

A Man Like None Other Novel

Chapter 1321

"Sonya..."

David looked at Sonya painfully, at this moment there was a great contradiction!

"Go, go, go..."

Sonya's voice roared with pleading.

Seeing that several breaths were getting closer, David gritted his teeth and glanced at Sonya: "Sonya, don't worry, I will definitely come back."

After David finished speaking, as soon as the Qiankun circle in his hand was lost, a black hole appeared in an instant, and David drilled into it.

Immediately after the black hole disappeared, so did David.

Seeing this, Sonya let out a long breath.

Just as David had just left, Zhu Zhishan arrived with someone. Feeling the fluctuation of the breath still in the air, Zhu Zhishan's face became very ugly.

"Hmph, let this kid escape, let me see him, and he will die!"

After Zhu Zhishan finished speaking, he then looked at Sonya: "Just stay with me, you can never escape from here..."

Sonya gave Zhu Zhishan a cold look and didn't speak, but she knew in her heart that David would definitely save her and destroy the Martial Arts Alliance!

She knows David too well. David's temperament is like this. If people don't offend me, I won't offend others. If anyone offends me, I will kill his whole family...

At this moment, David was quietly standing in the alley on the side of the Martial Arts Alliance, unwilling to leave for a long time!

It was not until he heard the movement that David left in a hurry.

After David left, Zhu Zhishan also chased after him.

"Leader, that David just left, he should have used the space magic weapon to enter the dungeon..."

After some investigation, he said to Zhu Zhishan.

"Send someone immediately to strengthen the defense of the dungeon, so that no space instruments can enter..."

Zhu Zhishan's face was gloomy.

"As ordered!"

The man immediately went to set up.

Zhu Zhishan returned to the hall of the Martial Arts Alliance, his face always gloomy!

At this moment, his heart is very heavy, and he can speak, which proves that his time is running out.

On Zhu Zhishan's table, there is a thick stack of documents, with hundreds of pages, which are full of David's most detailed information.

The previous Zhu Zhishan didn't take David seriously, so he didn't pay attention to investigate him.

But now it's different, he needs to know what kind of person David is.

While Zhu Zhishan was looking at David's information, a series of sectarians came in.

These people were all sent by Zhu Zhishan, including Long Jingguo!

Zhu Zhishan has no other intention to call these out, but to join forces to get rid of David, the sooner the better...

After everyone sat down, Zhu Zhishan said directly: "Everyone, I brought you here this time, for no other purpose, just to discuss how to get rid of David, this guy is like a loach, catch the capital Can't catch it!"

"In addition, here is David's most detailed information, you all have a look..."

Zhu Zhishan waved his hand, and immediately someone distributed David's information.

Everyone looked at it in detail, only Long Jingguo casually flipped through it. Because of David's information, he had already investigated it many times.

More than ten minutes later, someone took David's information and said with great doubt: "I wish the leader, this David's life is too strange? I didn't expect that he has always been a plain and ordinary person. Why did he suddenly come out of prison? It's like a different person?"

"Yes, I also found out that this guy has broken through to Marquis Wu in just a few months. Isn't that incredible?"

Someone followed along.

"This is like riding a rocket. Even if you are riding a rocket, your strength can't improve so fast. It's too strange. There must be a secret about this David..."

"It's too monstrous, even the most talented person in the martial arts world can't progress so fast. Will this David be guided by an expert?"

Everyone was talking about it!

Chapter 1322

Zhu Zhishan watched everyone's reaction quietly, and then set his eyes on Long Jingguo.

"Long family master, what do you think of this matter? Your Long family also had a festival with that David. I believe you have already studied him, right?"

Zhu Zhishan asked Long Jingguo.

"I wish the alliance leader, this David has suddenly become so strong. Have you ever thought that the current David may not be the previous David."

"The information in our hands is all from David in the past, and now David may be a different person."

Long Jingguo said mysteriously.

Hearing what Long Jingguo said, everyone was stunned, and even Zhu Zhishan frowned slightly.

Seeing everyone's reaction, Long Jingguo breathed a sigh of relief.

Of course he knew what happened to David, but he couldn't let others know that this was the secret of their Long family.

He has to rely on this secret to rule the entire Kyoto martial arts world.

"Patriarch Long, what do you mean, is this David possessed by an evil spirit, and the David I see now is just a body?"

Someone asked suspiciously.

