

A Man Like None Other Novel

Chapter 2907

After resting for a while, everyone continued on their way!

This time David still took the lead, and the others followed behind David by default. After all, no one wanted to take risks!

After traveling for more than an hour, David and the others didn't know how far they had penetrated into the underground ice layer!

But soon the front became clear, and a palace made of ice appeared in front of everyone!

And around the palace, there are so many unusual auras, turning into clouds of thick fog, making the palace looming!

"It's so spectacular, this must be the location of the real treasure..." "

It's great, I can't imagine that the treasure of the ancient body-refining clan is so magnificent!" "

I don't know , is there any treasure in this palace, go in and have a look..."

Someone couldn't bear it any longer, and started running towards the palace frantically!

Seeing this, Gao Qijie also took the servants of the Gao family to run into the palace, but was stopped by David,

“Don’t move, I feel that things are not that simple...”

David said to Gao Qijie!

“What’s not simple? Didn’t you see that those people have already started to enter the palace? If we enter late, we won’t get anything.”

Gao Qijie said loudly!

“Mr. Chen, are we really not going in? Maybe the treasure is in the palace in front of us.”

Ji Yun couldn’t bear it any longer!

“You can’t enter, even if there is a treasure inside, it’s not so easy to get!” Just as

David finished speaking, there was a sudden roar, which shocked everyone!

The cloud of mist suddenly changed into the appearance of various beasts, and began to attack the people who rushed into the palace!

Some people didn’t have time to react, and they were frozen into ice sculptures by the misty beast!

Seeing this, the others quickly stepped back, looking at the cloud of fog in front of them in shock!

Seeing this scene, Gao Qijie couldn’t help wiping off his cold sweat. If David hadn’t stopped him, he might have suffered disaster too!

Facing those strange beasts now, no one dared to move first.

"Old Sun, Zuo Qing, the three of us join forces, these transfigured beasts are not to be feared, let's go in..."

Old Kong couldn't help but suggested!

"Good!" Zuo Qing nodded!

But Lao Sun didn't speak. It seemed that he didn't want to form a team with the two of them. After all, their actions had already made him sad!

Now Lao Sun only follows David, if David goes in, Lao Sun will follow in too!

Seeing Lao Sun not talking, Lao Kong was a little displeased, but in this kind of place, he couldn't say anything!

David carefully observed the clusters of dense fog, and the power of divine consciousness kept penetrating through the dense fog, looking for the source!

Soon, David found transparent animal pills behind the dense fog, and these animal pills were wrapped in thick fog!

It is precisely because of these beast pills that the dense fog turns into various beasts to attack!

Seeing this, the corner of David's mouth twitched slightly, and then he said to Old Sun, "Senior, how about you and I join hands to explore this misty beast?"

"

No problem..."

Old Sun agreed!

"Ji Yun, you come with us, the three of us will fight together, remember, we only deal with one cloud of fog, don't get close to other clouds."

David warned!

"Okay!" Ji Yun nodded!

The reason why David chose the two of them was because the two of them had the highest strength. Now David didn't know the strength of the mist beast, so he didn't dare to let other people experiment rashly!

David took out the dragon-slaying sword, and there were traces of fire coming out of the dragon-slaying sword. To deal with this kind of strange beast with cold air, the fire is the best thing!

"Go up..."

After David found a lone cloud of mist, he jumped up and rushed up!

And Ji Yun and Lao Sun followed closely behind!

Chapter 2908

Just as David was approaching the cloud of fog, there was a roar within the cloud of fog, and the cloud of fog twisted instantly, and finally turned into a multi-legged beast.

As the strange beast opened its mouth wide, a cloud of cold air enveloped David in an instant, and David fell instantly, causing his body to fall down quickly!

Just when the strange beast's attention was attracted by David, Ji Yun and Lao Sun appeared from left to right!

The two of them attacked the strange beast at the same time, and the vast spiritual power turned into thousands of palm prints, slapping the strange beast continuously!

It's a pity that these palm prints did not cause any harm to the beast at all!

These strange beasts are all transformed from mist and have no body at all, so they are useless when they are hit with great force!

Ji Yun and Lao Sun were taken aback for a moment, but they were just in a daze!

With a roar, the strange beast came straight to the two of them, while bursts of cold air kept coming out of its mouth!

When the two of them were about to be shrouded in cold air, David suddenly appeared!

I saw David swiping the dragon-slaying sword angrily, and a barrier of extreme fire appeared.

When the cold air touched the fire, there was a sizzling sound, and a lot of smoke rose up!

David went straight to the beast with his sword in hand!

In an instant, David took the dragon-slaying sword and charged directly into the body of the strange beast!

Just after David entered the body of the alien beast, the alien beast, which was still in shape, turned into a cloud of mist again!

And David was wrapped in the mist, but he didn't come out!

Seeing this, Ji Yun and Lao Sun were all stunned. They didn't expect David to be so fierce!

"David..."

"Mr. Chen..."

Seeing that David disappeared suddenly, wrapped in the mist and never appeared, Liu Ruyan and Wa Gu shouted anxiously!

