

# A Man Like None Other

## Novel

### Chapter 2355

"Hmph, the mere magic circle also wants to trap this old man. They must have forgotten what this old man does." After the

fortune teller finished speaking, he pinched his fingers, and suddenly the clear sky became black and closed with black clouds, followed by a few A bolt of lightning flashed by!

The lightning strikes on the magic circle laid down by David, instantly smashing David's magic circle to pieces, and the aura chains that bound the fortune teller also disappeared at this moment!

"How can such a small magic circle be able to stop Master, Master is a person who can see the way of the sky and change his fate against the sky..."

"That's right, even God listens to Master, these guys think they can escape Drop!"

"Master's divination skills are probably invincible in the whole world..."

A group of disciples of the divine operator began to praise the divine operator.

"Okay, shut up, as a teacher, this is just a trivial skill, how can you follow the sky..." The

fortune teller reprimanded his disciple, but he was very happy in his heart!

Who doesn't like being flattered and flattered?

At this time, David, who was picking herbs, suddenly shook his body and frowned!

"It's broken, the magic circle was broken by someone, someone broke in, Sect Master Yue is in danger..."

David yelled inwardly, then his body flickered, and he ran back quickly!

But at this time, the divine operator had already found the cave with his disciples. Looking at Liu Xing and Liu Rui who were guarding outside the cave, the divine operator smiled coldly, "I really found it, and it is hidden here..."

And Liu Xing Seeing that Shen Suanzi brought someone here, Liu Rui's face became a little ugly, and his expression became tense!

Now that Yue Buqun has not fully recovered, and David is no longer here, if the magic operator does something, the two of them will not be rivals at all!

"Master Shensuan, our two families have no grievances or enmities, why do you want to kill them all? And my master is also very respectful to Master Shensuan."

Liu Xing stepped forward and followed the fortune teller very politely.

"Master Shensuan is a person who sees the secrets of the sky. He is considered to be half a fairy. How can you walk with Leng Wudao and those vulgar people? It's a loss of your identity!"

Liu Rui also said hastily.

They knew that the fortune teller liked to be praised by others, and he also said that he was the reincarnation of a fairy, half a fairy!

With no other choice, Liu Xing and Liu Rui could only flatter the fortune teller, to see if they could fool the fortune teller away!

Hearing Liu Xing and Liu Rui's flattery, the fortune teller really smiled, "I've heard that Yue Buqun's two disciples are very well-behaved and sensible. When I saw them today, they really deserve their reputation..."

"I didn't come here to kill you Master, I just want to meet that David, this kid made me interested..."

Liu Xing and Liu Rui breathed a sigh of relief when they saw what the fortune teller said, as long as he didn't come to kill them!

If Shen Suanzi had murderous intentions at this time, and the two of them couldn't stop them, Yue Buqun would definitely die!

"Master Divine Fortune, since you are here to find Mr. Chen, please come in..."

At this moment, Yue Buqun's voice rang out in the cave!

Hearing this, the fortune teller walked towards the cave!

But a disciple stopped the fortune teller and said, "Master, be careful of fraud..." The

fortune teller was stunned for a moment, but Yue Buqun's voice came out again in the cave, "The master of fortune teller can predict whether there is fraud or not. The master of fortune teller has long thought I see, am I right?"

Hearing this, the fortune teller immediately glared at his disciple and said, "Go away, is there any fraud, as a teacher, don't you know?"

After reprimanding his disciple, the fortune teller Zi stepped into the cave!

"Master of fortune telling, sit down..."

Seeing Shen Suanzi walk in, Yue Buqun said politely.

# Chapter 2356

"Yue Buqun, what about David?" The fortune teller glanced at the small cave, but there was no sign of David at all!

"With the skill of a master of fortune telling, do you still need me to tell where Mr. Chen is?"

Yue Buqun laughed!

"That's not necessary..." After the magic operator finished speaking, he took out a copper coin, took a breath, and twirled it in his palm a few times!

Then he put away the copper coins and said, "Then David is on his way back, so I'll wait for him for a while..."

"The master of fortune-telling is really powerful. It's no mistake that he can spy on the secrets of heaven, so he's called a half-immortal..."

Yue Buqun also praised the fortune teller!

This time, the magic operator was blown away like a celestial being, and his face was full of pride!

"Yue Buqun, you said that you offended the entire sect in the hidden world for one David, and you were almost wiped out in the end, why bother..."

"If you are not helping that David now, and sincerely repent, I will intercede with you, and let Leng Wudao let you go..." The

fortune teller comforted Yue Buqun!

