## Novel

### Chapter 1481

...

Kyoto Budo Alliance!

Many aristocratic sect families saw that they had no success in seeking Mr. Shi, so they could only come to the Martial Arts Alliance, and even Long Jingguo and Long Xiao also came.

Originally, Long Xiao didn't care, as long as he could absorb Xiaoru's strength, he would have the confidence to deal with the man in black after getting Xiaoru's armor.

But in the past two days, he tried every means, but failed to get Xiaoru's armor. Xiaoru's armor has been integrated with the body, and can only be taken off when the armor is revealed.

Before he could get the armor, Long Xiao couldn't do anything to Xiao Ru, so he had to find another way.

And now there are rumors everywhere that the man in black robe is Fan Jiang, which can frighten Long Xiao enough. Although Long Xiao has not seen Fan Jiang's strength with his own eyes, he has heard Long Jingguo talk about it.

You must know that the Long family also participated in the roundup of Fan Jiang that year, and Long Jingguo was also one of them. As the largest martial

arts family in the Kyoto martial arts world, the Long family contributed the most.

Now if Fan Jiang really returned, their Long family would be in danger, so Long Jingguo brought Long Xiao directly to the Martial Arts Alliance, and followed Zhu Zhishan to discuss countermeasures!

"I wish the alliance leader, now that there is such a big mess in the martial arts world in Kyoto, and the officials are sitting idly by, now only the martial arts alliance can come forward. If the martial arts alliance can catch the black-robed man now, I believe that many sect families will return to Under the command of the Martial Arts Alliance!"

Long Jingguo said to Zhu Zhishan.

"Patriarch Long, I'm also sending people to inquire around, but the whereabouts of the man in black robe are erratic and irregular, which makes it difficult for me to do it..."

Zhu Zhishan said with a slight frown.

"I wish the alliance leader, now it is rumored that the man in black robe is Fan Jiang, do you think it is possible?"

Long Xiao asked Zhu Zhishan.

"It's impossible..."

Zhu Zhishan shook his head firmly.

"I wish the lord, why are you so sure?"

Seeing that Zhu Zhishan was so sure, Long Xiao couldn't help but wonder.

"That year, that Fan Jiang was forced off the cliff, we saw it with our own eyes, and we found the body behind the cliff. Although the body was eaten by wild beasts beyond recognition, it must be that Fan Jiang."

"How can a person who has been dead for more than 20 years be returning?"

"It's just some rumors. In order to cause panic in the martial arts world, I can guarantee that it will definitely not be that Fan Jiang, and although this man in black robe is also very strong, compared with Fan Jiang, there is still a gap. "

"Back then, Fan Jiang was the strength of a fifth-grade Marquis. Now it has been more than 20 years, and I am afraid that he has already become a great Marquis, or even a Martial Saint."

"Do you think that a martial sage came back to seek revenge, would it be necessary to cover up?"

Zhu Zhishan analyzed it for Long Xiao, and nodded again and again after what Long Xiao said, feeling that Zhu Zhishan was right.

"Since it's not that Fan Jiang, who could it be?"

Long Xiao fell into confusion, and Long Jingguo also frowned, not knowing who this black robe man was and what he was for.

After Zhu Zhishan sent the Long family and his son away, he walked quickly into the dungeon of the Martial Arts Alliance.

And in the deepest part of the dungeon, a shadow was sitting there, and in front of the shadow was a bowl of bright red blood!

"It's been more than 20 years. I didn't expect someone to mention you again now, thinking that you came back for revenge. What a big joke!"

"As everyone knows, you have been in our martial arts alliance for more than 20 years, how can you go out!"

Zhu Zhishan murmured to the black shadow in front of him.

It turned out that the deepest part of this dungeon was the great devil Fan Jiang. After Fan Jiang fell off the cliff, the Martial Arts Alliance sent someone to rescue Fan Jiang, and then found an unrecognizable corpse and put it in place, blinding other people. !

“For more than 20 years, I have also done a lot of things for you. Otherwise, with your strength, how can you mobilize those hidden evil cultivators...”

Fan Jiang spoke slowly, and then drank the blood in front of him!

Zhu Zhishan didn't say anything, but turned around and left!

## Chapter 1482

Kyoto, in a small hotel!

David was wearing black clothes, and after a simple disguise, he was sitting at the table eating.

He came to inquire about the movements of the Martial Arts Alliance in the past two days.

