

A Man Like None Other

Novel

Chapter 1901

"Don't, don't come here, Xiaoyu, I was wrong, don't come here, I'll give you the golden pill, give it back to you..."

Wan Hong seemed to have seen something terrible and kept begging for mercy!

And a hand suddenly grabbed towards his abdomen, blood spurted, Wan Hong took out a golden core directly from his body!

The golden pill exudes a faint light, while David reached out and took the golden pill from Wan Hong's hand!

David reached out and handed the golden pill to Hu Mazi, because this was Xiaoyu's golden pill!

Hu Mazi looked at the golden pill in David's hand, and his eyes were full of complicated expressions!

He slowly stretched out his hand and took Jindan over. After hesitating for a moment, he swallowed Jindan with one mouth!

A familiar feeling swept through Hu Mazi's body. At this moment, Hu Mazi seemed to have seen the woman who betrayed him, but he loved deeply!

Hu Mazi reached out and stroked gently in front of him, as if that Xiaoyu was right in front of his eyes!

All of this is because of David's mental power. In order to let that Hu Mazi untangle this knot in his heart!

Soon, Hu Mazi's face was covered with tears, and she gently embraced the air in front of her!

David felt that the time had come, so he slowly took back his mental power!

"Xiaoyu...Xiaoyu..."

Hu Mazi shouted reluctantly, but the Xiaoyu in front of him still disappeared!

On the other side, Wan Hong is also looking at Xiaoyu in horror. He is looking forward to the disappearance of Xiaoyu in front of him!

If Xiaoyu was still alive at this moment, I don't know how I would feel if I saw such a scene!

"Ah..."

Wan Hong, who had regained consciousness, looked at the bloody appearance of his chest, and roared in pain in an instant!

Looking at his hand, he instantly understood that everything in front of him just now was an illusion, controlled by David's mental power!

In this way, Wan Hong is still far behind David, even if it is compared to his spiritual power!

"Do you still have something to say?"

David looked at Na Wan Hong coldly and said.

Facing David at the moment, Wan Hong was already convinced and lowered his head: "Please, please spare my life, as long as you spare my life, I am willing to be a bull and a horse for you..."

"Forgive you . ?" David slowly looked at Hu Mazi: "Master Hu has the final say..."

Wan Hong was stunned and looked at Hu Mazi with a look of horror!

But before Wan Hong could speak, Hu Mazi had already rushed up aggressively.

"Wan Hong, I want to avenge Xiaoyu..."

With that, Hu Mazi slapped Wan Hong with a palm!

At this moment, Wan Hong was already seriously injured, how could he escape, he was hit by Hu Mazi with one palm, and his brain burst to death!

Seeing Wan Hong's death, the anger on Hu Mazi dissipated instantly!

"Fortunately, you didn't destroy his body, otherwise it would be a pity for the golden elixir in his body..."

David said, with a wave of his palm, Wan Hong's body exploded like a bomb!

A golden pill was instantly thrown into the air, but David caught it firmly!

Although David is already the Marquis of Great Wu, even if he devoured Wan Hong's Jindan, his strength will not increase much, but he is better than nothing!

Now David is afraid that he has to devour the peak of the Great Marquis, or even the Golden Core of the Martial Saint, in order to improve his strength!

Zheng Kai, who was on the side, watched quietly, his legs were already soft at this time!

He was very fortunate to have listened to his father's words. If he was still following David at this time, then he would definitely not survive!

Now Zheng Kai began to admire his father, and he was able to quickly adjust his thinking. When it was unfavorable to the Zheng family, he chose to cooperate with David!

Now it seems that this decision is definitely the most correct, even if you lose the ten thousand year herb and make friends with David, it will definitely be worth it!

Chapter 1902

David followed Hu Mazi back to the hotel!

Zheng Kai went back to recover Zheng Anguo!

Just when David followed Hu Mazi back to the hotel, Zhou Jie also came back from the Demon Sect!

It's just that this time Zhou Jie's face was a little melancholy!

"Miss Zhou, what's the matter with you?"

David asked.

"Oh, nothing, maybe a little tired..."

Zhou Jie quickly explained!

Zhou Jie kicked San Gong water in his pocket, but he didn't want to use it for David and Hu Mazi!

During this period of contact, Zhou Jie felt that David was not bad.

The most important thing is that Song Qingping's approach is against the purpose of their Demon Sect!

"Since I'm a little tired, Miss Zhou should rest more!"

David said.

