Chapter 2757

Immediately afterwards, outside the cage of the formation, the bodies of the three people reappeared!

At this time, David's formation cage was still there, and it hadn't been destroyed!

This time, David felt a little surprised. His formation cage was not damaged, but these three guys escaped!

This is kind of amazing!

"Hahaha, if we don't have any real skills, do you think we dare to block the way and rob?"

The boss of the Three Heroes of the Phantom Thieves laughed loudly!

David looked at the three guys in front of him, and became curious about the skills of these three guys. He really wanted to know how these three guys escaped from inside without destroying their formation!

David looked at the rampant three people, then flipped his palms, the ground trembled suddenly, and streaks of light burst out from the ground instantly, covering the three people!

Immediately afterwards, David injected streaks of spiritual energy into the formation.

“Hahaha... are you still doing this?”

The boss of the Three Masters of the Phantom Thieves burst out laughing when he saw that David was still casting a confinement formation to trap them!

But David ignored it, a flame on his fingertip began to dance slowly 1

David threw the flame on his fingertip towards the formation!

boom!

The formation trembled instantly, and then flames burned on the formation, and the three heroes of the strange thief were all surrounded by hot flames!

“You want to burn us to death? You’re thinking too simply...”

The second child of the Three Heroes of the Phantom Thieves smiled disdainfully, and then whirlwinds of spiritual energy swung out from his palm, and he planned to use the whirlwind to blow out the flames!

But when the whirlwind blew, the flame not only didn’t go out, but became even more vigorous!

This time, the three heroes of the Phantom Thieves panicked, each of them yelling!

And the three of them hurriedly cast their spells, but they couldn’t escape from the formation!

“What kind of flame is this? Why is it so fierce?”

The boss of the Three Heroes of the Phantom Thieves said in shock!

"It seems that you are nothing special."

"You don't even know Zihuo from the Demon Race."

David looked at the three screaming and said with a disdainful smile!

"The Devil's Flame?"

The three of them were surprised at the same time, "Are you a demon cultivator?"

"Could it be that only a demon cultivator can have the Demon's Flame? I really don't have any knowledge..."

David cursed!

The three of them didn't dare to refute. Feeling the scorching fire around them, the three of them finally gave up!

"Forgive me, sir, please spare me, the three of us are willing to be cows and horses, please save our lives!" "The

three of us just robbed some money, and never hurt anyone's life."

The three heroes of the strange thief desperately knelt down and begged for mercy !

They don't want to be killed. Now that the formation is surrounded by fire, the three of them have no way to escape!

"Are the three of you really being used by me?"

David asked!

"Sincerely, we are all sincerely..."

The Three Heroes of the Phantom Thieves said hastily!

“Okay, I’ll trust you for the time being. If you let me know that you lied to me, I will make your life worse than death!” After

David finished speaking, he waved his palm lightly, and the flames were instantly extinguished!

The moment the flames were extinguished, the three heroes of the Phantom Thieves hurriedly hit the formation with a purple light, and the bodies of the three of them also disappeared from the formation and appeared outside the formation!

The three of them were sweating profusely, and the shock on their faces still persisted!

“Thank you, sir, for not killing me!”

The boss of the Three Heroes of the Phantom Thieves, hurriedly knelt down to thank David!

The other two also knelt down and thanked each other!

“I spared you because you may still be useful. If you are useless when I need you, then you should know what will happen to a useless person!” David said

coldly Said!

“Understood, we understand, as long as we are used, our three brothers will never turn back!”

The three heroes of the strange thief said hurriedly!

Chapter 2758

In the subsequent chat, David found out that the reason why these three guys embarked on the road of robbery was because they accidentally learned a kind of space shuttle in a ruins.

However, this kind of space shuttle has very strict requirements on the distance, which is only a short distance of tens of meters. Just now they escaped from the formation, and they used this kind of technique. First, they used their strength to open a small gap in the formation. As long as the space inside and outside the formation is connected, they can use the space to shuttle and escape!

When David heard this, he suddenly realized that he had thought that the three masters of the strange thieves had such high abilities, but it turned out that they used this kind of space shuttle!

But this kind of technique is really good, but the distance is too short, similar to the Qiankun circle used by Ning Zhi before. The Qiankun circle is considered a magic weapon and can travel a hundred meters. It was only used a few times because of damage. , it is damaged!

"You three brothers want to listen to me, so hand over your life soul, so that I can trust you!"

David said to the three heroes of the strange thief!

"This..."

The three brothers hesitated when they heard that they were going to hand over their souls. You must know that handing over their souls would be like handing over their lives to David!

Seeing the three of them hesitate, David snorted coldly and said, "Since you don't want to hand over your life souls, then you can hand over your lives, but don't worry, I just killed you and won't destroy your remnant souls! "

"Maybe you are lucky, you can be resurrected after many years..."

David said, and he was about to do it. This will scare the three heroes of the strange thief enough!

"Grandpa, please spare me, let's hand it over, let's hand it over..."

The three masters of the strange thief hurriedly forced their soul out of their bodies!

David put away the life souls of the three people, and with a light wave of his palm, all the cloths covering the faces of the three people flew out!

"Follow me from now on, don't do sneaky things, you can tell me what you need..."

David said to the three of them!

