

A Man Like None Other

Novel

Chapter 2105

But when he looked at Wu Mei'er, he found that Wu Mei'er was blushing at this time, biting her lip so hard that it was bleeding!

And the fists were clenched, and the nails pierced deeply into the flesh!

A charming tenderness flashed in his eyes...

"Mei'er, Mei'er, are you alright?"

David stepped forward and grabbed Wu Mei'er's hand and shook it!

Wu Meier's eyes were full of tenderness. When she saw David coming, she hugged David tightly and wanted to make out with David!

This time, David was terrified, but when Wu Meier hugged David, David suddenly found that on the stone walls around the cave, there were some pictures of love between men and women, all of which were very explicit!

Even if David's concentration is so strong, seeing these pictures, he can feel the heat in his lower abdomen.

In addition to the body fragrance on Wu Mei'er's body, she kept drilling into David's nose!

At this time, David's eyes began to slowly turn red, and the most primitive impulse in his body began to dominate David!

David began to respond to Wu Meier, taking off Wu Meier's clothes with both hands!

But just when David wanted to do more, suddenly a golden light flashed in his mind, making David's brain tingle for a while!

Immediately after David woke up, looking at Wu Meier in front of him, David hurriedly put on her clothes!

David recited the Qingxin mantra, and soon David's heart calmed down!

But looking at Sonya and the three of them, David's brows furrowed tightly!

"Yuqi, let's go, get out of here quickly..."

David shouted at Sonya!

But Sonya's expression was painful at this time, as if she couldn't hear anything!

Looking at Gu Linger again, the body has begun to be covered with frost, and only the eyes can move!

"Ah..."

David roared, golden light appeared on his hands, and then he suddenly waved towards the stone wall of the cave!

He knew it was all because of the weirdness of this cave!

Boom...

Boom...

A loud bang echoed in the cave, but David's huge force hit the stone wall of the cave without causing any harm!

Even the sculptures in the cave are intact and not damaged in the slightest!

David felt incredible, to know his current strength, let alone destroy a cave, even if it destroys a mountain, it is not difficult!

But now his power is in this cave, it seems to be useless!

David didn't know how many punches he threw, but after he knew that he was out of breath, David stopped!

But the cave is still the same, without the slightest change!

"Why, why is this?"

David looked confused, he didn't understand his own strength, why couldn't he even open a cave?

Looking at Sonya and the others, David felt a sense of powerlessness at this moment!

David sat on the ground and tried his best to calm down!

There is nothing in the whole cave, only a few statues that have fallen into ashes!

Could this problem lie with the statue?

David began to look at the statues carefully, and the one in the middle made David feel very strange!

I saw the statue's right hand stretched forward, and it was open, and his eyes were fixed on his right hand!

David circled around the statue!

"It looks like this statue should have something in its hand."

David muttered to himself as he looked at the statue!

Just when David was looking at the statue in a trance, suddenly the wordless scripture on his body changed!

I saw the wordless scripture flashing light, then slowly flying, and finally landed on the right hand of the statue!

As the wordless celestial book fell into the statue's hand, the wordless celestial book that originally had no words, at this time, a lot of words appeared in the book!

David looked at it in surprise, his eyes were full of incredible!

Chapter 2106

He couldn't understand, how did the wordless scripture get into the hands of this statue, and the words appeared?

Could it be that this book originally belonged here, the owner of this statue?

Looking at the wordless scripture emitting light, David wanted to see what was written on it!

So I took the Wordless Book from the statue's hand!

But when the wordless scripture was taken down, it was found that the words on it disappeared immediately!

Seeing this, David hurriedly put the wordless book back into the statue's hand!

This time, the densely packed words reappeared on the wordless scripture!

David can only rely on the statue physically, and then carefully read the contents of the wordless book!

But just as David leaned on the statue and carefully checked the contents of the Wordless Heavenly Book, David's body actually emitted a faint light, and a phantom that seemed to be absent slowly entered the statue!

David himself didn't seem to notice anything, and was still looking at the contents of the Wordless Heavenly Book attentively!

When David finished reading a page and turned to the next page, the previous page just disappeared!

David was stunned for a moment, and before he could react, the wordless scripture in front of him began to become blurred, as if it would disappear at any time!

This time, David was in a hurry, he hurriedly concentrated his memory, and his eyes quickly swept across the wordless book!

As David kept memorizing the contents of the wordless book, in David's mind, the appearance of a book slowly appeared!

Just when David was concentrating and focusing all his attention on the Wordless Book!

From the bodies of Sonya and Xiaoru, a transparent phantom slowly flew out. When the phantom left their bodies, it was instantly absorbed by the surrounding statues!

After absorbing the phantom, the statue flashed a faint light, but it disappeared quickly.

With the phantom leaving the body, Sonya and the others also recovered, and the strangeness in the body disappeared!

"Sister Yuqi..."

Xiaoru let out a long breath, then ran to Sonya.

"Xiao Ru, are you okay?"

Sonya asked Xiao Ru.

"It's okay..." Xiaoru shook her head!

The two looked at Wu Mei'er and found that Wu Mei'er was also back to normal at this time.

"Sister Meier, why are your clothes so messy?"

Xiaoru saw Wu Meier's clothes in a mess, as if someone had taken it off!

"I don't know what's going on..."

Wu Mei'er said as she sorted out her clothes!

"This cave is really strange. When I first walked into the cave, I felt like I was walking into a big stove surrounded by roaring flames."

Sonya frowned slightly.

"Me too, just like walking into the ice cave, there is frost everywhere, it's terrifyingly cold!"

Xiao Ru also said.

"Meier, what did you see when you walked into the cave just now?"

At this moment, Sonya looked at Wu Meier and asked.

"I..."

Wu Mei'er opened her mouth, but didn't say anything!

She can't say that what she sees is something that makes people blush, right?

Seeing Wu Mei'er blushing and difficult to speak, Sonya seemed to have guessed something!

"It seems that the strangeness of this cave is based on the special physique of several of us."

"Xiaoru is an ice crystal, so what you see when entering the cave is frost and feel cold!"

"And I am a fire spirit, so I entered What the cave saw was flames and felt hot!"

Sonya carefully analyzed it!

"What about Sister Mei'er? She is born with a charismatic body, so what can she see?"

"Could it be that what she sees is..."

Xiaoru didn't finish her sentence, but looked at Wu Mei'er in surprise!

Sonya also looked at Wu Meier with a questioning look, she wanted to know if her guess was right.

Wu Meier felt the eyes of Xiaoru and Sonya, so she could only blushed and nodded: "After I entered the cave, what I saw is what you think..."
