

A Man Like None Other

Novel

Chapter 2359

Even if Shen Suanzi stays with the divination gang, he will never be the opponent of Leng Wudao and others, after all, the difference in strength is too great!

After David finished speaking, he broke off a branch and began to draw various patterns on the ground!

As the pattern began to flicker, a magic circle was arranged by David.

Shen Suanzi couldn't help but be a little surprised when he saw David's easy arrangement of the magic circle. He didn't expect David's magic circle to be so powerful!

After setting up the magic circle, David left quickly with everyone!

Soon, Leng Wudao and others arrived here, seeing the traces of resting on the ground, a sneer appeared on Leng Wudao's face.

"They can't run away..."

After finishing speaking, Leng Wudao took the lead and led his men to chase after him!

But just took two steps, suddenly the ground trembled, and then the surrounding trees seemed to come to life, and the trees began to spin around Leng Wudao and others crazily, blocking the way of Leng Wudao and others!

"Hmph, the little magic circle, it's a joke to want to stop us..."

Leng Wudao snorted coldly, waved his palm, and swept forward like a tsunami in an instant!

The rocks and trees turned into powder one after another, and soon the formation was broken!

However, David didn't expect his formation to trap Leng Wudao and the others, as long as the formation could delay the time, it would be fine!

After traveling all night, David took Yue Buqun and the others to the location marked on the treasure map!

Looking at the bottomless ravine in front of him, David frowned slightly, because he could clearly feel a dangerous aura emerging from the ravine!

This ravine was bottomless, stretching for dozens of miles, with no end in sight, and it was pitch black inside, like a passage leading to the abyss and hell!

Moreover, the stone walls on both sides of the gully are so smooth that they don't seem to be formed naturally at all, but more like someone split them with a sword.

"Mr. Chen, who is this person? Why do I feel so gloomy and scary?"

Liu Rui asked David.

"I don't know either..." David didn't even know who this place was, he only remembered that it was marked on the treasure map!

At this moment, a light flashed across David's chest, and then a transparent skull slowly appeared in midair!

Seeing this scene, everyone was taken aback and became alert!

"Hahaha, it's finally here, it's here, it's here..." The

skull actually spoke!

"Mr. Chen, who is this?" Yue Buqun looked at the transparent skull and asked David.

David shook his head, "I don't know who he is..."

Hearing David's answer, Yue Buqun and Shen Shunzi were speechless. It turned out that David didn't know who the other party was, and brought him here. If the other party has any intentions, wouldn't it be troublesome?

The skull seemed to read everyone's thoughts, so he smiled and said, "There are countless treasures in this abyss, it depends on whether you dare to go down..."

After finishing speaking, the skull flew into the abyss, and was quickly caught. The darkness in the abyss is swallowed up!

This time, David and Yue Buqun looked at each other, not knowing what to do!

David could clearly feel the dangerous atmosphere in the abyss, but he also knew that great opportunities were often accompanied by dangers!

Now it depends on whether they have the courage, as the saying goes, how bold people are, how productive the land is!

"Master of fortune telling, Sect Master Yue, what shall we do?"

David knew that if he broke into the abyss, it would be very dangerous and he might lose his life, so he wanted to consult Shen Suanzi and Yue Buqun for their opinions!

"Mr. Chen, we will listen to you. You can say what you want, and we don't hesitate..."

"Yes, Mr. Chen, you can just ask..."

Shen Suanzi and Yue Buqun said!

Chapter 2360

David walked to the edge of the abyss, then lowered his head and looked down, only to see that it was dark inside, and he couldn't see anything, but the gloomy aura made people shudder!

A ray of golden light flashed across David's forehead. He wanted to use his spiritual sense to find out what was in the abyss, but it was a pity that David's divine sense was cut off instantly just after entering the abyss. Get out of the situation inside!

"Mr. Chen, Leng Wudao and others are about to catch up..." the

fortune teller walked up to David and whispered.

David turned his head and took a look, and then said to the fortune teller, "Master fortune teller, do you have any runestones, jade pendants, etc.?"

"What are you doing with those things, Mr. Chen?" Asked the fortune teller puzzled.

"There is too much yin in this abyss, and I'm afraid that some people won't be able to resist it, so I need to refine some things that can prevent the invasion of yin and share them with everyone..."

