

A Man Like None Other

Novel

Chapter 2394

Chapter 2394

In the secret realm of Fire Gate!

Jin Lifu of Zhanyue Pavilion, with many disciples of Zhanyue Pavilion, launched a crazy attack on the Ge family and Tianluolou!

The entire Fire Gate Secret Realm is in flames of war!

“Jin Lifu, are you f*cking crazy? Why did you attack us suddenly?”

Ge Cangsheng’s face was pale at this time, looking at Jin Lifu in front of him, he asked in puzzlement.

“Ge Cangsheng, different ways do not conspire with each other, and the spiritual energy will be revived soon. Keeping you people will only ruin our business, so we must kill you first!”

Jin Lifu said with a murderous look on his face!

“Jin Lifu, what do you mean by that? Could it be that you are the one who colluded with the Devil Heart Sect? You want to follow the Devil Heart Sect to artificially control the recovery of spiritual energy?” Jiang Wuya of Tianluo Tower frowned

, Asked Jin Lifu.

"That's right, since you are all going to die, I won't hide it anymore. In fact, we have long been united with the Demon Heart Sect. When the spiritual energy recovers, we will rule the whole world!" Jin Lifu smiled coldly, and then

gently With a pull, the clothes on his body were ripped off, and a bright purple robe was put on him!

"You are actually the purple-robed emissary of the Demon Heart Sect?"

Ge Cangsheng and Jiang Wuya were startled at the same time, their eyes narrowed involuntarily!

They never imagined that Jin Lifu, who had been living in this secret realm of the Fire Gate for decades, would be the purple-robed emissary of the Demon Heart Sect!

From this point of view, the collusion between Zhanyue Pavilion and Moxinzong did not happen overnight!

"Jin Lifu, why on earth? Your majestic Zhanyue Pavilion master will willingly be the lackey of the Demon Heart Sect?"

Ge Cangsheng really didn't understand what Jin Lifu was thinking. Is the master not good? I just want to be a dog!

"You guys know nothing, as long as we can revive the spiritual energy, we will have the opportunity to attack the world of heaven and man if we rule the entire secular world. Do you think my dream is only this small secret realm?" "I want to bring my disciples

, Step into the world of heaven and man, even step into the world of immortals, and become the ruler of the whole world..."

Jin Lifu looked forward to it infinitely, his face was full of excitement!

Looking at Jin Lifu's appearance, Jiang Wuya smiled and said, "It's just you, you still want to attack the world of heaven and man, and you want to step into the world of immortals, you are overestimating your capabilities, you are really overestimating your capabilities, even if your spiritual energy is really revived, you are just a piece of cake. Dog..."

"Hmph, death is imminent, and you are still so stubborn..."

Jin Lifu was furious, his breath rolled, and he went towards Ge Cangsheng and Jiang Wuya with a single palm!

Ge Cangsheng and Jiang Wuya teamed up and began to fight against Jin Lifu!

The same scene was happening in each of the eight secret realms, and conflicts and fights erupted in each of the secret realms!

In the secret territory of Leimen, Han Fusheng of Zixiao Mansion is sipping tea and listening to pleasant music!

Because his wife An Lingrong watched too closely, Han Fusheng never had the chance to find Long Ruotong, who was also David's mother!

However, Han Fusheng arranged Long Ruotong in a hidden place, where he had someone to take care of him in daily life, which was much better than when he was in the dungeon of Long's house!

"Mansion Master..."

At this moment, the housekeeper of Zixiao Mansion walked in quickly!

"What's the matter? Are you in a hurry?"

Han Fusheng asked with a glance.

"Mansion Master, Lu Buwei of Wanyue Castle, began to take people around to annex other sect families. In the entire Leimen Secret Realm, many small sect families were annexed by Wanyue Castle!

"If the turmoil in the secret realm of the gate continues for a long time, we are afraid that our Zixiao Mansion will also suffer!"

The housekeeper whispered.

"That's Lu Buwei's ambition. Those small sects have nothing to annex, and they don't have any resources. Since he likes it, let him go.

