms with me?"

After finishing speaking, David's palm flashed with golden light, and he grabbed the second child!

Before the second child could react, he was directly caught by David.

The energy in the body was rapidly draining, and in just a few dozen seconds, the second child became a pile of dead bones...

This time, the third and fourth were so frightened that they almost didn't pee their pants.

They cursed Zhu Zhishan desperately in their hearts.

For such a powerful person, only four of them were sent to die, but Zhu Zhishan was nowhere to be seen.

"You two take me to..."

David looked at the third and fourth children and said coldly.

"Good good..."

The two nodded again and again, and then took David to the backyard!

The two did not dare to make any changes, and took David to a rockery, then pointed to a hole in the rockery and said, "This is the entrance to the dungeon..."

"You two go first..."

David pointed to the hole and said.

The two guys didn't dare to say anything, and went straight in, with David following behind.

Not long after walking, I saw a door.

The gate is bronze, with two lion heads carved on it, looking a little scary.

"This door, we don't know how to open it, only the leader of the alliance can open it."

The third said tremblingly.

David looked at the door, then stood at the door and gently put his palm on it.

A line of divine consciousness came out, and he wanted to send it out into the dungeon to investigate!

But the consciousness just spread out, as if it was blocked by something.

Here, although his consciousness was not cut off, he could not enter the dungeon at all.

David raised his hand, and golden light flashed on his palm.

Then he slapped the door with his palm.

The power of David's palm is 10,000 jin, but when he slapped on the gate, nothing happened.

Not even a sound was heard, as if the ten thousand jins of power disappeared after touching the door.

David frowned, and then slapped it again!

Several palms were shot in a row, but the door did not move at all, and David was sweating profusely on his forehead!

Chapter 1304

At this time, the third child and the fourth child looked at each other, and the killing intent in the eyes of the two people suddenly appeared!

While David was not paying attention, the two suddenly shot at David.

One left and one right, they slapped David's back fiercely!

After they succeeded, the two did not dare to stay any longer, turned around and ran out.

David was staggering, his internal organs were rolling for a while, and his eyes were full of killing intent!

David rushed out with a vigorous step, looking at the two who escaped, David threw two punches hard.

The two fist winds shot out like cannonballs.

Immediately after that, he directly hit the escaped two people, and instantly blasted a big hole in the chests of the escaped two people from behind!

puff, puff...

The two fell to the ground in an instant, their eyes widened, and there was no breathing!

David didn't even look at the two dead people, but looked around, and suddenly shouted: "Zhu Zhishan, you old man, come out for me, come out..."

David roared hard, but he couldn't hear a single echo, and no one paid any attention to him, as if the entire Martial Arts Alliance had left.

In the end, David left the Martial Arts Alliance lonely, and when he left, he looked back at the rockery!

"Sonya, don't worry, I will definitely come to save you, I will definitely..."

David walked helplessly on the streets of Kyoto!

He desperately attacked Marquis Wu, but what was the use?

He couldn't even open a door, let alone rescue Sonya.

Unconsciously, David walked into the alley beside the Martial Arts Alliance. The last time he saw Sonya was that Ningzhi used a space magic weapon to bring him into the dungeon of the Martial Arts Alliance.

Thinking of this, David's eyes suddenly lit up. He couldn't get in through the gate. He could use the space magic weapon to enter the dungeon and rescue Sonya.

But where to find space magic tools?

David fell into contemplation again. Now he knows that Ning Zhi has a space magic tool in his hand. If he can find Ning Zhi, kill Ning Zhi, and get Ning Zhi's space magic tool.

But where is Ning Zhi? David didn't know anything, so how could he grab Ning Zhi's space magic weapon?

Just when David was a little overwhelmed, Zao Wou-Ki actually came over.

"Mr. Chen, you really are here, it seems that Mr. Shi guessed it well!"

After seeing David, Zao Wou-Ki said in surprise.

