

A Man Like None Other Novel

Chapter 2760

Then the airship flew in the direction of Jialing County. After the airship started, many people who were building an airship for the first time couldn't help but look out!

Even David and the Three Heroes of the Phantom Thieves kept looking out through the window!

Soon, the airship flew out of Feitianzong's territory, and David couldn't sit still anymore. Watching the three-headed pterosaur desperately pulling the airship, the anger in David's heart was constantly rising!

Just when David was about to get up, he was grabbed by Liu Ruyan, and then he winked at David, signaling David not to move!

"You three, sneak into the front cabin and release the pterosaur..."

Liu Ruyan said to the three heroes of the strange thief!

The Three Heroes of the Phantom Thieves were taken aback, although they didn't understand why Liu Ruyan asked them to do this, but their souls were in David's hands, so they could only do as they wanted!

The Three Heroes of the Phantom Thieves got up, and then walked straight to the front. At this time, many people were closing their eyes slightly, either

practicing or sleeping, and no one paid attention to the movements of the Three Heroes of the Phantom Thieves!

At this moment, the airship has stabilized, and several members of the Flying Sect gathered together to chat!

The Three Heroes of the Phantom Thieves quietly arrived in front of the airship, and while no one was paying attention, they used time and space to travel and entered the front cabin in an instant!

There are three members of the Flying Sect in the front cabin, watching the three-headed pterosaurs flying. As long as the pterosaurs are slack, these members of the Flying Sect will whip them!

The appearance of the Three Phantom Thieves did not attract the attention of the three members of the Feitian Sect. When the three members of the Flying Apsaras were watching the three-headed pterosaur, the three phantom thieves had already arrived behind them.

The three of them shot quickly, and the three members of the Flying Sect were killed immediately. The Three Heroes of the Phantom Thieves were also ruthless people, and they didn't hesitate at all when they shot!

After solving the three members of the Flying Sect, the Three Heroes of the Phantom Thieves came to the front. At this time, three arm-thick iron chains appeared, and the other end of the iron chain was tied to the three-headed pterosaur!

"Brother, you have to break this chain before you can release the three-headed pterosaur!"

Said the second child of the Three Masters of the Phantom Thieves!

"Then break it."

Saying that, the boss of the Three Heroes of the Phantom Thieves took out his knife and slashed at the iron chain fiercely!

Dang...

A burst of fire burst out, and the body of the boss of the Three Heroes of the Phantom Thieves instantly collapsed and flew out.

But the iron chain didn't damage a single bit!

On the iron chain, formation patterns appeared!

"Damn, why is there a formation on the iron chain? What can I do?"

The third child took a look and couldn't help cursing angrily!

The three of them were in a dilemma for a while looking at the chains that had been imprisoned by the formation.

"I think it's better to go out and ask Mr. Chen for instructions, the three of us can't open it..."

The boss got up and walked over, glanced at the iron chain with flashing patterns, and said helplessly!

The three people flashed their figures and came out from the front cabin again. No one noticed the movements of the Three Heroes of the Phantom Thieves!

But in the corner of the airship, two old men, a man and a woman, remained motionless, with their eyes slightly closed, but their expressions seemed somewhat unnatural!

"Do you want to do it?"

the old woman looked at the old man beside her and asked!

"Don't move, let's see what these three guys are going to do next."

"With the ability of these three people, they dare not do robbery on the airship!"

The old man shook his head!

There are hundreds of people on this airship, with the ability of the three heroes of the strange thief, of course they dare not openly rob it!

The old woman stopped talking and closed her eyes slightly, but her divine sense kept spying on the Three Heroes of the Phantom Thieves!

The Three Heroes of the Phantom Thieves walked up to David, and then the boss said softly, "Mr. Chen, those three pterosaurs are all chained up, and there are formations on the chains, we can't open them!"

After hearing this, David got up slowly, planning to follow the Three Heroes of the Phantom Thieves to have a look!

But just as David got up, his brows suddenly frowned, and then he looked at the two old men!

"Mr. Chen, what's the matter?"

asked the boss of the Three Heroes of the Phantom Thieves!

"Oh, it's okay." David shook his head, and then followed the three heroes of the phantom thieves to the front cabin!

Chapter 2761

David and the others had just arrived in front of the front cabin door, when several members of the Flying Sect who were chatting stopped David and the others in an instant!

"What are you doing? Go back to your position!"

A member of Feitianzong said!

"We want to enter the front cabin, can we have a visit?"

David asked with a smile!

"No, passengers are not allowed to watch in the front cabin, you guys go back!"

Then the members of the Feitian sect shook their heads!

"Since you can't watch it, then don't watch it..."

David said, and winked at the Three Heroes of the Phantom Thieves!

Seeing this, the three of them shot quickly, directly knocking out several members of the Feitian Sect!

Because it didn't make a sound, it didn't alarm other passengers!

However, their actions all fell on those two old men!

"Should we stop it?"

the old woman asked!

"Don't move yet, let me see what these people want to do!"

"Our Flying Sect has been established for hundreds of years, and there has never been an accident in which an airship was hijacked." "

It seems that the two of us will catch up today, If the two of us solve it perfectly, we will definitely be rewarded when we go back."

The old man said excitedly!

In fact, these two people are the elders of the Feitian Sect, and each of them has reached the fifth rank of the Fusion Realm!

The reason why they pretended to be tourists was that they were responsible for spying on them secretly, and they were the secret guards on the airship.

But at this time, after knocking out several members of the Feitian Sect, David stepped forward, put one hand on the door lightly, and opened the front cabin door with a little force!