"Impossible. If an evil spirit entered the body, and Mr. Shi had been in contact with David many times, how could he not have noticed it?"

Zhu Zhishan immediately began to retort.

"This David seems to be able to use evil power to absorb the power of other people's bodies, so it seems that it is really possible that evil spirits are possessed."

Someone spoke again.

"Okay, stop discussing this issue. I will find a way to verify whether David is possessed by an evil spirit."

"I'm looking for you to work together and find a way to kill David as soon as possible. This guy is alive, sooner or later, it will be the scourge of our martial arts world!"

Zhu Zhishan said solemnly to the people of the sect family.

"I wish the alliance leader, didn't you already send someone to kill that David, did those people miss it?"

Long Jingguo asked.

When Zhu Zhishan heard it, his face was full of anger. He didn't expect those puppet corpses to be waste.

"Don't mention it, whoever kills David this time will be rewarded heavily by the Martial Arts Alliance. I will give him half of next year's trial resources!"

Zhu Zhishan is bleeding profusely, but there is no way out.

Zhu Zhishan's time is running out, and these people can only be moved by promising high interests.

Sure enough, after hearing Zhu Zhishan's promise, everyone was moved.

Only Long Jingguo remained silent, and there was no change in his expression!

After explaining a few words, the meeting was over, and as soon as everyone left, Zhu Zhishan whispered a few words in the ear of a member of the Martial Arts Alliance.

After the member of the Martial Arts Alliance left, he returned after a short time, and brought two people, a man and a woman, who were pale and frosty!

The man was wearing a thin suit with a very straight body, while the woman was wearing a tight leather jacket and trousers with half of her hair covering her face.

Zhu Zhishan waved his hand and asked the Martial Dao Alliance member to leave, then got up and said, "You two, please sit down..."

"I wish the leader, don't be polite to us. If you have any orders, just say it. You have the token in hand, and we should obey your orders."

said the man in the suit.

"Okay, then I'll order you to find David and find out if David is possessed by an evil spirit. If possible, destroy the evil spirit in his body..."

Zhu Zhishan said to the two.

"The strength of the two of us can't deal with that David. If he is really possessed by evil spirits, we have no ability to destroy the evil spirits in his body..."

"You have the token in hand, and we obey your orders, but it doesn't mean that the two of us can go to die in vain..."

The woman opened her mouth, and as soon as she spoke, Zhu Zhishan was stunned!

Chapter 1323

After Zhu Zhishan heard this, his face was ashen with anger, and he snorted coldly: "Your blood corpse religion is really trash, the seven puppet corpses are fools, and the two of you are so incompetent..."

"What did you say?" The man and the woman's faces became even more gloomy, and the huge mental power radiated from the two of them.

The two of them belonged to the Blood Corpse Sect, and Qi Fiend Xingjun was their leader. Their Blood Corpse Sect mainly focused on refining corpses, so they needed a lot of mental power to control the puppet corpse.

"I wish the leader, since this is the case, then we will leave. If you say it, I will tell our leader..."

After the man finished speaking, he turned to leave.

"Wait a minute..." Zhu Zhishan hurriedly stopped the two of them: "Well, you just need to check whether David is possessed by an evil spirit, and you don't need to worry about other things!"

Zhu Zhishan knew that although he had a token in his hand, no one from these cults really listened to him.

Just as Zhu Zhishan finished speaking, the man and woman turned around and left.

Looking at the backs of the two, there was a vicious look in Zhu Zhishan's eyes.

...

David walks the streets of Kyoto!

Although Sonya could not be rescued, David did not leave. He knew that the Martial Arts Alliance was definitely looking for him.

The reason why David blatantly wandered the streets was to lure people from the Martial Arts Alliance.

Although David's strength is not enough to compete with the entire Martial Arts Alliance, but when David encounters the masters of the Martial Arts Alliance, there is no problem in protecting himself.

In particular, David still has the Qiankun Circle in his hand, and even if he loses, he can easily escape.

So David thought about attracting the people from the Martial Arts Alliance. If he could fight, he would kill him. If he lost, he would run away.

Sonyaffered in the Martial Arts Alliance, he will never make the Martial Arts Alliance any better!

Just as David was walking aimlessly, suddenly two breaths were directly felt by David.

However, these two auras do not seem to be strong, and they can only be regarded as the strength of Wuzong's initial stage.

