

A Man Like None Other

Chapter 2913

When Ji Yun made a move, other people also made moves one after another, blocking the destructive cold air!

But even if everyone makes a move, they can only block it for a moment, and their defense will soon be overwhelmed!

"The remnant soul of this ice-soul monster has such great strength, it's too terrifying..."

Wa Gu said with a serious face!

The other people also had worried faces. If they couldn't deal with the remnant soul of this ice beast, they would all die here!

"We are persevering, everyone, don't be discouraged, this is just the remnant soul of a giant ice beast, it will definitely not last long, this guy should have no strength soon!" Liu Ruyan comforted everyone

!

Everyone knew that even if they complained, it was useless, they had to resist, or they would all turn into ice sculptures!

"Where is Mr. Chen?"

At this time, Ji Yun had completely lost all his plans, and he found that David was not there!

When Ji Yun said this, other people also hurriedly looked, but they did not find David!

“Won’t you run away?”

Shi Tieqiao blurted out, but just after he finished speaking, he felt that he had said something wrong and closed his mouth!

“It’s impossible for Mr. Chen to give up on us and run away by himself, not to mention Miss Liu is still here. Could it be that he doesn’t even want his own wife?”

Wa Gang didn’t believe that David would run away by himself!

Even if he escapes, it’s impossible not to even want Liu Ruyan!

When Liu Ruyan heard what Wa Tank said, her face blushed instantly, but she was very happy in her heart. She wanted to be David’s wife for a long time!

“Look, Mr. Chen...”

Ji Yun suddenly shouted!

Everyone hurriedly looked up and found that David had arrived behind the remnant soul of the ice giant beast without knowing when, holding the Dragon Slaying Sword in his hand, and the blazing fire was still burning on the Dragon Slaying Sword!

The remnant soul of the Ice Soul Giant Beast didn’t seem to have noticed David’s existence, and it was still waving bursts of cold air towards the few people in front of it.

Several people knew that David was behind the remnant soul of the ice-soul beast, and they immediately regained their spirits, constantly resisting the cold air from the remnant soul of the ice-soul beast!

They want to create opportunities for David, as long as the opportunity is right, David will be able to kill the remnant soul of that ice-soul giant beast!

Several people joined forces, condensed their breath in one place, and soon burst out a golden ball, which not only crushed the cold air, but even moved towards the remnant soul of the ice giant beast!

Seeing this, the remnant soul of the giant ice beast was instantly enraged. Two huge claws grabbed it out of thin air, and two huge ice balls appeared, and the space around the ice balls was distorted and deformed!

These two hockey pucks ran directly towards the golden sphere, and then there was a huge collision. The pucks shattered and turned into snowstorms, covering everyone!

At this moment, David held the dragon-slaying sword and directly stabbed at the remnant soul of the ice beast!

The temperature of the fire from the dragon-slaying sword also made the giant ice beast realize the danger. It suddenly turned its head to look, and then spit out a mouthful of icy air from its mouth!

This breath of cold air instantly froze the surrounding air, turning it into a vast expanse of whiteness!

But at this time, David had already arrived in front of him, and the icy air, when it touched David's ultimate fire, instantly turned into steam and drifted away!

Under everyone's gaze, David pierced through the icy air and came to the remnant soul of the ice giant beast, and fiercely pierced the body of the remnant soul of the ice beast with the dragon-slaying sword!

The flame on the dragon-slaying sword ignited violently...

The remnant soul of the ice-soul giant beast has no entity, if it is just a simple physical attack with the dragon-slaying sword, there is no way to kill the

remnant soul of this ice-soul giant beast , Let alone killed, even if it is injured, it will not be hurt!

But this fire is different, even if the remnant soul is under this fire, it will be wiped out in an instant!

Chapter 2914

boom!

The remnant soul of the Ice Soul Behemoth is formed by the condensed blood and has no real body, so under Zhihuo's attack, the Ice Soul Behemoth instantly began to distort!

The flame caused the consciousness of the remnant soul of the ice beast to begin to disappear, but the remnant soul of the ice beast is still making its final struggle!

The coldness in the body continued to permeate, trying to put out the fire, but how could the fire be extinguished so easily!

Looking at the remnant soul of the struggling ice beast, David drew out the Dragon Slaying Sword in an instant, and his body floated down!

And the ultimate fire is still burning fiercely in the body of the ice soul, which is the remnant soul.

"David, will the remnant soul of the Ice Soul behemoth be burned to death?"

Liu Ruyan asked David!

"No problem!" David still believed in the fire!

Everyone quietly watched the struggle of the remnant soul of the ice beast, hoping that the remnant soul of the ice beast would be burned to death soon!

At this time, the remnant soul of the ice giant beast continued to emit cold air, but no matter how the ice giant beast's remnant soul erupted the cold air in its body, it could not extinguish the ultimate fire, on the contrary, it made the ultimate fire burn more violently.

The icy cold air around began to slowly become scorching hot, and the body of the remnant soul of the ice beast gradually began to become unreal. Finally, the body of the remnant soul of the ice beast slowly disappeared, and finally turned into a drop of bright red blood.

And this drop of blood fell on the peculiar pattern in the middle of the five ice coffins. The pattern glowed with dazzling red light, and then absorbed the drop of blood. Finally, the light disappeared and calm was restored!

