### Chapter 2279

The strength of the flame tiger is obviously higher than that of David, but David pursued the flame tiger so much, and the flame tiger only cares about running away, and doesn't stop to fight with David at all!

Gradually, David did not know how long he had been chasing. When David reacted, he found that he had already penetrated deep into the Monster Beast Mountains.

David was startled, he stopped in a hurry, his consciousness dissipated in an instant, and he only felt that there were countless powerful breaths around him. Although these breaths were not dangerous, David knew that if these monsters with powerful breaths looked at If you reach yourself, you will attack without hesitation!

At that time, David was afraid that he didn't even have the ability to struggle. Looking at the fleeing flaming tiger, David stopped chasing, but planned to turn around and go back!

But just when David was about to turn around and leave and was not chasing the Flaming Tiger, who knew that the Flaming Tiger stopped and roared in front of David!

He opened his mouth wide, as if he didn't want David to leave. As long as David moved, it would attack!

David was a little puzzled, this flaming tiger fled when it saw him, but he stopped chasing him, but it turned around and stopped him?

In an instant, David frowned. He seemed to understand the intention of this flaming tiger. This beast must have done this on purpose, to lure himself to chase and bring himself to this place!

At this time, David became nervous. He did not expect a monster to possess such wisdom!

However, David would not be stopped by the flaming tiger. The Dragon Slaying Sword in his hand flickered with light, and the sound of dragon roars sounded, and the golden dragon turned out!

After the flame tiger saw the transformed golden dragon, there was obviously fear in his eyes, and his body kept retreating!

Seeing this, David kept going forward. All he had to do was force the Flaming Tiger to retreat. If he fights now, he might attract other monsters. At that time, David knew that he would not be able to leave at all!

"Roar..."

Accompanied by the roar of the flaming tiger, immediately afterwards, there were responses from all directions.

David felt that several terrifying breaths were coming towards this side at a high speed!

David's heart was anxious, the Dragon Slaying Sword in his hand was instantly cut out, and a sword light roared out, going straight to the flaming tiger!

The flaming tiger jumped and ducked directly, while David took the opportunity to rush forward in an instant, he had to leave here as soon as possible!

But just as David's body rushed forward, several monsters suddenly appeared, directly blocking David's way!

These monsters have powerful breaths, and they follow the flaming tiger indistinguishably!

Several monsters stared at David, the huge breath made David have to stop!

Looking at these terrifying monsters in front of him, David knew that he had no ability to deal with it at all!

So holding the Dragon Slaying Sword, he began to slowly back away!

Several monsters were not in a hurry to attack David, but kept approaching David step by step!

When David retreats, those monsters are approaching!

David's brows were tightly knit together. He found that these monsters didn't seem to want to attack him, but were deliberately approaching him in one place!

David was very surprised. He didn't understand where these monsters were trying to force him to go.

Soon, David was forced to a cliff, and following the path beside the cliff seemed to lead to the highest point of this monster mountain range!

Looking at the bottomless cliff, David intends to jump off. With his current ability, it won't be a big deal to jump off!

But just when David thought so, with a few cries, several huge flying monsters had already blocked the road to the cliff!

Now David has only one way to go, and that is the path leading to the highest point of the Monster Beast Mountains!

Obviously, these monsters pushed David to the top of the mountain.

## Chapter 2280

Seeing this, David knew the intentions of these monsters, so he didn't need to force these monsters, he took the initiative to go towards the highest point of the mountain range!

When the monsters saw this, they quietly followed behind David, but none of the monsters attacked David!

Although David is very curious, these monsters can't speak, and there is no way to ask them!

Now he can only go to the highest point of the Monster Beast Mountains to see what these monsters are going to do!

Soon, David reached the highest point of the mountain range. Unexpectedly, David found a house here!

The houses are all made of stone, and they are beautifully packed!

Obviously, such a house cannot be built by monsters.

"Could it be that there are people living here?"

David was overjoyed. He didn't expect that there would be people living at the highest point of the Monster Beast Mountains!

Suddenly, David had an idea. He wondered if the monsters in the Monster Beast Mountains were raised by humans?

Otherwise, how could houses suddenly appear here, and there are signs of human activity?

David walked slowly towards the house, then gently opened the door, and soon a scent came out!

David looked around the house and found that there was no one in it, but there were plenty of living things inside!

And there's a dressing table with a mirror on it!

"Could it be that a woman lives here?"

David was a little surprised. Looking at the layout of the room, it was obvious that a woman lived!

After David entered the room, all those monsters were wandering outside, not a single monster dared to approach this room!

After looking around in the room, David didn't find anyone, so he came out!

But just as I walked out of the room, I only heard a cry, and then the sky suddenly became dark!

I saw a colorful phoenix hovering in the air, and when those monsters saw this, they actually knelt down and worshipped!

One after another, the monsters roared in their mouths, and their eyes were full of respect!

David looked at the phoenix, and was also very surprised. He held the Dragon Slaying Sword tightly in his hand, ready to respond to this monster's attack at any time!

After seeing David, the colorful phoenix fell from the sky!

But at the moment of falling, a golden light flashed, and the original phoenix turned into a young girl at this moment.

The girl's skin was snow-white, and she had an alluring face, and her long black hair hung down at her shawl.

In the girl's private parts, it was blocked by many phoenix feathers!

Even so, David was still a little bloody after seeing this girl. After all, David is also a normal man!

But when he thought that this girl was transformed by the phoenix, David's impulse was suppressed a lot!

The girl glanced at David, then looked at the monsters behind her, followed by a hand gently stroking the top of the flame tiger's head.

The flaming tiger let out a low cry, and seemed to be communicating with the girl!

Soon, the girl looked at David with surprised eyes, and there was incredible in her eyes!

"Who the hell are you? Why do you want to break into the Monster Beast Mountains?" The

girl opened her mouth and asked David!

David didn't know how to answer, so he could only tell the truth about the situation!

When the girl heard this, her face suddenly became very gloomy and said, "In order to improve your strength, you ran into our territory to hunt and kill. Do you know that we are also constantly improving our strength for the sake of survival?"

"You... Who are you? How can you change from a phoenix to a human form?"

David asked the girl a little scared.

"I'm Huofeng. When we cultivate to a certain level, of course, we can transform into a human form." The

girl explained to David.
