

A Man Like None Other

Novel

Chapter 2996

It's just that David hasn't got the Ice Soul Pill yet, so it's impossible for him to turn around and leave!

"I'm very curious, how did my brother escape my eyes and meet you secretly?"

the old man asked very curiously!

In fact, David didn't know it at the beginning, until now he remembered the meaning of the real treasure key!

Only those who have obtained the real key to the treasure will see the ancestors of the ancient body training clan. No wonder only David saw it at that time, and no one else saw it!

In this way, it makes sense!

Moreover, the existence of this treasure key is only known to the ancestors of the ancient body refining clan, and his younger brother doesn't know at all!

"It's useless to tell you." David smiled coldly!

"Since you don't want to talk about it, then I don't want to listen to it either. Just wait for death slowly..."

said with a sneer!

Hearing the old man's words, some monks were so frightened that they cried, some yelled, and some kept cursing at the old man!

"Senior, please don't kill us. We are members of the Demon Sealing League. We are friends with your demon clan. We are really friends." Jin Sha hurriedly said to the old man!

"You fart, are you lying to me that I am a three-year-old child? You are all called Fengmomeng, and you still want to be friends with our demons?" The old man yelled angrily!

"Senior, it's true, we have never harmed a demon cultivator."

"Don't look at us as the Demon Cultivator, we hunt and kill all demon cultivators all day long!" "

Actually, we are helping your demon cultivators secretly. All the demon cultivators captured by our Fengmomeng are doing well!" "

And we plan to unite the demon cultivators at that time, so that the demon clan can have a place in the world of heaven and man again!"

Jin Sha is now begging for mercy like a pug!

But when many monks heard Jin Sha's words, they were all stunned. None of them thought that such a large organization as the Demon Sealing League would not kill demon cultivators, but help the demons revive.

"It's so shameless, I only know the essence of the Sealed Demon League now."

"Trash, it's a shame among us monks..." "

If I am lucky enough to leave here, I will definitely expose the ugly face of the Sealed Demon League to the public! "

Many monks said indignantly!

"None of you can leave alive, this is our world."

Although Jin Sha has not been let go, he has already said that he and the old man are in the same group!

This is also to better curry favor with the old man, so that the five of them can be released!

After listening to Jin Sha's words, the old man pondered for a moment!

"I can release you, but if you dare to play tricks, I will not be polite..."

The old man threatened Jin Sha!

"Senior, absolutely not, we will never play tricks."

Jin Sha hurriedly shook his head, for fear that the other party would regret it!

"Okay then, I'll let you all out!"

The old man waved his palm lightly after speaking, and the energy pouring into Jin Sha and the others was cut off in an instant!

Jin Sha and the others felt that they were out of trouble, and hurriedly got up and walked to the old man!

After Jin Sha and the others got out of trouble, they all looked at everyone gloatingly!

"Didn't you just want to fight with five of us? Why are you being honest now?"

Jin Sha said mockingly!

At this time, no one paid attention to Jin Sha, which made him even more arrogant!

Now almost all the monks are focusing on David. Since David has such an adventure, they hope that David can rescue them all!

Looking at the eyes of those monks, David was also very helpless. So many people were controlled by the strange energy of the ice shards, and they thought they got a big deal, but they didn't know that they would all die because of greed!

Although everyone has come to their senses now, it is already too late, and this is the price...

Chapter 2997

"You guys are optimistic about these people. It won't take long for them to explode and die." "

When the time comes, I will be able to reshape my body, so you can follow me. Your benefits will be indispensable..."

The old man said Jin Sha and the others said!

"Thank you senior, we will definitely go through fire and water."

Jin Sha and the others hurriedly said happily!

The old man nodded in satisfaction, and then disappeared directly.

Wuxing Tiansha and the others looked at everyone proudly, and kept provoking David!

"Boy, aren't you crazy? Now you are joining forces to deal with us?"

Jin Sha said playfully.

And Huo Sha looked at Ning Caichen, and said provocatively, "Patriarch Ning, I killed your son. I burned him to death with fire. Are you coming to beat me?"

Ning Caichen's face turned livid from anger, but there was nothing he could do, he couldn't move at all now!

Don't mention how embarrassing he is at this moment, Wuxing Tiansha quietly looked at everyone!

Soon, another monk couldn't take it anymore, his body exploded instantly and died, and his cultivation turned into a white light and rose into the air!

With the exploding body of the cultivator, some magical weapons and weapons on his body were all scattered on the ground!

Wuxing Tiansha and the others were on the altar, picking up the fallen things!

