

# A Man Like None Other Novel

## Chapter 2919

In the underground cave!

David and the others still haven't figured out a way to leave, they've been stuck here all this time, and everyone just feels physically and mentally exhausted!

It turns out that even if they don't absorb the energy of the ice crystal, the spiritual consciousness of the people inside is slowly being absorbed and consumed, but at a slower rate!

Inside the five ice coffins, the blood essence of the ice giant beast is also constantly creeping out of the ice coffins!

"Are we just waiting to die like this?"

Lao Kong was a little anxious, and shouted!

"Don't die, what can you do? We are all trapped here now, and you are not the only one who is worried!"

Lao Sun contradicts Lao Kong!

Now the three of them are the strongest, so others dare not speak!

"Damn it, I wouldn't have come in if I knew it earlier, it's all your fault, you were the one who proposed to find the treasure first."

Lao Kong began to complain about Lao Sun!

"I propose, you don't have to come, you are more active than anyone else, and now you are trapped, you should blame me."

Old Sun said dissatisfied!

Soon, the two were about to fight, Zuo Qing hurriedly made peace!

This moment of waiting for death is the most uncomfortable and the most stressful time!

David studied the pattern carefully, and was desperately thinking of a way!

However, the exit was blocked, and relying on their strength, there was no way to open it!

If they break open by force, maybe they will all be injured by the shock!

But if you wait here slowly, you will also absorb all your spiritual knowledge and become a living dead!

Just when everyone was at a loss, another drop of blood flowed out of the ice coffin and slowly dripped onto the pattern!

The pattern began to glow, and soon faded, but the bright red eyes became more and more vivid!

David felt that the magic whip in his storage ring started to move again!

As long as there is a change in the drawing of the magic whip, it proves that there is magic energy.

But these people don't have demon cultivation anymore, and the demon aura on David's body has already merged with the power of the three clans, not to mention that drawing the magic whip didn't respond to the demon aura on David!

"Mr. Chen, this seal may be broken, and the sealed demon souls are about to come out."

Zhe Yan said to David!

David frowned deeply. If those demon cultivator spirits appear, even if they are spirits, they will cause fatal damage to them in this small place!

"Can you prevent the soul from breaking the seal?"

David asked Zhe Yan!

"I can't help it, it's already beyond my ability."

Zhe Yan hurriedly shook his head!

"Could it be that we can only sit and wait to die?"

David sighed!

"Mr. Chen, in fact, there is nothing wrong with breaking through the seal with these demon cultivator spirits. You can use these spirits to break through the barrier at the entrance of the cave. Wouldn't you be saved?"

Zhe Yan said!

"How could those demon cultivator spirits listen to me? They would be fine if they didn't attack me. They still want to listen to my command!"

David couldn't command these demon cultivator spirits!

Although it has become a soul, it is also conscious, but there is no body, and the strength has dropped a lot!

“Mr. Chen, have you forgotten the magic whip?” “

Back then, the ancestors of the ancient body-cultivating clan could use the magic whip to control so many demon cultivators to build treasures, so how can you use the magic whip to control these demon cultivator souls?” Why is it difficult?”

Zhe Yan knew that David didn't know much about the magic whip, so he often forgot its existence of the magic whip!

When David heard it, his eyes lit up and he said, “Yes, I can use the magic whip to control these demon cultivator spirits...”

David also felt that this idea was very good, so he became happy!

But when David told everyone about this plan, they were opposed!

Because David didn't tell about the magic whip!

## Chapter 2920

“Boy, are you crazy? We can still live for a while now, and you still want to release the sealed soul of the magic cultivator. Doesn't this make us die immediately?” “That's right, such a small

place, when the time comes we There is no place to hide, and those demon cultivator souls have died once, so they are not afraid at all!” “

I disagree, this is a joke with our lives, and how can you guarantee that the demon cultivator souls will listen to you? ?”

Everyone disagreed and blamed David!

But Wagang and Liu Ruyan supported David, while Ji Yun was vacillating left and right. After all, it would be fatal to release those remnant souls of demon cultivators.

"Now we have only one way to try. If it doesn't work, we can only wait to die..."

David said coldly!

"I agree, I believe you..."

Lao Sun sided with David at this moment!

"I agree too, it's better to have a try than to wait to die..."

Gao Qijie led the Gao family to David's side!

In this way, adding Ji Yun to David's side!

David immediately got the approval of most people. Seeing this situation, Lao Kong and Zuo Qing couldn't say anything.

"According to what you said, we need to absorb our spiritual consciousness, so that the blood of the ice giant beast can appear in this ice coffin!" "

Who among us will take the initiative to let the ice crystal absorb the spiritual consciousness?"

Old Kong asked!

After all, it is very difficult to recover from damage to the consciousness, so no one is willing to contribute with the power of their consciousness!

"No one needs it, this seal will be broken soon, I am enough, you all hide outside the palace!"

David said!

Hearing that David came by himself, no one objected, and they all walked outside the ice palace, while Liu Ruyan looked at David worriedly.