The reason why David acted ruthlessly in the past two days is to take revenge, and to attract the idea of the Martial Arts Alliance, so that many masters in the Martial Arts Alliance can search for the so-called black-robed man.

And David can take advantage of the emptiness in the Martial Arts Alliance and find a way to rescue Sonya. David is not fully sure of breaking into the Martial Arts Alliance now!

Just when David was eating, four figures suddenly caught David's attention.

I saw four old men with different expressions walked into the restaurant, ordered some food, and started to eat. All four of them looked very solemn!

“Four wicked people? What are they doing in the capital? Do they know that they are dead, and how are they going to take revenge?”

When David saw the sudden appearance of the four villains, he couldn't help but look a little nervous and worried.

However, there are many people here, so David can't directly recognize each other, he can only wait silently.

Soon, after the four wicked men finished eating, they walked out of the restaurant, and David followed closely behind.

The sky is dark now, and there are a few stars scattered in the sky!

But the places where the four wicked men go are all very dark places. Where there are no street lights, they go wherever they go!

After turning into an alley, David also turned around and followed.

But when David turned around, he found that there were no four villains in front of him, but when David was stunned, the four villains had already fallen from a height and surrounded David.

“Who is Your Excellency? Why are you following us?”

Ding Dao glared at David and asked.

Seeing that the four of them did not recognize him, David couldn't help but smile in his heart, and decided to test the strength of the four of them during this period of time!

“I think you four are sneaky and don't look like good people, so come and see...”

David squeezed his throat and said in a hoarse voice.

Hearing David say this, Ding Dao's face instantly turned ugly.

"Big brother, what nonsense are you talking to him, just kill him directly, we still have to do business..."

After Ding Busan finished speaking, he punched David.

Now that the four of them are cultivating in the Demon Suppression Tower, they have all reached the realm of Marquis, so Ding Busan's strength should not be underestimated.

The terrifying fist style smashed directly towards David with a whistling sound.

I saw the boxing shadow hoho, although it was just one punch, there were countless fist styles surrounding David, and then one after another fist style hit David fiercely.

bang bang bang ...

I only heard a series of muffled humming sounds, and David stood there and didn't move!

"You still lack a lot of strength..."

David said to Ding Busan.

At this moment, Ding Busan was already dumbfounded. He looked at David in disbelief, and couldn't believe it. His punch didn't even hurt David's fur, and he didn't even move the place!

The other people were also shocked, but Ding Buer scolded Ding Busan angrily: "Young third, you are a b!tch, why don't you have any strength?"

After Ding Buer finished cursing, the aura on his body suddenly soared, and a visible energy swam around Ding Buer's body, and finally converged on his right fist!

Ding Buer's fist began to be enveloped by a layer of faint white light, these were all the energy emanating from the fist.

Immediately afterwards, with a loud shout, Ding Buer also punched David.

This time, Ding Buer didn't have any fancy moves, but raised his strength to the extreme!

boom!

After a loud bang like thunder, Ding Buer flew out instantly, his entire arm began to numb and began to tremble uncontrollably.

Looking at David, he still remains motionless, not even shaking his figure!

## Chapter 1483

"It's too weak, with your strength, you should go back to practice more, don't run around, be careful that you may lose your life..."

David spoke slowly.

This time, both Ding Buer and Ding Busan were angry, and even Ding Busi's breath soared, ready to start together.

Although David's strength shocked them, but a few people were not afraid at all, ready to go all out!

However, he was stopped by Ding Dabu, and then he frowned and asked David: "Who is your Excellency? We are the four wicked men in the Valley of

the Wicked. We have no injustice or enmity with you, I don't know why you are following us. ?"

Ding didn't know much about the hidden dragons and crouching tigers in the martial arts world of Kyoto, and the strength of this person in front of him was unfathomable. If it was not necessary, he could not go all out!

Because they still have more important things to do, the four of them are here to rescue Xiaoru. If there is a conflict here or time is delayed, it will not be worth the gain.

At this time, David slowly took off the hat on his head, revealing a delicate face.

When the four villains saw David, their eyes widened and they showed incredible expressions.

Then one by one got excited, and Putong knelt in front of David.

"Palace Master, you...you're not dead..." Remember the URL

Ding didn't knelt in front of David, and wept bitterly.

They all thought that David was dead. After all, David had not appeared for so long.

"Get up quickly..."

David hurriedly helped the four villains up: "I don't die so easily, the person who killed me hasn't been born yet..."

"Palace Master, are you the one who destroyed those sect families during this period of time?"

