

A Man Like None Other Novel

Chapter 2598

"Yun'er, where's your grandma?"

David found himself waking up and didn't see the old lady, so he asked Yun'er!

After all, David can now possess the power of the three clans, thanks to the old woman's magic beads, David wants to thank him!

But when David asked, Yun'er burst into tears, which made David a little confused!

"David, Yun'er's grandma was taken away by Priest Wuji..."

the old village chief said sadly!

Although I know the identity of the old woman from the Demon Race, but for so many years, the old woman has been living in Dashi Village, and she is a good person, and has adopted Yun'er, so the old woman was taken away, and the old village chief felt very sad!

"Prince Wuji?" David frowned slightly, he had never heard of this person!

"Daoist Wuji has heard that he hates demons the most. As long as he hears that there are demons, he will show up and arrest them.

“

The old village chief whispered!

When David heard this, his expression became serious and he asked, “Old village chief, do you know where that Wuji Taoist is?” The

old village chief shook his head, “I don’t know, we just listen to people like Wuji Taoist That’s all.”

Seeing that the old village head didn’t know, David could only let it go, and when the matter of the Jade Cauldron Sect was dealt with, he could ask Yihe Yaohuang!

If the old lady was really murdered by the Taoist priest Wuji, David would definitely avenge her!

The current task is to solve the Jade Cauldron Sect. If the Jade Cauldron Sect is not resolved, Dashi Village will suffer in the future, and it is impossible for David himself to protect these people in Dashi Village every day!

But to deal with the Jade Cauldron Sect, although David’s realm has been upgraded to the eighth-rank transformation state, and he still has the power of the three clans, but if he really fights with the Hu Sect Master, David is not sure!

Besides, David didn’t know much about the current situation of Jade Cauldron Sect, so David had to understand the strength of Jade Cauldron Sect first, and was making plans!

In the square at this time, Wu Feiyu had been tortured by many villagers. He could only breathe in but not out, and he couldn’t even make a scream!

But the slightly rolling eyes showed that Wu Feiyu was still alive, but it was worse than being dead!

I saw that Wu Feiyu's body was torn apart, a lot of flesh had been cut off, there was a wound on his chest, and the internal organs inside could be clearly seen!

"Kill...kill me, please...please..."

Wu Feiyu begged with a weak voice, begging to die quickly!

This kind of painful torture is ten thousand times more painful than death!

"You want to die now, but it's too late. When you slaughtered these villagers and compared them to ants, weren't you awesome?" "Today you humbly pray to

these ants in your eyes, I won't let you die so happily..."

After David finished speaking, he squeezed out a small amount of pink powder from his body, and threw it on Wu Feiyu's body!

Wu Feiyu's body trembled violently, as if his body was being eaten by thousands of ants!

There is no way to express the pain in words!

At this time, Nie Heng, who was beside Wu Feiyu, stared blankly at Wu Feiyu's appearance. His pants were already soaked through. Nie Heng, who was originally full of hard bones, was so scared that he peed on his pants!

He was not afraid of death, but seeing Wu Feiyu's immortal appearance, Nie Heng was afraid.

David glanced at Nie Heng who peed in his pants, and a smile appeared on the corner of his mouth because he knew that when the hard-nosed people were really afraid, they would be more afraid than those cowardly people!

"Chen...David, don't kill me, please don't kill me..."

Seeing David looking at him, Nie Heng begged immediately!

Chapter 2599

Nie Heng's psychological defense has completely collapsed, and now he is like a bereaved dog, begging David bitterly, as long as David doesn't kill him, he is willing to let him do anything!

"Give me a reason not to kill you..."

David looked at Nie Heng playfully and said!

When Nie Heng heard this, his mind was running fast. If he wanted David not to kill him, he had to tell David useful information!

But at the moment, the only thing that can tempt David is resources, because in the world of heaven and man, resources are more important than anything else. Who wouldn't want to have a large number of resources so that they can quickly improve their cultivation!

"David, as long as you don't kill me, I can find a way to get you all the resources and elixirs of the Jade Cauldron Sect. As long as you have these resources, you will definitely be able to break through the Transformation Realm and reach the Composite Realm. I promise... .."

Nie Heng knew that David would like only resources!

"You are just a disciple of the Jade Cauldron Sect. Can you get me all the resources of the Jade Cauldron Sect?"

David sneered. He knew that Nie Heng was talking nonsense just to survive!

"You don't know, I am the eldest disciple of the Jade Cauldron Sect, the successor of the Jade Cauldron Sect appointed by the master, as long as the master dies, I will be the suzerain of the Jade Cauldron Sect.

"It's all yours."

Nie Heng hurriedly explained!

But David still sneered and said, "I will kill you now, and then I will destroy the Jade Cauldron Sect. The resources of your Jade Cauldron Sect are also mine. Why should I wait for you to become the suzerain? Wouldn't it be a waste of money?" "Pants fart, is it superfluous?"

Nie Heng opened his mouth, wanting to say that David couldn't have destroyed the Jade Cauldron Sect, but now, how could he dare to annoy David, after all, he didn't say this!

However, Nie Heng still said euphemistically, "You don't know, my master is now at the third rank of the Composite Realm, he..."

