

A Man Like None Other Novel

Chapter 2261 – 2262

Chapter 2261

After David and Hu Mazi entered the water, they continued to go downstream. As they continued to descend, the light began to get darker and darker, and the surroundings had become pitch black!

“David, it’s pitch-dark here, where is there anything that glows?”

Hu Mazi looked around, feeling a little nervous, and pulled David’s shirt tightly!

And David exudes aura, forming a barrier around the two of them, and his body keeps falling!

“Can’t you see the light source?”

David looked at Hu Mazi in surprise and asked.

“I really can’t see it. It’s pitch black all around. If there was light, I’d have discovered it long ago. Don’t scare me!”

Hu Mazi looked around, his face became a little ugly!

David didn't speak, but frowned slightly and followed the light source!

He didn't understand why Hu Mazi couldn't see the light source, but only himself could see it?

With David and the others falling, they quickly entered a very narrow gully, looking at the darkness, and leaving the very depressing gully, Hu Mazi regretted a little, and knew that he would not come down with David!

But this is the end, he can only hold David's clothes tightly, and then keep falling!

After an unknown amount of time, the water that was originally pitch black suddenly became brighter!

"What is that?"

Hu Mazi also found this piece of light at the moment and said loudly.

David also looked towards the light and found a white bone emitting light.

This made David very curious. He didn't understand how there were bones in this deep sea?

And how could this white bone glow?

David and Hu Mazi came to the front, and saw that the bones were crystal clear at this moment, emitting light, like crystals!

"Is this a real human bone, or is it made of crystal?" >
Hu Mazi crouched down and observed carefully.

The skeleton of the white bone is very complete, and even the fingers are clearly visible, but I just don't know why such a white bone suddenly appeared here!

David looked at the white bone carefully, and suddenly there seemed to be some special lines on the skull. David hurriedly squatted down and looked carefully at the place of the skull!

I saw that there were some criss-crossing lines on the skull, and there were even some labels, which made David very novel!

"Master Hu, what do you think this is?"

David called Hu Mazi away and looked carefully at the special lines on the skull!

Hu Mazi looked at it carefully, and then said with surprise, "This seems to be a map, could it be a treasure map?"

"Look at this place, does it look like the Kunlun Mountains, and here, here... .."

Hu Mazi followed David to point to the pattern on it, and after Hu Mazi said this, David found that the map painted on it was really the map of this piece, and the specially marked place should be a certain relic treasure or something!

After all, thousands of years ago on the earth, there were immortal sects everywhere, and there were all kinds of treasures in the world, so it is normal to produce some relics and treasures now!

"But who is this person? He actually engraved this treasure map on his skull?"

"How could his corpse appear here?"

David asked.

"Then how would I know, but the bones that appeared here should have been killed by someone at sea, and then they were thrown here."

"In addition to the environmental impact of the sea, the bones began to crystallize, and finally became this It looks like this."

"But with this light, you can find it on the sea, and it can be regarded as a guide for you!"

Hu Mazi couldn't explain the origin of this corpse and why he engraved the treasure map on his skull. After all, no normal person would do this.

Chapter 2262

David nodded, then threw the skull into the storage ring, and then the sand on the seabed buried the corpse!

No matter who this person is, it can be considered safe!

David didn't plan to follow the markings on the skull to find any relics or treasures, because he had no time, and he had to rush back to Kyoto as soon as possible to catch up with the secret realm conference!

"Brother David, Master Hu, what have you found?"

Long Xingxu asked curiously when he saw David and Hu Mazi returning from the sea.

"There is nothing, just a skeleton, if I knew I would not follow..."

Hu Mazi said.

"Let's hurry up, we have to return to Kyoto as soon as possible!"

David urged on the road!

After disembarking, several people took the plane and flew back to Kyoto!

And just when David and the others rushed back to Kyoto, the interior of the Tianlei School began to be shrouded in a cloud!

Wang Defa was injured and returned to the Tianlei faction, and reported the situation with Tong Haiyang. When he knew that David's strength had surpassed the peak of the ninth-rank Martial God, Tong Haiyang's face became very ugly!

"Defa, Defa..."

At this moment, Tong Haiyang's wife ran in anxiously, "Defa, I heard that you are injured, are you alright? How come you can't even beat a hairy boy?"

"Sister-in-law, I'm fine..." Wang Defa shook his head!

And Tong Haiyang looked at his wife's concern for Wang Defa, his eyes were full of anger, but he kept suppressing it!

"Defa, here's a Qi-guidance pill, you eat it, take a good rest..."

Tong Haiyang took out a green pill and said to Wang Defa.

"Thank you big brother..." Wang Defa took the pill gratefully and swallowed it without hesitation!

Seeing Wang Defa swallow the pill, a sneer appeared on Tong Haiyang's face!

And after Wang Defa swallowed the pill, he felt his internal organs churning for a while, followed by severe pain!

Wang Defa spat out a mouthful of blood, then fell to the ground, looked at Tong Haiyang in disbelief, and said, "Brother, you... what are you giving me?"

"!" Tong Haiyang said with a cold smile.

"Defa, Defa..." Tong Haiyang's wife looked nervous, then looked at Tong Haiyang angrily and said, "Tong Haiyang, what are you doing?"

"What am I doing? Of course I killed him." Tong Haiyang snorted coldly.

"Brother, why, why did you do this?"

Wang Defa asked with a puzzled look.

"You still have the face to ask why?" Tong Haiyang's eyes narrowed, and his whole body burst out with anger. "You pair of dogs and boys are in a mess, and you put a cuckold on me, do you think I don't know?"

"That Tong Youcai is yours at all. Child, it has nothing to do with me, don't think I don't know."

"The reason why I let that Tong Youcai go to the ruins of the Narcissus Palace is because I know that the ruins of the Narcissus Palace are very dangerous, and if he goes, he will most likely die there. "

I didn't expect him to be dead, I'm so happy, and I asked you to hunt down that David, and I wanted to kill you with David's hand, but I didn't want him to kill you and let you come back with serious injuries." "

Since he didn't kill you, but I won't let you live, after so many years, I'm going to tear you to pieces!"

Tong Haiyang's aura exploded, shrouding the two of them instantly. !

Seeing that the matter was exposed, Wang Defa's face became more and more ugly!

Tong Haiyang's wife quickly begged for mercy and said, "Ocean, I was wrong, please don't kill me, I will never dare again..."

"Hmph, I won't kill you, but you have already plotted to kill me. , don't think you can escape my eyes and ears!"

"Dog men and women, go to hell..."

With a wave of Tong Haiyang's palm, a huge force instantly crushed his wife and Wang Defa into a pile of meat!

Looking at the tragic death of his wife and his sworn brother, Tong Haiyang didn't seem to be out of breath, he kept throwing his fists, and the whole room collapsed!
