Chapter 2347 – 2348

Chapter 2347

“Is it true? I’ll find out in a while. Let’s see if someone will come to rescue you...”

After speaking, Yao Qing raised his palm, and the dark sky became even darker, with bursts of horror and gloom. The breath began to slowly permeate!

“Kill...”

Those members of the Fentian Sect, holding weapons, yelled and rushed toward the disciples of the Pure Yang Sect!

The disciples of the Pure Yang Sect did not show any weakness, and the two sides fought together in an instant, and the sound of wailing instantly resounded throughout the night sky!

This kind of sound, in the silent night, spread far!

Leng Wudao looked at the shouts of killing not far away, as well as the fire that soared into the sky, with a satisfied smile on his face!

“Brother Leng, do you really intend to let the Burning Heaven Sect take the place of the Pure Yang Sect?”

At this time, Tong Haiyang stepped forward and asked.

“Then what do you mean?” Leng Wudao looked at Tong Haiyang!

The two looked at each other and suddenly smiled at each other!

“The mantis catches the cicada and the oriole is behind...” The

two said this sentence at the same time, and then they laughed out loud!

They were waiting for the Burning Heaven Sect to follow the Pure Yang Sect to kill the fish, and they were going to kill the Burning Heaven Sect!

“That Yao Qing is an unfamiliar wolf, I will not keep this kind of person.”

Leng Wudao said with a faint smile.

“With one more sect, we need to share more resources. The Fentian Sect should have perished a long time ago. It is enough to keep them alive for so many years!”

Tong Haiyang never thought that he would accept the Fentian Sect. After all, the existence of evil cultivators like the Fentian Sect is like a time bomb around them, threatening their safety at any time!

At this moment, the residence of the Pure Yang Sect is already bleeding like a river, and there are mutilated corpses everywhere, everyone is red-eyed!

Liu Xing and Liu Rui were covered in blood, and they couldn't tell whether it was their own or their enemies!

And Yao Qing followed Yue Buqun, the two of them had already gone through a hundred tricks!

Every move and style contained infinite energy, and the mountains, rocks, and trees hundreds of meters around had already been turned into powder!

"Yue Buqun, if you want to be obedient and get caught, I might consider letting your disciples go."

Yao Qing said after forcing Yue Buqun back with a palm.

At this time, Yue Buqun was panting heavily, the veins on his forehead were bulging, and the energy in his body was rapidly losing!

Compared with Yao Qing, Yue Buqun's strength is still slightly inferior! "Yao Qing, if you are an evil cultivator, how can I believe it? Even if my Pure Yang Sect

dies, I will never give in to you, an evil cultivator."

He grabbed it towards the void, and soon a fiery red spear appeared. There was a scorching flame on the spear, and the flame rose up, reflecting half of the sky red!

"Flame gun? I didn't expect your Chunyang sect to be a sneaky guy..."

"This flame gun was originally a treasure in the ruins. It should have belonged to all sects in the hidden world, but it disappeared suddenly. The guy stole it."

Yao Qing said with disdain after seeing the flame gun in Yue Buqun's hand.

"Fart, don't spit blood on people. This flaming gun is originally a property of my Pure Yang Sect. It is a relic of my ancestors. It is in the bullshit ruins. It was made up by other sects spying on the treasures of my Pure Yang Sect."

"Today you The Fentian Sect has killed so many of my disciples, and I will tear you to pieces..."

Yue Buqun burst into anger, looking at his disciples, who were dead and wounded, Yue Buqun's heart felt like a knife was twisted !

Boom...

Yue Buqun shot his spear, and the light of the spear was like starlight, and it went directly towards Yao Qing!

"break....."

Yue Buqun yelled, the gun exploded like a dragon, and the huge air wave made Yao Qing unavoidable!

Chapter 2348

"Hmph, small tricks..."

Yao Qing snorted coldly, slid his hands across the void, and in an instant, a huge black hole appeared in the void!

All of Yue Buqun's attacks were sucked in by the huge black hole!

It did not cause any harm to Yao Qing!

Instead, Yao Qing swung out a palm, and a huge black palm print appeared all the time, hitting Yue Buqun's chest heavily!

Yue Buqun vomited blood and fell to the ground in an instant!

"Master..."

Seeing this, Liu Xing and Liu Rui hurried forward to help Yue Buqun up!

Yue Buqun's face was pale at this time, and the breath on his body was extremely weak!

He just used his flaming gun with all his strength, but he didn't hurt Yao Qing at all. Yue Buqun knew that they might be doomed today!

"Xing'er, Rui'er, you two should find a chance to escape, don't go to other sects, it seems that they really want to kill us!"

"Remember, leave here, leave the hidden world, find Let's live an ordinary life in a place, with your strength, you can live a good life!"

Yue Buqun said to Liu Xing and Liu Rui.

"Master, if we don't leave, even if we die, we will never leave you!"

Seeing Yue Buqun's appearance, Liu Rui burst into tears!