After several people entered the front cabin, David frowned when he saw the bodies of several members of the Flying Sect!

He didn't expect that the Three Masters of the Phantom Thieves would kill these members of the Flying Sect. David only wanted to save the pterosaur, and he didn't want to kill people. He formed a hatred with the Flying Sect!

But the matter has come to this point, David can't say anything, after all, the Three Heroes of the Phantom Thieves also entered the front cabin under his instruction!

Standing in the front cabin, David could clearly see the three-headed pterosaur flying hard.

On the body of the three-headed pterosaur, wounds were clearly visible.

An arm-thin iron chain is on the body of the three-headed pterosaur, and the other end is fixed on the airship!

Seeing this scene, David jumped up, followed the thick iron chain, and walked directly to a pterosaur!

The pterosaur also felt David's presence, shook its body slightly, and let out a roar!

David hurriedly exuded the power of the dragon on his body, and then gently stroked the pterosaur and said, "Don't be afraid, I'm here to save you."

Feeling the power of the dragon on David, coupled with David's comfort, The pterosaur became quiet in an instant!

Standing on the broad back of the pterosaur, David looked at the iron chain with flashing patterns, and David felt a little troubled!

If you want to open these iron chains, you must use a sharp weapon like the Dragon Slaying Sword, but with the Dragon Slaying Sword, you may accidentally injure the pterosaur!

But if you don't use the dragon-slaying sword to forcefully cut off the iron chain, you can only untie the formation on the iron chain little by little, so the speed is too slow!

Just when David was at a loss, Zhe Yan in his mind hurriedly said, "Mr. Chen, you can use the fire to melt this iron chain..." Such a sentence instantly shocked

David. After waking up, David already had Zhihuo in his body, but David couldn't remember to use it!

Hearing Zhe Yan's words, David squatted down lightly, and then a ball of flames on his right palm began to dance slowly.

Immediately afterwards, David held his hand firmly on the thick iron chain, and the iron chain turned red instantly, and the patterns on it were also flashing rapidly.

But soon, the pattern slowly disappeared, and the thick iron chain also melted slowly!

When the iron chain broke, the pterosaur broke free instantly, soared into the sky, and then flew back quickly. It can be seen that the pterosaur was very excited!

Chapter 2762

The pterosaur looked at David with gratitude in his eyes, and David followed suit and rescued the other two pterosaurs!

The three-headed pterosaur flapped its wings continuously around David, and wailed loudly, as if thanking David!

"Hurry up and go..."

David waved his hand!

The three-headed pterosaur understood David's words, nodded, then flapped its wings and charged into the sky!

David looked at the escaped three-headed pterosaur with a smile on his face!

At this time, David didn't know that it was because of his actions today that David would get the great help of the Pterosaur King in the future!

But these are all things for later, after David rescued the three-headed pterosaur, he immediately returned to the front cabin!

At this time, the entire airship began to slide down because of the escape of the pterosaur, and it was also trembling violently!

"What's going on?"

"What happened?"

"What's going on?"

Many passengers were confused by the violent trembling!

Even the two elders of Feitianzong were a little confused. They didn't know what David and the others did when they entered the front cabin!

So the two quickly got up and rushed towards the front cabin quickly!

But when they got to the front cabin, they were stunned!

I saw that several disciples of the Flying Sect in the front cabin had been killed, and the three-headed pterosaur pulling the airship in front had long since disappeared!

At this time, the airship has no power and is diving down rapidly!

"How dare you, you let go of the pterosaur?"

The old man shouted angrily!

It never occurred to him that David and the others entered the front cabin not to hijack the airship, but to let go of the three pterosaurs!

If he knew this was the case, he should have stopped David and the others just now!

"Who are you?"

David couldn't help frowning when he saw the two old men rushing over suddenly!

"Hmph, we are the elders of the Flying Sect, and we specialize in secretly protecting the airship this flight. I never thought that you guys, who don't know how to live or die, would dare to let our Flying Sect's pterosaur go!" The old man flushed angrily

. It was because he pretended to be smart that he didn't stop David and the others!

If this matter is reported back to Fei Tianzong, let alone he can't be an elder, he might even lose his life!

When David heard that the other party turned out to be a member of the Flying Sect, he instantly understood why these two people had been secretly observing when the Three Masters of the Phantom Thieves made their move just now!

But the matter has come to this point, David knew that it was impossible to hide it, so he simply showed his cards and said, "You fellows of the Flying Sect, for your own benefit, tortured the pterosaurs like this, you deserve to die..." "I think you should be the one to die

... .."

Saying that, the old man was about to attack David!

But at this moment, there was a rumbling sound!

The airship vibrated violently again. The airship had already hit the mountain, and it was about to be dismembered!

"Go quickly..."

David yelled, and then his body erupted with a golden light, and he rushed straight up, punching the airship out of a big hole!

The Three Masters of the Phantom Thieves also rushed out of the airship along the big hole!

Seeing this, the two elders of Feitian Sect didn't dare to attack David, and fled the airship one after another!

For a while, there was chaos in the airship, and many people fled the airship one after another.

Just after everyone escaped from the airship, the airship fell heavily into the valley, and there was a distant explosion!

Fortunately, these passengers are all powerful monks, so they didn't suffer any harm, but some people were really scared!

"David, are you okay?"

Liu Ruyan and the others also escaped, and after seeing David, they hurriedly asked with concern!

"I'm fine!"

David shook his head and said!

"What's going on here?"

"Where are the members of the Feitian Sect?" "Is the Feitian Sect a freelancer? Why did the airship fall?"

"Feitianzong."

Everyone was cursing Feitianzong, they didn't know it was caused by David!