"Could it be that the Martial Arts Alliance will send someone with such strength to kill me?"

David was a little surprised. In the early days of Wuzong, David could kill several people with a single slap.

However, David did not move, but walked towards the sparsely populated place.

The two breaths were getting closer and closer, and David wanted to send out his divine sense to investigate, but the divine sense had just been released, but was instantly blocked back.

David was shocked, and the steps under his feet stopped instantly.

Later, David only felt a confusion in his head, and the whole person was groggy as if he had been drinking too much.

At this moment, there seemed to be countless invisible big hands around, imprisoning David, making David unable to move!

David struggled twice, but found it useless, no matter how hard he tried, he couldn't break free.

David frowned, but suddenly his mind became clear, and he seemed to understand.

The restraint just now was just what David imagined in his mind, a signal sent to his body. There was nothing to restrain David's body at all.

This means that someone is using powerful mental power to invade David's brain and control David's thoughts.

However, David's mental power is also very strong, and there is still a heart-clearing mantra, so his mind is just confused, and he soon wakes up.

It's just that David didn't appear sober, and was still struggling, as if he was still trapped in it.

At this time, a man and a woman walked in front of David, but they were more than ten meters away from David, and they did not dare to approach David.

Looking at the two people who suddenly appeared, David immediately saw that these two people had been following him all the time, and judging by their breath, they were just the strength of Wuzong's initial stage.

Chapter 1324

However, the strength of Wuzong's early stage had such a powerful mental power, which shows that the manipulation of these two people's techniques must be very powerful.

"Who are you?"

David frowned, pretending to be in pain, and asked the two of them.

It's just that the two of them looked frosty, and neither of them answered David's question.

I saw that the woman slowly raised her hand, and then a huge divine consciousness enveloped David, directly intruding into David's mind, as if searching for something.

After a while, the woman frowned, looked at the man beside her, and shook her head slightly.

The man nodded, then the two turned around and left!

Neither of the two did anything to David, and they didn't even say a word to David!

This time, David was confused.

He wanted to stop the two and ask them what was going on.

David pointed his toes, the whole person jumped up, and fell steadily in front of the two people.

This time, the two people were terrified. They thought that David was under control, but they didn't want David to appear in front of them.

Seeing that David stopped them, the woman hurriedly exuded mental power, trying to regain control of David's mind.

But a woman? As soon as the mental power entered David's mind, it was instantly cut off by a golden light!

"what..."

The woman screamed, her body retreated again and again, and the man's face changed greatly, and he hurriedly stepped forward to support the woman.

The woman frowned at this moment, and her eyes showed horror: "You... how can your spiritual power be so strong?"

"Is yours too weak?"

David smiled coldly.

After the woman heard it, a sullen look appeared on her face instantly. Her strength was not strong. Others could say her, but she couldn't say that her mental strength was too weak.

You must know that their blood corpse sect is famous in the martial arts world for its spiritual power.

"Senior brother, let's go together..."

The woman said to the man.

The man nodded, and then the two said something in their mouths, and waves of huge mental power were attacking David's mind.

At this moment, David seemed to be in chaos. Even though his body was strong, his physical strength did not have the slightest effect on his mental power.

When the two saw David being attacked by their spiritual power, their expressions changed, their eyes were blank, and they couldn't help but breathe a sigh of relief.

But just when the two wanted to take the opportunity to escape, they saw a golden light flashing in David's mind, followed by a Qingming that repelled the two people's mental power!

David recited the Qingxin mantra, and a peaceful and incomparable spiritual force began to cover the bodies of the man and the woman.

The expressions of the two people changed greatly, and they desperately radiated mental power to resist, and then their bodies quickly retreated.

Both of them are practicing evil arts, and this heart-clearing mantra is specifically aimed at evil arts, making people purify their hearts with few desires, and prevent them from going crazy.

"Stop thinking..."

The woman struggled desperately and seemed to be in great pain!

"David, hurry up and let us go, or let our sect master know, you will die ugly..."

The man threatened David.

"Sect Master? Aren't you from the Martial Arts Alliance?"

David put away the Qingxin mantra and asked the man.

The man's forehead was already full of cold sweat, and the whole person seemed to be bitten by thousands of insects and ants!

"We are members of the Blood Corpse Religion, and our leader is the Seven Fiend Xingjun. If you dare to kill us, it will be an enemy of the Blood Corpse Religion. Our leader will never let you go."

