

A Man Like None Other Novel

Chapter 2495

Ning Zhi was ignored by David, and suddenly became furious.

“David, you dare to ignore me, today I want to make your life worse than death...”

After Ning Zhi finished speaking, the aura in his body burst out, and the aura of the peak of transformation pervaded instantly!

And between Ning Zhi’s brows, a black star glowed.

Feeling the aura of Ning Zhi, Yu Qian and the others were going to die of anger. You must know that the strength Ning Zhi has shown now is all in exchange for the lives of their respective disciples!

But Da Neng was right in front of them, and none of Yu Qian and the others dared to make a move. The majesty of Da Neng made them timid!

After bursting out the aura of the peak transformation realm, Ning Zhi looked at David coldly and said, “See, this is the real strength...”

Ning Zhi didn’t speak, but burst out the aura in his body instantly. No matter what, David wants to stop this spirit recovery! “Sixth Rank of Transformation Realm?” After Ning Zhi felt David’s aura, he immediately

sneered, “With your strength, do you want to fight with me?”

The void trembled, and Ning Zhi grabbed a golden long sword in his hand. With the infusion of breath in Ning Zhi's body, the golden long sword hummed!

"Go to hell..."

Ning Zhi jumped, this time he tried his best, after all, he couldn't be defeated in front of Almighty, and this time he could directly kill David!

Ning Zhi killed David, but Da Neng didn't intend to stop him. It seemed that David's life and death were not very important now!

Seeing this, David flew out the dragon-slaying sword instantly, followed by a sword glow, and fought with Ning Zhi!

Both of them burst out with all their strength, chaos emerged for a moment, the void exploded, and sword shadows shuttled all over the sky!

Although David's realm was low, he didn't lose the wind. At this time, when David was fighting with Ning Zhi, he had been paying attention to the movements of that powerful man!

He wants to see when this great power will activate this spiritual energy recovery formation!

David and Ning Zhi were fighting, but Da Neng didn't even look at it, but waved his hand and said, "Give me all, kill everyone in front of you..."

This order was given to the six purple-robed envoys, and at the same time It was also for those hundreds of Demon Heart Sect disciples!

After receiving the order from Da Neng, Yu Qian and the others did not act immediately. They and David are now in a cooperative relationship, and they need to work together to destroy the Demon Heart Sect!

Yu Qian winked at the others, seeing Da Neng standing in front of them without the slightest precaution, so the six of them gritted their teeth and waved forward at the same time!

This palm contained their whole life's skills, everyone tried their best, because they knew that if they couldn't restrain the power with one move, then their lives might be in danger!

All of a sudden, the terrifying palm winds of the Six Paths slammed towards Da Neng fiercely with a force of destruction!

Yu Qian and the others were already very close to Da Neng, and now they tried their best to attack, so the terrifying palm wind of Liu Dao came in an instant, and directly hit Da Neng's body!

Just when Yu Qian and the others were about to be happy, they suddenly discovered that Liu Dao Zhang Feng directly penetrated Da Neng's body, and finally dissipated in the void.

And Da Neng turned back slowly, looked at Yu Qian and the others, this time, Yu Qian and the others were frightened, their legs trembled, and they were all dumbfounded!

But to their surprise, Da Neng didn't do anything to them, but his body slowly lifted into the air, and finally floated in mid-air, looking down on everything below!

At this time, the members of the Demon Heart Sect had already started to fight, and the elders of the Artifact Refining Sect brought the people who had been rescued from the dungeon to stand in a group with the members of the Demon Heart Sect!
