

A Man Like None Other

Novel Chapter 2610

Chapter 2610

After Nie Heng walked back, David said to the third uncle Nie Heng, "Now take me to the place where you make alchemy and cure diseases..." The

third uncle Nie Heng looked at David with a slight frown, after all, the place where alchemy It was a secret to him, how could he invite someone he didn't know at will!

In addition, he still has doubts about David's medical skills. After all, David is too young, even if he cultivated from the mother's womb, how strong he can be!

David also saw Uncle Nie Heng's doubts, smiled lightly, said nothing, and directly took out the Shennong cauldron from the storage ring!

"Look at this tripod, do you think I can heal your illness?"

David asked!

When Uncle Nie Heng saw the Shennong Ding, he was stunned for a moment, and then he stretched out his hand to stroke the Shennong Ding in shock!

"This is the Shennong cauldron, the ancient divine cauldron..."

Third Uncle Nie Heng was trembling slightly, full of envy and excitement!

Although he was envious and excited, there was no hint of greed in the eyes of third uncle Nie Heng. It was different from Hu Yixiao. The first time Hu Yixiao saw the Shennong Ding, he wanted to keep it for himself!

“Since you know that this is the ancient divine cauldron, then quickly take me to the place where you make alchemy.”

David said!

Uncle Nie Heng nodded, and then took David into a very dark room. The room was not big, but there were many medicinal herbs!

There is a small alchemy cauldron in the middle, but this alchemy cauldron is quite old, and the cauldron is still a little damaged!

David took a look at those herbs, and found that they were all common and low-value herbs, which made David very puzzled!

In this area, Jade Cauldron Sect is the only sect that concocts alchemy to cure diseases. Many herbs around it have been picked and stored by Jade Cauldron Sect, but the third in command of Jade Cauldron Sect, the herbs for alchemy are so shabby!

The third uncle Nie Heng also saw David's doubts, and explained with a wry smile, “Although I am still the third elder of the Jade Cauldron Sect, I am only in name only, and the resources of the Jade Cauldron Sect will not be given to me.” “

If It's not because I have mastered the method to open the Tibetan Medicine Pavilion, then Hu Yixiao might have killed me long ago...”

David looked at the third elder in front of him, his heart was full of admiration, originally he could live a life of luxury, But for the benevolence of the doctor in his heart, and to help the mountain people around him, the third elder chose to stick to it!

Although the human beings in the Celestial Realm are more utilitarian than others, and many people will do anything to improve their strength, there are still some people who maintain a kind heart!

For example, those people in Dashi Village, and the third elder of the Jade Cauldron Sect in front of me...

"If you hadn't maintained your benevolent attitude as a doctor, I wouldn't have come to your door, let alone healed your illness."

Davidhuan Said slowly!

The third elder stared at David, and asked in puzzlement, "Who are you? How did you own the Shennong Cauldron? What are you doing in our Jade Cauldron?" Following the third elder's question, David also asked

himself The purpose of Jade Cauldron Sect was revealed, but David's identity was not revealed!

When David said that he would donate the Shennong Ding to Hu Yixiao in order to join the Jade Cauldron Sect and enter the medicine pond, the third elder immediately stopped him and said, "You must not give this Shennong Ding to Hu Yixiao, the Shennong Ding is an ancient divine cauldron." , it was made by Shennong Yixian, for the benefit of life." "

If this Shennong Ding gets into the hands of Hu Yixiao, it will dishonor the reputation of Shennong Ding, don't you just want to enter the medicine pool, I can Help you win a place, although there are not many disciples from my lineage, there are still places to enter the medicine pool." "

You can pretend to be a disciple of my lineage, and then you will be able to enter the medicine pool without bending your knees at all. Under that Hu Yixiao's door."

The words of the third elder made David's eyes light up, if it was possible, he wouldn't have to pretend to worship that Hu Yixiao!

Chapter 2611

"Third Elder, do you only need a quota to enter the Medicine Pool? And what is this Medicine Pool?"

David asked the Third Elder!

"Of course not. If you want to enter the medicine pool, you also need to pass the assessment, but your strength should be easy to pass." "As

for what this medicine pool is, I am not very clear, but according to our Yuding According to the ancient books of Zongzong, this medicine pond was the place where the ancestor of Yudingzong washed medicine and made alchemy. After years of accumulation, there is a lot of aura in the medicine pond, which is a hundred times stronger than the aura of heaven and earth." "But every time the

medicine The pool is open, and the soaking time is also limited."

The third elder explained to David!

"Is there a limit? Is it because I'm afraid of absorbing all the spiritual energy in the medicine pool?"

David asked puzzled.

"Empty absorption?" The third elder smiled, "The medicine pool has been experienced for thousands of years, and the aura contained in it is as vast as the sea. How could it be absorbed?" "It's just because the aura in it is too powerful

. There are also side effects, if the physique is too poor, if you soak in it for a long time, you will directly explode and die." "

This is also the reason why you have to pass the assessment. Even after passing the assessment, you can't soak for too long. It was tested on behalf of the disciples."

"In the medicine pool, the soaking time should not exceed one hour, otherwise there will be side effects, ranging from damage to internal organs, to severe death." The

third elder said!

"Is there no one who can last more than an hour?"

David couldn't believe it, could the body not be able to withstand soaking this thing for an hour?

"Of course there are, but they are rare. According to records, there is a Supreme Elder who stayed in the medicine pool for three hours. He is the person who has stayed for the longest time."