Ding Busan remembered what happened in the martial arts world in Kyoto recently, so he asked David.

David didn't hide it either, but nodded to admit it.

This time, the four villains were even more shocked. To be able to do this proves that David's strength has improved a lot.

"What are you four doing in Kyoto?"

At this time, David asked the four of them.

The faces of the four of them were suddenly embarrassed and embarrassed. After a while of silence, Ding Dao said, "Palace Master, Miss Xiaoru was taken away by Long Xiao. The four of us are here to save Miss Xiaoru..."

"what?"

David frowned, and his anger rose instantly.

"This goddamn Long Xiao..." David gritted his teeth, his eyes were slightly condensed, and his eyes were full of killing intent.

Feeling the terrifying killing intent on David's body, the four villains couldn't help being terrified!

After a while, David's murderous aura slowly subsided, and then he asked, "You four went to the Long family to save people. Isn't that asking for your own death? The strength of the four of you is not enough to deal with the entire Long family!"

You must know that the Long family is a veteran martial arts family in the martial arts world of Kyoto. The dragon family is a master like a cloud. It is said that the current Long Xiao, the four villains may not be able to deal with it!

Going to the dragon's house to save people in this way is no different from suicide!

"Palace Master, now Long Jingguo and Long Xiao of the Long family are gone, and some of the masters have also been transferred. It's a good time to save people..."

Ding didn't say much.

David asked with a puzzled face, "How did you know?"

"Mr. Long Wu called the Long family and said that he was making an appointment to meet that Long Jingguo. Now Long Jingguo has taken someone away, so the four of us took the opportunity to rescue Miss Xiaoru..."

Ding didn't explain.

"Uncle Long?" David was shocked!

You must know that Long Wu is an ordinary person now, and he has no strength at all. How can he deal with people like Long Jingguo?

In this way, Long Wu is sacrificing himself to lead Long Jingguo out of the Long family and provide an opportunity to rescue Xiaoru!

After all, Long Jingguo hated Long Wu thoroughly, and the betrayal between Long Wu and the old dragon led to these things that followed. Long Jingguo wanted to kill Long Wu for a long time.

Now Long Wu has come to the door automatically, and Long Jingguo will definitely go there.

"You go to stop Uncle Long now, I'll go to Long's house to save Xiaoru..."

After David finished speaking, he disappeared in a flash, he knew that time was precious!

# Chapter 1484

The four villains looked at the direction in which David disappeared, and all looked at each other, not knowing whether to follow David or stop Long Wu.

"Brother, what should I do?"

Ding Buer asked.

They were afraid that David would go to Long's house alone. If there was any danger, it would be troublesome.

But if they follow, Long Wu is in danger, and David will definitely not be able to spare them.

"Go, go back and stop Mr. Long Wu..."

Ding didn't finish speaking, and his figure quickly disappeared into the dark night.

...

The Long family, Long Jingguo took Long Xiao to see Long Wu, and the Long family has only a few high-level officials at the moment!

Because the people in black robes frequently killed people during this period, the Long Family's defense was very tight.

The two guards at the entrance were replaced by Wu Zong, and in the courtyard, there were more than ten Wuhou waiting in battle!

In addition to some of these Marquis being cultivated by the Long family, there are also some guest ministers invited by Long Jingguo during this period of time!

"What kind of elusive man in black robe do you think won't come to us?"

A guard in front of the dragon's house asked another companion, a little scared.

"Certainly not, don't worry, you didn't find out that those sect families that were destroyed are not strong enough, our Long family is one of the best in the capital, he dare not come..."

Another companion comforted.

"That's good, my eyelids have been twitching for the past two days. In addition, the owner and the young master have both left, and I'm very flustered..."

The terrified guard whispered.

"fcuk you! Now there are more than ten Marquis in the yard, even if the man in black robe comes, he will definitely not survive. I have been in the Long family for more than 20 years, and I have never seen such a battle. Well, don't worry..."

The companion patted the shoulder of the fearful guard.

But just as the voice fell, a long figure appeared in front of the two of them under the street lamp.

The two guards' expressions tightened, and then they saw a man in a black robe and a hat who could not see his face, walking towards the Long family step by step.

"The man in black..."

Seeing this, the frightened guard turned pale with fright, and turned his head to run towards the yard.

But as soon as he turned around, he felt a huge suction force, and instantly moved his entire body towards the black-robed man.

puff...

