

A Man Like None Other Novel

Chapter 2679

"Second Junior Brother, what the hell is going on? How did this happen?"

Hu Yixiao looked at the burnt disciples beyond recognition, and asked the Second Elder!

After all, the assessment formation is managed by the Second Elder, and it is also the Second Elder who came up with this idea, and now their own people are indeed being burned!

"This... I don't know what's going on..."

The second elder also looked confused, he had already told him not to let his disciples go first, how did it end up like this!

At this moment, the Third Elder at the side also seemed to see something, so he gloated and said, "If you harm others, you will end up harming yourself, this is retribution..."

The words of the Third Elder made Hu Yixiao and the Second Elder even more ugly!

At this time, David and the others had arrived at the medicine pond!

David looked at the medicine pond in front of him, and saw a white mist covering the medicine pond, which was formed by the strong aura!

"Let's go down..."

Seeing this, David couldn't wait to go down.

"Mr. Chen, although this medicine pool is good, it should not be soaked for a long time. Enough is enough."

Fang Shu reminded David!

"I understand!" David nodded, and then jumped down!

As soon as he entered the medicine pool, David felt that the rich spiritual energy could not be absorbed, so he burrowed into his body desperately!

Fang Shu also jumped down, slowly enjoying the feeling brought by the medicine pool!

Only Liu Ruyan was still hesitating at this moment. She was a girl after all, so she jumped into the medicine pool like this. After her body was soaked in water, it would definitely be revealed, and people would find out!

Now Fang Shu still doesn't know Liu Ruyan's real identity!

David saw Liu Ruyan's concerns, so he said to Fang Shu, "Brother Fang, the medicine pool is so big, I think we should soak it separately. If the distance is too close, I'm afraid it will affect each other's cultivation and absorption!" "Mr. Chen

said That's right, I'll go further..."

Fang Shu nodded, and then swam to the distance!

After Fang Shu wandered away, David looked at Liu Ruyan and said, "You can come down now, and I will go to other places too..."

After saying that, David was about to swim to other places, but before David could leave, Liu Ruyan Already jumped into it!

The body was wet by the water, and Liu Ruyan's graceful figure was instantly revealed!

It's just that David didn't look at it too much. After all, he had seen Liu Ruyan when he was naked, so it wasn't attractive!

Seeing that David didn't even look at him, Liu Ruyan looked a little angry!

However, as the spiritual energy continued to enter the body, Liu Ruyan knew that the opportunity was rare, so she didn't care about it with David, and hurriedly closed her eyes slightly, and started to practice!

David slowly sank into the water, desperately absorbing the extremely strong aura!

And David's realm is growing at a speed visible to the naked eye!

At this time, David suddenly had an idea, he wanted to see what the bottom of the medicine pond looked like!

So David sank to his dantian, and his body began to fall rapidly towards the bottom of the medicine pool.

He didn't know how long he had been there, but David suddenly found that the medicine pond, which was originally clear, turned light blue at this time, as if he was in the blue ocean!

When David was in the blue, he found that both the concentration of spiritual energy and the absorption speed were faster than when he was in the water, I don't know how many times faster!

"This..."

David was amazed. "Could it be that the deeper the medicine pond is, the more intense the aura will be?"

Thinking of David here, put away the excitement in his heart, and started to dive again!

In the process of diving, David didn't even need to practice the exercises deliberately, countless auras automatically swarmed towards David's body!

It's no wonder that this medicine pool can't be soaked for a long time. If the realm is not high and the strength is not strong, if the body is continuously impacted by this spiritual energy, it will definitely not be able to bear it, and it will explode and die.

Chapter 2680

Before he knew it, David found that the color of the water in the medicine pool in front of him began to change, turning into light green, which proved that David had come to another layer of the medicine pool again!

David was soaked in the light green medicinal pool water, his body didn't move at all, and his kung fu didn't work, but he felt that there were countless things squeezing towards him!

That's because too much aura entered the body automatically, causing pressure. David already felt a little stuffy in his chest, and his bones started to rattle!

Seeing this, David activated his indestructible golden body, his whole body was covered by golden scales, and then he closed his eyes slightly, and stayed in place motionless!

At this time, David didn't dare to go too far, and could only slowly adapt to the surrounding environment!

Countless auras swarmed in, and David's dantian was like a bottomless pit, absorbing the auras pouring into his body, and he never refused to come!

But at this moment, above the medicine pond, Liu Ruyan and Fang Shu had already landed, and they were anxiously looking for David!

After soaking for just fifty minutes, Liu Ruyan broke through the peak of Transformation Realm and reached the Composite Realm!

Fang Shu also persisted for more than half an hour, and finally his body couldn't bear it anymore, so he went ashore!

But at this time, the two had been ashore for more than an hour, but they found that David had never been found!

"What... what's going on here? Why is Mr. Chen missing?"

Fang Shu was extremely anxious. He had searched the entire medicine pool, but he still couldn't find David!

At this time, Liu Ruyan was also very anxious, the area of the medicine pool was not very large, so why couldn't a big living person be found?

Fang Shu and Liu Ruyan searched to no avail, even if they stayed around the medicine pool for too long, it would cause irreversible damage to the body!

After all, the aura here is involuntarily swarming towards the body. If the strength is not enough, the aura that enters the body cannot be refined in time, and it will cause harm to the body!