The woman threatened David loudly.

She knew that if the mental power could not control David, then the two of them would have no power to fight back in front of David.

How did two Wuzongs deal with a Wuhou in the early days?

Chapter 1325

So they can only move out their leader to threaten David, so that David does not dare to attack them.

The man beside him changed his face, looking at the woman beside him angrily.

Zhu Zhishan borrowed seven puppet corpses from their Blood Corpse Sect, just to kill David, but David killed him instead.

At this time, when the women spoke out about their sect, wouldn't it annoy David even more?

Then the two of them had no hope of surviving.

“Seven Evil Stars?”

When David heard the name, his body instantly exuded a strong killing intent: “That puppet corpse is controlled by your blood corpse sect?”

The man felt the strong killing intent on David and knew that something bad was going to happen.

But the woman didn’t seem to understand that the catastrophe was coming, and nodded: “Yes, no one can refine and control the puppet corpse except our blood corpse sect.”

The woman was still complacent, but the man on the side had already turned ashes!

“If that’s the case, then the two of you will die without resentment. Since your Blood Corpse Sect claims to have the strongest mental power, then I will kill you with mental power...”

After David finished speaking, the spiritual power instantly radiated from his mind.

The woman wanted to say something, but she felt a splitting headache, and then her whole head exploded instantly.

The man on the side did not escape the fate of being headshot!

“Hmph, I don’t know whether to live or die...”

David looked at the two corpses and snorted coldly!

Just when David was about to leave, suddenly several figures came quickly and stopped in front of David.

David looked closely and found that it was Xing Jun from the law enforcement team who brought someone here.

Several members of the law enforcement team began to clean up the two bodies, while Xing Jun took out a cigarette and threw it to David.

Xing Jun lit the cigarette for David, then took a breath and said, "I don't know how many people want to kill you now, but you still dare to hang out on the streets of Kyoto..."

"It's a blessing, not a disaster, it's a disaster that can't be avoided..."

David smiled slightly: "Captain Xing, why did you suddenly appear?"

"Where there is evil cultivator, there is me. These two guys are from the Blood Corpse Sect. As soon as they enter the capital, I will send someone to follow them!"

Xing Jun pointed to the two corpses and said.

"I'm a little puzzled now. I have nothing to do with the Blood Corpse Sect. Why do they want to kill me over and over again?"

David couldn't understand why the Blood Corpse Sect wanted to kill him.

Xing Jun looked at David like that, grinned and said: "You have no grievances or enmity with Tianshamen, but the master of Tianshamen, Zang Qing, wants to kill you, why do you say?"

"Of course they were ordered by others. These people are just pawns, and there will be more and more such pawns in the future..."

Xing Jun followed David to explain, while David frowned slightly: "Could it be that the Martial Arts Alliance is all instructed? How can the Martial Arts Alliance be associated with so many evil cultivators?"

The Martial Arts Alliance was an organization spontaneously formed by aristocratic families in the martial arts world in various places. At that time, evil cultivators were rampant, and it was also to better deal with those evil cultivators.

In recent years, all the evil cultivators have been hidden, and the Martial Arts Alliance has become the largest private organization in the martial arts world.

But the Martial Arts Alliance has a relationship with the evil cultivator, and even cooperates, which makes David a little puzzled!

When he entered the Martial Arts Alliance, he felt very strange when he met the four evil cultivators.

“In the current martial arts world, there is no distinction between good and evil, so the martial arts world needs a big chaos. As long as the water in the martial arts world is muddy, there will be big fish.”

“And the sediment and water will gradually separate over time, which is a process that must be experienced.”

Xing Jun followed David, but what he said was also what Mr. Shi said. Xing Jun himself did not have such a vision.

Chapter 1326

After Xing Jun finished speaking, David looked at him with his eyes slightly condensed: “So, I am the one who messed up the martial arts world in Kyoto, right?”

After all, the Kyoto martial arts world has experienced many years, and the division of power has been clearly defined. No matter which sect family, they check and balance each other, and no one dares to jump out and face the entire martial arts world, and they are all secretly developing!

But the appearance of David broke this balance and directly turned the world of martial arts in Kyoto upside down!

At this time, David wanted to understand why Mr. Shi would support him everywhere.