"Master Shensuan doesn't know something, that Leng Wudao has long been in the eyes of no one. We, the three sects and six sects in the hidden world,

originally had no distinction between high and low, but now we have to listen to that Leng Wudao.

"The Lei faction has obviously united, and the entire hidden world will listen to them."

"Even if it is the master of the fortune teller, the cold and innocent may not give you face."

Yue Buqun said this deliberately, arousing the anger of the fortune teller.  
anger!

"Hmph, that Leng Wudao can look down on others, but if he dares to look down on me, he doesn't have the guts." "It's you, why did you help that David? Could it be

that there is something secret about him?"

Come here, just want to know if there is any secret in David's body!

The fortune-teller once divination for David, wanted to see what secret David had, but unfortunately nothing came out of the divination, which aroused his curiosity!

"Master of fortune telling, if I'm not wrong, you must have performed a divination on Mr. Chen, and you didn't find anything, right?"

Yue Buqun asked.

The magician nodded, "Yes, this is the first time I have encountered such a situation..."

"Master of the magician, to be honest, Mr. Chen does have a big secret. In the end, not only did he get nothing, but he almost died..."

Yue Buqun whispered.

This time, the magic operator's curiosity was even more seduced, and this was the result Yue Buqun wanted!

"When David comes back, I want to face him and perform a divination. I want to see what secrets this guy has to make him so powerful..."

"And he can control such monsters, making them listen. What he said, it's incredible..."

Shen Shuzi said impatiently.

At this moment, David had hurried back. Seeing the disciples of the Divination Gang at the entrance of the cave, David instantly had a murderous intent!

"Mr. Chen..."

Seeing that David was about to make a move, Liu Xing rushed up to meet him and said, "Mr. Chen, these people belong to the divination gang, and their master, the fortune teller, is waiting for you in the cave..."

"They didn't make a move, did they?" David asked.

Liu Xing shook his head, and then said in a low voice, "No action, this fortune teller has a shortcoming, that is, it likes to listen to people's flattery. We just flattered him, but he didn't do anything. Now my master is inside, flattering him..."

When David heard this, he couldn't help laughing. He didn't expect such a person to exist...

David walked into the cave and saw the fortune teller sitting inside!

"Mr. Chen, this is Master Fortune Teller..."

Yue Buqun hastily followed David and introduced him!

David just nodded slightly, and then sat aside!

## Chapter 2357

The magic operator took a look at David, as if he wanted to see through David, but he couldn't see anything from David.

"Mr. Chen, a master of fortune telling can divination for the past and the future. He wants to do a divination for Mr. Chen, and he wants to see Mr. Chen's identity..."

Yue Buqun looked at David inquiringly and said.

"Okay, I also want to know who I am..."

David said with a slight smile!

He had long wanted to know who his father was. It would be great if this fortune teller could really tell the truth.

Even a character like the Blood Demon, when he discovered the mystery of his own life experience, his face turned pale with fright, and he dared not say a word. This fortune teller might not be able to figure out anything!

"Master Chen, Mr. Chen has agreed, we can start now..."

Yue Buqun said to the magician.

In fact, Yue Buqun was also very curious about David's identity. At the time when the Sansheng Stone exploded, Yue Buqun only knew that David's identity was far from simple, and he didn't know what it was!

"Okay." The fortune teller nodded, and then took out three copper coins!

The magic operator muttered something, and then threw the three copper coins into the air, and the three copper coins shone brightly in an instant!

The three finished copper coins were suspended above David's head, and the golden light shone on David!

David sat quietly, with a faint smile on his face!

Shen Suanzi closed his eyes slightly, pinched his fingers quickly, and kept mumbling something in his mouth!

Soon, the three copper coins began to tremble, and the expression of the magic operator also changed, his brows were wrinkled!

Afterwards, the forehead of the divine operator was covered with sweat, and his body began to tremble!

Boom.....

Suddenly, there was an explosion, and the three copper coins above David's head exploded and turned into powder.

Pfft.....

And the magic operator spurted out a mouthful of blood, and the aura on his body became extremely weak!

Shen Suanzi opened his eyes and looked at David in horror. David knelt down slowly with his trembling body!

Seeing the divine fortune teller, Yue Buqun was a little confused.

"Master of fortune telling, can you figure out Mr. Chen's identity?"

Yue Buqun asked.

The fortune teller shook his head, "Mr. Chen's identity is a real secret. I just snooped on it for a while, but I was backlashed and almost lost my life..."

"Mr. Chen, I'm the one to be rude. I hope Mr. Chen won't be offended..."