Zhou Jie nodded and then walked towards her room, but when she passed in front of Hu Mazi, Hu Mazi didn't even look at her, not even her fair thighs!

This time, Zhou Jie was a little overwhelmed, she suddenly felt that Hu Mazi seemed to be a different person!

Zhou Jie also deliberately paused, but Hu Mazi still didn't look at Zhou Jie!

Women are like this. When you stalk her every day, she sees you as the most annoying person, but one day you don't pay attention to her, and you can't stand it!

Zhou Jie is like this now. Although he was often taken advantage of by Hu Mazi, Zhou Jie was very angry, but now Hu Mazi suddenly stopped talking or looked at her, and Zhou Jie was still a little uncomfortable.

In the end, Zhou Jie could only go back to the room with a puzzled face, while Hu Mazi had a calm face, and there was no more sullen look in his eyes.

David knew that the reason why Hu Mazi had such a change was entirely because of Xiaoyu's golden elixir!

But this may be a good thing for Hu Mazi, and it has relieved the worries that he has been suppressing in his heart!

the next day!

Zheng Anguo sent people to hide a 3,000-year-old mountain ginseng on the mountain, and the people who were sent to surround the entire mountain have also withdrawn!

Now I don't know how many sects and aristocratic families are staring at that place. Even if people like Zheng Anguo are guarding it, it is useless. They will also point out the place where the ten thousand years medicinal herbs were born!

At night, the ten thousand years herbs will be born, but during the day, no one is going to the place where the herbs were born!

It's just that the atmosphere in South Lake City has become a little weird!

On the surface, it seems that everything is normal, nothing is different, but it has already been undercurrent!

I don't know how many aristocratic families have secretly formed alliances, because they know that the birth of this ten thousand year herb must be a landslide, and everyone will break their heads. If it is not absolutely tyrannical, it can only be a loser!

Therefore, many aristocratic sect families began to form alliances in secret, so that when they snatch the ten thousand year herbs, they can have an advantage!

When the sky was getting dark, David, Hu Mazi and Zhou Jie started to go to the place where the medicinal materials were to be born!

Along the way, David let go of his consciousness and directly covered more than ten miles around!

Soon, those masters who had already been hiding in the dark were all detected by David!

“David, there are a lot of masters hidden here, there are more than 20 Great Marquis alone...”

Hu Mazi also felt the strong aura around him, and couldn't help but be surprised.

“I'm afraid this is only part of it. The allure of ten thousand years of herbs is not small. Maybe all those sects and aristocratic families are all dispatched!”

David said with a frown.

If this is the case, then David must be even more careful, and must not let these people know where the Wannian Herb is really born!

The closer you get to the place where the herbs were born, the more powerful the breath. Although those people are restraining their breath, with so many masters together, they still condense a very strong sense of oppression!

Chapter 1903

If an ordinary person passed by here, he would not dare to take a step!

Just as David exuded divine consciousness and kept exploring the surroundings, there were also a few breaths that shrouded them towards David!

David is investigating those people, and those people are also investigating David!

Everyone is testing each other, but no one does it. Everyone knows that Wannian Herb has not yet been born. At this time, fighting and wasting energy is a fool!

“Hmph...”

Hu Mazi also sensed the breath to probe them, so he picked up a spell, and then drew his fingers on it, a soft breath instantly merged with David's own breath!

In this way, a part of David's real strength can be covered up. At this time, they cannot let the other party know their real strength, otherwise there will be no suspense!

David followed Hu Mazi and Zhou Jie to the place where the Wannian herb was going to be born, and stopped, and many people were also approaching here. It seems that many people guessed that the Wannian herb was born. The place.

"David, you are the dignified Dragon Gate Sect Master, why did you come to such a remote place?"

Zhu Hao brought several people, and then walked to David and asked.

"The eldest young master of your dignified Southwest Zhu family is here, why can't I come!"

David said with a faint smile!

While speaking, David's consciousness instantly covered the old man brought by Zhu Hao!

Because David could see that only the old man was the most powerful person Zhu Hao brought.

Just when David was exuding his divine sense to investigate the strength of the old man!

Suddenly, a terrifying aura burst out from the old man's body, making David startled!

"The strength of Dawuhou's peak?"

David was shocked.

Hu Mazi and that Zhou Jie all changed their expressions, obviously they also felt the breath just now.

Seeing David's expression, Zhu Hao smiled coldly: "David, this place is no better than Kyoto, there are people covering you in Kyoto, but not here, if you are here for the ten thousand year herb, I advise you to hurry up. Click to leave!"