"Now that Supreme Elder is still alive, no one knows how far he has reached, and I have never seen this Supreme Elder!" When talking about this Supreme Elder, the eyes of the Third

Elder Full of respect, it can be seen that this living Supreme Elder has a status in the Jade Cauldron Sect!

Listening to the words of the third elder, David became even more fascinated by this medicine pool. Now that David's realm is improving, the resources needed are multiplying. Practice until the Year of the Monkey!

Therefore, if David wants to quickly improve his strength, he needs a lot of spiritual energy and resources. It seems that this medicine pool is really a good choice!

While David was chatting with the third elder, Nie Heng came back with the herbs!

When he saw that David was chatting enthusiastically with his third uncle, he couldn't help but be a little surprised. The two of them had fought a lot just now, and after a while, they became like old friends!

"Put down the herbs, you can go..."

David said to Nie Heng!

"Aren't you coming into the sect with me? If you want to be a master, you need to pass the inner sect's assessment, and then you can become a master and join the Jade Cauldron Sect." Nie Heng followed David to explain the rules of entering the Jade Cauldron Sect

!

Although Nie Heng knew that David was putting on airs, the procedures still had to be followed. He was just a senior disciple, but he couldn't make David skip the procedures!

"I don't plan to worship that Hu Yixiao anymore, I plan to worship under the sect of the third elder, so I can be regarded as a disciple of the Jade Cauldron Sect, won't I also be able to enter the medicine pool?" David said

!

"It is possible to enter the medicine pool, but...but..."

Nie Heng looked embarrassed!

"But what? Hurry up..." David looked at Nie Heng like that, and got a little angry!

"Mr. Chen, even if you worship under the third uncle's sect, you still need to be assessed by the inner sect. This is the rule of the Jade Cauldron Sect, and there is no way to cancel it."

Nie Heng said in a very embarrassing way!

Chapter 2612

David glanced at the third elder, and the third elder nodded and said, "That's true. You need to pass the inner sect's assessment before you can choose who to worship under. If you fail the inner sect's assessment, you are not eligible to enter Jade Cauldron." Zong apprentice."

Seeing that the third elder said the same thing, David waved his hands and said, "You go outside and wait, I will help the third elder to heal his illness, and I will follow you into the sect!"

Nie Heng nodded, and then stepped back. out.

David put the medicinal herbs into the Shennong Ding, and a spiritual fire entered the Shennong Ding, and soon a raging fire ignited in the Shennong Ding!

Waves of pleasant fragrance began to waft out from the inside of Shennong Ding!

Seeing David's different ways of alchemy, the third elder was very shocked, but because David even took out the Shennong cauldron, the third elder had no doubts about David's alchemy!

About an hour later, the flames in the Shennong Ding gradually extinguished, and a brown-green elixir appeared in the Shennong Ding!

David took out the elixir, "Third Elder, take this elixir, and after a few days of cultivation, the toxins in your body will be excreted..." The

third elder took the elixir in David's hand, carefully After looking it over, I didn't see anything special about this elixir, and the aura inside the elixir was

not particularly strong, so I didn't think of any magic elixir, how could it heal the toxins in my body?

"Look, Dan Yun, Dan Yun has appeared..."

Just when the third elder was puzzled, someone outside suddenly shouted!

The third elder walked out of the room with David, and found that many disciples were looking up at the sky!

I saw in the sky, a colorful Danyun, exuding a seductive brilliance!

"What a beautiful pill cloud, why is there a pill cloud here? Could it be that someone in the sect has practiced a high-level pill?" The

third elder looked at the pill cloud in the sky and said in surprise!

"Third Martial Uncle, my master is not in the sect, who can refine high-level pills? Second Martial Uncle's alchemy skills are probably inferior to mine."

Nie Heng also looked up at Pill Cloud in the sky and said!

The third elder was also full of doubts, but soon the third elder seemed to think of something, suddenly looked at the pill in his hand, and then looked at David in shock!

"This... Could this Danyun be..."

The third elder looked at David in shock, and it was difficult to speak!

David just smiled slightly, neither admitting nor denying it!

But the third elder already understood that this pill cloud was produced by David's alchemy just now!

Seeing this, the third elder swallowed the pill without hesitation!

To be able to produce such a beautiful pill cloud, the pill refined by David is by no means ordinary!

At this time, inside the Jade Cauldron Sect, the Second Elder looked up at the dilapidated house and at the colorful pill clouds above the house, and couldn't help frowning, "The third junior brother's alchemy has improved so rapidly!" , can produce such a beautiful pill cloud, it seems that I have to tell my brother about this matter!"

After David refined the pill for the third elder, he followed Nie Heng into the gate of the Jade Cauldron Sect!

Because of Nie Heng's leadership, no one stopped him along the way!

After entering the Jade Cauldron Sect's mountain gate, there are many buildings on both sides. All the outer disciples of the Jade Cauldron Sect live here. These Jade Cauldron Sect disciples have no way to learn from their masters. They can only work in the Jade Cauldron Sect. I look forward to one day being able to pass the examination and become an inner disciple!

When these outer disciples saw Nie Heng, they were all very respectful. Among them, there were quite a few female disciples who actively stepped forward to make out with Nie Heng, as if there was no one else around!

It seems that Nie Heng's status in the Jade Cauldron Sect is indeed not low, and he enjoys it very much, but because of David, Nie Heng can only drive away all the female disciples!
