

# A Man Like None Other

## Chapter 2970

"Senior, the dog is ignorant, I hope senior will forgive me..."

Ning Caichen hurriedly followed the old man to apologize!

He was really afraid that the old man would make a move against Ning Can. At that time, he didn't know if his strength, which was at the peak of the ninth rank of the Composite Realm, would be able to defeat this old man!

After all, the strength of the old man is hard to figure out. Although it is only a ray of remnant soul, he is the ancestor of the ancient body refining family after all, so it should not be underestimated! "Don't worry, I won't kill your son. Among the hundred monks, I won't

kill anyone, because this is the rule."

How much you put depends on your own good fortune."

"After this gate of light, the treasures begin, and what you can find depends on your own good fortune!" "

Good luck to you..."

The old man's body slowed down. Slowly disappeared!

The moment the old man's body disappeared, a monk immediately reacted and rushed towards the light gate!

Because after the gate of light is the beginning of the treasure, of course, those who enter first will definitely have a greater chance of finding the treasure!

But who knows, just as the cultivator rushed towards the light gate, a terrifying force came in an instant!

The cultivator didn't even react, he was directly strangled by this force, and fell heavily to the ground!

"With our Seal of Demons coming again, do you have a place to enter first?"

At this time, Jin Sha stepped forward, standing in front of the Guangmen and said coldly!

Several people from the Five Elements Heavenly Demon stood in their respective positions to block the entire light gate, and the violent breath of their skills surged, shocking everyone.

Many monks who were about to move were all shocked by the violent breath and backed away!

The five members of Fengmomeng directly frightened everyone, arrogant and domineering, extremely arrogant!

Many monks looked at the five men fiercely, but they didn't dare to say anything, they could only curse inwardly!

Now many monks are divided into several camps!

Ning Caichen led the Ning family to stand together, while David led the Gao family and Lao Sun to stand together.

There are also a group of casual cultivators standing together!

Hundreds of monks were divided into four camps. Although there were only five members of the Five Elements Heavenly Demon in the Demon Sealing League, their strength was the strongest.

Five strong players with the strength of the ninth rank of the Composite Realm can completely crush any team!

"Is your Seal of Demons so powerful? Why are you advanced?"

Ning Can said. There are so many people in their Ning family, and their strength is not bad!

"Boy, I think you are young and ignorant and don't care about you. You can ask your father, would your Ning family dare to follow us to become an enemy of the Demon League?" Jin Sha looked

at Ning Can with disdain and said!

Ning Caichen didn't say a word. The strength of their Ning family is indeed no match for the Demon Sealing League.

"Damn, what's so awesome about your Fengmomeng? This is the land of the extreme north, our Gao family's territory." "I have a

word, none of you want to leave the land of the extreme north!"

Gao Qisheng said fiercely Spit!

A few days ago, Gao Qisheng was beaten away by a few people, but this time he not only brought a master, but also David and the others, so he is not afraid of the five elements!

The other casual cultivators didn't dare to speak at all, they just wanted to enter the treasure land and find some treasures!

"Children of the Gao family, do you want to be beaten again after being beaten lightly?"

Jin Sha said with a look of disdain!

Gao Qisheng was full of anger, and then looked at David. He hoped that David could come forward and say something!

But at this moment, David's eyes were fixed on the monk who had just died on the ground, with a solemn and motionless expression!

"Mr. Chen..."

Gao Qisheng called David!

Only then did David come back to his senses, and then he frowned slightly and said, "Did you just notice that the body of the dead monk is a little weird?"

## Chapter 2971

"What's so weird?" Old Sun came up and asked!

"The body of the dead monk just now emitted a faint white light, and then the white light seemed to be absorbed by something, and it disappeared in the middle of the air." David said

!

"Mr. Chen, could this be the soul of that monk?"

Ji Yun said!

After all, they are all monks in the body-fit state. If they just kill the body, the soul in the body will slowly leave the body!

Unless the physical body and soul are wiped out in one shot, then this monk is truly dead!

"That's not the soul, the soul can still see it." David shook his head!

"Then I don't know, I didn't see anything!"

"I didn't see it either, where is there any white light!"

"Could it be that you misread?"

Everyone said they didn't find out, thinking that David was wrong!

If there is really any change in the body of the dead monk, there are so many monks there, it is impossible not to discover it!

David frowned slightly, he firmly believed that he was right, but so many people didn't realize it!

"Maybe I was wrong!"

David finally could only say that he was wrong.

"Mr. Chen, these guys from the Demon League are too crazy, or we'll teach them a lesson..."

Gao Qisheng said to David!

"We are here to hunt for treasure, not to fight."

David said with a faint smile!

Upon hearing this, Gao Qisheng hurriedly said, "But these guys stopped us and didn't let us go in first."

“Since we are not allowed to advance, let them go in first. It may be good to go in early. If there is some hidden weapon, it will save us trouble.” David didn’t mind the

practice of the Demon League!

In fact, David has a solid idea in his heart, no matter it is the exercises of the ancient body training clan or some treasures, they are all in his storage ring now!

No matter what treasures are behind, David is not very interested, he just wants to get the Ice Soul Pill, so that he can go back and do business with the princess of Jialing County!