"Otherwise, so many people are staring at the ten thousand year herb, where will you get your turn, and there will be no bones left at the end of the province, don't blame me for not telling you!" When

David heard this, he couldn't help but smile: "Then I I would also like to thank Young Master Zhu, but I like to be lively, and I like to go wherever there are many people!"

Seeing that David refused to listen, Zhu Hao said: "David, let me tell you the truth, this ten thousand year herb is ours. The Zhu family has decided, I hope you don't stand in front of us, otherwise..."

Zhu Hao said with murderous aura.

"Ten thousand years medicinal herbs are things without owners, anyone can take them, are you threatening me by saying that?"

David said, his face turned cold!

A strong sense of oppression instantly shook Zhu Hao's body, and his face changed slightly!

Seeing this, the old man beside Zhu Hao directly defeated David's strong sense of oppression, which made Zhu Hao take a breath!

David glanced at the old man and didn't say anything, but turned and left. He didn't want to fight with that Zhu Hao yet!

"David, it seems that it is really difficult to get the ten thousand year herb this time. I don't know if so many experts will be fooled in a while."

Hu Mazi whispered to David.

"What?"

Zhou Jie asked curiously.

Because Zhou Jie was not there when David and Hu Mazi were discussing countermeasures, so they didn't know that David and the others were going to steal the lead!

Hu Mazi did not explain, nor did he glance at Zhou Jie!

This time, Zhou Jie felt a little uncomfortable. He didn't understand what happened to Hu Mazi?

"Could it be that you found out that he was going to be bad for them?"

Zhou Jie began to drum in her heart!

Chapter 1904

In fact, Hu Mazi simply changed his mind a lot. At this time, Xiaoyu's golden elixir was in Hu Mazi's body, and the two were together in this way!

Therefore, Hu Mazi didn't dare to be tempted by other women, or looked at them randomly, he thought that Xiaoyu would find out if this was the case.

From this, it can be seen that Hu Mazi's sincerity towards that Xiaoyu!

"Let's take a step by step, but with the support of the Zheng family, we don't necessarily have an advantage!"

David said slowly.

Now as long as these masters don't unite and all fight on their own, David still has hope.

At this moment, there was a sudden commotion around, and the masters who were hiding in the dark all appeared one after another, and they all showed fear!

"It's broken, it's broken, I didn't expect the Hong family to dispatch 18 Arhats..."

"I'm afraid others won't have a chance now, the Hong family has brought all the old bottoms!"

"Okay, there is a good show to watch, Even the Hong family, who is thousands of miles away, has come, it seems that the birth of this ten thousand year herb is no longer a secret!" The

surrounding masters talked in horror!

David, on the other hand, looked to one side and found that under the faint moonlight, a group of people were coming here quickly!

Most of the people in this group have shaved heads, and their heads are very bright!

David counted and found that there were as many as eighteen people who had shaved their heads. This should be the eighteen Arhats among those people!

And the leader of these people is Hong Qianjiu of the Hong family in East China.

David had no impression of this Hong Qianjiu, that is, he saw it once on the day Longmen opened!

Moreover, these families are the spokespersons of the major secret realms. They have only recently removed their veils and exposed them to the eyes of everyone in the martial arts world.

In a short period of time, these families have been able to have such a great influence in front of everyone in the martial arts world, which shows that the strength of these families themselves is not bad!

Soon, Hong Qianjiu brought people over, and his keen eyes swept over the crowd. Many people felt that Hong Qianjiu's gaze and couldn't help turning their heads.

In the end, Hong Qianjiu's eyes stayed on David's body, and seeing David there, Hong Qianjiu was obviously shocked!

He didn't expect David to be here!

"I didn't expect the famous Dragon Gate Sect Master to be here, it's been a long time..."

Hong Qianjiu stepped forward and clenched his fists towards David!

David also returned the salute and said, "Young Master Hong has won the prize. I'm just an ordinary person. I just have better luck. I can't compare to Young

Master Hong..." "Clan Master Chen is very polite!" Howe!

When Zhu Hao saw Hong Qianjiu, there was a bit of fear in his eyes.

"Ninth brother, I didn't expect your Hong family to also get the news, and they came so far."

Zhu Hao stepped forward and followed Hong Qianjiu.

"It's just a thousand-year-old medicinal herb. It's worth my journey. I'm just passing by here, just come and take a look!"

Hong Qianjiu said with a proud attitude.

"That's right, I heard that the Hong family has a rootless land, where rare things can't grow, where can I see the ten thousand years of medicinal herbs!"

