

# A Man Like None Other

## Novel

### Chapter 2351

“Stop talking nonsense with him, leave this kid to me, I’ll kill him myself...”

Leng Wudao stepped forward, and then urged Yao Qing!

David looked at Leng Wudao, and sneered, “You ignorant guy, since you believe that I killed your son, I have nothing to say.”

“But you are also a talent if you can raise a son who is neither male nor female... ..”

David’s words immediately hit Leng Wudao’s weakness, you must know that his son’s temperament is the pain of his life, how many people have ridiculed him behind his back!

Now that David dared to humiliate in public, Leng Wudao was going to die of anger!

“Boy, today I will definitely smash your corpse into thousands of pieces...”

Leng Wudao’s body erupted with a terrifying aura, and his eyes were already scarlet with anger!

“Then give it a try...”

After David finished speaking, a strange cry suddenly came out of his mouth!

Listening to that voice, it sounded like an animal’s cry, but it didn’t sound like it. The deep voice spread far away in the dark night!

David's sudden and strange behavior made everyone startled, not understand what David was doing!

Leng Wudao looked at David and frowned slightly, "What are you yelling about?"

However, David ignored him, and the voice from his mouth became louder and louder. rise slowly!

The entire night was illuminated as brightly as day, and that golden light actually exuded a terrifying monster aura!

The breath spread rapidly, covering a distance of tens of miles in an instant!

Looking at the golden light slowly rising above David's head, everyone was stunned!

But at this moment, the ground began to tremble violently, like an earthquake, and the trembling people were a little unstable!

Immediately afterward, there was a rumbling sound, as if coming from the sky, getting closer...

It wasn't until the sound came before their eyes that everyone saw that a mass of monsters were roaring and rushing towards them!

All kinds of monsters, as if sent out like crazy!

This time, everyone was shocked, they had never seen such a scene before!

"Roar..."

A giant lion roared angrily, and all the monsters roared accordingly!

At this moment, some timid people turned their heads and ran away. Facing so many monsters, some people's defenses finally collapsed.

"Everyone, don't mess around, gather together, these monster beast pills are excellent resources..."

Leng Wudao shouted loudly!

People die for money and birds die for food. When Leng Wudao said the beast pill, some people who wanted to run changed their minds. There are quite a few of them. Together with these sects, they can fight with these monsters !

The most important thing is that there are so many monsters that can produce a lot of beast pills. If they run away, they won't get anything!

Leng Wudao and the others began to gather together tightly, posing in a fighting stance!

At this moment, no one cared about David and Yue Buqun. After all, there were so many monsters, even if they stepped on them, they could trample David and the others to death!

Yue Buqun and Liu Xing and Liu Rui turned green when they saw the dark monsters rushing towards them!

Liu Xing and Liu Rui closely guarded Yue Buqun, they only hoped that these monsters would not step on their master!

"Sect Master Yue, don't be afraid, these monsters are my little brothers, they won't hurt you..."

David said!

"Your little brother?" Yue Buqun, Liu Xing, and Liu Rui looked at David in surprise.

David smiled, and instead of explaining, he waved his hand, "Come on, kill these bastards..."

Leng Wudao and others looked at David, thinking that David was crazy, and faced the monster. When the beast attacked, he was still in the mood to tell a joke!

But soon, a scene that shocked them appeared, as long as those monsters, when they came in front of David and the others, suddenly separated a passage, and did not attack David and the others!

Instead, he roared and rushed directly at Leng Wudao and the others, which made Yue Buqun and the others speechless in shock!

## Chapter 2352

Soon, the scene was in chaos, and the monsters fought with Leng Wudao and the others. These monsters were fierce and unusual, and they were not afraid of death at all!

Yue Buqun looked at the scene in front of him, then looked at David, his Adam's apple kept rolling, "Mr. Chen, are these monsters really your little brothers?"

"Of course, otherwise how could they listen to me..."

Chen After Ping finished speaking, he stood on a high place and looked at the miserable situation in front of him, and then waved his hands towards Leng Wudao, "Hit slowly, I'm leaving..."

"Little bastard, you can't go..."

Leng Wudao Furious, he suddenly slapped a beast flying with his palm, and then jumped towards David!

He couldn't let David escape. If David escaped, it would be difficult to find David!

But just when Leng Wudao jumped up, suddenly a huge figure appeared, and the giant lion opened its bloody mouth, and directly rushed towards Leng Wudao!

For a while, Leng Wudao could only parry the giant lion, and had no way to stop David!

And David took Yue Buqun and the others, and quickly fled away!

After David left, with the roar of the giant lion, all the monsters dispersed like birds and beasts!

A lot of corpses were left at the scene, including those from three sects and six sects, as well as corpses of monsters!