A sharp sword penetrated the body of the guard, and before he could scream, the guard went to see the King of Hell.

When the other guard saw this, he knelt to the ground with a thud!

Don't look at the unafraid appearance just now, but when you see David coming, you're scared to pee!

David glanced at the guard, but instead of killing him, he walked towards the courtyard.

David just walked into the yard, a dozen terrifying breaths came from all directions, and then surrounded David.

These dozens of people are all in the realm of Marquis, and the aura on their bodies continues to rise.

Although there are more than a dozen of them, when facing David, they can still hear the nervous breathing of these dozen people!

During this period of time, David's reputation was out, and his aggressive actions made many people start to fear!

At this moment, in a corner, Long Xingxu secretly observed David, although he could not see David's face clearly, but Long Xingxu still felt that the person in front of him had some kind of déjà vu.

"Bold madman, broke into my dragon's house late at night, damn..."

At this time, a senior member of the Long family stood up and rebuked David loudly.

And David looked at the senior members of the Long family in front of him, looking at everything in the Long family, and the anger in his heart had already reached its peak!

He knew that his mother should be somewhere in the Long family at this moment!

shuh...

David didn't speak, the Dragon Slaying Sword in his hand burst out with light, like a meteor piercing the night sky.

It was like a flash of lightning, flashing by!

## Chapter 1485

The sharp sword beam slashed across the neck of the senior Dragon family member in an instant, and the head of the senior member of the Dragon family family was thrown up high, and then rolled to the side!

Blood spurted out, and after a moment of pause, the body fell heavily.

This time, the eyes of the other Long family members showed horror, and the blood filled the air, making the atmosphere of the scene terrifying.

A Marquis of Wu, in front of this black-robed man, didn't even have a chance to fight back.

Fright began to spread in the hearts of every Long family member. At this moment, they believed that the rumor must be true, and the man in black robe in front of him must be the big devil Fan Jiang who disappeared for more than 20 years.

Some people started to tremble, and the hand holding the weapon was a little unruly. Even though there were more than ten of them now, the reputation of Fan Jiang's big devil still made them tremble with fear!

David glanced coldly at the Marquis of the Long family, and then said in a cold voice: "If you don't want to die, just get out of here..."

David's words caused the dozen or so Marquis of the Long family to look at each other, not understanding what David meant, didn't they come to destroy the Long family?

Why let them go? You must know that the other sect families were all wiped out, and not even a dog was left.

Seeing that these people were not moving, David said again: "Before I change my mind, get out..."

David's voice rolled, like a blast of thunder ringing in his ears.

More than a dozen Marquis of the Long family were awakened at this moment, and then some people jumped up and left the Long family directly!

One person moved, and everyone else started to leave, while David stood still and didn't make a move.

For a moment, more than a dozen Marquis of the Long family walked cleanly, and apart from a headless corpse on the ground, there was no half a figure to be seen.

The servants of the Long family didn't even know where to hide.

David hurriedly exuded consciousness, looking for where Xiaoru was being held, and also wanted to see where his mother was.

Although he has never seen his mother's face, David knows that as long as the two of them can feel each other, they can definitely recognize each other!

Just at the moment when David's consciousness spread, his eyes suddenly turned to the corner, his eyes were sharp and cold!

"come out..."

David shouted to the corner.

Soon, Long Xingxu walked out from the corner, but there was no sign of fear on his face!

When David saw that it was Long Xingxu who came out, he couldn't help feeling a little surprised. After all, the two of them met when they went to Suolong Island for the first time!

But it's been a few months, and Long Xingxu's strength doesn't seem to have changed much.

At this moment, Long Xingxu is like an ant in front of David, and David can shoot him to death with a wave of his hand.

"Aren't you afraid of me?"

David was curious when he saw Long Xingxu facing him without any fear.

After all, those Marquis Wu ran away in fright when they saw him, but Long Xingxu dared to face him.

Long Xingxu shook his head: "I know you are looking for someone, but I know where the person you are looking for is..."

After David heard this, he frowned and said, "Do you know who I am?"

Long Xingxu smiled: "I didn't know it just now, but now I know..."

"Since you know where the person I'm looking for is, take me there..."

David said coldly to Long Xingxu: "I hope you don't play tricks, otherwise you will know the end yourself."

"Don't worry, you won't kill me, because if you kill me, no one but the Long family will know where the person you are looking for is locked up."

After Long Xingxu finished speaking, he walked straight towards the backyard.

