

A Man Like None Other Novel

Chapter 2513

After the old woman left, David felt that the old woman was not a bad person, and a demon clan still cared about the life and death of the people in this small mountain village!

Chen Ting sat quietly, slowly recalling all kinds of things when he was sucked into the black hole.

"I don't know where Yuqi and Huofeng were teleported to the world of heaven and man..."

David was a little worried.

"Master, master..." At this moment, the voice of Jianling Zhongli came from David's mind!

"Zhongli, how are you?"

David hurriedly asked!

At that time, Jianling Zhongli also suffered a lot of damage!

"Master, I'm afraid it will be difficult for me to leave your body to protect you in a short time."

Zhongli said.

"You take a good rest yourself, and when my strength recovers, I'll go to Master Iron Hammer and let Master Jian repair it for you in Xijiantan!"

David comforted Zhongli!

"Master, your aura is very weak right now, you have to take care of your health."

Zhong Li said worriedly!

At this time, Yun'er came in with a bowl of hot noodles, David stopped talking with Zhongli, if Yun'er found out about this, David must be regarded as crazy!

"Brother David, you have been in a coma for several days. Eat something to replenish your body. I put monster meat in it, which can enhance your physical strength."

"If you let grandma know, you will definitely scold me. These monster meat I want to exchange them for spirit coins in the town."

Yun'er smiled at David!

David looked at the innocent Yun'er, his eyes were full of gratitude, if there was no Yun'er, he would definitely die in the wilderness of the world of heaven and man this time!

David took the wrist noodles, looked at the few pieces of monster meat inside, and said to Yun'er, "Yun'er, when I recover, I will give you more monster meat than you can eat, and give you a mountain of beast pills." ..."

"Brother David, I don't need you to send me anything, as long as you take good care of your body, I'm going to go hunting with Brother Ali, or we're all going to starve!"

Yun'er said, Turned around and left!

After Yun'er left, David stayed in the room and slowly recovered!

Examining his body, David frowned slightly. At this time, his body's tendons were broken, his consciousness was severely injured, his dantian was empty, and even the dragon crystal had lost its luster!

"It's still possible to survive in this situation..."

David himself was surprised. He almost burned out his essence and blood. He never thought he could survive!

It all depends on David's physical body. Although David's strength is gone now, David's physical body has no effect!

Now even if someone from the Aperture Realm came, there was nothing David could do, after all, this kind of realm would not be able to hurt David's body at all!

Being able to save his life in the hands of Wen Haotian this time is already a miracle among miracles.

"Fortunately, the Heavenly Human World is full of aura, so it should be fine to recover slowly!"

David comforted himself, he was really afraid that after this time, his strength would never be as good as before!

At this time, David was still thinking, after he regained his strength, he would find Sonya and Huofeng, then open the passage, and return to the secular world!

He still doesn't know that the secular world has activated the protection mechanism, and the passage from the heavenly world to the secular world cannot be opened within a year!

David sat quietly on the bed. Fortunately, there were no masters around this small mountain village. With this physical body, David would not be unable to protect himself!

But if he left here, David didn't know who he would meet.

For three days in a row, David was slowly running the Concentration Art to adjust his body. At this time, David's dantian already had some spiritual power, which made David very happy!

In the past three days, Yun'er would go out hunting with Ali and the others every day. Every time she came back, she would visit David, and when cooking, she would put monster meat in David's rice bowl. The old lady just ate some vegetables!
