

A Man Like None Other Novel

Chapter 2901

"Take me to them, take me there quickly..."

David couldn't wait to see Huofeng and the others.

"I still have to go to the cave to find Sonya. If it's what Huofeng and the others said, Sonya will be buried in the cave for such a long time, it will be very dangerous." Gao Qilan said

!

"There's no need to look for it, Yuqi was taken away..."

David knew about the cave because he could feel the breath of Sonya and the others in the cave, but there was no one in the cave!

Now it seems that Sonya was injured and unable to move by herself, she must have been taken away by others!

"He was taken away?" Gao Qilan was slightly taken aback!

"Hurry up and take me to find Huofeng and the others..."

David urged Gao Qilan, he wanted to hurry to Gao's house and bring Huofeng and the others out!

"Calm down, the two of them are safe in my house now, the far north is in chaos and danger is everywhere!" "

If you take the two of them, can you protect them? With the strength of the two of them, there is no There is no way to protect myself."

Gao Qilan said to David!

After Gao Qilan said this, David calmed down!

He is going to look for treasure now, if he brings Huofeng and the others with him, it must be very dangerous!

It's better to be safer at Gao's house!

"Miss Gao, please help me take care of Huofeng and the others. When I find the treasure, I will come to the door and thank you personally." "You must ensure the safety of the two of them, promise me..."

David hoped It's all pinned on Gao Qilan!

He could tell that Gao Qilan was not a bad person, she was warm-hearted!

"Don't worry, as long as I'm here, no one in the Gao family will bully the two of them."

Gao Qilan promised!

After talking for a while, Gao Qilan was going to go back and told Huofeng and the two of them that if they heard about David, they would definitely be happy!

"Xiaojie, come back with me..."

Gao Qilan said to Gao Qijie!

"Sister, brother asked me to come out to observe the movements of those demons, and to look for treasures and ice soul fragments along the way." "

I came out with a mission, I can't go back..."

Gao Qijie shook his head and said!

"With your ability, it's going to be dangerous if it's in such a mess outside. You come back with me, and I'll talk to my elder brother."

Gao Qilan insisted on letting Gao Qijie go back!

After all, Gao Qijie's strength at the third rank of the Combined Body Realm is already considered the lowest in the extreme north!

Although the Gao family is very famous in the extreme north, but some monks from other places, who cares whether you are a Gao family or not!

As long as there is a conflict of interest, they will not hesitate to make a move!

The big deal is to take the resources and walk away, the Gao family still has the ability to chase them all over the world?

"Sister, if I don't go back, I will protect myself. Besides, I have brought so many people with me, so nothing will happen." "

And this area, I can walk with my eyes closed, and there will be no danger."

Gao Qijie I will not go back alive!

Seeing this, Gao Qilan could only sigh helplessly and said, "You don't have to go back. If you are doing something to David, I will never forgive you." "Don't worry, he

is your lifesaver, I won't be here Deal with him..."

Gao Qijie promised!

With Gao Qijie's guarantee, Gao Qilan went back with peace of mind.

After Gao Qilan left, Gao Qijie gave David a cold look, and then led others away!

Only David and the others were left, continuing to search for the treasure!

After resting all night, several people started to search for treasure again!

Even if there is a treasure map, if you want to find the exact location of the treasure, it is like looking for a needle in a haystack!

Not long after David and the others left, David detected with his divine sense that there was a lot of messy aura not far from them, and there should be a lot of monks gathered!

Chapter 2902

"There is a situation ahead, let's go and have a look..."

David quickened his pace!

Soon, David and the others looked over from a distance, and found that in front of an iceberg, there were more than a dozen people pointing in front of the iceberg, and they didn't know what they were discussing!

David and the others walked over and suddenly found that a piece of the iceberg had collapsed in front of it, revealing a dark hole. At this time, these people were in front of the hole, and no one dared to go in!

Among these people, David unexpectedly found the three people he met when he left Jialing County!

Lao Kong, Lao Sun and Zuo Qing...

At that time, Lao Kong was slapped by Lord Yan, and they all ran away in fright!

At this time, the three of them also saw David and the others, and that old Kong walked over with a smile on his face!

"Little brother, what a coincidence, I didn't expect to meet again..."

Lao Kong greeted David!

It seems that he wants to get close to David. After all, if Master Yan can help, David must have an unusual status!

Either he has a relationship with Lord Yan, or he is the son of a certain big family!

Otherwise, as Master Yan, he would be too lazy to take care of it!

"Senior, what a coincidence." David also smiled slightly, and then asked, "Senior, what happened here?" "Yesterday, you could hear

bursts of strange noises in this iceberg. The cave."

"Many people now speculate that there may be treasures in this cave, but no one dares to go in first!"

Lao Sun introduced!

"Senior, didn't anyone use their spiritual sense to investigate?"

David asked in confusion!

"There is no way to probe into it with spiritual sense. The temperature in this cave is extremely low, and there is no way to probe very far with spiritual sense."

Old Sun said!

David looked at the cave in front of him, and a ray of consciousness instantly went into the cave!

But just now, when the consciousness spread out for a hundred meters, a sudden burst of extremely cold air seemed to blow out from the hole, and David's consciousness was instantly interrupted!