David followed all the way and came to a very ordinary room. Then Long Xingxu gently pressed the switch, and suddenly a stone door appeared in front of him!

## Chapter 1486

The moment Shimen appeared, a wave of wave formation was instantly sensed by David.

"There is a formation here?"

David said in surprise.

Even if it was just close at hand, if the mechanism was not activated, David would not be able to sense the fluctuation of the power of the formation, but when Shimen appeared, David sensed it immediately.

It can be seen that this formation is very advanced, and David's current strength is unable to set up such an advanced formation.

"This is the dragon's dungeon. Of course, a formation will be set up. Your mother is inside, but you must be able to open the stone gate..."

Long Xingxu said lightly.

When David heard the word "mother", his body trembled slightly, and then he looked at Long Xingxu with sharp eyes, and stuck Long Xingxu's neck with his hand.

"How do you know so much?"

David was a little surprised. The strength of Long Xingxu should not be reused in the Long family, but why did he know such a secret.

And this secret seems to be known only by the Long family now. remember url

Long Xingxu was caught by David's neck, he had difficulty breathing, and his face flushed: "You stuck me like this, how can I say..."

David saw that Long Xingxu was about to suffocate, so he let go and looked at Long Xingxu vigilantly.

Because of Long Xingxu's performance, it doesn't match his current strength at all!

"Although my strength is not high, I can be regarded as a sideline of the Long family, and I also have the blood of the Long family. Even if I know about this, there is no surprise."

Long Xingxu explained.

"Then why are you helping me? There's no fraud here, right?"

David asked cautiously.

Since Long Xingxu is from the Long family, why should he help himself?

"I'm helping you, just helping myself. Now that the Long family is exhausted, I know that you will kill the Long family's father and son sooner or later, and then I will hope to be the head of the Long family!"

“And now that I’ve helped you, you won’t avenge your kindness, right? What’s more, we both have the same blood. I’m not as ruthless as that Long Jingguo. My own sister and nephew will all be killed...”

When Long Xingxu said these words, he seemed to be filled with righteous indignation.

David stared at Long Xingxu, he wanted to see through this guy’s mind and see if he was telling the truth!

Unfortunately, David couldn’t see anything from Long Xingxu’s face.

But now, regardless of whether what Long Xingxu said is true or not, David intends to break in and rescue his mother.

David took a deep breath, his hand began to flash golden light, and then he slapped the stone door with his palm!

boom...

A ray of light flashed, and David was blown away by a huge force.

David looked at the stone gate in front of him in amazement. He didn’t expect the power of this formation to be so great.

“This formation was laid down by the ancestors of the Long family hundreds of years ago, and it is not so easy to open.”

“Now the entire Long family, only the owner can open it. Every time I enter, I have to choose to report to the owner...”

Long Xingxu said to David.

David didn’t speak, but stretched out his hand and sacrificed the Dragon Slaying Sword, and then walked to Shimen again.

Take a deep breath, the power of the dragon is injected into the Dragon Slaying Sword!

hum

With the injection of David's spiritual power, the Dragon Slaying Sword also burst into a dazzling light, the entire sword body was shaking, and it seemed to become very excited!

"break..."

David shouted, and the Dragon Slaying Sword in his hand slashed out fiercely.

clang!

The huge sound was deafening, and the terrifying anti-shock force made David back a few steps again, while Long Xingxu, who was beside him, was directly knocked out by the terrifying aftermath and smashed into the wall.

David frowned and looked at the stone gate in front of him. Not even a trace was left. The power of this formation was beyond David's imagination. It seems that it is impossible to break through this formation!

At this time, Long Ruotong, who was in the dungeon, seemed to sense something, his eyes flashed with excitement, and then he stared at the direction of the dungeon entrance.

## Chapter 1487

"Son, is that you? Is that you?"

Long Ruotong called softly.

Although the dungeon was sealed by the formation, it was impossible for the voice in the dungeon to come out, but David outside, as if he felt something, suddenly froze on the spot!

He seemed to hear his mother's call.

"Mother...Mother..."

David roared twice, followed by the golden light between the eyebrows, David's consciousness was all radiated by David. Since he couldn't break the stone gate, David wanted to let the consciousness go in and take a look at his mother.

It's a pity that the divine sense can't penetrate this stone gate at all, and David can't see anything except a faint breath.

But this faint breath, he can be sure, this is his mother's breath.

"what..."

David suddenly roared like crazy.