David interrupted Nie Heng with a wave of his hand, "Even if you are at the third rank of the Body Fit Realm, I can still kill you. Are you doubting my strength?" "No, no, no, I absolutely dare not doubt your strength

. I have seen it before Yes, your strength is absolutely no problem beheading the third rank of the Composite Realm." "

However, there are still two uncles in our Jade Cauldron Sect who are at the same level as my master, and I heard that in the forbidden area of our Jade Cauldron Sect, there is also a Supreme Elder Sitting in the town, I have never shown up before!"

"So, it is not easy to destroy the Jade Cauldron Sect, besides, our Jade Cauldron Sect also has a medicine pool, if you can soak in the medicine pool, you can reborn, the strength It has increased dramatically."

"It's just that only the previous suzerain knows how to open the medicine pool, and the medicine pool can only be opened every three years." "

Our Jade Cauldron Sect also has a Tibetan Medicine Pavilion, which is said to be full of ancient pills. , Even my master hasn't seen much."

Nie Heng followed David and talked about the various resources of the Jade Cauldron Sect, only in this way can David be tempted!

"What's the use of telling me these things? I don't have time to wait for you to ascend to the suzerain position."

David snorted coldly. He knew that what Nie Heng said was just to save his life!

"No, I don't need to be the suzerain. I can take you to the Jade Cauldron Sect. With your strength, the master will definitely value you. Then you will be able to enter with us when the medicine pool is opened."

"As for the Tibetan Medicine Pavilion, as long as you enter the Jade Cauldron Sect, if the two of us cooperate, my master will die unexpectedly and my two uncles will be killed. Then I will be the suzerain. The Jade Cauldron Sect It's yours too..."

In order to survive, Nie Heng even said the words of deceiving the master and destroying the ancestors!

David looked at Nie Heng with some surprise. He didn't expect that Nie Heng, who was tough at the beginning, would be able to do anything after his mental breakdown in the end!

However, what Nie Heng said really made David start to feel a little bit moved!

Chapter 2600

With David's current strength, it is really difficult to completely destroy the Jade Cauldron Sect, and even if the Jade Cauldron Sect is destroyed, it will not be of any benefit to David!

But if he finds a way to take the Jade Cauldron Sect for his own use, and more importantly, if all the resources in the Jade Cauldron Sect are in his hands, David can use these resources to break through the Transformation Realm and ascend to the Composite Realm. In this way, David doesn't have to hide in this small mountain village all the time!

At that time, David can also use the power of the Jade Cauldron Sect to find out the whereabouts of Sonya and Huofeng!

The most important thing is that after he has the strength, he can still find a way to help Yihe Yaohuang unify the three emperors and four kings. In this way, David will have the rule of almost the entire beast clan. Fist and kick are much more convenient!

Seeing that David was hesitating, Nie Heng felt that something was going on, and said excitedly, "As long as you let me go, I will be your dog in the future. I will do whatever you ask me to do." "I know you don't believe me.

" Me, I can hand over my soul, as long as I have a second heart, you can let me die at any time."

Nie Heng continued to increase the stakes, he was afraid that he would not be able to impress David.

Because he was really scared, scared to death, looking at Wu Feiyu who was dying beside him, Nie Heng was scared from the bottom of his heart!

"I killed your junior brother, how do you know that your master will accept me?" "

Besides, there are still some conflicts between me and your master. Your master knelt down for me..."

David followed Hu Zongzhu The things in between are said!

When Nie Heng heard that his master had knelt down for David, he was also very shocked!

But soon, Nie Heng said, "My master is very greedy. He let us bring you back alive. He must have taken a fancy to the treasure on you." "You can dedicate the treasure to him for the time being

. Just give you a few good words, as for killing my junior brother, my master won't care, when I become the suzerain of the Jade Cauldron Sect, won't those treasures be returned to you as well?"

I have to say that Nie Heng's brain is fast enough, anyway, in order to survive, he can have no lower limit!

Hearing Nie Heng's suggestion, David was really moved. After hesitating for a moment, David suddenly stretched out his hand and patted Nie Heng's head!

It's just that David didn't want to shoot Nie Heng to death, but directly sucked out a ray of Nie Heng's soul, and then put it into the directly vast sea of consciousness!

As long as Nie Heng dares to be disobedient, David can easily kill Nie Heng's soul!

Seeing that David had sucked away a strand of his soul, Nie Heng breathed a sigh of relief. He knew that David had let him go!

Sure enough, after sucking away Nie Heng's soul, David cut off the rope on Nie Heng with a wave of his hand, and let him go!

"Your hands and feet are broken, and you can rest here for a few days, and I can restore you, and then we will go to the Jade Cauldron Sect together!"

David said to Nie Heng!

"Everything is under Mr. Chen's arrangement..."

Nie Heng said respectfully!

But let Nie Heng go, David will always have an explanation with the old village chief and the others!

“Old village chief, this Nie Heng...”

David wanted to explain to the old village chief that this Nie Heng was still useful to him!

But before he finished speaking, the old village chief waved his hand and said, “David, we know your intentions, it’s okay, besides, this Nie Heng has never personally killed one of our villagers, so you don’t have to feel burdened...” “

Yes One Wu Feiyu is enough, and you have killed the main force of Daqing Village, I will take people to Daqing Village in a few days, and bring back all the resources of Daqing Village!” David saw the old village head saying

so Dadu, I can only say thank you gratefully.

Next, David refined the Black Jade Ointment and applied it on Nie Heng’s limbs so that his limbs could recover quickly!
