### Chapter 2769

"You don't want to go!" Ning Caichen shook his head, then pointed to a Ning family servant and said, "You go, pick the sky thunder fruit..." "Of order..."

The Ning family servant did not dare to disobey Got it, even though I was scared, but still bit the bullet and slowly approached the Tianlei tree!

"Mr. Chen, what should we do?"

"Otherwise, the three of us use the space shuttle to pick a few thunder fruits first?"

Dajie said to David.

"Don't act rashly, the thunder fruit should not be so easy to pick today."

David stopped the three heroes of the strange thieves!

Just as David finished speaking, he saw the servant of the Ning family leap forward and head straight for the Tianlei fruit on the tree!

Boom...

Just as the servant of the Ning family was approaching Tianleigu, suddenly a huge bolt of lightning hit the servant of the Ning family fiercely!

Accompanied by a violent explosion, the body of the servant of the Ning family was instantly dissipated by the huge lightning strike, not even leaving the body behind!

Seeing this scene, Ning Caichen frowned instantly, and everyone else was also surprised!

The Three Heroes of the Phantom Thieves swallowed their saliva in fright.

If David hadn't stopped them, maybe the three of them would have vanished now!

"This Thunder Eagle King is really cautious. It seems that Lei Guo is really hard to get!"

Ning Caichen frowned and said!

"Dad, what should we do then?" Ning Can asked!

"Don't worry, I've already guessed this situation, so I've been prepared for it!"

Ning Caichen took out a bronze mirror from his arms, and saw that one side of the bronze mirror was extremely smooth, while the other side was carved with several beast!

"This is an ancestral treasure of my Ning family. It's called the Auspicious Beast Mirror. With it, the lightning will be reflected and can't cause any harm!" Ning Caichen said, and

handed the Auspicious Beast Mirror to a Ning Caichen. The family servant said, "Take the auspicious beast mirror and go pick the sky thunder fruit!"

Although the servant of the Ning family was afraid, he still took the auspicious beast mirror and walked obediently towards the sky thunder tree!

The companion just now, After being struck by a thunderbolt, the servant of the Ning family disappeared, so even though he was holding the auspicious beast mirror, he was still afraid, and his legs trembled a little when he approached!

David looked at Ning Caichen, it turned out that this guy He was really well prepared, even the weapons to deal with lightning!

The servant of the Ning family approached the Tianlei Tree with the Auspicious Beast Mirror, and suddenly exerted force, his body jumped up in an instant, and then stretched out his hand towards the Thunder Tree. Catch the thunder fruit that day!

Booming...

Suddenly, a thunderbolt erupted from the sky thunder tree, and struck the servant of the Ning family fiercely.

Seeing this, the servant of the Ning family hurriedly raised his hand He picked up the auspicious beast mirror in his hand, and the lightning hit the auspicious beast mirror, which was instantly reflected to the side! The

lightning was reflected, and a huge force hit the cave, causing a wave of shaking in the cave, and the rocks fell one after another!

Seeing Rui The beast mirror worked, and Ning Caichen was overjoyed, and commanded loudly, "Quick, the thunder and lightning can't hurt you anymore, hurry up and pick the thunder fruit!" Seeing this

, the servant of the Ning family was also very happy in his heart. He stretched out his hand and grabbed the Tianlei fruit!

But when he was about to grab the Tianlei fruit, a sudden gust of wind blew up and instantly knocked the Ning family servant away. The person was blown down!

Then a huge bloodthirsty Thunder Eagle appeared in front of everyone, with a pair of wide wings, every time it waved, it produced huge power! "

This...is this the Thunder Eagle King? "

Three Heroes of the Phantom Thieves said with a face full of shock!

They had never seen the Thunder Eagle King before, so when they saw such a huge bloodthirsty Thunder Eagle, they thought it was the Thunder Eagle King who had appeared!

"This should not be the Thunder Eagle King. The strength of this bloodthirsty Thunder Eagle has not yet reached the Tribulation Transcendence Realm, but at most the eighth rank of the Composite Realm!" David looked at the bloodthirsty Thunder

Eagle in front of him, and said slowly!