Zhu Hao quickly flattered that Hong Qianjiu!

When David listened to Hong Qianjiu's words, he only thought it was bragging. Now this young man likes to brag if he has a little strength!

"David, do these young people like to brag so much now?"

"Fortunately, you are different from them. If you brag like this every day, I would have been blown away by that!"

Hu Mazi giggled.

"Freedom of speech, people like to blow it, we can't control it!"

David said with a faint smile.

"Mr. Chen, what you said is wrong, then Hong Qianjiu really didn't say it..."

At this moment, a voice sounded from behind David!

David turned around and saw that Jiang Wei was bringing a dozen people over!

"Brother Jiang, why are you here?"

David asked in surprise.

He didn't expect that the birth of this ten thousand year herb would attract so many sect families!

And these are the endorsement families of the secret realm in the secular world!

Chapter 1905

"I also brought people over to join in the fun!"

Jiang Wei said with a faint smile.

"Brother Jiang, you just said that Hong Qianjiu didn't brag about it. Could it be that their Hong family really doesn't like a ten thousand-year-old herb?"

David asked.

Jiang Wei nodded: "Yes, as far as I know, the Hong family is probably the one that lacks the most resources. I heard that the Hong family has a rootless land where many rare herbs can grow, so the Hong family has the most abundant resources! "

What is rootless land?"

David asked.

Jiang Wei smiled awkwardly: "I don't know either, I just heard about it!"

Seeing that Jiang Wei didn't know either, David didn't ask any further, but said to Jiang Wei, "Brother Jiang, how did you know about this ten thousand year herb? Born? Did you bring people here to compete for this ten thousand year herb?"

Seeing David asking this, Jiang Wei smiled and said, "Mr. Chen, it's not me, a ten thousand year herb is really not worth us. It's not far away, and we

brought people here. We have other things. We just passed by here, heard about this, and stopped by to see it."

"There are other things? What is it?"

David asked curiously.

"This..."

Jiang Wei looked embarrassed.

Seeing this, David quickly said: "Brother Jiang is embarrassed, don't say it, as long as brother Jiang is not here to compete for the ten thousand years herbs, otherwise I really don't know what to do!"

"Mr. Chen, don't worry, since you If I want the ten thousand year herb, I will not do it, if Mr. Chen needs it, I can help you!"

Jiang Wei said.

"Brother Jiang is kind to me, but I don't need it for the time being. If necessary, I will inform Brother Jiang!"

David didn't want Jiang Wei to help him for the time being. Although when David went to the Ge family's land, Jiang Wuya, the owner of Tianluo Building, said that as long as David was in trouble, the Jiang family could help with all his money, but David still didn't plan to let him go. Jiang Wei help!

"Mr. Chen, if you need it, just say hello to me!"

"I'll go over and say hello..."

After Jiang Wei finished speaking, he walked over, followed Zhu Hao and Hong Qianjiu to say hello!

At this time, there were many aristocratic sect families around, as well as martial arts masters. Seeing the famous family that suddenly appeared recently, several came, and they all brought many masters. This time, they all started to drum in their hearts!

Some people came up with the idea of quitting and slipped away quietly. Although the all-purpose herb is tempting, the premise is that they have a life to consume it!

If the life is gone, the ten thousand year herb is still useless!

Time passed minute by minute, the moon hung high in the air, and the bright moonlight sprinkled in this forest, making this forest even more holy!

Zheng Anguo led the most elite members of the Zheng family, whether it was the Great Marquis or Marquis Wu, they all moved in full force!

But when Zheng Anguo brought people there, looking at the people from the major families in front of him, he panicked!

Fortunately, he evacuated the people ahead of time, and chose to cooperate with David. If he forcibly banned the place and obtained the ten thousand years of medicinal herbs by himself, relying on his own territory, it is estimated that these elites of the Zheng family would have become corpses at this moment!

In that case, the Zheng family is the common enemy of these people in front of them. How strong is the Zheng family, who can deal with the attacks of so many aristocratic families!

"Mr. Chen..."

Zheng Anguo walked to David and shouted!

"Patriarch Zheng, are you all ready?"

David asked.

"It's all ready, but the time is about to arrive. If the ten thousand year herb that really exists is born, there must be a change in the world. I'm afraid I can't hide it from them!"

Zheng Anguo said.

"Don't worry, I've improved it a bit on top of the formation arranged by Wan Hong. This formation can suppress the Wannian herb.