Xing Jun looked at David and smiled, but didn't say anything. After the two corpses were balanced, Xing Jun threw the cigarette butt in his hand to the ground.

"Mr. Shi asked me to tell you that tomorrow he will convene a meeting of the sect family in the entire Kyoto martial arts world, and Mr. Shi asked you to participate..."

Xing Jun said to David.

"I'm participating too? Doesn't Mr. Shi know that those people want my life?"

David asked in confusion.

"This is what Mr. Shi meant, anyway, I told you..."

After Xing Jun finished speaking, he turned around and left.

David looked helpless, he didn't like this kind of puppet-like domination!

"Don't you like muddy water? Then I'm going to work harder to make the water in the martial arts world even more muddy..."

David's eyes shone brightly, and then he turned around and left!

.....

Martial Arts Alliance!

Until it got dark, Zhu Zhishan didn't wait for the news he wanted to know.

"Damn, what the hell is the Blood Corpse Religion..."

Zhu Zhishan slapped the table fiercely and cursed!

Seeing that I might not be able to get news today, Zhu Zhishan got up and prepared to rest.

At this time, a person from the Martial Arts Alliance came in in a hurry and handed over an invitation to Zhu Zhishan!

Zhu Zhishan was stunned: "Who sent it at this time, did anyone send invitations at night?"

"Leader, it was sent by the Protector Pavilion!"

The martial arts alliance member said.

As soon as he heard that it was sent by the Hufa Pavilion, Zhu Zhishan hurriedly picked it up. He knew that Mr. Shi must have something to do.

When I opened the invitation, I found that it turned out that all the sect families in the Martial Arts Alliance would go to the Dharma Protector Pavilion to attend the meeting tomorrow!

This time, Zhu Zhishan's face is full of doubts!

For so many years, he had never seen Mr. Shi so anxious for a meeting.

Send invitations at night, and there will be a meeting tomorrow.

"Is it because of David?"

Zhu Zhishan frowned slightly, with a lot of things on his mind!

At the same time, all the aristocratic sects in the Kyoto martial arts world received the invitation from Mr. Shi at the same time!

This night, the martial arts world was a little chaotic, and they all speculated about Mr. Shi's intentions!

Zhu Zhishan didn't sleep all night, and gathered all the other sect families in the Martial Arts Alliance.

Everyone analyzed what Mr. Shi meant.

Later, after inquiring, I found out that Mr. Shi suddenly held a meeting, because there are always people in the martial arts world who have been absorbed the essence and died recently, and the evil cultivator has great signs of recovery, so the meeting was held.

There is no relationship with David at all, and it is not because of David's meeting that Zhu Zhishan's heart is calm.

And Zhu Zhishan heard that David was also invited to participate in the memory, which made him a little excited!

At that time, he set up a net around the neighborhood. As long as David went to participate, when he came out, he would directly capture or kill David.

Now Zhu Zhishan is a little anxious, so he no longer considers Mr. Shi.

He attacked first and killed David directly. Even if Mr. Shi punished him, he would not kill him.

But if he didn't kill David, he wouldn't be able to keep his position as the leader of the alliance, or he might lose his life.

After weighing the pros and cons, Zhu Zhishan still had to kill David as soon as possible, so that he could save his life.

Chapter 1327

the next day!

All the people from various sects and families in the Kyoto martial arts world gathered in the Dharma Protector Pavilion!

For these people, this meeting is obviously different from the past!

Never before had so many people participated in a meeting at the same time. You must know that there are hundreds of aristocratic families in the martial arts world of Kyoto.

And among them, the Martial Arts Alliance stands at nearly one-third of the number, and not all Zongmen families have joined the Martial Arts Alliance.

"I wonder if Mr. Shi suddenly called us all together. Is there something going on?"

"I heard that people in black have appeared recently. It may be a resurgence of evil cultivators. It seems that a bloody storm cannot be avoided."

"Now the world of martial arts is scattered, if the evil cultivator resurfaces, I am afraid it will be difficult to resist!"

...

Everyone was talking and chatting with each other looking for their acquaintances.

At the entrance of the Protectorate Pavilion, Dong Liqun and Dong Jiahao were looking out, as if they were waiting for someone.

"Gate Master Zhao, is Mr. Chen really invited too?"

Dong Liqun asked Zhao Wuji.

After all, David is a person, and he has not announced that he has established a sect, nor has he even registered. Therefore, individuals are generally not invited to such conferences.