"You have to be careful, don't cause any accidents, otherwise how will I live..."

Liu Ruyan held David's hand tightly!

"Don't worry, I have a magic whip in my hand, those demon spirits can't hurt me."

David smiled lightly!

After Liu Ruyan also went out, David jumped up, and immediately pressed one hand tightly on an ice crystal!

Before the ice crystal could absorb his own consciousness, David channeled the vast power of his consciousness into the ice crystal!

You must know that David's sea of consciousness is vast and boundless, so the power of his consciousness is also very huge!

Absorbing the power of David's consciousness, the blood in the five ice coffins below began to increase!

Then they all wriggled, flowed out of the ice coffin, and finally condensed into blood, dripping on the pattern!

About two hours later, the pattern of the seal below finally began to change, the light shone, and there was a thumping sound!

At this time, everyone outside heard the movement inside, and they were all prepared. If David couldn't control these demon spirits, they would fight to the death!

Everyone's heart was in their throats, it was related to their life and death, many people had cold sweat on their foreheads!

Rumbling...

With a deafening sound, the entire cave began to shake, and the sky was full of black mist filling the palace!

Countless demon cultivator souls swarmed out of the seal! These souls are like runaway wild horses, they have been sealed for too long, and they howled as soon as they rushed out!

Listening to the screams of these souls, everyone's scalps exploded!

Those souls in the palace, after they appeared, went straight to David. They had to find their hosts in order to survive!

Or find potions and herbs that can reshape the body, otherwise, they will always exist in the form of spirits!

Seeing this, David immediately took out the magic whip from the storage ring, and slammed it down on the charging soul!

## Chapter 2921

Pa...

With a clear sound, the soul rushing towards David was instantly wiped out by the magic whip, not even a trace of breath left behind!

The magic whip was shining with light, which made those souls tremble in fright, and all shrank into the corner!

You must know that these demon cultivators were dealt with by drawing the magic whip, and later repaired the treasures. After they died, their souls were sealed!

Now seeing the magic whip in front of them, these souls instinctively began to tremble and fear!

Seeing this scene, David immediately felt relieved. He never thought that this magic whip would be so powerful!

With more and more demon cultivator spirits, finally a few spirits roared and rushed towards David, wanting to escape here!

Seeing this, David swung the magic whip in his hand instantly in mid-air, accompanied by a few crisp sounds, and rays of light flashed away!

But the souls of those few souls who returned to David were all lost, leaving nothing behind!

This time, all the souls were honest. Originally, they thought that breaking through the seal would allow them to be free!

But I didn't expect to be controlled by someone!

Facing the magic whip, no soul dared to move!

"Be obedient and obedient, who dares to play tricks on me, be careful that my whip does not recognize people!"

After David finished speaking, he slapped the magic whip twice, making the souls tremble with fright, and nodded repeatedly!

"Go, go, go out in line..."

David said loudly!

Those demon spirits could only line up and head out of the palace!

At this time, the people outside had been waiting anxiously for a long time. They didn't know what happened inside!

Especially Liu Ruyan was always worried about David's safety!

"I won't wait anymore, I want to go in and see David..."

Liu Ruyan couldn't wait any longer!

"Miss Liu, it's filled with demonic energy. If you rush in with your strength, it's no different from courting death. I believe Mr. Chen will be fine." "

Besides, he has a magic whip in his hand, so there will be no danger."

The tile vat stopped Liu Ruyan from rushing in!

At this moment, the gate of the palace slowly opened, and hordes of souls slowly came out!

Seeing this scene, everyone became nervous, one by one kept stepping back, holding the weapon tightly in their hands!

Just when everyone was about to follow these souls desperately, David's figure appeared at the end!

"Everyone line up, don't mess up..."

David said loudly!

All these spirits lined up obediently, without any fuss!

Seeing this scene, everyone was astonished. They couldn't understand why these spirits really listened to David's words?

At this moment, several souls saw the direction of the cave entrance, jumped up suddenly, and flew towards the cave entrance!

As long as they escape, even if David has the magic whip, there is no need to be afraid!

But when a few souls flew to the entrance of the cave, they were repelled by a force!

At this moment, they knew that there was a barrier at the entrance of the cave!

Before the escaped souls could react, David's magic whip had already struck!

Papapa.....

After several whips were whipped down, those souls disappeared in an instant!

It's as if it never existed!

"Damn it, what kind of weapon is this? Why is it so powerful?"

"My God, is this a fairy weapon?"

Seeing the magic whip in David's hand, many people were shocked!

Even if the spirit lost its physical body and its strength declined, it was not a lack of strength at all. Even Lao Kong and the others, who had the strength of the eighth-rank of the Fusion Realm, dared not say that they could kill a few spirits so easily!

David relied on the whip in his hand, and after a few whips, the soul disappeared immediately.

From this point of view, the whip in David's hand is definitely not a mortal thing!

But not many people know about smoking the magic whip, only Wa Gang and Liu Ruyan know!

Gao Qijie had never heard his elder brother mention the magic whip!