David explained.

"Mr. Chen, I only have copper coins, is that okay?" the

fortune teller took out a handful of copper coins and said.

"Yes!" David glanced at it, then took the copper coins over, and then the power of the dragon began to be sealed in those copper coins by David!

In just a few minutes, all the copper coins were refined and distributed to everyone!

"You must wear this copper coin on your body, otherwise your body may not be able to withstand the erosion of Yin Qi after a long time..."

David warned everyone!

Everyone held the copper coins, but felt that the cold copper coins had warmth, like a small stove, warm in their hands!

"Everyone, be careful, because you don't know what danger lies in this abyss, so don't get separated."

"Follow me closely. It's best for everyone to find a rope to hold them together. Otherwise, I'm afraid that you will get separated." It's in this abyss, and I can't find it at all..."

David reminded.

After finishing speaking, David turned around and jumped into the abyss, followed by others, no one was afraid!

David only felt that his body was falling continuously, and there was a whistling wind in his ears.

David didn't know how long he had fallen, but when he felt his feet hit the ground, he knew he had fallen to the bottom of the abyss!

On the palm of David, a faint spiritual fire burned, trying to give a glimmer of light to the dark abyss, but the spiritual fire danced and only burned for a moment before it went out.

David tried several times, but the spiritual fire couldn't burn here!

"This place is full of evil spirits, how could your spirit fire be burning..."

With an old voice, David's surroundings instantly became brighter!

David saw that the crystal skull exuded dazzling white light, illuminating his surroundings like daylight!

"You didn't leave?" David was a little surprised, obviously the skull fell into the abyss early, why is it still here?

"I'm waiting for you, to see if you have the courage to jump down..." the skull opened its mouth and said in an old voice.

Soon, Yue Buqun, Shen Suanzi and others also fell down one after another. Although the abyss was deep, no one was injured!

After all, they are already masters at the level of Valkyrie, so this height is not difficult at all!

However, this thick yin qi made many people unbearable, and their bodies could not stop shivering. Fortunately, there was a copper coin given by David, otherwise someone would have already had yin qi invading their bodies and turned into a rotten corpse. corpse!

Yue Buqun and the others were very puzzled when they saw that the crystal skull was there, and it was emitting white light, illuminating the surroundings!

"Now that you've entered here, it's up to you to make your own fortune. I can't help you with anything other than lighting up for you. It's all up to you..."

Skull said slowly.

Chapter 2361

"It is enough to illuminate the road, we will go on our own..."

After David finished speaking, he looked at Yue Buqun and the others and said, "Sect Master Yue, there is danger in this abyss." The breath is very strong, you have to be careful, don't get separated..."

Yue Buqun nodded, and then everyone started to move forward, and they didn't know how long they walked, they still couldn't see any other road, just this straight passage, going obliquely towards the ground.

At this time, David and the others didn't know how many meters they had penetrated into the ground. Anyway, as they got deeper and deeper, the yin energy became stronger and stronger. Even with the copper coins refined by David, some people still began to be invaded by the yin energy. Sanity began to suffer.

Seeing this, David took back the copper coins from the crowd and then treated them as the power of a divine dragon, and then engraved spells on the copper coins one by one.

When everyone was carrying copper coins on their bodies, they instantly felt much refreshed!

The strength shown by David made Shen Suanzi more and more surprised.

"Mr. Chen, we don't know how far and how long we've been walking. It's always been so dead here, and we haven't seen any danger. We just don't know when it will be the end?" the

fortune teller asked David . .

After all, this kind of dark environment, coupled with the gloomy air, if you stay in this environment for a long time, you will probably go crazy!

"Let's walk for a while and see..." David didn't know when he would end up walking like this!

But just as David finished speaking, the originally illuminated skull suddenly became dim.

"What's going on?"

Everyone's eyes suddenly went dark, and they were all startled.

But David's expression changed: "Everyone be careful..."

Just as David finished speaking, a gust of wind blew by, followed by chirping noises!

It sounds like a group of birds is flying toward them!

Because there was no light, everyone could only feel the surrounding aura start to surge, as if all the yin energy had come alive!

Afterward, countless eagle-beaked and sharp-beaked birds flew out of the bursts of Yin Qi, and started attacking David and the others!