"George Zhao, do you have anything to do with me?"

David asked in confusion.

"Mr. Chen, Mr. Shi has an invitation. Let me come here to invite you. I didn't expect you to be here. Mr. Shi is really predictable!"

Zao Wou-Ki explained.

"Mr. Shi invites me?"

David frowned slightly. He killed Ning Dahai and refuted Mr. Shi's face in public. David didn't know what Mr. Shi had suddenly asked him for.

But no matter what it was, David was still grateful to Mr. Shi, so he followed Zao Wou-Ki to the Dharma Protector Pavilion!

Walking into the hall of the Law Enforcement Pavilion, David found that Mr. Shi was sitting on the main seat.

Every time David saw Mr. Shi, he had a very strange feeling.

He repeatedly tried to use his breath to find out what kind of strength this Mr. Shi was, but every time he came back without success!

Because Mr. Shi looked like an ordinary person at first glance, and he didn't have the slightest breath.

Although there is no breath on his body, every time David sees Mr. Shi, he has a deep sense of awe.

In front of Mr. Shi, David actually had a bit of timidity in his heart!

"sit down..."

Seeing David coming, Mr. Shi said lightly.

David nodded, then sat aside!

"I broke into the Martial Arts Alliance today, do you have any findings and feelings?"

Mr. Shi asked slowly.

David pondered for a while and said: "I found that the martial arts alliance actually colluded with evil cultivators. Now I am afraid that there are still many evil cultivators hidden in the martial arts alliance!"

Chapter 1305

"That's not what I want to know. Do you feel that although you have broken through to Martial Marquis, but you really entered the Martial Dao Alliance, you can't do anything with your strength..."

Mr. Shi said lightly.

David was stunned for a moment, his brows furrowed.

He really felt that with his strength, he couldn't do anything in the Martial Arts Alliance. No matter how hard he tried, he couldn't destroy a house in the Martial Arts Alliance, and he couldn't even open the door of the Martial Arts Alliance dungeon!

But he can't do anything, but he has killed a lot of people in the Martial Arts Alliance today, and there are both in and out, no one can stop him.

Looking at David like that, Mr. Shi seems to be the roundworm in David's body, and smiled slightly: "Do you think you can kill one in and one out in the Martial Arts Alliance, no one can stop you, and the Martial Arts Alliance is not good enough. in this way?"

David didn't speak, but when he looked at Mr. Shi, he really thought so.

Even if Zhu Zhishan, the leader of the Martial Arts Alliance, David dared to play a few tricks with him now, only those elders, David did not pay attention to it at all.

Mr. Shi took a sip of tea and continued: "I have reminded you many times, what you can see is only the surface, if the martial arts alliance or a martial arts family with profound background is as simple as you see, then we The Daxia martial arts world will become the world's joke."

"I can tell you that although Zhu Zhishan is the leader of the Martial Arts Alliance, he is just a figurehead puppet. After Zhu Zhishan, there are even more terrifying forces."

"Do you think you still have the strength to fight with the Martial Arts Alliance?"

David's face became a little ugly, but he was quite shocked in his heart. If even the strength of Zhu Zhishan was just a puppet, then the power behind Zhu Zhishan would be so terrifying!

"I don't care how powerful the Martial Arts Alliance is, I must rescue Sonya and fight the Martial Arts Alliance to the end..."

David's eyes were full of determination, no matter how difficult it was, he would do it and rescue Sonya!

"Do you only fight with the Martial Arts Alliance? And the Long Family, right?"

Mr. Shi suddenly smiled, looked at David and said.

David's heart trembled, and the eyes he looked at Mr. Shi were full of doubts and incomprehension!

He looked at Mr. Shi's expression, as if he knew his identity and the grievances between him and the Long family.

Now David, more and more unable to understand the Mr. Shi in front of him.