"Of course, Mr. Shi himself spoke. Besides, isn't your Dong family following Mr. Chen's lead now?"

Zhao Wuji smiled slightly.

"Yes, yes, my Dong family follows Mr. Chen's lead, and Mr. Chen can make any decision on behalf of my Dong family!"

Dong Liqun nodded quickly and said.

Soon, David's figure appeared at the door, and Dong Liqun and Dong Jiahao hurriedly greeted him.

Seeing that David actually came to participate in such a meeting, many people all looked at him!

"Leader, then David is here..."

Someone whispered in Zhu Zhishan's ear.

"Are you all ready?"

Zhu Zhishan looked at David who walked in at the door, and then asked in a low voice.

The man nodded: "Everything is ready, as soon as David leaves, he will surely die..."

Zhu Zhishan had already set a net for David. Although he did not dare to take action at the meeting of the Protector Pavilion, there was no way for David to escape when he got out of here.

David looked around and found that there were quite a lot of people, many of whom David did not know.

However, these people were terrified of David.

During this period of time, David's name, almost no one in the entire Kyoto martial arts world did not know.

"David, this is a meeting attended by various sects and aristocratic families in our Kyoto martial arts world. What qualifications do you have to attend? Do you have an invitation?"

At this moment, a person suddenly stood up and questioned David.

This person is also a sect in the martial arts alliance, so he directly gave David a dismount.

The reason for this is nothing more than expressing himself in front of Zhu Zhishan.

As soon as these words came out, many people looked at David, and many people pointed at David!

David did not have an invitation, he just informed him verbally from Xing Jun.

At this time, Zao Wou-Ki hurriedly wanted to explain, but he didn't want Dong Liqun to take a step forward: "Mr. Chen is here to participate on behalf of my Dong family, can't you? Our Dong family will be Mr. Chen's pawn in the future, whoever is not convinced can go out and practice. practice..."

"I think you are tired of living. Believe it or not, after you go out, I will let your sect disappear directly from the Kyoto martial arts world?"

Dong Liqun looked at the thorny guy with fierce eyes.

The Dong family can stand alone, and no one dares to bully if they do not join the martial arts alliance. It must have its own strength, but it is not comparable to ordinary sect families.

Dong Liqun's words instantly made the sect master slumped, his face became ugly, not to mention how embarrassing his expression was.

Chapter 1328

If the Dong family really wanted to destroy him, it would be as easy as the palm of your hand.

"I... I'm just asking, since that's the case, then it's fine..."

The sect master sat back in fright.

This time, there was a sneering sound around. This guy is a member of the Martial Arts Alliance. Now he is being reprimanded by Dong Liqun like a dog, which is equivalent to hitting the face of the Martial Arts Alliance, which makes Zhu Zhishan a little unable to sit still.

"Patriarch Dong, we are here for a meeting today, not to be pretentious. If you want to compare, my Martial Arts Alliance is not afraid of your Dong family. Don't think that you have annexed the resources of the Ning family, which is amazing."

Zhu Zhishan said to Dong Liqun with a cold face.

"If you're not convinced, then try it. I'm afraid your martial arts alliance will fail?"

Dong Liqun is not afraid at all!

Zhu Zhishan was also aroused for a while, and stood up suddenly, and the scene was full of gunpowder for a while.

"Everyone, this is the venue. If you dare to make trouble here, Mr. Shi will see how you explain..."

Seeing this, Zao Wou-Ki hurriedly said.

Upon hearing that Mr. Shi was mentioned, Zhu Zhishan sat back, while Dong Liqun pulled out a chair: "Mr. Chen, please sit down..."

David was not polite and sat down directly, while Dong Liqun was standing behind David.

This time, everyone could see that the Dong family was completely on David's side and became David's younger brother.

This scene made Zhu Zhishan's face more and more ugly!

He was originally a net of heaven and earth for David, so if the Dong family is added now, I don't know what the result will be.

Everyone was sitting in the hall, no one was talking, but David looked at Zhu Zhishan coldly, his eyes were full of killing intent!

Sonya is still suffering in the Martial Arts Alliance, he must find an opportunity to kill this old boy.

However, Zhu Zhishan didn't even look at David, he closed his eyes slightly, looking a little leisurely and contented!

The atmosphere in the entire hall was terrifyingly quiet!