"These poor ghosts don't have any good things on them. We are waiting for this kid to explode and die. He has many treasures from the ancient body-refining clan." "Yes, then

Ning Caichen must have a lot of good things on him. They exploded and died, and we made a fortune."

"And that kid from the Gao family, we just need to bend down to pick it up, it's not much easier than finding treasures!"

Several people from Five Elements Tiansha were happily discussing!

None of these five people noticed that Gao Qisheng and Ji Yun were not under control, they just sat motionless!

"Brother Chen, hurry up and think of a way to save us..."

Yuan Bao looked terrified, and turned to David for help!

The only one who can do it now is David. After all, David has seen through the old man's trap.

"Don't move around, let alone talk, I'll help you suck that power away."

David said to Yuan Bao via voice transmission!

Yuan Bao nodded hastily, and then felt a suction around his body, and then the power in the ice fragments was sucked away.

Yuan Bao got out of control, with excitement in his eyes!

Although Yuan Bao's change did not arouse Wuxing Tiansha's suspicion, it made Ning Caichen notice it!

He looked at Yuan Baoyou, looked at David, and then said via voice transmission, "David, if you have a way, can you save us together, and I will definitely repay you." "If only

a few of you are rescued, and can't escape the palms of those five elements."

Ning Caichen looked at David, thinking that David would rescue them too!

David knew that what Ning Caichen said was right, if he relied on them alone, he might not even be able to get rid of the Five Elements Heavenly Demon!

"Okay, I can only let you get rid of this force, but don't move for now, look for the most suitable opportunity, we are running!"

David said to Ning Caichen!

Ning Caichen nodded in agreement!

David used the sound transmission technique to tell all the monks his plan!

As soon as they heard that there was still hope of being rescued, they all agreed with David's plan, and those casual cultivators showed gratitude in their eyes!

Soon, David absorbed all the power of those monks into his body one by one!

David's original space is huge, so even if he absorbs all the power, he will not explode and die!

When everyone is free from the shackles of that power, they are all excited!

But no one moved, they were all waiting for David's next arrangement!

Chapter 2998

Dozens of strange forces gathered together in David's original space, and then rampaged everywhere!

David looked at that manic force, but he didn't know what this force was!

"What kind of power is this? It can't be refined, and it can't be shaken off. It's so strange..."

David frowned slightly, carefully watching the growing power in the original space!

Buzz...

Suddenly, David only felt a sound in his head, and then he was in a trance!

That force came straight to David and enveloped David!

David shook his head, his eyes suddenly became bright!

"David, what are you doing? Hurry up and go to school..."

Barbara slapped David on the head and said!

“Mom? Why are you here?”

David’s eyes were full of surprise!

“What nonsense, I’m not here, where am I? I’m going to be late for school.”

Barbara reprimanded David!

“Mom, I...I shouldn’t...”

David stepped forward, wanting to hold his mother’s hand to ask for clarification!

But when he just touched Barbara, a bright light flashed in front of his eyes, and the surrounding scene changed!

“You, can you walk? Why don’t you look at me at all?”

Sonya glared at David angrily!

David stared blankly at Sonya, “Yuqi, is it really you? It’s really you...”

David was so excited that he rushed towards Sonya!

“Ah, rascal, you are a rascal...”

Sonya screamed, and soon the scene in front of David changed again!

The scenes that David experienced, like a movie, kept flashing before David’s eyes!

Lin Tianhu, Chifeng, Hu Mazi, Ji Ruxue...

David has seen everyone, but everyone no longer knows him, back to before they knew each other!

"Don't go, don't leave me, don't leave me..."

David yelled, he didn't understand why these people didn't know him anymore!

David desperately chased after him, as if he was crazy!

"Mr. Chen, Mr. Chen..."

Suddenly, Zhe Yan's voice sounded!

David's body shook suddenly, and then everything in front of him disappeared. His whole body was still in the original space, and that force was still surrounding him!

"I was dreaming just now?" David frowned slightly!

"Mr. Chen, you were not dreaming just now, you were under an illusion, and you almost couldn't get out!"

Zhe Yan said to David!

"Illusion?" David was taken aback!

Soon, David's eyes lit up, looking at the power around him, he seemed to understand something!

"I see, I understand, I finally understand..."

The corner of David's mouth raised, and then he relaxed, allowing that force to wrap him up again!

This time, scenes of the past still passed before David's eyes!

It's just that David's eyes were clear, and he was chanting the mantra of pure heart, so he was not disturbed by the scene in front of him at all!

I don't know how long it took before David's eyes returned to his current appearance!

And that rampant force instantly became quiet.

In the galaxy of David's original space, a gloomy star suddenly flickered at this moment!

