

A Man Like None Other

Novel

Chapter 2766

Seeing that David had made up his mind, Liu Ruyan didn't say anything anymore, she knew that what David decided must be done!

"Mr. Chen, the three of us will go with you. If there is anything, we will take care of you!"

Dajie hurriedly followed David!

The lives and souls of the three of them are all on David. If David dies, then the three of them will not even think about living. They will die together at that time!

It's better to go with David, if David is in any danger, they can still help!

David glanced at Dajie, he knew what the three of them were thinking, so he nodded with a smile, "Okay, you three follow me!"

After David followed Liu Ruyan and said a few more words, a few Individuals are separated!

Liu Ruyan and the third elder took Yihe, and walked towards the bloodthirsty Thunder Eagle territory in the direction directed by Yihe!

And David took the three heroes of the strange thief deep into the territory of the bloodthirsty Thunder Eagle!

These monsters are very sensitive to aura, so David took out a charm and hit the three monsters on their bodies to help them hide their aura!

David's purpose is to pick the thunder fruit from the sky, so it's best if there is no battle. Along the way, several people kept moving towards the Eagle King Cave with secret breaths!

Every time they walked a certain distance, David would stop and set up a formation.

The Three Heroes of the Phantom Thieves didn't know what formation David had set up. Although they were curious, they didn't dare to ask!

Along the way, David and the others also encountered many monks, some of whom had already died, and only bones were left on their bodies eaten by monsters!

There are also some monks who were injured and lying under the tree weakly!

Looking at these injured monks, David could only pray silently, and was unable to save them!

After all, people are selfish. If these people are not selfish, they can unite as one, and they won't be hunted down by these monsters!

Just as David approached the Eagle King Cave with the three heroes of the strange thieves, a group of people entered from the other side of the Bloodthirsty Thunder Eagle territory. These people were not the monks on the airship!

I saw these dozens of people, all wearing gray cloth gowns, with the word Ning embroidered on the chest of the gowns!

In front of these people, a young man in a white gown was Ning Can who had met David, and beside Ning Can was his father Ning Caichen!

This time Ning Caichen personally led the team to the territory of the Bloodthirsty Thunder Eagle just to pick the Sky Thunder Fruit!

The ancestor of the Ning family was resurrected, but his strength has not been able to return to the peak state before!

Later, under Huang Yaoshi's suggestion, Ning Caichen came to pick the Sky Thunder Fruit, in order to restore the strength of their ancestors of the Ning family!

If their ancestors of the Ning family regained their strength, then their Ning family's status in the entire celestial world would improve a lot!

"Dad, I heard that the Thunder Eagle King has the strength to cross the Tribulation Realm, and we are no match at all?" "

And why did I feel weird after the ancestor woke up? Look at his strength, not much better than me!"

"And the woman named Linglong a few days ago, said that our ancestor of the Ning family was a flame demon body, is she crazy? I think she looks like a demon cultivator!" Ning

Can It kept nagging in Ning Caichen's ear!

Ning Caichen frowned, gave Ning Can a hard look, and said, "Shut up, I'm hearing you speak ill of our ancestors, so I'll cut off your tongue." "Now can

our Ning family If you are well-developed, you can rely on your ancestors if you can succeed in the world of heaven and man." "

And you are not allowed to tell anyone about that woman looking for ancestors..."

Seeing that her father was really angry, Ning Can said, I can only shut my mouth and stop talking!

Seeing Ning Can's state, Ning Caichen said again, "I got the news that the Thunder Eagle King should have gone to Jialing County. He must have

attended the Pharmacists Association. Now is a good time to steal that day's Thunder Fruit!" Ning

Can After Caichen finished speaking, he led everyone quickly approaching the Eagle King Cave!

Chapter 2767

At this time, David had already approached the Eagle King Cave with the three heroes of the strange thieves.

David could even clearly feel the strong thunder and lightning power in the Eagle King Cave, which should be the power emitted by the thunder tree that day!

This kind of lightning power is even more terrifying than the thunder disaster that David suffered!

David's heart was already in his throat at this moment. He is only in the second rank of the Fusion Boundary. If he really meets a strong man who has crossed the tribulation, even if he sacrifices all the means to save his life, he may not have the slightest chance of surviving!

The Three Heroes of the Phantom Thieves also had cold sweat on their faces. They also understood the horror of the Thunder Eagle King. Even those ordinary bloodthirsty Thunder Eagles were enough to deal with them.

David took a deep breath, cast a few concealment spells again, to hide the aura of them, and then slowly approached the Eagle King Cave!

David didn't know at all that the Thunder Eagle King was not in the cave. If the Thunder Eagle King was in the cave, even if David hid his breath, it would be of no use at all!

Tribulation-crossing monks are different from ordinary monks. During the tribulation-crossing period, every step of improvement is difficult, and a large amount of resources must be prepared to face the final sprint of the tribulation-crossing period!

There is not one out of ten monks who can succeed in the tribulation period, and many monks spend their entire lives, but fall in the tribulation period!

However, after breaking through the tribulation period, all monks will return to their original source and feel the power of the source. Only monks who have broken through the tribulation period can be called real half-immortals.

They only need to improve their strength a little bit, waiting for the day when they will ascend, and monks in this realm are just like ordinary people!

Just as David was slowly approaching the Eagle King Cave with the three heroes of the strange thieves, Ning Caichen also approached the Eagle King Cave with the Ning family!

And in other directions, there are quite a few monks slowly approaching!

After all, Tianleiguo is too tempting, so it is normal for someone to risk their lives!

Several people were approaching the Eagle King Cave at the same time, and everyone held their breath, hiding their aura to the extreme!