" If there is a change in the world, those people are too late!"

David said confidently.

Chapter 1906

Now everyone is waiting for it with phantoms!

Waiting for the moment when the ten thousand year herbs come!

"Ninth brother, this time the ten thousand year herb is born, I think that David is bound to win!"

Zhu Hao took the initiative to approach Hong Qianjiu and said.

"It's bound to be won, it's bound to be won, what does it have to do with me..."

Hong Qianjiu just came over to watch the excitement, and didn't care who got the ten thousand year herb!

"Ninth brother, David is now the leader of the younger generation in the martial arts world. Now the world only knows him, David, where else would anyone know about Ninth brother, you can't be covered by that David!"

"If that David is getting Ten Thousand Years Herbs will definitely increase in strength, and at that time we are afraid that we can only be rubbed under his feet!"

Zhu Hao whispered to Hong Qianjiu!

But Hong Qianjiu is not a fool either. When the Dragon Gate held the ceremony, Hong Qianjiu went there because he wanted to step on David to ascend to the throne!

It's just because of Mr. Shi's appearance and the addition of those island country messengers, none of them did anything with David!

But now, Hong Qianjiu doesn't want to compete with David, because he has more important things to go!

"Zhu Hao, when did you learn so bad? Do you want to stimulate me and let me deal with David?"

"I tell you, don't take me for a fool, whoever wants the ten thousand year herbs? Yes, it has nothing to do with me, I just come over to see the excitement."

"I believe you brought so many masters, not just for this ten thousand year herb? We all know in our hearts what matters. Yes ."

Hong Qianjiu reprimanded Zhu Hao, but Zhu Hao's face was a little ugly, but he didn't dare to say anything!

At this moment, not far away, two people wearing black clothes and hiding themselves in the dark are quietly watching these people in front of them!

Although there are many of these people with the strength of the peak of the Great Marquis, no one has discovered these two!

These two people were Song Qingping and Ning Zhi. They seemed to be worried about the ten thousand year herb, so they came to have a look.

The moon in the sky is getting rounder and rounder, and seeing the time approaching, everyone's mood has become complicated!

Some people started to short of breath!

"It's time..."

Suddenly someone shouted, and everyone couldn't help but look at the time!

It's a pity that when the time came, everyone did not wait for the birth of the ten thousand year herb, and the whole mountain and forest was still the same calm!

"What's the matter? Could it be that the date is wrong?"

Seeing this, Zhu Hao couldn't help frowning!

Others are also talking about it. It stands to reason that so many people know that today is today, so it should not be wrong!

"Could it be the wrong place?"

someone said.

"Yes, it should be the wrong place. The place where the ten thousand year herb was born is not here."

Someone started pinching their fingers and recalculated the place where the ten thousand year herb was born!

David gave Hu Mazi a wink at the moment, and Hu Mazi understood and left!

Not long after, in the southwest direction where everyone was, a dark cloud suddenly appeared in the sky, the dark cloud blocked the moonlight, and it was accompanied by a rumbling sound!

This vision instantly attracted everyone's attention, and they all looked in the southwest direction!

"The Ten Thousand Years Herb was born, it's not here..."

Not only someone shouted, but then everyone ran towards the southwest!

Jiang Wei looked at the vision in the southwest direction, and wanted to go over curiously, but he saw that David was motionless, so he asked curiously: "Mr. Chen, can't you go over? Don't you want to? Did you get the Wannian Herb?"

David smiled and said, "It's definitely not the Wannian Herb that was born there..."

Jiang Wei was stunned, wondering why David was so confident, but he still couldn't bear his curiosity and asked Run to the southwest!

Chapter 1907

At this moment, Hu Mazi was there, and the spells in his hands were hitting the sky one after another!

Rumbling....

The thunder roared louder, and the earth trembled!

"David, you got the Ten Thousand Years Herbs, but don't forget me..."

Hu Mazi was already sweating profusely at this moment!

You must know that it is quite energy-intensive to perform this technique!

Everyone felt the tremor of the earth, and the speed was even faster!

Seeing everyone getting closer, Hu Mazi instantly hit a spell on the ground, and then the ground began to crack, as if something was about to rise into the sky!

"The Ten Thousand Years Herb is about to be born..."

Zhu Hao, who was the first to arrive, shouted excitedly as the ground continued to rise.

Then the others came in a hurry!

Everyone watched the ground rise and fall, their hearts raised in their throats, and they unconsciously held their weapons in their hands.

boom!