At this moment, everyone looked up quietly!

Ji Yun and Lao Sun didn't dare to get close to the cloud of mist easily, and even less dared to make a move, for fear of hurting David in the mist!

Just as everyone was waiting blankly, at a loss, the fog began to move!

It seemed to be struggling, but soon the mist gradually faded, and finally disappeared completely!

When the fog disappeared, David's body was quietly suspended in midair!

"David..."

Seeing David, Liu Ruyan jumped towards David!

Seeing this, David hurried towards Liu Ruyan, "Don't get close here..."

You know, there is a lot of this kind of fog around the palace, if you get close, you will be attacked!

David stopped Liu Ruyan and fell back to the ground again!

Ji Yun and Lao Sun hurriedly followed.

"Mr. Chen, are you okay?"

"Little brother, are you okay..."

Ji Yun and Lao Sun both asked with concern!

The others also gathered around, wanting to see if David was okay!

"I'm fine..."

David shook his head with a smile, then opened his hand, and a transparent, crystal-clear animal pill like ice crystal appeared in David's palm!

Seeing this kind of beast pill, many people's eyes widened, their faces full of disbelief!

There was only Wagang and Gao Qijie and the others, so it wasn't a surprise!

"Little brother, what is this thing? It's so crystal clear, could it be that the mist turned into a strange beast just because of this thing?"

Old Sun asked curiously!

"This is the animal pill of the ice ant beast. It lives under the deep ice all year round and feeds on cold air. It is difficult to see and catch." "I don't know why, how could there be

this ice in this fog? " Where is the ant beast's animal pill?"

Wa Gu asked curiously.

"Obviously, these ice ant beasts were killed by people, and the beast pills were taken out, and then arranged. It should be to prevent people from entering the palace, right?"

David said flatly!

"This Ice Ant Beast Pill is very valuable. I didn't expect there to be a ready-made Beast Pill here. It's really great..."

Gao Qijie said excitedly!

Chapter 2909

As soon as Gao Qijie's voice fell, he saw that Lao Kong and Zuo Qing had jumped up and walked towards a cloud of mist!

Seeing this, other monks also shot at the mist!

There are high-value beast pills in the mist, of course they can't let them go, risking their lives to find treasures in the extreme north, just to get resources and treasures!

Gao Qijie was also excited to take people to look for the beast pill in the mist, but was stopped by David!

Gao Qijie looked at David in confusion, wondering why David still stopped him!

Now many people have begun to tremble with the fog!

After David stopped Gao Qijie, he looked back and found that there were two people who hadn't moved from the beginning to the end, as if they were not interested in the beast pill!

Even when they just met the palace, many people ran into the palace excitedly, but the two of them didn't move!

"Two fellow daoists, why don't you go look for the beast pill in the mist?"

David smiled and asked the two of them!

"The two of us are weak, and we can't deal with those monsters transformed into mist. Even if we know that there are beast pills, we dare not move." One of them said with a wry smile

!

"Yes, our strength is too low to dare to go!"

Another person also echoed!

David looked at the two of them quietly, and a divine sense instantly enveloped the two of them!

You know, it is very taboo for monks to use their spiritual sense to probe each other so blatantly, and they might fight!

After all, no one wants to be spied on by someone with their divine sense for no reason!

But these two people were indifferent to David's spiritual investigation, as if they didn't know!

It's just that when David used his spiritual sense to probe the two, the magic whip in David's storage ring started to move constantly!

The reason why David blatantly probed these two people was to provoke them and hit them. If they shot at him, he could tell from their aura whether they were demon cultivators or not!

After all, no matter how well they hide, when they fight, they will accidentally reveal the aura of the demons!

Unless these two people are not demon cultivators, there will be no demon aura!

But David used his divine sense to probe for a long time, and the two remained indifferent, but David couldn't be sure that these two people were demon cultivators!

At this time, in David's sea of consciousness, Zhe Yan said, "Mr. Chen, these two are demon cultivators..." When David heard this, he was slightly taken aback and said, "How do you

know?"

They couldn't find out even after searching with their consciousness. Now Zhe Yan is just a remnant soul parasitic in his own sea of consciousness. How could they know that the other party is a demon cultivator?

"When you probed the two of them with your divine sense, I sensed that they are disciples of the Flame Demon lineage." "

Because I belong to the same lineage as me, I can feel it. Demon disciples, I can't feel it either!"

Zhe Yan followed David to explain!

When David heard this, he immediately understood that the two people in front of him were disciples of the Demon Race of the Flame Demon lineage!

At this moment, David remembered the scene where he used the fire to save Gao Qijie and Lao Sun.

Then these two people must have seen it too, and it is impossible for them not to know Mozu Zhihuo!

David stared closely at the two for a while, then turned and left without exposing them!

David would like to see what intentions these demon cultivators have behind them quietly!

At this time, from time to time, someone got the animal pill from the mist and cheered loudly!

He made Gao Qijie's teeth itch with envy, but David stopped him and didn't let him make a move!

After all, David saved his life, so Gao Qijie couldn't ignore David's words!