But when he reached the entrance of Eagle King Cave, he was suddenly stunned!

These people bumped into each other and looked at each other!

David took a look and found that many of them were monks on the airship, among them was the stone iron bridge and the old woman.

When Shi Tieqiao saw that David and the three heroes of the strange thieves dared to come to the Eagle King Cave, the anger on his face instantly appeared!

And David looked to the other side, and found that it was a group of strangers, but judging by the clothes they were wearing, they should belong to a family or sect!

But soon, David looked at Ning Can, and frowned slightly. He always felt that Ning Can was very familiar, as if he had seen it somewhere before, but he couldn't remember it for a while!

Ning Can also saw David, and was taken aback for a while, looked at David twice, but didn't remember who David was!

After all, at that time, David was mixed among the villagers, and Ning Can didn't pay much attention at all!

"Mr. Chen, here are people from Ning's family. I didn't expect people from Ning's family to come to Eagle King Cave."

Dajie whispered to David!

David didn't have any impression of the Ning family, nor had he heard of it, so he didn't pay too much attention to it!

What he cared more about was Shi Tieqiao and the old woman. David was afraid that Shi Tieqiao couldn't bear it, so he directly attacked them. If that happened, his aura would be completely exposed, and he would be discovered soon!

"Elder Shi..."

When everyone who met was stupefied, Ning Caichen walked slowly to Shi Tieqiao to say hello!

Obviously, Ning Caichen knew Shi Tieqiao!

“Patriarch Ning, I didn’t expect you to bring people to Yingwang Cave. Did you come here for Lei Guo that day?”

Shi Tieqiao asked Ning Caichen!

Ning Caichen smiled, and said noncommittally, “Elder Shi brought so many people here, isn’t it also for the sake of Tianleiguo?”

Chapter 2768

“Patriarch Ning guessed wrong, we had no other choice.”

Shi Tieqiao told Ning Caichen in detail about the crash of the airship.

When Ning Caichen heard that it was David who let the three-headed pterosaur go, causing the airship to crash, he couldn’t help but look at David!

“Elder Shi, this kid doesn’t think his realm is high. If you kill him, wouldn’t it be easy?”

Ning Caichen asked!

After all, pterosaurs are very precious to the Feitian sect. Now that they are let go by David, how could Shi Tieqiao let David go!

“I was going to kill him, but it’s a pity that this is the territory of the Bloodthirsty Thunder Eagle. We encountered a lot of monsters, so we were scattered!” “I didn’t expect

this kid to be so brave that he dared to come to the Eagle King Cave. ”

Shi Tieqiao said, looking at David fiercely!

“Elder Shi, don’t do anything here again, if you startle the Thunder Eagle King, we’ll be finished...”

Ning Caichen hurriedly persuaded Shi Tieqiao!

Of course Shi Tieqiao knew, otherwise he would have done it as soon as they met!

David looked at the two people who were talking, and he didn’t move at all. Now that so many people are together, they all came here for Tianleiguo.

David had to find a way to preserve his strength so that he could take the Sky Thunder Fruit into his hands at the right time.

“Patriarch Ning, you came here specifically for Tianleiguo, so you must be fully prepared, how about you bring someone in to have a look first?”

Shi Tieqiao said to Ning Caichen!

Shi Tieqiao knew that the people he brought were many monks on the airship, and some of them were just acquaintances. Although there were a lot of them, they would not form an overall combat effectiveness!

But Ning Caichen was different, he brought all the elites of the Ning family. Although there were only a dozen of them, they could act together and completely obey Ning Caichen’s command!

That’s why Shi Tieqiao let Ning Caichen take the lead. If there is any danger, let Ning Caichen carry it first!

“No problem...”

After hearing this, Ning Caichen readily agreed.

Because Ning Caichen knew that there was a high probability that the Thunder Eagle King would not be in the cave, and the person who entered the cave first would definitely have a huge advantage!

Seeing that Ning Caichen agreed so readily, Shi Tieqiao seemed a little surprised!

Ning Caichen led the Ning family members into the cave slowly.

Shi Tieqiao led people to guard outside the cave. If there is any disturbance inside, they will evacuate immediately. After all, no one wants to face the Thunder Eagle King who has crossed the Tribulation Realm!

Shi Tieqiao didn't move anyone, but David walked into the cave with the Ning family with the three heroes of the strange thieves!

Ning Caichen frowned slightly, and glanced at David, but he ignored David.

In his opinion, David is just a little monk of the second rank of the Body Fit Realm, and he has no influence on them at all!

As Ning Caichen slowly led people deeper, David felt more and more the horror of the power of thunder and lightning!

Soon, a ray of light flashed across, and everyone saw a scene that shocked everyone!

In the center of the Eagle King Cave, there is a huge sky thunder tree standing there. The sky thunder tree is in the cave, with luxuriant branches and leaves, and around the sky thunder tree, there are endless thunder and lightning beating, like a Razer Dance.

And on this Thunder Tree, ten fist-sized Thunder Fruits are shining with the light of thunder and lightning.

"Tianleiguo..."

Seeing Tianleiguo, Ning Caichen shouted excitedly!

When David saw Ning Caichen yelling, he was startled, for fear that he would draw the Thunder Eagle King out!

Fortunately, there was no movement in the Eagle King Cave, so David breathed a sigh of relief!

If the bloodthirsty Thunder Eagle King is drawn out, none of them will leave!

"The Thunder Eagle King is no longer there, it's God helping me..."

Ning Caichen said happily!

Hearing Ning Caichen's words, David finally understood why Ning Caichen dared to enter first!

"Dad, I'll go and pick the Sky Thunder Fruit..."

Ning Can looked at the plump Sky Thunder Fruit and said excitedly!