There was another roar, followed by a ray of light rising into the sky, and the dark clouds in the sky were instantly washed away by this ray of light!

"I was born..."

Zhu Hao was overjoyed, the whole person jumped up and went straight to the light!

At the same time, countless people around them rose up one after another. For the sake of the ten thousand year herbs, these people were afraid that they would not even die!

Since they chose to stay, they were going to do their best.

"Stop them..."

Zhu Hao ordered loudly when he saw this.

I saw that the subordinates brought by Zhu Hao began to block those who rushed to the ten thousand year herb!

As for the old man from the Zhu family, a terrifying aura erupted from his body, and his palms came out, and several figures were instantly knocked out.

The strength of the peak of Dawuhou is no joke!

The old man waved his palms like a tiger descending the mountain. There was no way for others to get close to the ten thousand year herb!

Seeing the ferocity of the old man, many people did not dare to step forward, and even more did not dare to have an idea about the ten thousand year herb!

Everyone in the Zhu family formed a circle and surrounded Zhu Hao, but at this moment Zhu Hao grabbed his body and caught a mountain ginseng in mid-air!

"Hahaha, I got it, I got it..."

Zhu Hao laughed excitedly.

Everyone looked at the wild ginseng in Zhu Hao's hand, with greed and envy in their eyes!

Zhu Hao wasn't afraid of those people, he only set his eyes on Hong Qianjiu, as long as Hong Qianjiu didn't think about the herb, no one could take the herb away from him!

Some people looked at the herbs in Zhu Hao's hands, they couldn't bear it, they jumped up and walked towards Zhu Hao, trying to take the herbs in Zhu Hao's hands!

"Looking for death..." The

old man snorted coldly, and then slapped it out!

boom!

The old man waved his hand, and the guy who wanted to snatch the herb was shot to death instantly.

This time, no one dared to snatch it, and could only look at Zhu Hao enviously!

And meanwhile on the other side!

Hu Mazi ran back out of breath and said to David: "David, those idiots have been fooled, hurry up and take the Wannian Herbs away, you kid owes me a favor, you almost didn't exhaust me!"

"Don't worry, Master Hu, I will definitely remember it!"

David smiled slightly, then pinched his fingers, and then the ground began to tremble slightly!

Soon, black stones rose into the air, shining in the moonlight!

"Break..."

David waved his palm, those black stones burst instantly, and the formation set up by Wan Hong disappeared instantly!

At the moment when the formation disappeared, the entire mountain forest was instantly illuminated by a strange light!

I saw a ten-thousand-year-old Polygonum multiflorum quietly growing on the ground!

He Shouwu radiates golden light, and the bright light compares the moonlight!

When they saw the ten thousand years of He Shouwu, everyone's eyes were wide open, and their eyes were full of incredible!

Chapter 1908

"This... this is the ten thousand year herb..."

Zheng Anguo was trembling all over. It was the first time he had seen this ten thousand year herb!

Everyone stared at the Ten Thousand Years He Shouwu, but David was stunned!

Because he discovered that the ten thousand years of Polygonum multiflorum turned out to be in the land of resources discovered in the secret realm of the Demon Sect.

After David entered it for the second time, he found that the 10,000-year-old He Shouwu slowly disappeared!

But I didn't expect that it would appear here!

"Could it be that the medicinal herbs in it will eventually be born in this secular world?"

David was full of surprise, not sure what it was for.

"David, hurry up and pick this ten thousand year Polygonum multiflorum..."

Hu Mazi urged David.

"Oh!" David nodded, and then walked towards the ten thousand years of He Shouwu!

At this moment, David's mood is extremely excited!

But just as David was about to approach the Ten Thousand Years He Shouwu, a sudden thunder struck!

Rumbling...

This thunder struck instantly on the ten thousand year Polygonum multiflorum, followed by a burst of terrifying power from the ten thousand year Polygonum multiflorum!

The huge force directly overturned the surrounding people, even David was no exception, and his body was shot very far!

The sky began to be covered with dark clouds, and blue lightnings shuttled through the dark clouds, as if looking for a target!

David got up, looked at the million-year-old He Shouwu, and suddenly jumped up!

In any case, he has to get this ten thousand years of He Shouwu!

But just when David was about to touch the ten thousand-year-old He Shouwu, suddenly another thunder was drawn down, and David was blown away by a huge force!

"It seems that it is really not an easy thing to get this ten thousand year herb!"

David frowned slightly. "Of course, like this ten thousand-year-old herb, before it was born, there were usually spirit beasts around it. Now, there is no spirit beast in He Shouwu

. It seems that the thunder and lightning in the sky are protecting it."