Seeing David's veiled face, Mr. Shi's smile grew stronger and stronger, and then said: "If you want to find Ning Zhi, you can go to Mobei Luo's house to find it..."

David widened his eyes and looked at Mr. Shi in disbelief.

He couldn't understand, how did Mr. Shi know that he wanted to find Ning Zhi?

"Okay, you can go..."

Before David could react, Mr. Shi got up and left.

Until Mr. Shi left, David was still in a state of confusion.

"Mr. Chen, Mr. Chen..."

Zao Wou-Ki called David twice softly.

"Ah..." David then reacted and walked out of the Dharma Protector Pavilion!

Leaving from the Protectorate Pavilion, David went straight to Mobei Luo's house. Along the way, David was thinking about Mr. Shi's identity, but he had no clue.

At the same time, the Mobei Luo family!

Ning Zhi became the guest of honor of the Luo family!

"Uncle Luo, that David has now broken through to Marquis Wu, and his strength is strong. If you seek revenge from him, you must prepare in advance!"

Ning Zhi said to Luo Jinyou, who was seated by the master.

Luo Jinyou's face was gloomy and cold, and there was anger in his eyes.

"Hmph, this David, killing my brother and son, no matter what kind of strength he is, I must burn him to ashes..."

Luo Jinyou gritted his teeth, the breath on his body was constantly rolling and rising!

Chapter 1306

After Luo Jinyou left the customs, he heard the housekeeper talk about what happened recently in the Luo family.

Almost didn't make Luo Jinyou angry. During the time he was in retreat, the entire Luo family had such a big change. Not only the Luo family, but even the entire martial arts world in Mobei suffered heavy losses.

You must know that the entire Mobei martial arts world is guided by their Luo family horses. Now that they have suffered heavy losses and are ridiculed by everyone in the martial arts world, how could he, Luo Jinyou, swallow this breath.

"Uncle Luo, then David killed my father and destroyed my Ning family. He and I are inseparable. I hope Uncle Luo can provide me with some resources."

"When I break through Marquis Wu, I will smash David's body into tens of thousands of pieces, and all his followers will be killed together..."

Ning Zhi also said with cold eyes.

"Nephew Ning, don't worry, there is nothing else in our Luo family, but the resources for cultivation are inexhaustible. Now I will send someone to take you to the warehouse!"

"The herbs and spar in it, you can use as much as you want..."

Luo Jinyou waved his hand.

"Then thank you Uncle Luo!"

Ning Zhi hurriedly followed Luo Jinyou to thank him, and was then taken to the warehouse by the housekeeper.

Luo Jinyou was holding the teacup with a cold light in his eyes, and with a slight force on his hand, the teacup shattered directly!

"David, I will tear you to pieces..."

Luo Jinyou gritted his teeth.

David was rushing non-stop towards Mobei Luo's house at this time. When he arrived in Mobei, it was already a day later.

Luo Jinyou is sitting cross-legged in the yard, sipping tea!

There was a copper pot in front of Luo Jinyou, and there was no tea in the copper pot, but when Luo Jinyou picked up the teapot and slowly fell down, the tea flowed out of the copper pot, which was very novel!

This copper pot is a magic weapon. According to legend, it is a mysterious magic weapon handed down by the ancestors of the Luo family. It contains the power of heaven and earth.

The tea Luo Jinyou poured out of it was the best cultivation resource!

At this time, in front of Luo's house, David looked up at the two characters of Luo's house in front of the door, his eyes were extremely cold!

David knew that if the Luo family hadn't led the Mobei martial arts world to attack the Valley of the Wicked, the Valley of the Wicked would not have been easily broken by the Ning family, so the dozens of people in the Valley of the Wicked also had the blood debt of the Luo family!

"Luo family, I'm here..."

David's body was filled with killing intent.

If it wasn't for Ning Zhi, he would not have found the Luo family for the time being. After all, there are many things in Kyoto that he needs to handle.

Looking at the door in front of him, David kicked out.

rumbling...

