### Chapter 2512

Because for so many years, the old lady has always taken good care of her and never reprimanded her!

Although the two are not related by blood, they are like relatives.

The old woman seemed to feel Yun'er's grievance, and her originally cold face eased a little, "Yun'er, you go out first, I really have something to tell you, Brother David, it is difficult for you, Brother David, to stand up by yourself now, you give me the weapon He, he can't lift it, so let's leave it alone!"

"Oh!" Yun'er nodded, then glanced at David, and David also motioned for Yun'er to go out!

Although David didn't know what the old lady was talking to him about, she probably wouldn't harm him. After all, he had been in a coma for so many days, if he wanted to harm him, he would have done it long ago!

After Yun'er went out, the old lady walked into the room. Although she was blind, David still felt a sense of coercion from the old lady!

"Who are you?" The old woman asked David.

"Who are you?" David asked back!

After all, this old woman is from the demon clan, but she lives in a small mountain village of humans, which makes David a little unbelievable!

The old lady also knew that David knew her identity, so she didn't hide it and said, "I'm from the Blood Flame Fortress of the Demon Race. Because our lineage of Demon Race has been hunted down, I've been hiding my name in this small mountain village for decades. !"

David saw that the old woman was quite sincere, although David didn't know where the blood flame castle of the demon clan was, let alone why the people in the blood flame castle were hunted down, but looking at the old woman didn't seem like lying!

"I'm from the secular world!"

David also said frankly to the old woman!

"You're talking nonsense!" As soon as David finished speaking, the old lady scolded loudly, "How can you be a person in the secular world? You have a god king bow in your hand. It is a weapon of the heavenly and human world. How many people want to get it? , all returned in vain, how can you, a person in the secular world, have a god king bow?"

In the eyes of the old woman, so many masters in the world of heaven and man wanted to get the bow of the god king, but none of them could get it. How could David, a person in the secular world, easily get the bow of the king of god?

"I do come from the secular world. As for how I got the God King Bow, this is my own business and I have no comment."

Although David felt that the old woman would not harm him, it was impossible to tell her everything. listen!

"Then what's the matter with your body injury?"

"Your essence and blood are almost burned out, and the veins in your body are broken, your consciousness has collapsed, and your dantian is empty. You are just a shell now!"

" But I didn't expect that you would be able to wake up after only three days, if anyone else would have died by now!" the

old lady asked David.

"I was injured by my enemies in the secular world. As for how I got here, I don't know very well. I only know that I was sucked into a black hole, and then appeared here, and was rescued by Yun'er!"

David said !

The old woman didn't speak, but frowned slightly, and after a while, she said, "Since you saved Yun'er's life, you should stay here. With your current situation, if you walk out of here, you will die!

" As for the Divine King Bow, I let Yun'er hide it, in your current situation, that Divine King Bow will only bring you disaster!"

"After you recover, I will ask Yun'er to hand over the Divine King Bow to you , don't worry, even though the Divine King Bow is the ultimate treasure of the divine weapon, I will never be greedy for ink." After the

old woman finished speaking, she turned around and walked out, but she stopped suddenly when she reached the door, and told David Said, "Even if you are awake, don't walk around at random, let alone leave Dashi Village, so as not to bring disaster to the villagers here!"