David immediately activated the Indestructible Golden Body, and his whole body was covered with thick golden scales, making it impossible for those Li Birds to hurt him!

But the others are miserable, although everyone is desperately resisting, and the strong winds form a wall of wind!

But there were too many Li Birds, and people were constantly being pecked. Although one peck would not kill them, the densely packed Li Birds were already drenched in blood and wailing constantly, even for a student of the Divination Gang with a low cultivation level!

"A bunch of annoying beasts..."

Yue Buqun and the magic operator were attacking with all their might, and Li Birds kept falling in front of them!

But for this densely packed Li Birds, this little casualty is nothing at all!

David was also holding the Dragon Slaying Sword, and he swung out one after another of the sword lights.

Facing the small but large number of Li Birds, everyone felt a sense of powerlessness!

There were more and more screams, and more and more disciples of the divination gang fell down!

Seeing this, David put away the dragon-slaying sword, and the logo of the fire phoenix on his forehead flashed, and then became bursts of golden light, and a ball of golden light slowly lifted into the sky, and then turned into a huge fire phoenix, flashing wing!

David knew that this fire phoenix was the lord of thousands of monsters. When the fire phoenix appeared, these monsters should be timid, and even bowed their heads to surrender!

However, when the fire phoenix hovered above everyone's heads, illuminating the area, everyone realized that there was no Li Bird in front of them, and there was no Li Bird's corpse on the ground!

There was nothing around, not even one of them could be seen, but the disciples of the Divination Gang who fell to the ground, covered in blood, really existed, which proved that they were indeed attacked just now!

"This...what the hell is going on?"

Shen Shunzi and Yue Buqun looked confused!

David was also frowning at this moment, he didn't know what was going on, could it be that he forced out the fire phoenix to scare away those monsters?

But it's also impossible that once the fire phoenix appears, those Li Birds will disappear without a trace in an instant, it's simply impossible!

David wanted to ask the old man, but when he saw the skull, he found that the crystal skull fell on the ground without a trace of luster, as if it had lost some kind of power. I can't even hear the old man's voice!

Helpless, David could only temporarily put the skull away, and then carefully think about the scene that just happened!

"The monsters we just encountered should not be real monsters, but yin qi. Now those monsters have turned into yin qi and filled our surroundings, so we can't find them at all!"

David thought Said after a while!

This is the only possibility now, otherwise there is no way to explain, where did the densely packed Li Birds go?

And where did the dead birds go?

"Yes, Mr. Chen's analysis should be good. There shouldn't be any monsters that can survive in this environment."

Yue Buqun nodded, agreeing with David's point of view!

At this time, the magic operator looked at the disciple who fell on the ground and kept crying, with a distressed expression on his face!

But in this case, there is no way to heal them!

"Apprentices, I hope you don't blame Master. Instead of suffering like this, it's better to die happily..."

Saying this, the fortune teller planned to kill those seriously injured disciples of the divination gang!

After all, they are in this kind of place now, it is impossible to bring these seriously injured disciples, and if these disciples are left here to fend for themselves, it will be even more cruel and painful!

But when the magic operator made his move, David stopped him!

"Mr. Chen, they are in so much pain, why don't you give them a treat..." the fortune teller said with a sad face!

"Master of Divine Fortune, although their injuries are serious, they are not fatal. They are all skin injuries and will be cured soon!"

David finished speaking, and then asked: "Whoever has herbs on your body, take them out..."

The magician looked at David, and said with surprise: "Mr. Chen, can you still heal the sick and save people? Are you a pharmacist?"

" Bao Yukun from the Medicine Sect is nothing in front of Mr. Chen!"

Yue Buqun said to the fortune teller.

Hearing this, the fortune teller was even more shocked, and couldn't help but look at David. At such a young age, David's methods shocked him time and time again!

Everyone quickly took out a bunch of medicinal herbs. After all, in this secret realm, the most indispensable thing is medicinal herbs, so everyone picked some and brought them with them!

David didn't talk nonsense, and directly took out the Shennong cauldron from the storage ring, and began to refine the elixir.

For David, this kind of serious skin trauma couldn't be easier. Soon David refined the ointment, and then let the magic fortune teller to apply it on the seriously injured disciples!

Those wounds that did not occupy the disciple's body were actually healing at a speed visible to the naked eye. This miraculous effect shocked the fortune teller again!