But the pattern became more bright red, which made David frown slightly!

"Could it be that this pattern is dyed red with the blood of the ice beast?"

David was very curious!

But when David was about to observe the pattern carefully, two demon cultivators suddenly fell from the top of the palace!

These two people have never entered the state of cultivation, but secretly watched every move of David and the others!

"Two friends, what's the matter? I just want to see this pattern, why stop me?"

David asked the two of them.

"Let me ask you, as a monk of the human race, how did you become so popular with the demon race? Could it be that you are also a demon race?"

One of them stared at David and asked!

"Whether I am a demon or not, you two don't know?"

David smiled playfully!

The two of them seemed to understand something from David's smile, so they both laughed too, and then the demonic aura from their bodies began to erupt!

The two of them are not hiding anymore, since David has already seen through their identities, there is no need to hide any more!

"Moxiu, these two guys are indeed Moxiu..."

Sensing the aura of the two, Ji Yun and Waguan were all surprised.

"Is this place arranged by you?"

David saw that the two had revealed their identities, so he asked!

This is not the treasure place of the ancient body-refining clan, and the palace and the ice coffin are obviously man-made, so someone should be able to arrange it!

"You think too highly of the two of us. This is arranged by our demon ancestor. We are only responsible for bringing people in!"

One of them said lightly!

"The Balrog?" David asked!

"That's right, but you are the flame of our Balrog clan, and you should be inextricably linked with our Balrog clan, so we two brothers decided to take you out."

The man nodded and said!

"Take me out? What about the others?"

David frowned!

"Others? Of course others will become tributes, and they will never leave here..."

The man sneered!

When Ji Yun and the others heard this, they immediately became furious, and surrounded the two of them!

"We are tributes? What's going on?"

"If you don't make it clear, you will never leave here..."

Ji Yun said angrily!

"Hahaha, we dare to reveal our identities, so of course we are not afraid of your actions."

The man laughed loudly, without the slightest fear!

Chapter 2915

Seeing that the other party was so arrogant, Ji Yun raised his hand and was about to strike, but was stopped by David!

"What do you mean by tribute?"

David asked the man!

"Since you asked, I don't want to tell you, you can't leave here anyway!"

The man said with a smile, "This is not the treasure of the ancient body-refining clan, but the ancestor of the ancient body-refining clan, who sealed me A place for the souls of the demon race!"

"In order to build treasures for the ancient body-refining clan, our demon race suffered countless deaths and injuries, and many remnant souls were sealed here." "

If you want to break the seal , You must use the blood essence of the ice giant beast, but it is too difficult to get the blood essence of the ice beast!" "That's

why our demon ancestors came up with this method to seal the five ice giant beasts. Inside the ice coffin, and relying on the spiritual consciousness of human monks, I will draw out the blood essence of the ice giant beasts little by little!" "In this way, the

five ice giant beasts will continue to produce blood essence until the seal is opened That moment."

"You thought these people were absorbing ice crystal energy, but in fact they have all entered the illusion, and their consciousness is being slowly plundered." "Of course, you

are not the first batch, nor will you be the last. Granted, we will complete our mission only when the seal is released!"

David finally understood after listening to the man's words, no wonder those people in the palace seemed to be unable to hear the fight just now!

It turns out that they have already entered the illusion. At the beginning, there were no bloodshot eyes in the ice coffin, but the bloodshot eyes appeared after these people absorbed the energy of ice crystals!

There is also this strange pattern, it turns out that the red color is dyed a little bit red by the blood essence of the ice soul giant beast, it looks like the seal is about to be released!

"Did the two of you deliberately open the hole and expose it to everyone?"

David asked!

"Not bad!" The man nodded!

"The various organs in front are also arranged by you on purpose, in order to convince everyone that there are treasures here?"

David continued to ask!

The man still nodded, "We did everything, but if you people are not greedy, how could you be fooled.

"tribute."

"It's just that there are a little too many people this year, so if you stay here, we brothers will go to deceive others again." "

Why does the blood condense the remnant soul of the ice beast? If we failed to kill the remnant soul of the Ice Soul Beast, wouldn't the blood essence cease to exist?"

David was very surprised, how could he open the seal without the Ice Soul Beast's blood essence!

"It's not all because of you. Originally, the blood essence would slowly flow out of the ice coffin and be absorbed by the seal a little bit, but you forcibly sucked out the blood essence, making the blood essence melt into one place. That's why it appeared. Remnant soul."

"You do have some skills, if you come with us now, you can survive, otherwise, you can only wait here to die."

The man said to David.

"Go with you? Unless the two of you have the ability to take me away..."

David's eyes narrowed slightly, and his body was instantly filled with murderous aura.

"You two bastards, I'll kill you..." Ji Yun couldn't bear it anymore, if David hadn't kept reminding them, they would still be played around by others!

Ji Yun suddenly shot at the two of them, but when he shot, the two of them suddenly retreated into the pattern, and saw a red light flashing through the pattern, and the figures of the two slowly disappeared!

"There's even a teleportation formation, no wonder you're not afraid at all!"

David frowned slightly when he saw the other party being teleported away by the teleportation formation!

"You guys just enjoy it, don't think about leaving here, no one who has entered here has ever left here..."

The voice became farther and farther away, and gradually disappeared...