"Okay, you will be our boss from now on, and we will all listen to you."

The boss of the three heroes of the phantom thieves hurriedly said!

But just after he finished speaking, his stomach started to growl. It was obvious that the three of them hadn't eaten yet!

So David took them and found a luxurious tavern to have a big meal!

Through communication, the Three Masters of the Phantom Thieves also knew the identity of Liu Ruyan. After all, the Jade Cauldron Sect is also very famous in the area. Such a big backer!

After drinking and eating, David and the others walked towards the airship in the central square. It was almost time for the airship to take off!

Since the three masters of the strange thieves recognized David as the boss, they went to Jialing County together. After all, the tickets for a few more people are not much more expensive!

For Liu Ruyan, this money is just drizzle...

The third elder and Yihe Yaohuang have been waiting in the airship for a long time. When the three masters were at it, they were all taken aback!

David hurriedly introduced it, and then the three elders bought tickets for the three heroes of the strange thieves, and everyone boarded the airship!

The airship is particularly huge, a hundred meters long, and the interior is also very spacious and comfortable!

Moreover, there are quite a few members of the Feitian Sect in the airship, doing service work. After all, the Feitian Sect relies on the airship to earn money and exchange for resources. Of course, it must be perfect!

It should be the first time for the Three Heroes of the Phantom Thieves to ride an airship, and they seemed a little excited, while David looked serious, because he had been thinking about how to save the three-headed pterosaur!

Seeing David's expression, Yihe Yaohuang knew what David was thinking, so he said softly, "Mr. Chen, this is the Feitian sect. If you want to save the three-headed pterosaur here, it will be very difficult. You can choose to save the pterosaur on the way!"

"It's just that the passengers on the airship may have a lot of opinions, and maybe someone will attack you!"

Chapter 2759

Yihe Yaohuang analyzed it for David. After all, the people who can get on the airship and go to Jialing County will not be ordinary people!

"David, do you want to save the pterosaur that pulls the airship?"

Although Yihe Yaohuang said in a low voice, Liu Ruyan still heard it!

David nodded. David didn't have to hide anything from Ruyan Liu!

"Don't mess around, this pterosaur is very important to the Feitian sect. If you want to save the pterosaur here, it will be impossible. We may not even be able to get out of the Feitian sect!

" Although Feitianzong is mainly engaged in business, but Feitianzong has many masters, otherwise the wealth of Feitianzong would have been targeted by others!"

Liu Ruyan warned David!

"If you can't do anything here, then do it halfway. I must save the three pterosaurs!"

David said firmly!

Liu Ruyan looked at David's determined eyes, although she didn't know why David saved the pterosaur, but since David was so determined, she had no choice but to support David.

As the saying goes, husbands sing and women follow, Liu Ruyan has already regarded herself as David's woman. Of course she has to support what David wants to do!

"Then find a way to do it halfway, but don't let these passengers know that we let the pterosaur go, or we will be targeted."

Liu Ruyan said!

"Are these people going to Jialing County to attend the pharmacists' meeting? Are they all pharmacists?"

David was a little surprised. Didn't they say that there are not many sects that focus on refining medicine? Why are there so many in this area? People are going to Jialing County!

"It's not a pharmacist. Many people came to join in the fun, to see if they could find some miraculous medicines, and they could discuss cooperation with a certain alchemy sect at the pharmacists' association."

Liu Ruyan explained.

When David heard this, he realized that although the alchemy meeting was a competition for pharmacists, it was more like a sales fair!

"Then do you know how many pterosaurs the Feitian Sect has?"

David asked Liu Ruyan.

"I don't know either!"

Ruyan Liu shook her head, after all Ruyan Liu has been in a coma for many years, and she doesn't know many things!

"Boss, there are these three pterosaurs in the Flying Sect..."

"This kind of pterosaur is very difficult to capture. The airship pulled by the pterosaur costs a lot of money, but only for such a short distance will it use its wings Pulling the dragon, after all, if the journey is too far, the pterosaurs can't carry it!" "

Many airships use formations and use crystals as power. The mountain in the southwest of Feitianzong is the one that produces crystals, and has been used for a long time. The Feitian Sect is mining!”

The boss of the three masters of the Phantom Thieves poked his head out from behind, and explained to David!

When David heard that there were only these three pterosaurs, he felt more relieved, as long as the time came, the three pterosaurs would be saved!

If there were many pterosaurs in the Feitian sect, David might not have the strength to save them all!

“Everyone, please sit down, the airship is about to take off...”

accompanied by a reminder from a staff member of Feitianzong!

Soon, the airship began to shake, and David saw that a member of the Flying Sect was holding a long whip and beating the pterosaur fiercely!

The three pterosaurs who were resting originally wailed after being whipped, then slowly got up and kept waving their wings!

The three-headed pterosaur was flapping its wings desperately, and the airship, which was hundreds of meters long, began to move little by little!

It can be seen that the three pterosaurs are struggling very hard, but the people from Feitianzong don't care at all, and have been beating the pterosaurs with leather whips!

Seeing this scene, David couldn't help the murderous look in his eyes, he wished he could rush down now and kill that Feitian sect member!

After a few minutes of struggling, the airship finally left the ground, and then slowly rose into the air under the pull of the three-headed pterosaur!