After waiting for more than ten minutes, Mr. Shi still hasn't come, which makes it a little unsettled.

Some people started talking in a low voice!

Another ten minutes have passed, and for half an hour, Mr. Shi is still nowhere to be seen!

This time, there are more people talking, and the voices are getting louder and louder.

"Mr. Shi, what does this mean? Why haven't you come yet?"

"I have something to do at home, it's never been like this before!"

"Mr. Shi is usually punctual, what's the matter today?"

...

Some people began to be a little dissatisfied, but they were only complaining in a low voice!

David saw that Mr. Shi had not appeared yet, and the corner of his mouth was slightly raised. He seemed to understand what Mr. Shi wanted.

"Okay, don't talk anymore, Mr. Shi will have to wait if he doesn't come..."

At this time, David said loudly.

David's voice fell, and everyone looked at him.

"David, you are really a good dog of Mr. Shi. No wonder Mr. Shi is so protective of you!"

At this time, a noble family patriarch in the Martial Arts Alliance snorted coldly.

He was trying to find fault on purpose. Anyway, when David went out here, they all wanted to get rid of David.

Moreover, Zhu Zhishan also promised that whoever gets rid of David will get half of the resources for next year's trial.

"Hahaha, it's a good dog..."

The crowd laughed.

"David, don't think that you are amazing, do you feel that if you kill Ning Dahai, you will be invincible in Kyoto?"

"We have so many sects and families, and we have been in peace with each other. Since you jumped out, you have made the world of Kyoto martial arts jump."

"If Mr. Shi hadn't kept you behind his back, do you think you would still be alive now?"

Seeing this, the patriarch of the aristocratic family sneered at David again.

David glanced at the guy coldly, and then said, "You are worthy of killing me just because you are such rubbish?"

Chapter 1329

When the patriarch of the aristocratic family heard this, his face sank: "David, I can't kill you by myself, but we have dozens of aristocratic families here. If we want to join forces to kill you, wouldn't it be easy..."

The patriarch of this noble family dared to speak to David like this because he had Zhu Zhishan as his backer and many members of the Martial Arts Alliance.

"Hmph, a bunch of rabble, if I kill you, who dares to stop you..."

David snorted coldly, suddenly stretched out his hand and patted it out.

David's palm was very sudden, and no one expected that if David dared to act on such an occasion, everyone else was just playing tricks.

If you want to do it, you have to do it after you go out. If you dare to do it at the venue, isn't that courting death?

But David just did it, slapped the head of the famous patriarch with a palm, and slapped his head directly, blood splashed, and the bloody aura instantly filled the entire hall.

This time, the entire hall fell into dead silence!

Everyone looked at David in shock, even Dong Liqun was no exception!

"Who else dares to beep? My fist doesn't recognize people..."

David looked at everyone coldly and said.

This time, everyone closed their mouths, and no one wanted to provoke the evil star David!

And Zhu Zhishan's old face was flushed with anger, and the murderous aura on his body instantly permeated, and the members of the Martial Arts Alliance also showed murderous aura.

David was under the murderous aura of these people, his face did not change and his heart did not beat, and he did not have the slightest fear!

David's eyes fell on Long Jingguo. From the beginning to the end, Long Jingguo did not show any murderous intent, but just watched David with the corner of his eye.

As for David's uncle, his eyes were full of hatred. He wished he would rush up now, kill Long Jingguo and rescue his mother.

Long Jingguo felt the chill on David's body, and turned his head slowly, looking directly at David without any expression on his face.

David put his hands on the table, leaned forward slightly, and brought his entire face close to Long Jingguo.

"Patriarch Long, I hope you can take good care of your health. I will visit your Long family sooner or later..."

David's eyes were slightly condensed, obsidian-like eyes, exuding a cold and fierce light, giving people an infinite sense of oppression.

Long Jingguo smiled slightly: "Then I'm very welcome, maybe someone in our Long family wants to see you!"

After David heard this, his face became even more gloomy: "You wait, I will definitely do it!"

Everyone didn't understand what David and Long Jingguo were talking about, but when David just shot to kill, the Martial Arts Alliance would definitely not let it go.

"David, you dare to kill people directly in such a venue. Do you feel that Mr. Shi is backing you, so you can do whatever you want?"

The murderous aura of Zhu Zhishan rose up, clenched his teeth tightly, and clenched his fists with both hands, wishing he could immediately attack David.

