### Chapter 2523

David took the pillar and walked towards Ali and the others leisurely, but none of the wolves on both sides dared to attack!

Seeing that there were only David and Zhuzi, Ali and the others were shocked!

Yun'er was even more anxious and said, "Brother David, why are you here, go away, it's too dangerous here..."

Yun'er wanted to let David run away as soon as these monster wolves didn't react!

There are so many monster wolves, just David and Zhuzi are here to die for nothing!

"Yun'er, I was brought by Zhuzi to save you!"

David said!

"Brother David, if you weren't injured, you might be able to save us. Now you are so badly injured that you haven't recovered at all. You can only die if you come here."

Yun'er looked anxious!

Now there are hundreds of demon wolves in the whole wolf pack. As the so-called ants kill elephants, even if one or two demon wolves are no match for David, but with so many demon wolves, can David handle it?

In fact, David has also thought about this problem, but now David still has confidence in his heart, because he knows that these demon wolves dare not attack him!

"Yun'er, don't worry, I have a way to rescue you!"

David said confidently!

"David, I'm very grateful that you came to save us, but there are so many monster wolves, you can't deal with them at all. You can take the pillars and go, don't die here in vain!"

Ali also didn't believe that David could deal with wolves!

"Brother Ali, sister Yun'er, maybe Brother David can really rescue you. Brother David is recovering very well now. Brother David killed all the people from Daqing Village who arrested you!"

Zhuzi believed David's words, because he saw David kill those people in Daqing Village with his own eyes!

Hearing that David had killed all those people in Daqing Village, Ali and the others looked a little surprised, and then a look of excitement appeared on their faces!

"Great, those bastards are all dead, even if we die, it's worth it..."

A villager from Dashi Village said happily!

"Don't worry, since I'm here, you won't die..."

David said with a faint smile!

But at this moment, the leader demon wolf roared, and many demon wolves surrounded Ali and the others again, and now David was also surrounded!

It should be that the leader of the demon wolves sensed the threat from David, and directly commanded more than a dozen demon wolves to rush towards David, and the other demon wolves were also ready to attack at any time!

Seeing this, Ali and the others could only drag their extremely exhausted and scarred bodies, holding weapons and preparing to fight these monster wolves with David!

"Don't move, I'm enough alone!"

David actually stopped Ali and the others, and then his eyes narrowed slightly!

David burst out bursts of aura, and this aura actually carried the power of a dragon and a phoenix!

Although David didn't fully recover, as long as the power of the dragon and phoenix erupts a little, it can create a great sense of oppression on those monsters!

Sure enough, after David's aura burst out, those demon wolves that had rushed towards David stopped instantly!

And the leader of the demon wolf looked at David with horror in his eyes, and his body was trembling slightly!

"Aww..." The

leader of the demon wolf suddenly let out a cry of panic!

Immediately after, hundreds of demon wolves turned around and ran away without the slightest hesitation!

In just ten seconds, there was no wolf on the scene, only a few dead wolf corpses lying on the ground!

Everyone was stunned when they saw this scene!

Although David was mentally prepared, he never thought that he could scare these monster wolves like this just by exuding a little dragon and phoenix power!

However, these monster wolves are not strong enough, so they feel the breath of divine beasts, so of course they are afraid, but they don't know if the power of dragon and phoenix will work when they meet high-level monsters!