The door several meters high collapsed suddenly under David's foot.

Luo Jinyou, who was drinking tea in the yard, suddenly stood up, frowning tightly.

"Housekeeper, go and see what's going on?"

Luo Jinyou said to the housekeeper.

The housekeeper hurriedly led people to the front yard, wanting to see what happened.

Seeing that the housekeeper had gone, Luo Jinyou sat back again and continued to drink tea!

In his opinion, no one dared to make trouble in front of Mobei Luo's house, there must be some accident.

The housekeeper led people to the front yard, and saw David standing in the yard coldly, the gate collapsed to the ground.

"Who are you? Dare to break into our Luo family, don't you want to live?"

The housekeeper scolded David angrily.

"Where's Roginzo, let him get out..."

David said coldly to the housekeeper.

The housekeeper was stunned for a moment, and said with a cold face: "Who are you? Our second master is already dead, what are you doing with him?"

The housekeeper thought that David was looking for Luo Jinzuo to seek revenge. After all, Luo Jinzuo did not provoke many enemies during the time he managed the Luo family.

"Dead?" David frowned: "How did you die?"

"It was killed by a guy named David. Our master has already left the customs, and we will seek revenge on David immediately!"

The housekeeper didn't know yet that David was standing in front of him.

Chapter 1307

"Don't look for it, I'm already here!"

David smiled coldly.

"What? Are you David?"

The butler looked at David in surprise.

"That's right, like David who has been replaced by a fake..."

David nodded.

“Good boy, killed our young master and second master, and dared to find the Luo family, I think you are courting death...”

After the butler finished speaking, the two eighth-rank Martial Sects behind him jumped up instantly.

Before David could speak, the two had already launched an attack on David!

David frowned, he couldn't understand why the butler said that.

Although he had a grudge against Luo Xiang, and he did act, he had never killed Luo Xiang, and he had never seen Luo Jinzuo. How could this butler say he killed him?

Just when David was thinking, two Luo family masters came to him.

The two people's breath exploded, and the fist wind roared.

But David didn't even look at these two guys, and slapped them out.

A gust of wind swept through, and before the two guys touched David, they were instantly knocked out.

The body fell heavily on the wall, and then fell to the ground.

With this seemingly ordinary palm, two eighth-rank Martial Sects died directly from the rupture of their internal organs...

This scene scared the Luo family's housekeeper so much that he almost collapsed on the ground, his whole body trembling.

Looking at the frightened butler of the Luo family, David said coldly, “Go and let the steward of the Luo family get out...”

This time, the housekeeper didn't dare to say anything, and hurried to the backyard!

Luo Jinyou was drinking tea and thought there was nothing wrong, but saw the housekeeper rushing in.

"Master, master, it's not good, then David is here, David is here..."

The butler yelled!

Snapped!

Who knows, Luo Jinyou slapped the housekeeper fiercely.

"What's the etiquette of yelling, so what if David is here?"

Luo Jinyou glared at the housekeeper, and then asked, "Who is David coming from?"

"He, he came by himself, he just kicked the door open."

The butler said hurriedly.

"You came by yourself?" Luo Jinyou frowned slightly: "This kid is not small, I was going to seek revenge on him, but he took the initiative to send it to the door."

"Master, this David is very strong. Just now, two of our eighth-rank martial arts masters were directly killed by him!"

The housekeeper said to Luo Jinyou.

Luo Jinyou said indifferently: "No matter how strong he is, when he arrives at my Luo family, I want him to be buried with my son..."

After speaking, Luo Jinyou walked towards the front yard, and the housekeeper hurriedly followed behind.

When Luo Jinyou saw David, his eyes were full of killing intent.

"Boy, you killed my relatives and dared to go to the house directly. It seems that you really don't take my Luo family into your eyes..."

Luo Jinyou gritted his teeth, and his whole body kept rolling with energy!

