

A Man Like None Other

Novel

Chapter 2496

Because the elders of the Artifact Refining Sect have been imprisoned for more than ten years, their bodies are weak, and they have been injured again, so for a while they fought inextricably with the people of the Demon Heart Sect!

Seeing this, Yu Qian and the others took off their masks and joined the battle group instantly. Yu Jiameng saw his father and ran over in a hurry, looking at his father in purple robes, his eyes were full of disbelief!

But Yu Qian didn't have time to explain at this time, so he could only desperately kill the members of the Demon Heart Sect!

With the addition of Yu Qian and the others, those people from the Demon Heart Sect were obviously at a disadvantage!

And the demon envoy hid aside at this time, watching the scuffle between the two sides, but didn't know what to do for a while!

Da Neng looked down at the battle group from mid-air, and he had a panoramic view of everyone's every move!

Even if the demon envoy hid aside and didn't make a move, Da Neng didn't show any anger at all!

Watching the members of the Demon Heart Sect die one by one, Da Neng couldn't see the slightest sadness in his eyes, as if the people he killed had nothing to do with him!

David followed Ning Zhi and was still slashing across the sword, desperately slashing. Ning Zhi's strength was higher than David's, but in the real fight, Ning Zhi found that he was gradually losing the wind.

This made Ning Zhi's face very gloomy, and the long sword in his hand was like a poisonous snake, becoming even more vicious!

Just when David and Ning Zhi were fighting in full swing, and there was a scuffle below, no one noticed that there was a black hole in the air in the secret realm of Daoist sect, which was constantly absorbing the breath of everyone!

Any breath will be absorbed, anger, murderous aura, even dead souls, will be absorbed instantly!

No one noticed this scene, they were still fighting to the death!

As the battle became more intense and more people died, the smile on Da Neng's face became brighter and brighter!

"David, why are you able to compete with me for so long when your realm is not as good as mine?"

"Why, exactly why, you know I have suffered so much to kill you!"

Ning Zhi couldn't figure out why he had improved by absorbing other people's strength, why he still couldn't defeat David!

"Do you think we've been fighting for too long? Let's end it then..."

David threw out the Dragon Slaying Sword in his hand, and a dazzling golden light shone from his body, with golden scales covering his whole body!

Ning Zhi was taken aback, he didn't expect David to throw the weapon in his hand.

Ning Zhi felt that David's approach must be deceitful, but now facing David with his bare hands in front of him, Ning Zhi didn't want to let go of this opportunity!

"Go to hell..."

Ning Zhi instantly slashed out a golden sword light, and slashed fiercely at David's body!

The huge sword glow pierced the sky like a mountain.

boom!

There was a deafening bang, the dazzling light suddenly exploded, and the violent breath scattered in all directions!

This sword caused everyone in the scuffle to lose their minds for a while, staring blankly at everything in midair!

David's body was slashed by a sword, and then fell down like a meteor, and then hit the ground heavily, smashing the ground into a deep pit of more than ten meters!

This time, the elders of the Artifact Refining Sect were stunned. After all, they still expected David to return to the Heavenly Human Realm. He was beheaded as soon as he made a move!

Yu Qian and the others were also shocked. They didn't expect that David couldn't even deal with Ning Zhi. How could he deal with Da Neng and the entire Demon Heart Sect?

But Ning Zhi looked down at the ground, saw the smoke and dust everywhere, and David's figure disappeared, he couldn't help laughing!

“Hahaha, David, after all, you were no match for me and died in my hands...”

Ning Zhi was extremely arrogant and happy at this moment!

But he didn't notice that on top of his head, Jian Ling Zhongli was holding a long sword exuding sharpness, and he was already slashing fiercely!

Da Neng, who was suspended in mid-air, clearly watched Zhongli slash towards Ning Zhi, intending to kill Ning Zhi, but he didn't have the slightest intention of making a move!
