

# A Man Like None Other Novel

## Chapter 2530

"Master asked me to inform you that an Agrimony grows on the nearby mountains, so you need to prepare more people to pick it up with me tomorrow!"

said the well-dressed man!

"Is there Agrimony near here?" Doctor Zhang was startled, "That's fairy grass, why did it grow in this mountain range, could it be a mistake?"

"What did you say?" stare!

"Brother, I'm just saying it casually. I definitely don't mean to disbelieve Master, but I'm afraid it will be difficult for me to prepare manpower temporarily!"

Doctor Zhang said with a little embarrassment!

"That's your business. I'm only in charge of notifying you. You know the consequences of delaying what Master explained, right?"

After the man in the costume finished speaking, he turned around and left!

And that miracle doctor frowned, starting to worry about the manpower!

But soon, Doctor Zhang seemed to have thought of something, and hurriedly shouted, "Teacher, go and find me the four people who just left here!"

Doctor Zhang wanted to find David and the others, and now they have a request. As for himself, as long as they agree to accompany him to pick Agrimony, then he can help Yun'er's grandma heal her eyes!

"Yun'er, don't be discouraged. After we hunt a few monsters and sell the money, we will soon be able to collect the money for your grandma's eyes!"

Ali saw Yun'er lowered her head and was unhappy. , quickly relieved!

But Yun'er still didn't speak, because she couldn't keep all the money for herself, after all, other people also had to live!

"Yun'er, it's not that I can't cure your grandma's eyes at all. As long as I can find high-grade spiritual herbs that can heal your eyes, I might be able to heal your grandma's eyes too. Don't be discouraged!"

David said to Yun'er Persuading!

If David recovers his strength, with the high-level spirit grass, he might be able to heal Grandma Ling'er's eyes!

"Brother David, is it true?" Yun'er raised her head quickly after hearing what David said!

"Of course, how could I lie to you."

David smiled lightly!

Yun'er laughed, as long as there is hope, she will not give up!

But at this moment, a child about ten years old hurriedly caught up with David and the others, and then said, "You guys, please stay, my master tells you to go back..."

"Who is your master?" David was puzzled asked.

"My master is Zhang Biao, genius doctor!"

said the child!

Hearing that it was Doctor Zhang who asked them to go back, Ali asked suspiciously, "What did your master ask us to go back for?" The

child shook his head, "Then I don't know, my master didn't say anything!"

"Let's go back and have a look, maybe Doctor Zhang thinks the price of fifty spirit coins is acceptable!"

Yun'er immediately became happy when she heard that Doctor Zhang told them to go back!

"Okay, let's go back and have a look!" David nodded, and then everyone walked back!

This time, the label did not have the arrogance it had at the beginning, and its attitude was obviously much better!

"Doctor Zhang, you let us come back, can fifty spirit coins cure my grandma's eyes?" Yun'er asked impatiently when she saw Zhang Biao!

Zhang Biao shook his head, "Fifty spirit coins are definitely not acceptable, but I don't want any of them for your grandma's eyes, but you have to promise me one thing!"

"What is it?" Yun'er asked.

"Tomorrow, you will accompany me to the mountains to pick a herb. After you successfully pick the herb, I can help you heal your grandma's eyes for free!"

Zhang Biao said to Yun'er!

“Just this?” Yun’er couldn’t believe it, it was too simple, so she turned her head and glanced at Ali!

After all, Yun’er can’t decide Ali’s business by herself, if Ali is not willing to go, then it’s useless for her to agree!