"Master, you and junior sister are leaving, I will stop them."

Liu Xing said with firm eyes.

"You can't stop them at all, don't die in vain, you guys go!"

Yue Buqun absolutely desperately wanted to give Liu Xing and Liu Rui a chance to escape!

"Master, I will blow myself up in a while, you and junior sister, take the opportunity to escape when I blow myself up..."

Liu Xing said.

Hearing that Liu Xing was about to blow himself up, Yue Buqun and Liu Rui were all shocked!

“Stop daydreaming, no one can escape, even if you blew yourself up, you will never have a chance to escape!”

Yao Qing said lightly!

A conversation between several people, Yao QingHear it clearly!

But just as Yao Qing’s words fell, suddenly there was a deafening bang, and the soaring air waves swarmed like a tsunami!

It turned out that some disciples of the Pure Yang Sect started to blow themselves up.

“Master, you go, let’s stop them...”

At this moment, a blood-soaked disciple of the Pure Yang Sect yelled at Yue Buqun. After speaking, the body of the pure Yang Sect disciple instantly swelled like a ball!

Then there was another loud bang, like a bomb exploding.

Seeing his disciples choose to blow themselves up one by one in order to cover themselves from escaping, Yue Buqun’s heart felt like a knife was twisted!

Seeing this, Yao Qing chanted the magic formula in his mouth, and a huge black hole suddenly appeared in the dark sky, and the airwaves and aftermath emitted by those disciples of the Pure Yang Sect who blew themselves up were all sucked by the black hole.

“I’ve said it before, it’s useless to blow yourself up, none of you can run away today...”

After Yao Qing finished speaking, he walked towards Yue Buqun step by step!

But at this time, David, who was resting, was awakened by the sound of self-explosion. Immediately afterward, David's figure flashed, and he disappeared in place!

Those sect camps not far away also all stepped out of their tents to look at the strange sky!

"These people from the Pure Yang Sect are all lunatics, and they blew themselves up one after another..."

"Hey, why did the Pure Yang Sect end up like this?"

"Having been together for so many years, isn't it a little too much for us to do this?"

"I don't know what will happen to our fate in the future?"

Some people began to feel pity for Chunyangzong!

"Stop lamenting hypocritically here. When you share resources and treasures equally, you don't see that you take less."

"I think the battle should be over, let's go and have a look..."

Leng Wudao led the crowd toward the residence of the Chunyang Sect!

You must know that these people from the Pure Yang Sect have begun to choose to blow themselves up, which proves that the battle is the final stage!

According to the tragic degree of self-destruction, it is estimated that there are not many people left in the Burning Heaven Sect!

Chapter 2349

Pure Yang Sect resident!

At this time, there was already a mountain of corpses and a sea of blood. The disciples of the Pure Yang Sect were almost killed and injured, and the rest also blew themselves up one after another. Only some seriously injured and unable to move were emitting weak breaths!

Liu Xing and Liu Rui stood in front of Yue Buqun. Although they knew that with their strength, it was impossible to stop Yao Qing, but none of them flinched!

"Yue Buqun, I really admire you for being able to bring out so many loyal disciples. After I kill them all, I will absorb all your strength!"

Yao Qing sneered, Surrounded by bursts of black mist, they shot towards Liu Xing and Liu Rui!

Liu Xing and Liu Rui knew they were dead, but there was no fear or retreat on their faces. Instead, they exploded with the last energy in their bodies, ready to face death!

But when Yao Qing stretched out both palms, a dazzling light suddenly lit up not far away, just like the sun suddenly rising in the dark night!

Immediately afterwards, I felt a turbulent aura like a tsunami, and it was driving fast. Wherever it passed, the trees and rocks turned into powder, leaving a deep gully in the ground!

Yue Buqun and the others were also taken aback for a moment, then they looked at the dazzling light with some doubts in their eyes!

Yao Qing's face changed, and the palms that were originally attacking Liu Xing and Liu Rui also changed direction instantly, and pushed forward vigorously!

A majestic breath rushed out, and then collided fiercely with that dazzling light!

Boom...

There was a sound like a nuclear explosion, and then a mushroom cloud rose all around, and the huge air wave directly sent all the people around them flying!

Even Yao Qing retreated, again and again, retreating more than ten meters before he stabilized his figure!

When the smoke and dust dispersed, David's figure slowly appeared!

David held the dragon-slaying sword in his hand, and there was raging anger in his eyes!

just that wayThe glaring light is just the light from David's sword!

"It's you kid?" Yao Qing was a little surprised, he didn't expect David to be able to explode with such a strong power!

"Mr. Chen..."

After Yue Buqun and Liu Xing and Liu Rui saw that it was David, there was a glimmer of hope in their eyes!

"Sect Master Yue, are you alright?"

David bent down, put one hand on Yue Buqun's shoulder, and streaks of spiritual power instantly entered Yue Buqun's body!