Looking up at the thunderbolt in the air, he said.

“We have to find a way quickly, otherwise those people are afraid to come back!”

Zheng Anguo reminded.

This group of people with such a vision, those who just ran away, will definitely return.

At that time, David was thinking about getting the Wannian He Shouwu, but it might not be that simple.

“Not bad golden body...”

David shouted angrily, golden light appeared on his body, and golden scales covered his whole body!

David intends to resist the attack of the thunder and lightning, and get the ten thousand years of Polygonum multiflorum!

David activated the indestructible golden body, coupled with his powerful physical body, so he went towards the ten thousand years of Polygonum multiflorum!

Just as David was approaching Wannian He Shouwu, a thunderbolt was drawn down and slammed into David’s body!

Rumbling...

This thunder and lightning hit David, instantly smashing the indestructible golden body on David’s body, and David’s legs also bent under the huge force!

But soon, David gritted his teeth, stood up straight, and grabbed the ten thousand-year-old He Shouwu!

But just when David was about to capture the Ten Thousand Years He Shouwu, another thunder came down suddenly!

Rumbling...

This thunder struck David, and David's body fell to the ground with a thud, and his clothes instantly became tattered!

David gritted his teeth, strenuously propped up his body, and wanted to grab the 10,000-year-old He Shouwu!

But what followed was another thunderstorm!

boom!

This time, David's whole body fell into the mud, and he didn't move for a long time!

This time, Hu Mazi and Zheng Anguo were a little panicked!

"David, hurry up and withdraw..."

Hu Mazi shouted, he knew that David was persevering like this, and it was estimated that he would be smashed into scum by the thunder!

Chapter 1909

At this moment, the two men in black hiding in the dark were surprised in their eyes!

"Lord Demon Envoy, it seems that you are very predictable. This ten thousand year herb is really not so easy to obtain. It is definitely a trick to make David a substitute."

Song Qingping said to Ning Zhi.

“Have everyone arranged it? If someone follows David to snatch the ten thousand year herb, you can help David with the cooperative public opinion!”

“Anyway, the ten thousand year herb will also fall into our hands in the end. Then David is grateful.”

Ning Zhi asked.

“It’s arranged, now as long as I give an order, those people will appear.”

Song Qingping said.

Ning Zhi nodded, then looked at David again, he found that David had rolled his body out of the soil at this moment, away from the ten thousand years of He Shouwu!

“David, are you okay?”

Hu Mazi stepped forward and asked.

“It’s okay, how can this thunder and lightning be so powerful, even more powerful than me!”

David slowly got up and looked at the ten thousand year He Shouwu, a little overwhelmed!

Zhu Hao on the other side, after getting the herbs, was about to leave, but suddenly found that where they were just now, there was a rumbling sound at this moment!

Immediately afterwards, there was a black cloud in the sky, and within the black cloud, countless blue lightnings were constantly shuttled!

This vision is far more spectacular than this one!

“Could it be that there will be two thousand-year-old herbs born today?”

Someone asked in confusion.

Zhu Hao held the mountain ginseng in his hand, frowned slightly and said, "It's broken, we may have been fooled..."

In fact, when Zhu Hao got this mountain ginseng, he was a little suspicious, because the aura emanating from this mountain ginseng was not like a ten thousand year herb.

It's just that at this juncture, Zhu Hao can't be sure!

But now, seeing where they were just now, visions occurred frequently, and since David didn't come with them at all, he knew that he might have been deceived!

"Go back..."

Zhu Hao roared and hurried towards the place where he was just now!

Hong Qianjiu looked at the vision that day, and the corners of his mouth lifted lightly: "This David seems to be much smarter than I thought!"

Hong Qianjiu also led people back, and Jiang Wei sounded David at this moment. What Ping just said to him, I understand what it means!

Soon, everyone who had left rushed back.

When they saw the golden light of the ten thousand years of Polygonum multiflorum, they realized that this is the real ten thousand year herb!

Zhu Hao got it, but it was just a fake. You must know Wannian Herb, how could it be so easy to get it.

Looking at the ten thousand years of medicinal herbs in front of them, someone could not control it and rushed towards the ten thousand years of Polygonum multiflorum!

But I just got close, and I haven't touched the ten thousand years of He Shouwu!

A lightning strike in the sky!

That person was wiped out in an instant, and not even a scum was left!

Seeing this scene, no one dared to move forward easily!