"Taking advantage of this time, I will teach you a mantra to prevent too much yin energy from affecting everyone's mind!"

After David finished speaking, he passed on the mantra of clearing the heart to everyone!

David didn't know what would happen with the continuous deepening. If the yin energy was too strong at that time, even the copper coins he refined might not be able to protect the mind, so David passed on the Qingxin Mantra to everyone!

While reciting the incantation taught by David, the fortune teller stood there in a daze with his mouth wide open, because only he knew that this mantra of clearing the heart was a very advanced incantation, but David taught it to others so easily!

Chapter 2362

When David and the others were repairing, above the abyss, Leng Wudao and others had already chased to this place. Looking at the bottomless abyss, Leng Wudao's face was full of tears. It is dignified!

"You said that David and the others are in this place?"

Leng Wudao looked at the eldest disciple of the fortune teller and asked.

“Master Leng, I guess they are here. Since there is no one here, they should have come down here...”

said the big disciple of the fortune teller!

Tong Haiyang looked into the abyss, and then a divine sense penetrated into it, but found that the divine sense was cut off in an instant, and he couldn't detect the situation in the abyss at all!

Then he picked up a stone and threw it into the abyss, but no sound was heard!

“In this abyss, there is a lot of yin, and it is bottomless, so David and the others will not be so stupid as to jump into it?”

Tong Haiyang was a little bit unconvinced.

“I think so, it is impossible for them to jump directly into such an unfathomable abyss in order to avoid our pursuit, and I feel that there is a strong sense of danger in this abyss!”

Leng Wudao didn't believe it, Chen Flat they will jump!

Hearing this, the disciple of Divine Fortune teller hurriedly said: “Master Leng, then David and the others must be in this place, and no one can hide here at all. Since they are not there, they have jumped into this place. I can guarantee...”

“ His eldest disciple is afraid that Leng Wudao and others won't trust him. If he doesn't trust him, there will be no use value. He knows what the consequences will be for him!

“Don't be nervous, I believe in your divination skills. Since you are the first disciple of the divine fortune teller, you must have obtained his true instruction!”

Leng Wudao stepped forward and patted the shoulder of the first disciple of the divine fortune teller.

Seeing this, the disciple of Divine Fortune Teller secretly heaved a sigh of relief.

But before he could finish his breath, he was directly pushed into the abyss by Leng Wudao!

"Since you said they jumped down, then go down and look for me..."

Leng Wudao looked at the whereabouts of the disciple of the fortune teller, and said with a cold smile!

"Ah..."

the chief disciple of the fortune teller screamed with horror all over his face!

At this time, David and the others had finished repairing, and the injured disciples of the Divination Gang had recovered, and when they were about to continue to set off, they heard screams coming from above their heads!

Immediately after, a figure fell in front of them, Yue Buqun and Shen Shunzi jumped up immediately when they saw the situation and stopped the person back and forth!

After the big disciple of the divine operator landed on the ground, he was still glad that he was alive, when he saw two shadows attacking him!

After he saw the person coming, he broke out in a cold sweat instantly, and knelt down with a plop!

"Master, master..." The

eldest disciple of the divine fortune teller knelt in front of the divine fortune teller!

Seeing that it was his eldest disciple, the divine operator became furious in an instant!

"You traitor, you still have the face to call me master, I'm going to clean up the house today..."

After the fortune teller finished speaking, he slapped his big disciple with a palm!

However, David took a stride and grabbed Shen Suanzi's wrist: "Master Shen Suanzi, let's ask clearly before we talk..."

Shen Suanzi said with a cold face after hearing this: "Bastard, tell me, that Leng Wudao waits for someone Where? Did they jump off too?"

"No, they didn't dare to jump off, they pushed me down to find the way..."

"Master, I was wrong, I was really wrong, please forgive me Just once..."

The disciple of Divine Fortune teller desperately begged for mercy.

"It seems that we have to set off quickly. If these guys jump off, they will be in trouble..."

David didn't want to fight with Leng Wudao and others for the time being!

He wants to put all his energy into exploring this abyss, maybe he will get some opportunities in this abyss!

"Okay, let's go..."

After the magic operator finished speaking, he slapped his eldest disciple on the head without hesitation, killing him instantly!

None of the crowd took a look, but left quickly!