Ning Caichen looked at the bloodthirsty Thunder Eagle that appeared, and secretly heaved a sigh of relief, because he also saw that this was not the Bloodthirsty Thunder Eagle King, so there is no need to be so afraid!

## Chapter 2770

This bloodthirsty Thunder Eagle was obviously arranged by the Thunder Eagle King to guard in the cave when he left!

At this time, seeing someone stealing the Thunder Fruit, this bloodthirsty Thunder Eagle appeared!

With the cry of this bloodthirsty Thunderhawk, the entire Eagle King Cave began to tremble, and then from the other side of the Eagle King Cave, countless bloodthirsty Thunderhawks rushed out!

"Damn..."

Seeing this, David cursed angrily, turned around and ran away!

In this Eagle King Cave, fighting with so many bloodthirsty Thunder Eagles is courting death, and there is no way to use it!

Seeing that David had run away, the three heroes of the strange thieves hurriedly used the space to shuttle, and in an instant, they dodged twice, and they were already out!

Ning Caichen was stunned when he saw so many bloodthirsty thunder eagles suddenly pouring out!

It was only after Ning Can yelled that he led people to run out desperately!

Although the Thunder Eagle King was not around, it was impossible for the Thunder Eagle King to not arrange for such an important thing.

“Hey!”

A cry resounded through the sky, and then a berserk breath erupted from the Yingwang Cave, carrying endless anger!

Countless bloodthirsty Thunderhawks flew out of the Eagle King Cave!

Shi Tieqiao and others who were originally at the entrance of the cave were all taken aback when they saw so many bloodthirsty Thunder Eagles suddenly appearing!

But soon, they reacted, took up weapons, beheaded these bloodthirsty Thunderhawks, and some formation masters began to arrange formations to deal with these bloodthirsty Thunderhawks!

Seeing this, David didn't run away any more, but a blaze entered into the other people's formation, and the flames shot up to the sky in an instant!

With the blessing of the fire formation, those bloodthirsty thunder eagles fell one after another!

David also knew that although the Thunder Eagle King was not around, if he wanted to get the Sky Thunder Fruit, he had to destroy these bloodthirsty Thunder Eagles!

The bloodthirsty Thunder Eagle of the eighth rank of the Composite Realm didn't come out of the Eagle King Cave, and stood guard beside the Sky Thunder Tree!

Bloodthirsty thunder eagles kept flying out of the cave, and other monsters also came from all directions!

For a while, in this area, the roars of monsters and human monks continued to sound!

Although Shi Tieqiao had a feud with David, but at this time, they only focused on killing monsters, and no one was making trouble for each other!

Because everyone knew that if these monsters were not killed, it would be difficult for them to leave this place safely!

The corpses of monsters on the ground have covered the entire ground!

These monsters guarded the entrance of the cave tightly, not letting David and others enter!

However, the strength of these monsters is obviously weaker. Under the continuous fighting, the number of monsters is getting smaller and smaller!

At this moment, the entire ground suddenly trembled, and then the huge bloodthirsty Thunder Eagle flew out of the cave, and a powerful aura erupted from his body!

The bloodthirsty Thunder Hawk's eyes were full of anger, and the feathers on his body gradually turned blood red under the anger!

There was a shrill neigh, and the manic aura rushed towards the crowd in an instant, like the aura of a huge wave, directly blowing some low-level monks flying backwards!

Among them, the three heroes of the strange thief, if David hadn't been protecting him, the three of them would have been blown away by this manic aura!

"A bloodthirsty Thunder Eagle of the eighth rank of the Composite Realm? Could this be the Thunder Eagle King?"

Shi Tieqiao's expression changed instantly when he saw this bloodthirsty Thunder Eagle!

This kind of bloodthirsty Thunder Eagle with a cultivation level is not something that Shi Tieqiao can deal with. He is only the fifth rank of the Composite Realm. If he wants to fight with the bloodthirsty Thunder Eagle of the eighth rank of the Composite Realm, he will hit the stone with an egg!

"This is not the Thunder Eagle King, the Thunder Eagle King is not so weak..."

Ning Caichen said!

When Shi Tieqiao heard that King Thunder Eagle was more powerful, his expression changed instantly with fright.

"Back..."

Shi Tieqiao led the old woman back first, this kind of monster is not something they can deal with!