In this battle, although many monsters were killed, each sect also suffered considerable losses!

“Damn it, let David run away, who the hell is this guy? Why can he control so many monsters?” He

roared coldly!

“Brother Leng, even though David ran away, it’s not a loss for us to kill so many monsters and get so many beast pills!”

Tong Haiyang persuaded Leng Wudao!

Leng Wudao nodded, then waved his hands and said, “Dug out all the beast pills of these dead monsters...”

Soon, everyone took action and began to take beast pills from the corpses of monsters!

But soon, they discovered that the animal pills they took out turned out to be gray in color, without a trace of luster!

Leng Wudao held the beast pill, with a puzzled expression on his face, "What... what's going on?"

Tong Haiyang took the beast pill and looked at it, frowning tightly, "These beast pills have been absorbed by people in a short time. , That's why it shows this color, it's worthless at all."

"Who the hell? Who can absorb so many beast pills?"

Leng Wudao was very surprised, dozens of monsters, unexpectedly Beast pills have been absorbed by people!

"I don't think there will be anyone else except David. Didn't you realize that David's strength has obviously improved a lot. There must be some treasure or secret in this kid..."

Tong Haiyang analyzed!

"Damn it, I'm going to catch him sooner or later, peel him off, and find out what secrets he has!"

Leng Wudao gritted his teeth.

"We still give orders to stop hunting monsters for the time being. These monster pills are worthless. We have to wait for a while to let these monsters recover before hunting them. Then the beast pills will be valuable!"

Tong Haiyang said.

"Okay, there are no monster pills. There are other resources here, which are enough for us to survive and practice."

"But that David, as long as I don't get out of this secret realm, I must find him..."

Leng Wudao clenched his fists, Said with anger in his eyes!

"Let's clean up the scene. We need to hurry up and find a suitable place!"

After Tong Haiyang finished speaking, everyone began to clean up the scene and bury the corpses...

On the other side, David, with Yue Buqun, Liu Xing, and Liu Rui, Shuttle down the jungle quickly!

Because Yue Buqun hadn't fully recovered, his speed wasn't very fast!

But there was no pursuer behind, so David and the others were not in a hurry!

"Those people didn't catch up, I think we should find a place to rest first so that Sect Master Yue can fully recover!"

David suggested!

## **Chapter 2353**

Liu Xing and Liu Rui nodded, after all, at this moment, everything can only be done by David!

David and the others found a small cave that could accommodate several people, and they rested in the cave that night!

David let Yue Buqun practice with peace of mind so as to recover his body, but Yue Buqun couldn't enter the state of cultivation at all!

"Hey...it's all me, and it's all because of me that the disciples of the sect were killed and injured..."

"How can I, the suzerain, have the face to meet the ancestors..."

Yue Buqun's face was full sad!

After all, all the disciples of the Pure Yang Sect were killed or injured, and many of them chose to blow themselves up in order to save Yue Buqun.

This made Yue Buqun feel very uncomfortable!

Liu Xing also reminded at that time that he was afraid that other sects would attack Chunyang sect, but Yue Buqun was still too optimistic, thinking that other sects were well-known and decent, and would not do such a thing!

But in fact, these people can do anything for profit, and it's no different from following those evil cultivators!

Now Yue Buqun realized the reality, but it was too late, all the disciples of Chunyang Sect were dead except Liu Xing and Liu Rui!

Seeing Yue Buqun like that, Liu Xing and Liu Rui also fell into grief. The senior brothers who were fine a second ago are now corpses!

"Sect Master Yue, these people are too cunning and have nothing to do with you, don't worry, as long as they stay in this secret realm, I will make them pay the price!"

David comforted Yue Buqun One sentence.

"Mr. Chen, we have dragged you down..."

Yue Buqun said in embarrassment.

"Sect Master Yue, if it wasn't for you, I might have died by now. Stop thinking about it, take a good rest, and recover your body as soon as possible!"

After David finished speaking, he walked out of the cave. He knew that Yue Buqun, Liu Xing and Liu Rui needed to be quiet, and he needed to accept this reality slowly!

"How long are you going to rest, kid? Don't forget to find that place as soon as possible according to the markings on the treasure map!"

At this time, the old man's voice sounded!

"understood....."

David said impatiently, then lit a cigarette, and looked up at the bright starry sky!

After taking a deep breath, David spat it out heavily. Killing made David feel tired, he began to miss Sonya, and those people in Kyoto!

But now he must keep moving forward, otherwise, even Sonya and the others would not be able to save them, and he would not even be able to see his own mother. I don't even know the identity of my own father

.....

Kyoto, the secret realm of the Demon Heart Sect!