Shen Suanzi knelt in front of David and apologized very sincerely!

Seeing this, Yue Buqun was also shocked. Fortunately, he only used the Sansheng Stone to check David's identity. If he had also checked David in person, his life might be lost!

"Get up..." David said calmly!

Shen Suanzi stood up tremblingly. In front of David, he was like a mouse seeing a cat!

"You are the only one who found this place, so others don't know about it?"

David asked the fortune teller.

"I don't know, I didn't tell the others. I couldn't bear to see those guys betraying their promises and colluding with evil cultivators, so they secretly led people out."

"I will follow Mr. Chen from now on. Who dares to disrespect Mr. Chen, I'm the first one not to agree..." The

fortune teller hastily followed Leng Wudao and the others to separate the relationship!

"Since that's the case, then stay here for a while longer and wait until Sect Master Yue recovers!"

David said flatly.

"Everything is under the arrangement of Mr. Chen..."

The fortune teller nodded!

With the addition of Shen Suanzi, David is much more relaxed. Every day, Shen Suanzi takes people to pick herbs and take care of David's daily life!

And David also had more time to practice, coupled with abundant resources, David's strength improved rapidly!

A week later, Yue Buqun's body had completely recovered, and David led the crowd to continue on their way!

During this time, the old man in his body, nagging him every day, has long been impatient!

I also annoyed David with nagging...

## **Chapter 2358**

Not long after David and the others left, Leng Wudao and others led people here, and Leng Wudao was accompanied by a disciple of the Divination Gang!

This divination gang disciple sent a letter to Leng Wudao and others, because the fortune teller chose to follow David and obey David's orders, which puzzled some divination gang disciples, and a rebellion occurred!

"Master, there is no one in the cave..."

A Flying Star Sect disciple who went in to check came out and said!

"Damn it, did they hear the wind?"

Leng Wudao went into the cave to check it himself, and found that David and the others had just left!

"They haven't been away for a long time, chase after me, this magician, secretly betrayed us..."

Leng Wudao waved his hand, and everyone chased after David and the others!

David and the others didn't know that their whereabouts had already been known by Leng Wudao and others, and they were still moving quickly according to the location marked on the treasure map!

"Mr. Chen, where are we going?"

Liu Rui asked curiously.

David only cared about taking them on their way, but didn't say what to do!

"Rui'er, we just need to listen to Mr. Chen, don't ask too many questions..."

Yue Buqun reprimanded Liu Rui!

Liu Rui stuck out her tongue and lowered her head!

David smiled and said, "It's okay, I promised a person to take him to a place, so we're going there now."

David didn't say anything about the treasure map, but the others didn't ask, after all they Follow David, then trust David 100%.

David and the others had been driving for a day, and after it was dark, David and the others found a place to rest!

But just when David and the others sat down to rest, a disciple of the Divination Gang hurried over and said to the fortune teller, "Master, senior brother is gone?"

"Disappeared? What did he do?" The

fortune teller was stunned.

"Last night, senior brother said that he had a stomachache, so he went to make some convenience, and then he didn't come back..."

Then the divination help disciple said.

"What?" the fortune teller was startled, "Why the hell did you say it now?"

"I thought the elder brother was in front, so I didn't say it..."

Then the divination gang disciple said with a look of horror.

"Master Shensuan, maybe your first disciple has delayed and followed behind, if not, send someone to look for it..."

Yue Buqun said to Shensuanzi.

Shen Suanzi did not speak, but threw a copper coin casually, and saw a bright light flashing in the air instantly.

Just as this bright light flickered, in the mid-air not far away, there was also a bright light flickering at the same time!

Seeing the flickering light, Shen Suanzi frowned, and said coldly, "Damn, this bastard actually betrayed me..."

After finishing speaking, Shen Suanzi looked at David and said, "Mr. People are about to catch up, my big apprentice betrayed me, and brought Leng Wudao and others here..."

David frowned when he heard that, he thought he had got rid of these people temporarily, but he didn't want to continue Be followed up!

"Then what should we do?"

Yue Buqun looked at David!

Although Yue Buqun has recovered now, and the divine fortune teller is also on their side with the divination gang!

But in the face of other sects, as well as those from the Burning Heaven Sect, it would be difficult for David to be his opponent, unless David summoned those monsters again, and a wave of beasts broke out!

David pondered for a while and said, "We drove all night, and we are not far from the place I want to find..."

"Mr. Chen, you go first. I am the queen, and I will kill this beast with my own hands..." the

fortune teller said to David.

"Let's go together, it won't help if you stay..."

David said!