"Why don't I dare? You Luo family lead people to attack the Valley of the Wicked and kill my subordinates. Today I am here to seek justice..."

Killing intent also rose from David's body.

Whether it is the Valley of the Wicked, the Shadowless Villa, or even the Valley of the Medicine God, all of them are David's subordinates.

How could David swallow this tone.

"Justice? What I said, Luo Jinyou, is justice."

Luo Jinyou's face was gloomy and terrifying: "Since you are here, don't leave..."

After finishing speaking, Luo Jinyou has already punched up.

The terrifying energy brought bursts of gusts of wind, Luo Jinyou was able to lead the entire Mobei martial arts world, and his strength should not be underestimated.

With just this punch, the world changed color and the air buzzed!

When David saw this, golden light suddenly flashed on his body, and the undamaged golden body covered David's whole body in an instant.

boom!

The terrifying fist style hit David fiercely. David's figure took two steps back, and the scales on his chest were cracked, but they did not fall off.

Chapter 1308

In this way, the strength of this Luo Jinyou is not as good as that of Ning Dahai.

David is not even afraid of Ning Dahai, how could he be afraid of this Luo Jinyou!

Luo Jinyou saw that David had been punched by himself, but he only took two steps back, unscathed, and couldn't help but be surprised.

Just when Luo Jinyou was surprised, David clenched his fists, and a golden light smashed towards Luo Jinyou from top to bottom.

David's body was in the air, and Luo Jinyou was directly surrounded by terrifying energy.

Seeing this, Luo Jinyou slammed his fists upwards instantly, and waves of air swept across, directly resisting David's punching style.

Ding Ding Deng

Even so, Luo Jinyou's body was hit hard, and then he took a few steps backwards to stabilize his body.

"It's not indecent to come and go, it seems that your Luo family is also vain, and the strength of your patriarch is nothing more than that..."

David looked at Luo Jinyou and said contemptuously.

Luo Jinyou gritted his teeth, narrowed his eyes slightly, and stared at David.

At this moment, Chen Jing stood quietly, his breath was steady, and there was no expression on his face.

Luo Jinyou suddenly snapped his fingers out of his pocket, and then suddenly shot towards David.

I saw several white lights, heading towards David. These white lights shrouded David's body, making it too late for David to dodge.

clang clang clang...

After a crisp sound, I saw flames splashing everywhere, and several white chess pieces fell on the ground. The chess pieces had been broken into pieces.

"You want to break my indestructible golden body with chess pieces?"

David couldn't understand what Luo Jinyou was thinking, how could his indestructible golden body be broken with just a few pieces.

And Luo Jinyou's face changed greatly.

These are not ordinary wives, they are made of Tianshan cold jade, which is extremely hard, and as long as the pieces hit the body, the cold air will invade the body, and it will be frozen to death in a short time.

So using this kind of thing, killing the invisible, is the best hidden weapon!

But Luo Jinyou didn't expect such a hard Tianshan Jade, but it couldn't break David's indestructible golden body.

"As expected of a body-protecting magic, it's really powerful..."

Luo Jinyou's eyes narrowed slightly, but he did not panic, but began to pinch the magic formula with both hands!

Rays of light flickered on Luo Jinyou's ten fingers, and then condensed into a huge beam of light!

This beam of light, like a laser, then shot out towards David!

This is to use this method to directly destroy David's indestructible golden body!

But David didn't care at all, his body even resisted Ning Dahai's self-destruction, not to mention Luo Jinyou's little trick!

The beam of light hit David's body fiercely, and then he saw that the scales on David's body began to change slowly!

"Hmph, the little trick of carving insects..."

David snorted coldly, and also moved the magic formula, and slashed at the beam of light with a palm, but it was directly cut off by the beam of light.

"This...how is this possible?"

Luo Jinyou was shocked, he didn't expect someone to cut off the light!

David's strength is too perverted, which makes Luo Jinyou finally have fear in his heart!