Da Neng sat on a chair, and the Demon Envoy knelt down on the ground, his head lowered tightly!

"Everyone gathered together Yet? "

Da Neng said slowly.

"If you go back to Da Neng, you have already gathered everything. Except for that David, everyone has been locked in the secret realm of Wendaosong!"

"The

magician replied.

"Very well, the moment when the spiritual energy is revived and the way of heaven is opened is coming soon..."

“Hahaha...hahaha...”

Da Neng was very happy and laughed wantonly!

“Da Neng, when can Ning Zhi be released? One of his soul rings is still missing in the stone statue...” the emissary

asked cautiously.

“At the last moment, it is not too late to lure that David, and let Ning Zhi come out. I will give him resources and raise him.” After so long, it is time for him to repay me.

Da Neng said lightly. “

Yes!” “The magic envoy nodded!

Da Neng waved his hand, and the figure of the magic envoy gradually faded away, and finally disappeared!

After the magic envoy disappeared, a burst of purple light flickered on the eight chairs on which Da Neng lowered his head. Then eight people in purple robes appeared!

These people all covered their faces, and no one could see their faces clearly!

Seeing the appearance of the eight purple robes, Da Neng said slowly, “The spiritual energy is revived, the time for the opening of heaven is getting closer, and you should be ready...”

“Understood!” The eight purple robes nodded, and then also disappeared!

## **Chapter 2354**

The Guardian Court in Kyoto!

Mr. Shi was writing something at his desk when suddenly his hand shook, and a stain appeared on the original neat handwriting!

Mr. Shi put down the brush in his hand, got up slowly, and walked out of the room!

Looking up at the night sky, Mr. Shi muttered to himself, "What should come is coming soon, after all, David, are you ready?"

After finishing speaking, Mr. Shi's body flashed away like a shooting star, directly slashing across the sky. Passed through the night sky, and finally landed in a courtyard!

Although it was very late, the courtyard was brightly lit, and several girls were practicing sweating profusely!

Seeing Mr. Shi's arrival, all the girls stood respectfully to one side!

Seeing this, Mr. Shi nodded in satisfaction.

"Mr. Shi, I didn't expect you to have a rest at this late hour..."

A girl in a white dress with delicate features walked over and said.

This girl is Ji Ruxue, and the other girls are also women beside David.

Xiaolan, Xiao Min, Ge Jiayi...

Each of them has obtained the exercises inherited by Mr. Shi, and according to each person's characteristics, the exercises they practice are different!

"There is not much time left for you. If you want to stay with David, you must work hard..."

"Perhaps in the near future, David will leave this land and go to a vaster place."

" He has his responsibility, and you can't be his stumbling block, understand?"

Mr. Shi said with a serious face.

"Mr. Shi, don't worry, we will work hard. For David, we are willing to give our all..."

Ji Ruxue said firmly!

Mr. Shi smiled in satisfaction, and his figure disappeared in an instant!

"Sisters, let's continue. If we want to follow David, we must improve our own strength..."

After Ji Ruxue finished speaking, the girls continued to practice!

r> .....

In the secret territory, after two days of calming down, Yue Buqun can finally calm down and practice!

Liu Xing and Liu Rui are protecting Yue Buqun!

David set up magic circles around and went out to find some medicinal herbs to refine Yue Buqun's elixir so that Yue Buqun could recover faster!

Otherwise, after staying here for a long time, the old man in David's body would be nagging all day long, making David very annoying!

But when David left the cave to collect herbs, a group of people were approaching the cave!

The leader among them is the fortune teller of the Divination Gang!

I saw the magic operator pinching his fingers and changing his position constantly!

"Master, are you sure that Yue Buqun and others are nearby? It's been a few days, and they should have fled far away."

A divination disciple asked.

"Shut up, master's divination, you dare to question it, don't you want to live..."

another student of the divination gang reprimanded loudly!

"They're not far away, they'll be there soon..."

At this moment, the fortune teller spoke!

After David and the others escaped, the fortune teller secretly started divination about the location of David and the others!

For David's identity, the fortune teller was very curious, who could command so many monsters!

Also, the level of breath on David's body was not high, but the real strength exuded by him surprised people!

So God's operator became more and more curious about David!

Taking advantage of Leng Wudao and others not chasing David, the fortune teller calculated the location of David and the others, so he hurriedly brought his disciples to find them!

But when Shen Suanzi brought his disciples close to the cave, suddenly streaks of light lit up, and then several aura chains shot out instantly, entangling Shen Suanzi and others, restraining their actions!

Shen Suanzi and his disciples were all shocked. They didn't expect that there was a magic circle here, but from this point of view, Shen Suanzi's divination was in the right direction, and David and the others must be not far ahead!
