

A Man Like None Other

Novel

Chapter 2211

Everyone performs their own stunts, no one dares to be lazy at this time, this is a moment of life and death!

And Leng Yun's compass is suspended above everyone's heads, and endless rays of light shine on several people, allowing everyone to temporarily escape the intrusion of Yin Qi!

Along with David's slow movement, he actually walked into the corridor that he had just escaped from. It must be known that the Yin Qi is the heaviest here, and the shadows are the most.

The houses on both sides kept rushing out of shadows, which made Liu Rui and the others feel the pressure instantly!

"This idiot managed to escape from there, but now he has entered again..."

Tong Youcai saw that David was walking towards the corridor, and couldn't help but scolded!

Just when everyone couldn't bear it, David's eyes suddenly opened, and two rays of light shot out from David's eyes!

The two rays of light went towards the depths of the corridor, and everyone saw that in the depths of the corridor, a bright red figure appeared!

The face of the figure is hideous, and there is a sharp sword stuck in his body. I don't know who sculpted it, but it comes alive!

"The sculpture is where the eye is located, and the eye needs to be destroyed..."

David said loudly.

"Then destroy him..."

After Lao Liu finished speaking, his body jumped up, and several flames waved from his hands!

But just as Lao Liu was about to approach the humanoid sculpture, a huge yin qi suddenly rushed in and swallowed Lao Liu in an instant!

David's eyes and hands were quick, he stepped forward and grabbed Lao Liu, and dragged him back!

As a place of formation, it is impossible to get close to it easily!

"You block here, let me come..."

After David finished speaking, the Dragon Slaying Sword in his hand was brimming with brilliance, and a sound of dragon roar sounded!

Soon a golden dragon appeared, and suddenly rushed toward the Yin Qi in front of him, and the golden dragon disappeared in an instant!

And David's body followed closely behind and rushed into the huge Yin Qi!

Others are struggling to resist the attack of those shadows!

Now David's figure has disappeared in the huge Yin Qi, no one knows whether David will succeed!

But they can only wait now, waiting for David to destroy the eyes!

Chen Zai rushed into the huge yin qi, and instantly felt a huge pressure. I saw that in the yin qi, a huge palm was slowly pressing toward him!

When David saw this, he didn't care about the huge palm at all, but held the Dragon Slaying Sword and exerted the power of the dragon to the extreme!

Soon, the Dragon Slaying Sword in his hand instantly slashed out a dazzling sword beam, and suddenly moved toward the sculpture!

Boom.....

This sword slashed heavily on the sculpture, causing a huge explosion, and countless cracks oscillated on the sculpture. Although it didn't shatter, David was also happy!

"Let's come again..."

David knew that the sculpture would definitely shatter, and the death formation would be broken!

But just when David was about to swing his sword again, the huge palm was already pressed down!

David only felt his body sink, as if the entire Kunlun Mountains were pressing down on him!

The body fell rapidly, smashed to the ground fiercely, and a smear of blood flowed out from the corner of the mouth!

David wanted to get up, but found that his body was so crushed that he couldn't move at all!

Listening to the constant fighting, David knew that Liu Rui and the others couldn't last long!

"Ah..."

David's eyes widened, he let out a loud shout, gritted his teeth and slowly got up!

David stooped and stood up reluctantly, the Dragon Slaying Sword in his hand was firmly against the ground, supporting his body!

Although he stood up, in this posture, David couldn't swing his sword at all!

Looking at the sculpture in front of him, David's body flashed with light, and he suddenly rushed up!

Chapter 2212

David was planning to hit the sculpture with his body and destroy it!

Boom.....

David's body suddenly collided with the sculpture!

Boom.....

The sculpture collapsed with a bang, and then shattered to the ground!

With the fragmentation of the sculpture, the dark hall and corridors that were full of Yin Qi suddenly became brighter!

The Yin Qi disappeared without a trace in an instant, and those black shadows also dissipated in an instant.

Liu Rui and the others hurriedly looked at David and found that David was lying on the ground at this time, gasping for breath!

And Tong Youcai in the main hall, looking at the Yin Qi that suddenly disappeared, his face is full of surprise!

"Could it be that that kid really broke his eyes?"

Tong Youcai frowned, leading people to rush into the corridor!

"Mr. Chen, are you okay?"

Liu Rui helped David up.

"It's okay!" David shook his head!

"What is this?" Lao Liu found that although the collapsed sculpture was shattered, something was shining brightly!

David looked over, threw the gravel away, and found that there was actually a mummified corpse inside the sculpture.

The mummified corpse is a female, with a ferocious expression, the same as that of the sculpture!

And the body of the mummy is wearing ancient clothes, and it looks like it has existed for many years!

And that flashing light is the three emerald gems on the chest of the mummy!

There is a lot of heaven and earth in the gemstone. When David picked up a gemstone, he instantly felt relieved for a while, and the large amount of spiritual power consumed was replenished in an instant!

Everyone also felt an unprecedented ease. The fierce battle just now made almost everyone exhausted, but now they all feel very relaxed!

David held the gem, and his mind moved, and a message appeared in the wordless scripture in his mind!

"Mysterious spar, ancient spirit stone, a kind of spar that exists in the heaven and human world!"

Looking at the information, David was full of surprise!

This kind of stone actually exists in the heaven and human world, but why does it appear here?

Could it be that the Narcissus Palace still has a connection with the Heaven and Human Realm?

David took off the other two mysterious spar from the body of the mummified corpse, and then carefully observed the mummified corpse!

Although the mummified corpse has existed for many years, the face can still be vaguely recognized, it should be a woman in her thirties, and she looks good!

But looking at that hideous expression, it seems that when he was alive, he was enclosed in the sculpture!

David was a little puzzled, how could there be a spar from the Heaven and Human Realm on this corpse!

Could it be that this woman is from the Heaven and Human Realm?

How could he die in the Narcissus Palace and be made into an eye?

How did this Narcissus Palace fall?

Looking at the ruins of the Narcissus Palace, it is very well preserved, and there is no trace of fighting. How can such a big sect be gone?

Various questions troubled David, but David knew that now was not the time to think about it!

David found the mummified corpse for stones, built a grave, and buried it!

He then walked up to Leng Yun with three Profound Crystal Stones and said, "I'll give you one, this thing is helpful for cultivation."

Leng Yun took the Profound Crystal Stone and felt the aura of heaven and earth emanating from the Profound Crystal Stone. Instant power up!

This made Leng Yun very surprised. Although the Hidden Realm also has many resources and various gems, he has never seen such a magical stone!

"Miss Liu, I'll give you one..."

David gave Liu Rui one, so that Liu Rui also quickly recovered her strength!

After all, he was able to break through the eyes, and all his efforts were made. David could not swallow this mysterious spar alone!

As for that Lao Liu, he is a member of the Burning Heaven Sect. David is still not sure if he is really rehabilitated, so it is impossible for Lao Liu to get the Profound Crystal Stone!

Lao Liu also has self-knowledge and is not dissatisfied!

On the contrary, Tong Youcai looked at the emerald-green mysterious spar, and his eyes were full of scorching heat!

After a little wink at his own people, Tong Youcai walked towards David!