Immediately afterwards, the spiritual power in the body was boiling, and the Dragon Slaying Sword in David's hand was buzzing!

"Mother, mother..."

The Dragon Slaying Sword in David's hand slashed fiercely at Shimen!

One after another sword lights continued to emanate from the Dragon Slaying Sword, and the raging breath made Long Xingxu flee long ago. If he stayed there, his body would have been torn to pieces.

David didn't know how many swords he slashed, until he was sweating profusely and his spiritual energy was depleted, and David sat down on the ground!

At this moment, the surrounding houses had already been shaken and collapsed. David sat paralyzed on the ground, looked at the stone gate in front of him, and roared in collapse.

"Mother, mother..."

David's roar was filled with unwillingness.

This was the closest he was to his mother, who was right in front of him, but he couldn't do anything.

This kind of frustration made David very uncomfortable!

If you give yourself time, David will look for the formation eye a little bit, and it is not impossible to break the formation, but unfortunately David has no time to waste here.

He wants to rescue Xiaoru, but also to save Long Wu. If Long Wu dies because of this, David will be uneasy for the rest of his life!

"Mother, baby swear, I will save you..."

David kowtowed three times towards Shimen!

Long Ruotong in the dungeon also sensed something, and suddenly burst into tears, shouting constantly: "child, my child, mother believes in you..."

David got up slowly, but turned his head helplessly, he was going to save Xiaoru.

David was full of reluctance, but he had no choice but to look back at the stone gate in front of him in three steps, and finally turned his head and walked away!

At this time, Long Xingxu had already been hiding far away, and David's madness erupted in strength, just like a flash flood, it would crush everything!

"Where is Xiaoru locked up?"

David asked Long Xingxu.

"Xiaoru?" Long Xingxu looked blank, he didn't know at all.

Long Xiao arrested Xiao Ru and then locked him up. Long Xingxu didn't know about it at all.

That's why at the beginning, he took David to find Long Ruotong instead of Xiaoru.

He thought that David broke into the Long family just to save his mother.

David saw that Long Xingxu really didn't know, so he spread out his consciousness and wanted to capture the breath of Xiaoru.

It's a pity that David's consciousness covered the entire Long family, but there was no trace of Xiaoru!

"Could it be that Long Xiao didn't keep Xiaoru in the Long family?"

David frowned involuntarily.

There is no smell of Xiaoru in the Long family at all, so it seems that Long Xiao is likely to keep Xiaoru in another place.

Now David can only rush back to Yaoshen Valley, stop Long Wu, and then make plans!

This trip to the Long family failed to rescue Xiaoru, and neither did his mother, which made David feel a little frustrated!

However, he still rushed towards Yaoshen Valley at the fastest speed, hoping to stop Long Wu.

# Chapter 1488

"Long Wu, I didn't expect you to meet me after so many years..."

On a hilltop not far from Yaoshen Valley, Long Jingguo looked at Long Wu angrily and asked.

"Why can't I see you?"

Long Wu smiled coldly, facing Long Jingguo and his son, Long Wu showed no cowardice.

"You traitor of the Long family, if it wasn't for my Long family back then, you would have been exposed to the fucking wilderness..."

Long Jingguo yelled.

"It was the eldest lady who saved me, what does it have to do with your Long family?" Long Wu's face turned cold: "You inhumane guy killed your father and imprisoned your own sister for more than 20 years. Aren't you afraid of being punished?"

"God's condemnation? I never believed this. Since you came to die today, I'll give you a ride..."

Long Jingguo didn't want to follow Long Wu's nonsense, he lifted his palm, and a sharp wind moved towards Long Wu.

Long Wu did not dodge, but closed his eyes slightly, waiting for the dead general!

He is just an ordinary person now, and he has no ability to resist at all.

He came this time with the determination to die. He only hoped that the four evil men could rescue Xiaoru safely, then his death would be worth it.

But just when the strong wind was in front of Long Wu, four figures suddenly stopped in front of Long Wu, and it was the four villains who came.

A faint light radiated from the hands of the four of them, and the light spread in front of them to form a barrier, which blocked Long Jingguo's strong wind!

"Four villains?"

When Long Jingguo saw the sudden appearance of the four evil men, he couldn't help frowning.

When Long Wu saw that the four villains had returned so soon, his face could not help but show concern.

"Four brothers, have you ever rescued Xiaoru?"

Long Wu asked nervously.

"Don't worry, someone has gone to save Miss Xiaoru, the four of us are here to protect you."