"The extremely cold air in this cave is really powerful..."

David couldn't help sighing!

Now, more than a dozen people are surrounding the entrance of the cave, and no one dares to go in first to explore the way. After all, those who go in first will definitely encounter various dangers!

When everyone was at a loss, David suddenly felt that the magic whip in his storage ring was shaking and emitting a faint light!

David sank his consciousness into the storage ring, watched the movement of the magic whip, and couldn't help frowning, "How could there be a reaction to the magic whip? Could it be that there are demons hiding among these people?" David was full of surprise

. , because from the analysis of the breath, it is impossible to tell who is the devil!

After all, the demons have many ways to hide their demonic aura, such as using pills or spells, it's all fine!

If it weren't for the huge difference in strength, after the demons hid their aura, it would be difficult for many people around to find out!

But drawing the magic whip is a fairy weapon, even if the demons hide their demon aura, they can't hide the magic whip at all!

David carefully looked at the dozen or so people, trying to find the demons among them!

But after watching it several times, he couldn't tell the difference. He couldn't take out the magic whip at this time!

That is a fairy weapon, as the saying goes, wealth is not revealed, if David wants to take out the magic whip, I am afraid that he will become the target of everyone's attack immediately!

"It's very lively here..."

At this moment, someone suddenly made a sound, and everyone looked in the direction of the sound!

All he saw was Gao Qijie, walking over slowly with a few people.

Gao Qijie had a bit of disdain on his face!

Even if among these people, there are eighth-grade monks in the Body Fit Realm, Gao Qijie doesn't seem to care at all!

After all, this is in the extreme north, on the one-acre land of the Gao family!

Gao Qijie looked around and only knew David and the others!

Chapter 2903

Gao Qijie said, "My name is Gao Qijie, the third son of the Gao family in the far north. You must have heard of my Gao family, right?" "So

many of you are here, what are you doing so lively?"

Gao Qijie introduced himself , and asked!

It seems that Gao Qijie wants everyone to be afraid of the strength of the Gao family, and then treat him with respect!

It's a pity that Gao Qijie's voice fell, and no one paid attention to him!

Even several powerful monks let out a cold snort with disdain in their eyes!

This time, Gao Qijie was a little embarrassed, but he couldn't get angry!

After all, the subordinates he brought were only the fifth rank of the Fit Body Realm. If there was a conflict with the eighth rank of the Fit Body Realm, he would be the one who suffered! Seeing that no one paid attention to him, Gao Qijie could only look at Wa Gang in embarrassment and

said, "Wa Gang, what happened here?"

It's your life!

"The iceberg collapsed and a cave appeared here, which is likely to be the location of the treasure."

Waguan pointed to the dark cave and said!

Gao Qijie walked to the entrance of the cave and took a look inside, only to find that it was pitch black inside, and he couldn't see anything at all.

"Since it may be the location of the treasure, let's go in and have a look..."

Gao Qijie looked at everyone!

He didn't understand, these people were all very powerful, why didn't anyone go in?

Everyone looked at Gao Qijie, who had the strength of the third rank of the Body Fit Realm, but he looked like he was dragging his feet. He was completely like a son-in-law!

Seeing that no one paid attention to him, Gao Qijie snorted coldly and said, "A bunch of cowardly fellows, if you don't go in, I'll go in and have a look..."

"Follow me, don't run around..."

Gao Qijie told his followers!

"Third young master, don't go into this unknown cave lightly."

A member of the Gao family persuaded Gao Qijie!

"No one goes in, so who knows if there are any treasures in this cave?"

Gao Qijie didn't listen to persuasion at all!

"There is an extremely cold atmosphere in this cave, it is dangerous to rush in."

Seeing that Gao Qijie wanted to go in, David also said aloud!

After all, Gao Qilan saved Huofeng and Yu Jiameng, and they are still living in Gao's house!

If David watched Gao Qijie die without reminding him, it would be a bit meaningless!

In that case, I would feel sorry for Gao Qilan!

Although Gao Qilan was very strict with Gao Qijie, David could tell that Gao Qilan loved Gao Qijie very much!

"Extremely cold air?" Gao Qijie was taken aback for a moment, and then burst out laughing, "How could our Gao family be afraid of any extremely cold air? We practice that kind of kung fu, and we are fine in severe cold weather..." The Gao

family The exercises he practiced were to use the severe cold air in the extreme north to help him practice!

So when their Gao family made a move, there was an icy breath, which could freeze people instantly!

How could Gao Qijie be afraid of the extreme cold!

Gao Qijie walked into the cave, and several servants of the Gao family saw this, but they had no choice but to follow up!

Seeing Gao Qijie enter the cave, David could only wave his hands and say, "Let's go in too..."

Following David's entry, people began to enter the cave one after another. As long as someone explored the way, they would be more at ease!

Just entered the cave, it was very cold inside, and it was pitch black!

But after walking a certain distance, there were countless sparkling ice crystals on the cave wall, and these ice crystals illuminated the entire cave very brightly!

The cave is very big, and it extends obliquely downwards. Although the entrance of the cave is not big, the more you go inside, the bigger the space is!

“Everyone be careful, be vigilant, there are magic cultivators among these people...”

David reminded Liu Ruyan and Ji Yun in a low voice!