"There are still many impossible things. I am here this time to ask you to hand over that Ning Zhi. If you can hand over Ning Zhi, I can save you a life!"

David said coldly to Na Luo Jinyou.

"Ning Zhi?"

Luo Jinyou was stunned for a moment, he didn't expect David to come to Ning Zhi.

However, Luo Jinyou did not intend to hand over Ning Zhi. In any case, the news that his son and brother were killed came from Ning Zhi.

And the Ning family has been destroyed, and only Ning Zhi is left, Luo Jinyou will not hand over Ning Zhi.

Chapter 1309

"David, what you think is too beautiful, this is the Luo family, you are not qualified to negotiate with me..."

Luo Jinyou said fiercely.

David saw that Luo Jinyou was actually protecting Ning Zhi, and then a killing intent burst out in his eyes, and then his body suddenly looked like, and then he appeared in front of Luo Jinyou.

Luo Jinyou was startled, and his body hurriedly stepped back.

But before he had time to step back, he was kicked by David.

David kicked with great strength, only to hear the sound of a bone crack, Luo Jinyou's body flew straight out.

When Luo Jinyou was helped to stand up, he found that his chest had already sunk a lot!

Seeing this scene, you don't have to think about it and know what's going on.

Luo Jinyou looked at David in panic. He really did not expect that he would be so vulnerable in front of David!

Those Luo family members were also very frightened. You must know that Luo Jinyou's strength is one of the best in the entire Mobei, but now he was kicked away with one kick.

"Let me ask you one more question, where is Ning Zhi?"

David looked at Luo Jinyou coldly, his voice was like that of Jiuyou h3ll.

"I do not know..."

Luo Jinyou gritted his teeth, then waved his hand, and a sword appeared in his hand.

The sword shone with an obsidian-like light, and a trace of coldness emanated from the sword, and the chill was threatening.

“Do you think only you have the sword?”

David smiled coldly, grabbed it casually, and the Dragon Slaying Sword appeared in his hand.

There was a raging flame burning on the Dragon Slaying Sword, and the heat wave was pungent!

These two swords, the cold and the hot, face each other like this!

Luo Jinyou looked at the Dragon Slaying Sword in David’s hand, and snorted coldly: “This is a treasure sword I found from Tianshan. It cuts iron like mud, and you still want to fight with me with that broken thing in your hand?”

After Luo Jinyou finished speaking, the energy began to churn, and a force was injected into the sword.

With the injection of energy, the sword in Luo Jinyou’s hand began to hum, the surrounding temperature became extremely cold, and endless cold air emanated from the sword.

“Give me death...”

Luo Jinyou slashed out with a sword, and the majestic sword energy roared instantly, turning into a white polar bear, gnashing at David with his fangs.

David’s eyes froze, and the Dragon Slaying Sword in his hand also swung out at the same time.

A dragon roar sounded!

With a raging flame, the sword qi turned into a fire dragon and soared into the air, rushing directly towards the polar bear!

A dragon and a bear fought together.

Looking at the soaring fire dragon, Luo Jinyou's expression solidified on his face. He did not expect that David's sword was also a precious sword.

I saw the fire dragon spewing flames from its mouth, and finally the two claws directly grabbed the polar bear, instantly catching the polar bear!

In an instant, Luo Jinyou's sword qi dissipated, and David's sword qi went directly towards Luo Jinyou.

Luo Jinyou hurriedly raised his sword to block, but was directly knocked out by the huge sword energy.

The body fell heavily on the ground, and the sword in his hand actually cracked, and finally shattered directly.

Luo Jinyou got up and looked at David with a gloomy expression.

"Where is Ning Zhi?"

David stared at Luo Jinyou and said.

Luo Jinyou didn't speak, but there was a ray of light under his feet, and then Luo Jinyou muttered something.

Soon, the rays of light shot up into the sky, directly wrapping Luo Jinyou in it.

