Chapter 2241

Looking at the psychic tree that was gradually drying up, the great protector seemed to understand!

"Damn, this kid is actually absorbing the power of the psychic tree..."

The Guardian knew that David was actually absorbing the strength of the entire psychic tree!

You must know that this whole psychic tree is many times more powerful than the effect of the psychic fruit!

"No, this guy must not break through any more..." The

Great Protector shouted, and a black mist rose up around his body, wrapping himself tightly, and rushing directly towards the deep pit!

Along the way, the leaves continued to fall, and then passed by the Great Protector, sparking a fire, but this did not stop the Great Protector's footsteps!

Liu Rui at this time He also seemed to see something, so he ignored the danger and rushed in with a long sword in hand. The leaves cut through wounds on Liu Rui's body like a steel knife, but Liu Rui was not afraid at all!

She needed to buy David some time, even if it was a minute and a second.

The long sword in Liu Rui's hand turned into a spirit snake and headed directly towards the Great Protector!

But the Dafa protector didn't even look at it, and just waved lightly with his hand, "Hmph, something beyond your control..."

With this light wave, Liu Rui's body flew upside down like a kite with a broken string. !

The strength gap is too great, Liu Rui has no way to stop the Great Protector, not even for a second!

At the edge of the pit where the Great Protector came, he saw David sitting cross-legged in the deep pit, and the golden light on his body kept flashing.

The Great Protector's eyes were red, staring at David, shouting, "I won't let you have a chance to come back..."

After speaking, the Great Protector slapped the deep pit with a palm, a huge 's palm print appeared, surrounded by black mist, covering the entire area of the deep pit!

Seeing that the palm was getting closer and closer, it immediately reached the top of David's head, and David's eyes suddenly opened!

David's skin turned golden yellow, and pieces of golden scales covered David's body, accompanied by a long howl from David!

A terrifying force emanated from David's body, and quickly burst into the sky from the deep pit!

The huge palm print of the great protector, under this power, was instantly dissipated by the impact!

And David's body slowly rose from the deep pit, and finally suspended in mid-air, and behind David, the psychic tree that had long since withered, ignited a raging flame at this moment!

In just a moment, the psychic tree was turned into ashes, an ancient divine tree, and now it has turned into nothingness...

The Great Protector looked at David in mid-air, with a bit of surprise and shock in his eyes!

He did not expect that David could easily pass through his palm print.

At this moment, David's eyes had an indifferent expression, and when he felt David's gaze, the body of the Great Protector began to tremble involuntarily!

A monstrous aura erupted from David's body, and then David roared, and the golden light appeared on his body.

Feeling David's burst of breath, the Great Protector was stunned. This was the breath of the third-rank Martial God. He never thought that David would be promoted from the first-rank Martial God to the third-rank in a short period of time!

But before the Great Protector could react, the breath in David's body began to spread in all directions!

Feeling the terrifying aura, the body of the Great Dharma Protector began to retreat continuously, and in the end, it was directly blown away by this terrifying aura!

Upon seeing this, the Great Protector knew that David could not be allowed to go on like this, and he could only use his stunts!

"Burning Heaven Palm..." The

Great Protector let out a loud cry, and an overwhelming force of energy condensed in front of the Great Protector, and flames were burning all around!

Seeing this, David snorted coldly, and then waved his hand!

Chapter 2242

A dazzling golden light instantly collided with the Great Protector's Burning Heaven Palm, making an earth-shattering loud noise!

The breath exploded, the space vibrated!

The earth began to collapse continuously, and the surrounding stone walls were constantly flying with rocks!

The ruins of the Narcissus Palace seem to be collapsing!

The golden light that David swung out instantly penetrated the Burning Heaven Palm, and hit the great protector fiercely!

The body of the great protector flew out instantly, and there was incredible in his eyes!

Just when the great protector was still in a daze, David's figure instantly reached the front of the great protector, and his speed was actually a little faster than that of the great protector!

"This..."

The Guardian didn't respond, and was kicked out by David!

boom.....

The body of the great protector slammed into the stone wall, causing the rock to collapse, and the entire Narcissus Palace was about to be destroyed.

The great protector suddenly spurted out a mouthful of blood, and the breath on his body began to wilt!

David slowly walked towards the Great Protector, and the Great Protector's face was extremely ugly!

"David, if you let me go, I can give you a lot of resources..." The

Great Protector is begging for mercy after David!

"Hmph, you're just a guardian of the Burning Heaven Sect, your leader didn't say anything, you're talking shit!"

"However, the strength of your ninth-rank Martial God peak is the best resource for me! "

David grinned, he is confident that as long as he absorbs the strength of this great Dharma protector, he will definitely improve!

When the Great Protector saw David like this, he would definitely not let himself go, so he narrowed his eyes slightly and said, "David, don't think you're going to kill me today, if I don't have some means to save my life, how can I dare to be burned? Heavenly Sect's protector!"

After the great protector finished speaking, he suddenly took out a token from his body, and then crushed the token instantly!

As the token was crushed, the space in front of the guardian began to become distorted, and the figure of the guardian became weaker and weaker!

"Space magic, you want to escape..."

David saw this, his body suddenly rushed forward, and then a huge palm grabbed towards the great protector!

It's a pity that David was still a step behind, the figure of the great guardian slowly disappeared, and David did not catch him!

Seeing the great protector escape, David was very annoyed. He never thought that the great protector of the Burning Heaven Sect actually knew space magic!

Just after the great protector escaped, the entire ruins of the Narcissus Palace began to tremble violently, and large stones fell one after another!

"Miss Liu, let's go..."

Seeing this, David hurriedly took Liu Rui back along the original road.

When David and the others came out of the Tiangkeng, they found that the Tiangkeng was covered with the bodies of many warriors!

Most of these corpses came from outside the world of martial arts, but David didn't find Jiang Wei and the others. He didn't know whether these people were killed or escaped!

"Mr. Chen, is there another hidden world sect in the Kunlun Mountains?"

Liu Rui asked, looking at the corpses all over the ground.

You must know that the people brought by Tong Youcai were basically killed by David. Now that so many outsiders have died, it should be done by other hidden world sects!

"It should be, we have to be careful..."

David told Liu Rui!

But not long after the two of them left, they heard a fight, and David and Liu Rui followed the sound to find them!

At this time, David discovered that there were five old men who were attacking Jiang Wei and others. These five old men were like wolves entering the flock. Jiang Wei and others, these outsiders, were only slaughtered!

"Mr. Chen..."

After seeing David, Jiang Wei, Hong Qianjiu and others hurriedly called for help!

"Who are these people?"

David frowned slightly and asked Liu Rui.

These people are ruthless, killing people is like stepping on ants!

"People from the Feixing faction, these are the five elders of the Feixing faction..."

Liu Rui said following David.
