## Novel

### Chapter 2483

In the secret realm of the Demon Heart Sect, six purple-robed envoys stand together!

"Everyone, I have already met with Chen Ping. He promised me that he can help us rescue our relatives. Now we need to think of a perfect plan."

Yu Qian said to several other people.

"Patriarch Yu, the entire dungeon in the secret realm of the Demon Heart Sect is heavily guarded. I have also secretly inquired about it. Our family members are locked in the most secure third underground floor. It seems that Da Neng is also afraid that we will rescue our family members, so from the beginning Watch out for us."

"I'm afraid that Chen Ping is willing to cooperate and help, and it will be difficult to save our family..."

Yao Qisheng said with a sigh!

Hearing Yao Qisheng's words, several purple-robed envoys lowered their heads one after another, with sad expressions on their faces.

"No matter whether it is difficult or not, we have to give it a try. We can't watch our family members suffer, and our disciples become the resources of others. We must resist."

Yu Qian said firmly.

"Yes, we have to resist. Otherwise, the spirit recovery array will activate, and the whole secular world will really recover the spirit energy. Da Neng will not let us go.

" It will become a powerful training resource!"

Feng Jingyan said loudly with eyes shining brightly!

"I didn't say no, it's just that the dungeon is too tight, we have to think of a good countermeasure, otherwise we will act rashly, if we fail, not only my family will not be saved, but even the few of us will die without a burial. from the land."

Yao Qisheng said!

"I do have a plan..."

Feng Jingyan said.

"What plan?" Several other purple-robed emissaries asked in unison.

"If we want to rescue our family members, we must do it when the Demon Heart Sect is the most lax, and the time when the Demon Heart Sect is the most lax is the day

when the spiritual energy recovery array is activated." Take people to Wendaozong's secret realm, and prepare to activate the spiritual energy recovery formation, and at that time, Moxinzong is the most lax, we can take this opportunity to rescue our family."

Fengjingyan said!

After hearing Fengjingyan's plan, everyone fell silent!

Yao Shenghui said, "Master Fenggu, although your plan is good, the Demon Heart Sect must be the most lax on that day, but when that day comes, there

will not be many of our disciples from the great secret realm who will be absorbed by Ning Zhi." "

Besides, as the purple-robed envoys of the Demon Heart Sect, we will definitely be brought by Da Neng's side that day, and we will have no chance to save people, and that Chen Ping is the key to activate the spiritual energy recovery formation, so he also We will definitely be threatened by Da Neng to ask the secret realm of Daozong, so who will save our family?"

Yao Shenghui's rebuttal won the approval of several other people, although Fengjingyan's plan was good, it was indeed the most lax day of Moxinzong time, but they didn't have time at all that day!

"I've figured it out. On the day when Da Neng threatened Chen Ping to go to Dao Dao Sect, there must be a time difference. Let Chen Ping use this time difference to go to Demon Heart Sect to save people.

" One can delay time for Chen Ping in the secret realm of Daoist sect, and stabilize Da Neng. As soon as our family members are rescued, we will immediately turn our backs."

"As for our disciples, we can only let them sacrifice, because This is the best way I can think of, it is impossible for us to rescue all the family members and those disciples."

Feng Jingyan said with a low expression!

Because he didn't want to do this either, he didn't want to let his disciple die, but now there was no other way.

After hearing this, the others fell silent, thinking about it!

"We'll just do what Master Fenggu wants. There's no perfect thing in the world. It's pretty good if we can save our family."

"I'm going to find that Chen Ping and explain the plan to him. Be normal, and don't let Da Neng see the situation."

After Yu Qian finished speaking, he waved the crowd to disband, if they gathered for a long time, they were afraid that Da Neng would find something abnormal.

## Chapter 2484

the next day!

Yu Qian found David here, and told David about the plan!

And David knew that on the day when the spirit energy recovery formation was launched, Da Neng would definitely threaten Sonya and the others with their lives to let him go.

Because only when they are all here, the spiritual energy recovery formation can really start!

Yu Qian saw David's worry, so he said, "Don't worry, as long as you are not present, Da Neng will not dare to kill your girlfriend, because they are also an important part of the spirit recovery formation."

"And we A few will definitely be there, and we will do our best to dissuade Da Neng and delay you..."

"When you rescue our family, we will work together from inside to outside to destroy the spiritual energy recovery formation and destroy the Demon Heart Sect !"

"If you don't cooperate with us, with your current strength, it is impossible to fight with the Demon Heart Sect. Once the spiritual energy recovers in the formation and the spiritual energy of the secular world recovers, then it will be our death.

" Will he let you go? Do you think he will let your family go?"

"The Longmen you worked so hard to build will be

completely wiped out with blood!" Yu Qian said to David. , and David also knew that Yu Qian was right!

If the spiritual energy really recovers, let alone his Longmen, the entire martial arts world in the secular world will suffer!

How can these warriors be the opponents of those monks, and then these warriors can only become slaves!

And the entire secular world will continue to have disputes and fall into a turbulent situation, and this is the last thing David wants to see!

"Okay, then on the day when the spiritual energy recovery array is activated, I will help you save your family members, but when that day comes, you have to find a way to bring me into the Demon Heart Sect!"

David said!

"That's natural, you can just wait with peace of mind!" Yu Qian left quickly after speaking, under the suppression of the law of heaven and earth, every time he stayed for a minute, Yu Qian felt very uncomfortable!

Time passed day by day, and the time for the activation of the spiritual energy recovery array was approaching!

But during this time, David was singing every night, and it was difficult for Ji Ruxue and the others to resist David!

Fortunately, the sword spirit Zhongli was there, and whenever Ji Ruxue and the others were overwhelmed and needed to rest, the sword spirit Zhongli would appear and serve David wholeheartedly!

After all, Zhongli is a sword spirit, so he is stronger than humans in every aspect, so even if he is dealing with David alone, he won't worry about it. Ji Ruxue and the other women are envious of this!

In the past few days, David can be said to have fallen into a gentle town, and he was drunk all day long, very happy.

David himself didn't know whether he would be able to destroy the activation of the Great Formation and destroy the Demon Heart Sect on the day when the Reiki Recovery Formation was activated.

Maybe I will be killed by Da Neng, after all, the strength of the Da Neng of the Demon Heart Sect is unfathomable!

So David is desperately enjoying happiness these days!

David is very happy these days, and Long Ruotong is even happier than David. She has been looking forward to having a grandson!

And the most depressing thing these days is Hu Mazi. Seeing David singing and singing all day and night, accompanied by so many beauties, Hu Mazi's envious eyes almost fell out.

Although Hu Mazi was accompanied by Zhou Jie and fought non-stop every night, for a person like Hu Mazi, he was unwilling to have only one woman by his side.

It's just that Zhou Jie supervised him too tightly, and Hu Mazi had no choice but to listen to the joyful voices coming from David's room all day long, and he could only envy him!

"Today is the day when the Spiritual Qi Recovery Formation is activated..."

David looked at the blue sky and muttered to himself!

Soon, Yu Qian came, the two just looked at each other without saying anything, David followed Yu Qian and left.