"If you're not convinced, you can make a gesture with me. What's the difference between killing someone at the venue and killing someone out of here?"

"Didn't you also set up a net outside, waiting for me to get in?"

David looked at Zhu Zhishan coldly and said arrogantly.

Zhu Zhishan was instantly speechless when asked by David, he did set up a net outside, waiting to kill David, but how would David know?

“Okay, since you said that, then I will wait for Mr. Shi to come and give me justice to the Martial Arts Alliance...”

After Zhu Zhishan finished speaking, he did not speak, but waited for Mr. Shi to arrive.

“Mr. Chen, you murdered at the venue, I’m afraid Mr. Shi is here, you can’t explain it...”

Dong Liqun was on David and whispered to David.

“Don’t worry, how do you know that this is not what Mr. Shi wants me to kill?”

The corner of David’s mouth slightly raised.

Chapter 1330

This time, Dong Liqun was stunned when he said that Mr. Shi didn’t come. How could it be that Mr. Shi instructed David to do it?

Did he explain it to David in advance?

But it doesn’t make sense. On such an important occasion, David committed murder, wouldn’t that mean he looked down on Mr. Shi?

How could Mr. Shi let David do this?

Dong Liqun didn’t understand, and he didn’t think about it anymore. He only needed to follow David closely. What David said, she did what she was doing.

Another ten minutes later, Mr. Shi is important, followed by Xing Jun!

As soon as he entered the hall, Mr. Shi smelled a thick smell of blood, as well as untreated corpses on the ground.

Mr. Shi frowned slightly, but didn't say anything, but went straight to the main seat and sat down.

When Xing Jun saw the corpse on the ground, he was the first to speak: "What's going on?"

When Xing Jun asked questions, Zhu Zhishan said quickly: "Captain Xing, this man was killed by David. Now the body is here. I hope Mr. Shi can give an explanation. This is the Guardian Pavilion. This is a meeting called by Mr. Shi!"

"David committed murder on such an occasion, did he not take Mr. Shi seriously?"

Zhu Zhishan is adding fuel to the vinegar, and he wants to see how Mr. Shi handles it.

But who knows that Mr. Shi didn't say anything, but waved his hand: "Dispose of the body, start the meeting..."

Xing Jun nodded, and immediately ordered someone to dispose of the body.

This time, he was a little confused, and Zhu Zhishan frowned.

Murdering on such an occasion, Mr. Shi didn't even ask? This is too shielding for David?

"Mr. Shi, could it be..."

Zhu Zhishan looked at Mr. Shi in confusion and wanted to ask Mr. Shi how to deal with it.

But before the words were finished, Mr. Shi's eyes instantly turned to him, with majesty in his eyes, so frightened that Zhu Zhishan closed his mouth instantly.

"I said, start the meeting, and other things will be dealt with later. If anyone is not convinced, they can leave now..."

Mr. Shi's tone was very light, but everyone who listened was tense.

Who dares to leave?

Seeing that no one was talking, Mr. Shi slowly continued: "I called you all here this time, just to talk about the resurgence of evil cultivators."

"Recently, various places have reported that there are people in black who use the spirit-devouring technique to devour the essence of other people to help themselves cultivate!"

"Now that the evil cultivators are so blatant, I think your major families have the responsibility and obligation to eliminate these evil cultivators!"

"The other thing is that the major sects and families must be vigilant."

After Mr. Shi finished speaking, many people were in an uproar.

And some people have calm expressions, because these people already know about it.

It's just that those evil cultivators haven't reached out to the Kyoto martial arts world.

"Mr. Shi, have these men in black who suddenly appeared, have their identities been identified?"

Someone asked Mr. Shi.

Mr. Shi shook his head: "I'm investigating, these people are very strong, and some martial arts masters have not been spared."

Hearing this, the expressions of some people began to change. After all, the masters of Wuzong could not escape the claws of these men in black. Aren't those small families in danger?

Not all sect families are masters such as Wuzong and Wuhou.

"Mr. Shi, do you think these men in black were possessed by evil spirits? You must know that in a war many years ago, those masters of evil cultivators were almost slaughtered."

"In just a few years now, these evil cultivators have suddenly appeared, which seems a bit strange!"

"Is it possible that some martial arts masters were possessed by evil spirits and controlled what their bodies did?"

Zhu Zhishan began to analyze.