Ding Dao said to Long Wu.

"Brother, the four of you are not the opponents of the father and son of Long Jingguo. Rather than losing your life, it is better for me to die alone..."

Long Wu doesn't want to let the four evil people take risks with him!

"It's our mission to protect you, and we won't leave unless the four of us die!"

Ding Budai had a firm look on his face, and then said to Ding Busi: "Fourth, you protect Mr. Long Wu, and we will catch up later..."

Ding Busi nodded, pulling Long Wu to leave, and Long Wu's face became indescribable!

They used to be five brothers, but now, the four villains are respectful to him, and the brotherhood of the past is missing!

"Brother, take care..."

Long Wu knew that he was just an ordinary person now, and even if he stayed, it would only be a burden.

But when Ding Busi and Long Wu were about to turn around and leave, he felt a gloomy wind blowing, and then Long Xiao blocked their way.

"Since you're here, you can't leave, so let's leave your life behind..."

The corner of Long Xiao's mouth was slightly raised, and he said contemptuously.

"Fourth, you go..."

Ding didn't let out a loud shout, and then punched Long Xiao with a punch!

Ding Bu Dao burst out with all his energy. With this punch, waves of fluctuations began to appear in the air. A white gas visible to the naked eye made a sound of breaking through the air, heading towards Long Xiao!

Ding Bu'er and Ding Busan also attacked Long Jingguo at the same time as Ding Bu'er was attacking Long Xiao.

They want to entangle the two at the same time, so that Long Wuhao has a chance to escape.

Facing Ding Dabuo's punch, Long Xiao let out a cold snort, and saw that he waved his hand casually, the black mist covering his hand, instantly engulfing the white energy.

In an instant, the energy that Ding Budai smashed disappeared, and the black mist penetrated Ding Budai's body in an instant, directly knocking Ding Budai flying out.

## Chapter 1489

Seeing this, Long Wu hurried over and helped Ding Dao up: "Brother, are you alright?"

"Boy, I fought with you..."

Seeing this, Ding Busi suddenly had a sharp blade flashing with cold light in his hand, and there were gaps on the sharp blade, exuding cold air!

Ding Busi was extremely fast, like a flash of lightning, and instantly came to Long Xiao.

The sharp blade exuding cold air stabbed directly at Long Xiao's chest!

clang!

After a loud bang, Ding Busi's sharp blade stabbed directly into Long Xiao's chest, but the sharp blade was broken, but it didn't hurt Long Xiao at all.

"Hahaha, a bunch of clowns jumping on the beam..."

Long Xiao laughed loudly, and then slapped Ding Busi out with a palm.

Ding Bubai and Ding Busi stared at Long Xiao with incredulity in their eyes.

They didn't expect Long Xiao's strength to grow so fast. In a short period of time, neither of them was Long Xiao's opponent. remember url

At this moment, Ding Buer and Ding Busan were fighting with Long Jingguo, and Long Jingguo's strength was inferior to that of Long Xiao now.

Followed Ding Buer and Ding Busan to fight, but they didn't fall behind.

"Father, let me come..."

Seeing this, Long Xiao moved in front of Long Jingguo.

Then the two palms were shot, and Ding Buer and Ding Busan were also shot and flew out.

Long Jingguo was very happy when he saw Long Xiao's strength at this time.

"Xiaoer, your strength is getting stronger and stronger. In the future, I will count on you to expand my Long Family..."

Long Jingguo praised happily.

Long Xiao didn't speak, but looked at the four wicked men who fell to the ground, with a sneer on the corner of his mouth: "The four Marquis are really resources delivered to your door, and I have absorbed the strength of the four of you, maybe my strength can be even better. layer..."

The reason why Long Xiao didn't kill the four villains was to absorb their strength.

"Long Xiao, it's me that you want to kill, let them go, I'll let you deal with it..."

Long Wu stood in front of the four villains and said to Long Xiao.

"Hahaha... Are you kidding me? What qualifications do you have to talk to me?"

"Even if I don't let them go, can you still survive?"

"Don't worry, all five of you are going to die, and one of you won't survive. You are a cripple, still want to talk to me?"

Long Xiao laughed, his face full of mockery.

Long Wu's face was extremely ugly, Long Xiao was right, what qualifications does he have to talk about now?

Just as Long Xiao was slowly walking towards the four villains, a sudden sound of footsteps made him stop.

Then I saw seven or eight people rushing towards here, and everyone exuded the spirit of Marquis!

