## Novel

### Chapter 2499

Because the surrounding scene has already changed, it is no longer the scene in the secret realm of Daoist sect!

Yu Qian and the others were shocked when they heard Huofeng's words!

They have always dreamed of the revival of the spirit energy, but now that the spirit energy has really recovered, they are not happy at all, but have a deep sense of crisis!

After the spiritual energy recovers, the secret realm collapses, and all their relatives will be exposed to the secular world. By that time, we don't know what bloody storms will be set off in the secular world!

"How did this happen? How did this happen? After all, it still failed to stop the recovery of spiritual energy, but there is no sign of activation of this spiritual energy recovery formation?"

David couldn't figure it out, this spiritual energy recovery formation did not activate Signs, and he and Ning Zhi are also part of the activation of the formation. Now that the two of them are fighting, the spiritual recovery formation should not be able to activate?

The current David was stupefied. He looked at Da Neng in midair. Da Neng's body was looming, but he was still floating in midair without moving, and he didn't show any expressions!

David's brows were tightly frowned, and he suddenly had a very bad premonition in his heart. You must know that Da Neng has worked so hard to revive the spiritual energy in the secular world. David was a little confused!

"Hahaha, the spiritual energy has recovered, David, your value will come to an end, today you will die..."

Ning Zhi also discovered that the Daoist sect secret realm had disappeared unconsciously, and the spiritual energy of the entire secular world had quietly recovered!

Now that the aura has recovered, David has no value in Da Neng's heart, so he can kill David without hesitation!

I saw Ning Zhi's whole body trembling, and then five drops of blood essence flew out from the center of his eyebrows, and the blood flew towards the black hole, and then the void began to tremble, and with loud roars, five huge monsters came out of the black hole. In, appear!

The strength of these monsters is the same as that of the unicorns at the beginning, and they are all monsters of the transformation level.

David narrowed his eyes slightly. This Ning Zhi immediately attracted six monsters of transformation realm, which made David more stressed. Although he had Huofeng, Huofeng's strength was much stronger than these monsters, but he couldn't stand it. There are many opponents!

"David, I want you to be buried in the belly of the monster..."

After Ning Zhi finished speaking, he directed the unicorn to rush towards David, and the other five monsters also surrounded David aggressively!

Seeing this, Yu Qian and the elders of the Artifact Refining Sect wanted to help David, but before they could make a move, they were firmly stopped by those from the Demon Heart Sect!

The fire phoenix turned around, and then turned into a phoenix burning with flames, waved its huge wings, and blocked David behind him!

The sword spirit Zhongli also got out of his body in an instant, holding the sword in his hand to block David firmly!

“David, even if you have means, it is useless in front of absolute strength now.”

Ning Zhi said arrogantly!

David didn't speak, but the dragon crystal on his chest began to flicker continuously, and the dazzling golden light shot straight into the sky!

This golden light fell into the void, followed by a tremor, and a huge golden dragon slowly descended from the sky!

Accompanied by a dragon chant, the Golden Dragon's body burst into golden light, shocking everyone!

One dragon and one phoenix protected David, and the sword spirit Zhongli was next to David, blocking the coming damage for David!

Looking at the dragon and the phoenix, the monsters summoned by Ning Zhi trembled with fright and backed away again and again!

You must know that this dragon and phoenix are divine beasts, not demonic beasts, and the aura of the divine beasts is not comparable to these demonic beasts!

No matter how Ning Zhi drives the unicorn and the other monsters, these monsters just dare not step forward!
