

A Man Like None Other

Novel

Chapter 2514

David knew that people in Dashi Village lived in poverty, especially Yun'er's family. It seemed that Ali took care of Yun'er and took her with him every time he hunted, so that she could benefit from it!

If no one cares, Yun'er, a seventeen or eighteen-year-old girl, takes care of a blind old woman, how can she live!

"Brother David, hurry up and eat, my grandma and I don't like meat, you have to eat more to make up your body!"

Yun'er said happily when she saw that David's complexion was getting better and better!

"Well, I'll eat..."

David nodded!

David also wants to recover his strength as soon as possible, so that he can help Yun'er, but with his current strength, no one can beat him in Dashi Village, even that Ali is not David's opponent!

Seeing David gobbling it up, Yun'er laughed!

"Yun'er, do you go hunting every day?"

David asked Yun'er!

He wanted to know more about Dashi Village and the environment here. At that time, David only passed by here, and he didn't know about Dashi Village at all!

"Of course, what do we eat if we don't go hunting every day? Besides, I have to sell the animal skins and pills for money, so I can hire the best doctor in the town to treat

grandma's eyes!" Yun'er said optimistically!

"Yun'er, don't worry about grandma's eyes, you must not be too tired, my eyes are not good, don't waste your energy!" The

old woman persuaded Yun'er!

"Grandma, you don't need to worry about it. I have already inquired about it. Dr. Zhang has already returned to the town. I will ask him to treat your eyes when I have time!"

Yun'er smiled slightly!

Seeing Yun'er's optimistic attitude, David was very touched. Under such difficult conditions, Yun'er, a seventeen or eighteen-year-old child, can be so optimistic!

After eating, Yun'er went hunting with the people in the village again, while David stayed in the room to practice!

David hasn't said a word to that old woman these few days, and they are both wary of each other!

When David finished practicing and opened his eyes, it was already dark outside, but Yun'er didn't ask him to eat!

Usually by this time, Yun'er has already returned from hunting, and when he saw it, he called him to eat!

But now there was no movement, so David got up and walked out!

When he went out, he found that the old lady was already standing at the gate of the yard, her expression was a little anxious, as if she was also waiting for Yun'er to come back!

"Shouldn't it be, Yun'er has never come back so late?"

"Shouldn't she be in any danger?" The

old lady was talking to herself while walking!

Just when David was about to step forward and ask what was going on, a boy in his teens ran over shirtless and shouted as he ran, "It's not good, our prey was robbed!" Yes, Brother Ali and the others have also been arrested, everyone take your weapons and save people..."

With the little boy yelling, Dashi Village quickly gathered many people, including men and women, old and young, but everyone has a weapon in their hands!

And the old lady became more anxious after hearing that Yun'er and the others had been robbed!

"Little friend, what happened?"

David stopped the little boy and asked!

The little boy glanced at David, and then said, "Brother Ali, Sister Yun'er, they were lucky today and hunted down a monster tiger, but they were stopped by the people from Daqing Village next door. They wanted the monster tiger. If I don't give it up, a fight broke out."

"Brother Ali and Sister Yun'er were both injured and detained by them. I escaped and called for someone to save them."

As soon as David heard that Yun'er was injured, a murderous intent surged out of his body instantly. This killing intent made the little boy tremble all over, and he didn't dare to move when he saw David!