Long Xiao frowned, not understanding why so many Marquis suddenly appeared here.

Could it be someone from Medicine God Valley?

Just when Long Xiao was surprised, those people were already in front of him. Only then did Long Xiao see clearly that they were all from the Long family.

And Long Jingguo frowned when he saw that all the masters of the Long family came here: "What are you doing here? Didn't you let you guard at home?"

"Patriarch, it's not good, it's not good..."

A master of the Long family panted and said: "Then...the black robe killed the dragon family..."

"What?" Long Jingguo was startled: "Then why did you escape? Why didn't you stop him?"

"Patriarch, that man in black robe is too powerful. He killed Elder Qi with one sword. We...we are not opponents at all..."

Then the master of the Long family explained with a trembling body.

"Damn, you dare to kill my Long family, you mustn't let him escape easily..."

Long Jingguo's eyes were full of anger, and the Long family was considered to be a respectable family in Kyoto. If this was killed at will by the people in black robes, if it spread out, the Long family would be disgraced.

## Chapter 1490

"Father, let's go back..."

After listening to Long Xiao, he also really wanted to meet the man in black robe and see if the man in black robe was Fan Jiang.

"You guys, take them away together, we'll go back quickly..."

Long Xiao pointed at Long Wu and the Four Great Villains, and then said to the masters of the Long family.

Soon, Long Wu and the four wicked men were controlled, and then took them to the Long family.

But after walking not too far, a figure stopped him.

Long Xiao's eyes narrowed, and a solemn expression appeared on his face!

And those Dragon family masters, after seeing the figure in front of them, all changed their faces.

Only the figure in front of him, wearing a black robe and hat, was the man in black robe who broke into the Long family.

"It was him, the one who broke into the Long family..."

At this time, a master of the Long family pointed at David and shouted.

Long Jingguo's expression became tense. If the person in front of him was really Fan Jiang, it would be a little troublesome.

"This friend, can you tell me the name, why is it blocking our way?"

Long Jingguo stepped forward and said to David very politely.

And David looked at the father and son of the Long family in front of him, the anger in his eyes was burning, and the murderous aura rose.

"Let them go..."

David has always been Long Wu and the four evil men, and said coldly to Long Jingguo.

Long Jingguo was stunned for a moment, not understanding what David meant, so he asked, "Friend, these are all enemies of my Long family, do you have anything to do with them?"

This time, David didn't speak, but his figure flashed suddenly, and I saw a figure shuttle quickly, and instantly arrived in front of Long Wu and the others.

And the two masters of the Long family who have been holding Long Wu and the four villains all the time, only felt a chill in their necks, and then their heads were thrown up high. At the moment when their heads were cut off, they could even see themselves. body is moving!

This sudden change made Long Jingguo and Long Xiao both stunned on the spot, and Long Wu also looked at the man in black robe in front of him in disbelief.

The two Dragon Clan masters who had their heads beheaded were Marquis Wu. Although they were only new Marquis, they were Marquis Wu.

The four villains knew that the person in front of them was David, and the strength David showed now also shocked the four villains!

"court death..."

Seeing the other party, Long Xiao couldn't help but say that as soon as he made a move, he killed two masters of the Long family. He was so angry that he wanted to attack David.

However, he was stopped by Long Jingguo. After giving Long Xiao a wink, Long Jingguo suppressed the anger in his heart and stepped forward: "This friend, who are you? Follow me to the Long family. What kind of hatred? Why did you kill the two masters of my Long family as soon as you made a move?"

Long Jingguo didn't know the identity of the other party now, so he could only hold back and would not act easily.

David slowly turned around and looked at Long Jingguo coldly: "My grievance with the Long family is undeniable..."

Having said that, David slowly took off his hat!

"David..."

"David..."

After seeing that the man in black robe turned out to be David, Long Xiao and Long Jingguo were all shocked and shouted at the same time.

They never imagined that the black-robed man who had caused a stir in the martial arts world in Kyoto and destroyed more than a dozen sect families turned out to be David.

Shouldn't he have died long ago?

Why are you still alive?

Didn't he die in Bliss City?

Many questions kept popping up in the minds of the father and son of the Long family.

After Long Wu saw that David was still alive, tears of excitement flowed out of the whole person.

“David, you...you’re still alive, that’s great, that’s great...”

Long Wu stepped forward and hugged David tightly.

“Uncle Long, I’m alive, I’m living well...”

David was moved for a while and comforted Long Wu!