Zhu Hao frowned and said to the old man beside him, "Old Qiu, can you get the ten-thousand-year-old Polygonum multiflorum?"

Because of the protection of lightning, Zhu Hao didn't dare to take the risk. , he's finished, I'm afraid he won't even have the chance to be reborn!

"I don't know, but if you give me time, I can do it!"

The old man said.

Zhu Hao frowned, so many people were staring at him, how could they give time!

If he can drive all these people away, then Zhu Hao can take a few days to slowly take out the ten thousand years of Polygonum multiflorum.

"This He Shouwu has been decided by me. If you don't want to die, leave quickly, otherwise don't blame me for being rude..."

David glanced at everyone coldly and said.

With so many people watching, David knew that if he couldn't bear the thunder and lightning, then these people would probably swarm him.

Therefore, after he planned to drive these people away, he was trying to find a way to take out the ten thousand years of He Shouwu.

Chapter 1910

"David, He Shouwu is a thing that has no owner in the past ten thousand years. Whoever gets it belongs to whoever gets it. If you haven't got it yet, if you say it's yours, then threaten us to leave. Are you too overbearing?"

Zhu Hao Stepping forward, he looked at David coldly and said.

"Go, or die, you can choose for yourself!" The

terrifying aura on David's body began to erupt, spreading out to the surroundings in an instant!

David knew that if he could not restrain these people at this time, there would be endless troubles in the future!

Feeling the terrifying breath on David's body, everyone's faces changed slightly, and some people began to shake and shrink!

Originally, many people couldn't get the ten thousand year herbs, so why stay here and seek death!

"Since this David dares to fight against the Martial Arts Alliance, he must have the real ability."

"He established the Dragon Gate at a young age and has Mr. Shi's backing, so let's not provoke him!"

"Let's go, no matter who gets it. Ten thousand years of Polygonum multiflorum, it is not our turn to wander."

Everyone whispered and began to leave slowly, although they looked at the ten thousand years of Polygonum multiflorum, but there was no way.

Seeing that everyone was leaving, Zhu Hao said loudly: "Everyone, as long as you can stand with me and help me get the ten thousand years of He Shouwu, I, Zhu Hao, guarantee that everyone who contributes will get the thousand-year herb. "

I believe you have also heard about the strength of my Zhu family. Our Zhu family has developed for hundreds of years, and it has become a blockbuster and stands out among many martial arts families, thanks to the large amount of resources of our Zhu family!"

"Now as long as there is someone Help me, that's my Zhu family friend..."

Zhu Hao's words stopped everyone who had no hope and wanted to slip away!

Although a ten thousand year medicinal herb is not particularly rare, it is better than a vain trip!

Moreover, it can also use this to climb up the relationship with the Zhu family.

Soon, everyone walked to Zhu Hao's side and stood behind Zhu Hao!

Originally, the strength of the people Zhu Hao brought was not weak, but now adding these people, the strength is even stronger!

"David, if you take the initiative to withdraw, I can give you this mountain ginseng, so that everyone can live in peace!"

"But if you insist on fighting with me for this ten thousand years of Polygonum multiflorum, the final result is afraid that you will suffer. No."

Zhu Hao has a top master of the Great Marquis, plus he has a hidden weapon, so he is not afraid of David at all!

But Zhu Hao didn't know that David fought with several black and silver robes from the Martial Arts Alliance. They had two sacred weapons, and they were both killed by David!

The Dragon Slaying Sword in David's hand is not comparable to ordinary weapons.

"Hmph, that mountain ginseng is what I let people bury there. It's my thing. Is it a bit ridiculous that you give it to me now?"

David snorted coldly.

When Zhu Hao heard this, his face was full of anger. Now he could be sure that he was being tricked by David.

Fortunately, the vision of He Shouwu in this ten thousand years is strong, otherwise David would have taken it and ran away at this moment, then Zhu Hao would have regretted it to death!

"David, you actually deceived us with such a rude scheme. It seems that the rumors about you in the martial arts world are all false. You are just a villain relying on rude schemes!"

"Now stay away from here . Kyoto, without Mr. Shi's support behind you, I see if you can still make waves!"

Zhu Hao glared at David, his body bursting with a strong fighting spirit!

"David, it's not easy to handle now..."

Hu Mazi approached David and said, "The Hong Qianjiu next to him doesn't know what he means, and he hasn't said anything. The fisherman has profited."

Hu Mazi was afraid that David would fight with Zhu Hao, and in the end, the fisherman Hong Qianjiu would benefit!