Seeing that no one dared to oppose them, Wuxing Tiansha and the others walked through the light gate one by one!

But just after Wuxing Tiansha and several people entered the light gate, the whole hall became chaotic again in an instant!

Many monks began to swarm towards the gate of light!

“Get the hell out of here...”

At this moment, a few breaths sent those cultivators rushing towards the light gate back!

I saw many disciples of the Ning family lined up on both sides, and Ning Caichen led Ning Can slowly towards the Guangmen!

“Our Ning family hasn’t entered yet, so where are you ants...”

Ning Can said arrogantly!

“fu\*\*, what, why didn’t you dare to fart when the people from Fengmomeng said a word just now?” “

That's right, what are you crazy about? I was killed by three people in seconds, and I didn't see your Ning family farting." "Don't

fight If there are too many people, we will bully others, and if we are in a hurry, we will kill you together..."

Many casual cultivators cursed at Ning Can!

Ning Can blushed from being scolded, and wanted to scold these loose cultivators, but was stopped by Ning Caichen, who dragged her through the gate of light!

After all, the power and prestige of their Ning family is not as good as that of the Fengmomeng. These people are afraid of the Fengmomeng, but they are not necessarily afraid of their Ning family!

If you are really in a hurry, if there is a fight at that time, maybe who will suffer!

They came to hunt for treasure, not to fight!

After the Ning family entered, Gao Qisheng wanted someone to control the Guangmen, and then they entered first, but they were stopped by David!

"Mr. Chen, are we going to go in last?"

Gao Qisheng was a little puzzled!

David was afraid of sealing the Demon League and the people of the Ning family, so why should he be afraid of these casual practitioners and let them go in first!

"Going in last may not be a bad thing..."

David said with a faint smile!

Seeing what David said, Gao Qisheng didn't dare to say anything, he could only watch those casual cultivators swarm towards the gate of light!

## Chapter 2972

After everyone passed through the light gate, David led everyone in slowly!

When everyone walked out of this light gate, they came to a barren land in an instant!

The ground here is bare, there are no plants, and the sky is filled with colorful auras. The whole space seems to be distorted, making people very uncomfortable to stay in!

The entire land is covered with scorched earth, as if it has been through a great war, and you can't forget the edge at a glance!

"This... what is this place? Could it be that this is also an illusion?"

Looking at the scene in front of him, Ji Yun said in surprise!

So people don't know whether they are in reality or in illusion now!

David saw that many monks were also shocked by this scene, and they groped forward a little bit, because they didn't know how dangerous this strange place would be!

"How could there be a treasure in this ghostly place? How could the treasure be here?"

"Aren't we being deceived, or this is a fake treasure place... "

Gao Qisheng began to suspect that this is a place of fake treasures! "

“No matter whether it’s true or not, everyone should not act lightly, and don’t leave the team, as long as we stay together, we can be safe.”

David urged everyone, for fear that they would flee in a hurry to find the treasure!

That’s when it’s the most dangerous!

David led the crowd forward slowly, and soon there were sounds of fighting not far from them!

David led people to follow the sound and found many monks fighting like crazy!

“Ice Soul Fragments, Ice Soul Fragments...”

At this moment, Gao Qisheng screamed, and then they saw that there were quite a lot of Ice Soul Fragments under the feet of the fighting monks!

Although these ice soul fragments are small, they can be regarded as top-quality resources!

No wonder these monks will fight, after all, when they come across such a good thing, everyone wants more!

Accompanied by Gao Qisheng’s shout, he immediately rushed up with people and started to snatch the pieces of ice soul!

Ji Yun and Lao Sun also rushed up!

David wanted to stop it, but faced with such top-quality resources, even if David tried to stop it, he couldn’t stop it!

David saw that a few guys from the Fengmomeng controlled a place, and someone was alerting someone to pick up the ice soul fragments!

The Ning family also took control of an area and began to pick up the fragments of the ice soul, ignoring the fights of those casual cultivators!

David's attention was not on the ice shards, but on the monks who had died tragically on the ground!

I saw that the bodies of these tragically dead monks were all exuding white light, and then the light slowly floated into the air and dissipated!

Looking at a monk who had just died, David jumped up and landed in front of the monk!

Just when the dead monk was emitting a faint white light, David suddenly clasped him with one hand, followed by the Concentration Art, a huge suction force actually sucked the white light into his body!

At this moment, David was stunned for an instant, his eyes widened, his face full of disbelief!

"How did this happen, how did this happen?"

David muttered to himself!

It turns out that these white lights are not souls, but the lifelong cultivation of these monks!

David's Concentration Art can absorb other people's cultivation, but only when the other party is still alive!

Moreover, in the world of heaven and man, many monks have very high cultivation bases, and it is also very difficult and troublesome for David to smoke!

So David has never used this method to cultivate, let alone showed his skills in front of everyone!

But now these monks are all dead, why are they still cultivating after death?

You must know that the way of death disappears. After a person dies, his cultivation will definitely disappear, and it is impossible to keep it!

But these dead monks kept their cultivation bases and turned them into white light that floated into the air and dissipated!