# Chapter 2771

Seeing that Shi Tieqiao retreated first, the other monks also retreated immediately!

These people still don't know that Thunder Eagle King is not in the cave!

The bloodthirsty Thunder Eagle in front of him is not the Thunder Eagle King, and has already reached the strength of the eighth rank of the Fusion Realm, so the Thunder Eagle King's strength is about to reach the tribulation stage.

Thinking of this, those monks retreated even faster!

Seeing Shi Tieqiao retreating with many monks, Ning Caichen was dumbfounded. He originally wanted to make it clear to Shi Tieqiao that the Thunder Eagle King was not in the cave!

But before Shi Tieqiao could wait for Ning Caichen to explain clearly, he turned around and ran back!

Now that Ning Caichen led the people away, only the Ning family was left to face these monsters!

As for David and the others, Ning Caichen didn't pay attention to them from the beginning to the end, because their realm is too low!

"Dad, what should we do?" Ning Can asked.

"Let's back first and then talk..."

Ning Caichen was not sure, let them face these monsters with the members of the Ning family!

If there is no bloodthirsty thunder eagle of the eighth grade of fitness, Ning Caichen can still try, but now they don't even have the courage to try!

Ning Caichen and everyone in the Ning family also started to retreat quickly!

David saw that they had all run away, and ran back with the Three Heroes of the Phantom Thieves!

Although Tianleiguo is a good thing, life is more important!

Everyone retreated, and the huge bloodthirsty Thunderhawk spread its wings, and then flew into the sky. With the flickering of its wings, a few feathers were like sharp swords, attacking the fleeing monks!

Whoosh, whoosh, whoosh...

A few feathers instantly penetrated the chests of several monks, causing them to fall to the ground in an instant!

Looking at the fallen monk, Shi Tieqiao frowned!

The speed at which they escaped was simply inferior to that bloodthirsty Thunder Eagle, so it was difficult to escape now!

"Everyone, don't run away. This Bloodthirsty Thunder Eagle is too fast. If we run again, we will be killed one by one!"

Shi Tieqiao knew that it was useless to run away, so he hurriedly stopped everyone!

Shi Tieqiao and the others stopped escaping, and Ning Caichen and his men soon caught up!

"Elder Shi, you members of the Feitian Sect have no other skills, but you can escape very quickly!"

Ning Caichen said dissatisfiedly!

“Patriarch Ning, what are you talking about? We are strong enough to deal with this bloodthirsty Thunder Eagle of the eighth stage of the Body Fit Realm. If the Thunder Eagle King appears, won't we all become the prey of these monsters?”

Shi Tieqiao was very dissatisfied with Ning Caichen's words!

“Who told you that the Thunder Eagle King is in the cave?” “

The Thunder Eagle King is currently in Jialing County. I also came to the Eagle King Cave after I got the news.” “

If the Thunder Eagle King was there, I would also Don't dare to come!”

Ning Caichen said!

When Shi Tieqiao heard it, he was immediately dissatisfied and said, “Then why didn't you say that the Thunder Eagle King was not there? Did you want to enter the Eagle King Cave first and swallow the sky thunder fruit?” At that time, Shi Tieqiao was afraid that the Thunder Eagle King would be there,

so Let Ning Caichen lead people into the Eagle King Cave first!

If he knew that the Thunder Eagle King was not there, he would have brought someone in first. After all, the person who entered the Eagle King Cave first would definitely be the most beneficial!

Ning Caichen was a little embarrassed, after all what Shi Tieqiao said was right, Ning Caichen just wanted to swallow all the Tianleiguo to himself!

“Elder Shi, now is not the time for us to argue about this. We must first join forces to deal with this bloodthirsty Thunder Eagle of the eighth rank of the Composite Realm. As long as this bloodthirsty Thunder Eagle is beheaded, nothing else will be of concern.”

Ning Caichen said to Shi Tieqiao!

“Patriarch Ning, among these people , your strength has reached the eighth rank of the Body Fitting Realm, and you can deal with that bloodthirsty Thunder Eagle!” Kill this bloodthirsty thunder eagle and get the sky thunder fruit, will you share it with us?”

Shi Tieqiao asked with a puzzled face!