Yue Buqun smiled lightly and said, "It's okay, I can't die..."

After inputting spiritual power to Yue Buqun, David took out the beast pill of Raging Flame Tiger and handed it to Yue Buqun, saying, "Sect Master Yue, this is a monster pill, you swallow it, you can recover quickly."

Yue Buqun took the beast pill, and his heart was shocked, because just looking at the beast pill, he knew that the strength of this monster must be very strong!

Yue Buqun swallowed the beast pill, and a warm current rose in his body instantly, and the exhausted energy has recovered a lot at this moment!

“Mr. Chen, has your strength recovered?”

Liu Rui asked David.

Judging from David’s blow just now, David’s strength should have reached its peak.

David nodded, “Well, it’s recovered. You two will leave immediately with Sect Master Yue. I’ll block it for you here.”

David knew that although Yao Qing was directly repelled by his explosive blow just now, But if they really wanted to fight, David might not be that Yao Qing’s opponent!

What’s more, there are so many disciples of the Burning Heaven Sect behind Yao Qing, if these people beat him up, David knows that he has no chance of winning!

So he asked Liu Xing and Liu Rui to leave with Yue Buqun, so David could find a chance to escape. Although he couldn’t beat him, David was still sure of escape!

“Mr. Chen, you...”

Yue Buqun knew that although David had regained his strength, he still couldn’t be Yao Qing’s opponent!

Chapter 2350

“Okay, don’t talk about it, as long as you leave, I can find a chance to escape. Although I can’t beat him, there is no problem in escaping.”

Fearing that Yue Buqun would not leave, David would waste time, so he said!

Upon hearing this, Yue Buqun knew that David would not follow Yao Qing head-on, but was planning to escape, so he felt relieved.

"Then take care of yourself..."

Yue Buqun got up supported by Liu Xing and Liu Rui, and was about to leave!

But at this moment, there was a sound of chaotic footsteps, Leng Wudao and Tong Haiyang arrived with people from other sects!

When seeing the tragic appearance at the scene, many people were also trembling!

But when he saw that Yue Buqun was still alive and that David was here, Leng Wudao was taken aback!

"Good boy, I've been looking for you for so many days, but I didn't expect you to show up here."

"Let me see you today, so you don't even think about leaving..."

After Leng Wudao finished speaking, the disciples of the Flying Star Sect threw Chen Xiao in an instant. Ping was surrounded, and Yue Buqun and others were also surrounded, so they couldn't escape now!

"Leng Wudao, as a decent sect, you actually colluded with evil cultivators and put me to death."

"And you people, who collude with evil cultivators, are you not afraid of being punished by heaven?"

"Just wait, my today, Even your tomorrow, you will be swallowed sooner or later..."

Yue Buqun looked at these people in front of him, trembling with anger!

It was hard for him to imagine that these people would collude with the Fentian Sect and let the Fentian Sect destroy him!

Yue Buqun's words silenced many people!

"Yue Buqun, don't be struggling to die. Let me tell you, what is the purpose of our cultivation? Is it to eliminate demons and defend the Dao, to protect the family and the country?"

"Who doesn't want to become immortal and Buddha, immortal? So you don't need to say so much, as long as there are benefits, enemies will become friends!"

"Since you chose to stand with that David, you should have expected that today will come."

Leng Wudao said coldly!

"Don't talk nonsense with them, kill them directly, so that the night will not have more dreams..."

Tong Haiyang said!

Leng Wudao nodded and looked at Yao Qing, "You take the people of the Burning Heaven Sect and kill them. The position of the Pure Yang Sect is yours.

" At this point, he had no choice but to kill Yue Buqun!

Yao Qing led the members of the Fentian Sect and walked forward slowly, with murderous intent in his eyes!

On the outskirts are hundreds of people from other sects, who are also watching eagerly!

"Hey, God's will tricks people, Mr. Chen, you shouldn't show up."

Seeing that there was no way out, Yue Buqun sighed!

"Don't worry, it's not the last moment yet..."

David said with a faint smile!

"When you are about to die, you can still laugh. You are indeed a talent, but it's a pity that you chose the wrong path!"

Yao Qing narrowed his eyes and looked at David, "If you commit suicide, you won't have to suffer any more. , Otherwise, if I want to take action, it will make your life worse than death!"

Yao Qing didn't want to do anything, because the people from other sects who were staring at him also gave him a lot of pressure!

If he was fighting and he was injured, and these sects suddenly attacked him, the Burning Heaven Sect, then they would have no choice but to be slaughtered!

Speaking of which, Yao Qing didn't completely trust Leng Wudao, and he could think of a way to destroy the Pure Yang Sect directly, which shows how ruthless this Leng Wudao is!

So Yao Qing hoped that David and the others could commit suicide. After all, it was already a fatal situation. If they committed suicide, they would suffer less!

"You think so, we must die?"

David sneered.

"Is there any chance of you guys surviving?" Yao Qing asked.