"If the aristocratic family is standing, it is impossible to do anything to our Zixiao Mansion, our two families have the best relationship, so Lu Buwei always wants me to marry Qing'er to his son!"

Han Fusheng said indifferently!

Chapter 2395

"Palace Master, I'm afraid..."

"Okay, go down!" Han Fusheng impatiently sent the butler away!

Since Lu Buwei likes to annex, let him annex, Han Fusheng is not worried at all!

But what Han Fusheng didn't know was that after Lu Buwei annexed those small sect families, he would annex their Zixiao Mansion. In their eyes, there was no relationship between good and bad, and there were only benefits!

Lu Buwei is also a purple-robed envoy, but these purple-robed envoys don't know each other's identities!

Ever since they received the order from Da Neng last time, they have been plotting to do it in their respective secret realms!

They must eradicate all unfavorable factors before their aura recovers!

Otherwise, people like them would not be the only ones who benefited after the spirit energy revived!

At this time, the other secret realms were also filled with corpses and seas of blood. There was a purple-robed emissary from the Demon Heart Sect in each secret realm. It can be seen that the Demon Heart Sect's big move has been played for many years!

Although the eight secret realms are already in chaos, the secular world has not been affected in any way, and it is still a peaceful scene!

Inside the Guardian Court in Kyoto, Mr. Shi was smoking a cigarette, and his face seemed to be a bit sad!

The tea in front of Mr. Shi was already cold, but Mr. Shi didn't take a sip!

This would never happen in normal times, but Mr. Shi was a little abnormal today.

"Mr. Shi, the tea is cold, let me change it for you..."

Xing Jun stepped forward and whispered.

"No, you can go out..."

Mr. Shi waved his hand.

Seeing this, Xing Jun could only retreat obediently!

"Now that the eight secret realms are in turmoil, what should come will still come. I hope that this time, David can stop this catastrophe and save all human beings in the secular world..."

Mr. Shi muttered to himself.

At this moment, the door of Mr. Shi's office was suddenly pushed open. One must know that one cannot directly enter Mr. Shi's office without notifying and knocking on the door, but now several people pushed the door and walked in!

Mr. Shi knew who was coming without even looking at it!

"How are you practicing?"

Mr. Shi asked with a slight smile.

"Mr. Shi, we have already learned what you taught us. I want you to teach us some more today."

Ji Ruxue stepped forward slowly and said to Mr. Shi!

It turned out that it was Ji Ruxue and the others who came here. Since they got Mr. Shi's advice, they have started to practice hard!

Moreover, Mr. Shi also spoke, and the few of them came to him without any notification, they could just push the door and enter!

So as soon as Ji Ruxue and the others came in, Mr. Shi knew about it!

"So fast?" Mr. Shi was a little surprised!

"Sisters, let's show Mr. Shi..."

After finishing speaking, Ji Ruxue, Gu Linger and Ge Jiayi started to move!

In a blink of an eye, a few people had already arrived outside the yard, and then a terrifying aura erupted, and they joined forces to shoot a bright beam of light, which shot straight into the sky, as if it wanted to poke a big hole in the sky.

In an instant, the sky began to change. The originally clear sky began to be covered with dark clouds, and a black cloud pressed towards the Guardian Pavilion.

"Okay, don't cause the crowd to panic..."

Seeing this, Mr. Shi waved his hand!

Several people withdrew their breath, and the vision in the sky disappeared instantly!

"You guys really didn't disappoint me, and it was not in vain that I spent all the resources in the capital on you guys."

"Then I will teach you a few tricks, but please remember, your strength must be kept secret, and you must be used as a trump card. You can only attack when David is most dangerous!" Mr. Shi told Ji Ruxue and the others

!

"Mr. Shi, don't worry, we understand!"

Ji Ruxue nodded. She did this to prevent David from becoming lazy. With so many women who can beat her around, David might not work hard in the future!

Mr. Shi began to teach Ji Ruxue and the others new exercises again...