At this moment, Luo Jinyou slowly rose in the air along the light!

It's like a mortal ascending to an immortal!

“David, you have an indestructible golden body and body protection, and you are strong and powerful, but don’t forget that in this world, in addition to cultivation techniques, there are also magic techniques!”

After Luo Jinyou finished speaking, rays of light shot out from Luo Jinyou’s body.

The terrifying force was overwhelming David, and it seemed to engulf David directly.

Chapter 1310

Kung Fu relies on energy, while magic relies on spiritual power.

Looking at this overwhelming technique, it seems that Luo Jinyou’s technique is also very superb, even surpassing the cultivation technique.

“Compare my spells with me, then I’ll play with you too...”

David sneered.

“Hahaha, you are comparing spells with me, I think you are tired of living...”

Luo Jinyou laughed arrogantly.

David didn’t speak, but moved the magic formula, and the ground began to shake violently.

Immediately afterwards, it seemed that something was constantly shuttled under the ground, and then a wall of earth rose from the ground.

The rays of light that Luo Jinyou shot out hit the earth wall, smashing the earth wall one by one!

Seeing this scene, Luo Jinyou laughed even more recklessly.

“Kid, do you know that magic requires a huge amount of mental power and magic to support, you are a small child, you dare to fight with me?”

After Luo Jinyou finished speaking, his figure suddenly disappeared, and even those beams of light disappeared.

Immediately afterwards, Luo Jinyou’s figure suddenly appeared above David’s head.

A beam of light enveloped David, followed by a strange smile on Luo Jinyou’s face.

“Let me see how strong your consciousness is...”

After speaking, Luo Jinyou began to murmur.

In an instant, sound waves continued to spread down the beam of light, and it seemed as if there were countless mosquitoes buzzing in David’s ears!

David frowned and his face became a little ugly.

He has never been attacked like this before. This kind of attack, David’s indestructible golden body is powerful and useless at all.

David’s head began to split, and the whole person became manic.

The inside of my brain is like a mass of paste, it is very painful!

Seeing David like that, Luo Jinyou laughed excitedly: “Hahaha, even if you have a good golden body, even if you are strong and powerful, you are still a weak chicken in front of me...”

David was no longer in the mood to listen to Luo Jinyou’s words at this moment, and he held his head tightly with both hands. He didn’t understand what kind of magic Luo Jinyou was using!

The blue veins on David's forehead bulged, his eyes became scarlet, and his face was hideous!

But just when David felt that he was about to lose his hold and even had the heart to commit suicide, suddenly a bell sounded in his mind!

hum...

The chaos in David's mind suddenly became much clearer.

But just for a moment, the sense of chaos struck again.

But at this time, David seemed to remember something, and hurriedly began to read it.

Soon, David's heart slowly calmed down, and the sense of chaos in his mind gradually disappeared.

What David recited was the mantra of clearing the heart, and this mantra was just enough to restrain Luo Jinyou's technique!

David was overjoyed, but he didn't show it, he still pretended to be very painful.

Seeing that David had been tortured to such an extent that he was powerless to fight back, Luo Jinyou stopped.

"David, I want to torture you and avenge my son..."

Let's just say, Luo Jinyou's body fell from the sky and patted David's shoulder with one palm!

David staggered, all the scales on his body fell off and disappeared in an instant, and the undamaged golden body lost its function!

“Hahaha, you don’t have a golden body now, let me see how you fight with me...”

Luo Jinyou laughed wanton.

“Without the indestructible golden body, I’m still not afraid of you...”

After David finished speaking, his whole body was shocked, and the terrifying aura instantly surged.

And Luo Jinyou has long ignored David at this moment.

Seeing that David slammed a punch, Luo Jinyou drew a picture in front of him.

A crystal clear barrier appeared in front of Luo Jinyou.

Luo Jinyou looked at David with a smile on his face.
