

# A Man Like None Other

## Novel

### Chapter 2239

The Great Protector roared angrily, and his body began to slowly rise into the air, followed by a black aura around the body, and countless tentacles began to emerge from the ground!

These tentacles began to frantically attack all living creatures on the ground, even Tong Youcai and Leng Yun were not spared!

And Liu Rui, who was accidentally wrapped around her body by the tentacles under her feet!

"Mr. Chen..."

Liu Rui was shocked and hurriedly shouted at David!

When David saw this, a sword beam burst out from the Dragon Slaying Sword in his hand, instantly cutting off the tentacle!

Tong Youcai and Leng Yun were also entangled by tentacles unprepared!

"Great Protector, what are you doing? Let go of us..."

Tong Youcai and Leng Yun shouted!>

"This kid won't die, none of us will be able to escape. Instead of being killed by this kid, you might as well contribute your own strength and help me kill him. That's enough of your wish!

" said.

"No...don't..."

"No..."

Tong Youcai and Leng Yun struggled desperately!

They never thought that they didn't die in David's hands, but they were taught by Fen Tian!

David swung his sword to protect Liu Rui, preventing Liu Rui from being entangled by those tentacles, and his eyes were icy looking at Tong Youcai and Leng Yun's struggle!

When the two of them chose to cooperate with Fen Tianjiao, they should have thought of this final outcome!

"If you treat us like this, after you go out, my Tianlei Sect will definitely destroy your Burning Heaven Sect."

"Our Feixing Sect will spare no effort to avenge me and hunt down all your Burning Heaven Sect.

" And Leng Yun threatens the Great Protector!

But the Great Protector was not at all afraid, and said with a cold smile, "You died here, who knew that I killed you? I can say that you were all killed by this kid David, haha..." The

Great Protector seemed to have already After planning, even if they get the psychic fruit, it is estimated that Tong Youcai and Leng Yun will not be able to get it in the end.

"David... No... Mr. Chen, save me, as long as you save my life, I will never trouble you again."

"Brother Chen, for the sake of me taking you to the ruins, save me. , save me..."

Tong Youcai and Leng Yun began to desperately call for help at David!

It's just that David's face was cold, and he would never try to save them.

Soon, Tong Youcai and Leng Yun gradually lost their voices, and the aura of the great protector was growing rapidly!

The arm that was about to be broken started to recover quickly, and even the wound on his body was recovering quickly, and a green breath began to permeate his body!

David knew that this was due to absorbing the strength of that Tong Youcai. That Tong Youcai modified his genes to make wounds heal quickly. Now this great protector also has this ability!

"Boy, this time, I don't think you're dead yet..." The

Great Protector's cultivation broke through the eighth-rank, and it didn't stop until the ninth-rank peak. If he was swallowing a few psychic fruits at this time, it was estimated that he would be able to break through. Emperor Wu!

I saw that the guardian of the law suddenly rushed towards David, and the speed was as fast as lightning, so that David could not capture his figure at all!

David only felt that his chest was punched heavily, and his body flew out and slammed into a boulder!

But before David could react, the great protector came to David again and stomped it down!

Boom...

A loud bang, the earth trembled, and a huge deep pit appeared in an instant!

And David's body was stepped into a deep pit in an instant.

"Hahaha, boy, this time I see what skills you have!" The

Great Protector looked down at David arrogantly and laughed loudly.

"Mr. Chen..."

Seeing this, Liu Rui shouted anxiously.

## Chapter 2240

In the deep pit, blood spilled from the corner of David's mouth. With David's current state of being promoted to the god of war, he still has no way to deal with the master of the peak of the god of war!

In terms of strength and speed, the peak of the Martial God is almost beyond the existence of the Martial God. It only needs an opportunity to break through the Martial God and reach the realm of the Martial Emperor!

David stood up vigorously. Although he knew his current strength, it was almost impossible to deal with the peak of the god of war, but David would never be caught and waited to die!

He only needs to find a way to absorb some strength and let his strength break through, and he can completely deal with this great protector!

But apart from the two psychic fruits in his storage ring, there was almost nothing at the scene that could quickly improve his strength!

But if twolf a psychic fruit is eaten, then Hu Mazi and Long Xingxu are basically helpless, and they will lie on the bed for the rest of their lives!

David absolutely can't do this, he wants to save the two people!

Another way is to absorb Liu Rui's strength and let himself break through, but in that case, Liu Rui will also die and become a mummified corpse.

This is what David can't do. He can't do things that hurt his friends for himself!

Just when David was in the deep pit and was a little helpless, all of a sudden, auras came from under his feet!

David's face was full of surprise, he hurriedly looked down and found a thick tree root, which was exposed in front of David at this time!

Looking at the roots and the strong spiritual energy, David was overjoyed!

This should be the root of the psychic tree, now exposed to David!

You must know that such a huge psychic tree must have a huge spiritual energy inside. Now David only needs to take the spiritual qi in this psychic tree as his own, so why not improve his strength?

David gently touched the roots of the psychic tree with his hands, and a surging power instantly filled David's body!

In an instant, this force broke through David's limbs and acupuncture points and circled in his dantian!

At this moment, the Heart Concentration Technique began to run at full speed, constantly transforming this power and turning it into its own use!

The psychic tree seemed to feel something, and it started to move automatically without wind, the leaves squeaked, and the leaves kept falling, and every leaf that fell at this moment turned into a weapon, constantly attacking the surrounding!

Liu Rui and the great protector all retreated quickly, avoiding the range of those leaf attacks!

Looking at the psychic tree that was shaking constantly, the Great Protector's eyes were full of suspicion. He didn't know what happened, why the psychic tree, which had not moved at all, was shaking so violently at this moment!

Just when the Great Protector was full of doubts, he suddenly felt David's rising breath from the deep pit!

"What's going on?"

The guardian frowned, wanting to get closer to see what happened to David in the deep pit!

But the leaves on the psychic tree are as sharp as steel knives, even if the Great Protector is the realm of the peak of the god of war, as long as it enters the range, the skin will be instantly cut by the leaves!

Soon, the great protector discovered that in the deep pit, a golden masterpiece, and David's breath has reached the pinnacle of the first-grade Wushen from the just-promoted first-grade Wushen, and he is about to break through the second-grade Wushen!

"What's the situation, what's the situation?" The

Great Protector was a little stunned. What kind of situation could make a person reach the peak directly from a rank one Martial God in a short period of time!

Before the Great Protector could understand, David's aura had already broken through the first-rank Martial God and reached the second-rank Martial God realm!

And the breath has not stopped, and it is still rising. No one knows what level David's strength will increase to!

At this time, the psychic tree has begun to dry up slowly from the top of the canopy!