Now Liu Ruyan and Fang Shu have reached their limit, if they stay any longer, there may be accidents!

"Let's go, let's go out first..."

Although Liu Ruyan really wanted to continue searching, she knew that if she stayed, the two of them might not be able to leave!

The helpless Fang Shu could only follow Liu Ruyan out of the range of the medicine pool quickly!

Everyone in the Jade Cauldron Sect is still waiting at the pass!

After all, it only takes an hour to enter the medicine pool, even for those with strong strength, so most people are waiting at the pass!

Hu Yixiao and the second elder didn't leave either. Although their disciples burned the raging fire beyond recognition before entering the medicine pond, they still stayed and planned to see how David was doing!

Soon, two figures appeared at the pass, and Liu Ruyan and Fang Shu came out!

Seeing Fang Shu and Liu Ruyan coming out, the third elder couldn't help being taken aback, and hurried forward and said, "Fang Shu, where is Mr. Chen?"

Fang Shu glanced at the third elder, and bowed his head in fright.

Instead, Liu Ruyan said, "David is missing..."

"Missing?" The third elder's eyes widened, his face full of disbelief!

"How could it be missing? The medicine pool is not big, and there is only one way..." The

third elder didn't understand at all, how could a big living person disappear suddenly after entering it!

Liu Ruyan could only briefly talk about what happened after they went in, and then the third elder frowned tightly!

Since David could not be seen on the surface of the medicine pool, and David did not come out from here, there is only one possibility, that is, David sank into the bottom of the pool!

After Hu Yixiao and the Second Elder heard it, they guessed it was the same as the Third Elder!

It is impossible for a living person to disappear for no reason. The reason why they couldn't see David in the medicine pool was because David sank to the bottom of the pool!

"Hmph, this David really doesn't know the heights of the heavens and the depths of the earth. It has been more than two hours now. If he really dared to go deep into the medicine pool, he might have exploded and died by now." The second elder said gloatingly

Chapter 2681

"Third Elder, will this really happen? Could it be so dangerous to go deep into the medicine pool?"

Liu Ruyan asked in a low voice with a worried face.

The third elder nodded solemnly, "According to the records, the deeper you get into the medicine pool, the more powerful the aura becomes, which is difficult for ordinary people's bodies to bear." "Even after soaking in the medicine pool for three

hours The elder Taishang didn't even dare to go deep into the medicine pool back then."

"If Mr. Chen really went deep into it, I'm afraid it would be a disaster..."

Hearing what the third elder said, Liu Ruyan's face became pale. It's extremely ugly!

In her heart, she just had feelings for David, but David has become like this!

"Master, otherwise I'll go look for it..."

Fang Shu was going to go back and have a look.

"Stop!" Hu Yixiao said at this time, "What do you think of the medicine pool? It's your bathhouse, go in if you want." "Now that

you two have come out, the medicine pool will be closed..."

Hu Yixiao is going to close the medicine pool!

"Brother, I still have disciples inside who have not come out, how can you close the medicine pool?"

The third elder hurriedly asked Hu Yixiao!

"It's been more than two hours now, so how could David stay inside for so long, maybe he's already a puddle of flesh and blood."

Hu Yixiao said coldly!

"Senior brother, the Supreme Elder stayed there for three hours back then, and it's only been two hours now, why did you close the medicine pond?" the

Third Elder asked!

"Hmph, can David compare with the Supreme Elder? But since you said so, I will give you an hour. If David doesn't come out, I will close the medicine pool!"

After Hu Yixiao finished speaking, he found a big rock and sat down, waiting quietly!

The third elder had no choice but to pray that David would come out quickly, but in the heart of the third elder, he also knew that the hope was very slim!

At this time, David was still quietly floating in the light green area!

The not bad golden body is still shining with dazzling golden light!

Slowly opening his eyes, David suddenly sank down again!

Soon, all the surrounding light dimmed, and the surroundings were pitch black, and even the water in the medicine pool turned black, and I couldn't see my fingers!

David could only rely on his spiritual sense to grope downwards little by little, but at this moment, there was a clear and crisp sound in David's sea of consciousness, like a chicken breaking its shell!

Immediately afterwards, David's body shook suddenly, and the light in his eyes kept flickering!

David put away his spiritual consciousness in an instant, and his body no longer made any movements, because he knew that this was the restriction that he had broken through!

David let go of the meridians all over his body, allowing the spiritual energy to impact every part of the body without restraint!

Boom...

Suddenly, the calm medicine pool suddenly set off a stormy sea, and a thick water column flew from the bottom of the pool to the sky!

"The transformation realm has reached its peak..."

David's face was full of excitement!

He didn't expect that he had only been in the medicine pool for a long time, and he had broken through the realm that had troubled him for a long time!

David felt that the spiritual power in his body had been condensed to a new level, and his spiritual consciousness and physical body had also become much stronger!

"It seems that if we stay here, we can break through the Transformation Realm and reach the Composite Realm, and it's just around the corner..."

David was extremely excited. It is much faster to practice in this medicine pool than outside!

David was quite satisfied with his choice at this time, and David did not expect that the medicine pool of Jade Cauldron Sect was so powerful!

At this time, the people waiting for David at the pass also heard the movement in the medicine pond!

"What's the news?"

Everyone looked in the direction of Yaochi in shock!