With the twinkling of the stars, that power was instantly sucked in!

When that power entered, the stars began to brighten.

David looked up at the sky full of stars, and at this moment there were already three stars shining brightly!

"The origin of illusion..."

David's face was full of smiles, "With this origin of illusion, my illusion can be improved to a higher level in the future..."

Illusion is meant to captivate the mind and disrupt judgment!

It's just that illusion is not very good, and it is useless to meet a master with a strong mind!

Now that David has the source of illusion, he can trap stronger enemies when he casts illusions!

Chapter 2999

David came out of his original space, glanced at the Five Elements Heavenly Demon, and then sent a voice transmission to all the monks, "Let's work together to destroy this altar.

"Leave."

Everyone nodded and followed David's arrangement!

David began to brew slowly, and the breath in his body began to gather continuously!

"Do it..."

Following David's order, everyone made a move together!

Boom...

Accompanied by a violent explosion, strong spiritual power overflowed, dazzling rays of light rose into the sky, and the berserk aura surged towards the surroundings like a huge wave!

Wuxing Tiansha didn't react at all, and was blown away by this huge aura!

All of a sudden, the stone pillars of the entire altar collapsed one after another, and many cracks appeared on the ground!

In the entire altar hall, chaotic atmosphere intertwined, the ground trembled slightly, and pillars of light rose up!

With a bang, the entire altar collapsed!

Dozens of monks fought together so fiercely, and the terrifying aura coerced that the faces of the Five Elements Heavenly Demons changed drastically!

"Run away, don't let anyone stay..."

David shouted, and then led everyone to flee quickly!

"You're so brave, you ruined my altar, do you still want to run?"

At this moment, a cloud of black mist suddenly enveloped you, and the old man was seen walking step by step wrapped in the black mist!

The old man's face was ferocious, and his expression was gloomy and terrifying. Now it seems that the old man is definitely a demon, and he doesn't even pretend to be!

Looking at the old man who appeared, everyone ran for their lives one after another

The old man suddenly waved a big hand, and in the monstrous black mist, a big hand appeared, directly grabbed a monk, and then waved lightly!

The cultivator was thrown flying in an instant, and then hit the stone wall heavily, bleeding to death from his seven orifices on the spot!

A white light broke away from the cultivator's body, then floated into the air and disappeared!

Seeing this scene, everyone turned pale with shock, cold sweat broke out on their foreheads!

No one dared to stay, and ran out desperately, but they were all teleported here, where is the specific way out, no one is big, they can only run indiscriminately!

"Hahaha, the feeling of hunting is really good..."

The old man laughed and shot again. This time, he directly grabbed the two monks and was crushed instantly. The bodies of the two monks turned into a cloud of blood mist!

“Hurry up and get out of the range of the altar. If you leave here, the old man’s strength will decrease...”

David shouted. He had already seen that the old man’s strength was very strong only when he was here!

When meeting him in other places, David didn’t feel how powerful this old guy was!

Even in that palace, the old man couldn’t even beat David!

Therefore, David deduced that the old man was a remnant soul, and the closer he was to the place of his death, the higher the strength of his remnant soul would be!

Conversely, the farther the distance is, the lower the strength will be!

“You can’t leave here...”

The old man looked at the fleeing crowd, he didn’t seem to panic at all, instead he was watching the excitement!

Just when David and the others were about to run out of the entire altar area, there was a sudden tremor!

Booming...

In front of David and the others, pillars of light that soared to the sky suddenly lit up!

Immediately afterwards, the beams of light continued to increase, illuminating the entire area very brightly. The rays of light emitted by these beams of light

converged and connected to one place, and finally formed a barrier to block everyone!

"Damn it, it turns out that there has been a formation barrier here, no wonder that old thing is not panic."

Seeing the barrier that suddenly appeared, Lao Sun immediately cursed!

Old Sun was cursing, but suddenly he punched the barrier in front of him!

But with this punch, the barrier did not respond, leaving any trace!

Chapter 3000

Everyone looked at the barrier in front of them, and they were all silent. The old grandson of the eighth rank of the fit state punched down, and there was no movement on the barrier, which is too outrageous!

"Get out of the way, I'll come..."

Ning Caichen said.

After all, here, he is the strongest, a ninth-grade monk in the Body Fit Realm, if he can't break through this barrier, then no one can do anything about it!

I saw Ning Caichen drew out a long sword, the breath of his whole body rose up, and in an instant, a sword light was slashed out!

The sword glow was like a rainbow, tearing through the void, and suddenly shot towards the barrier!

But when the sword glow hit the barrier, it suddenly disappeared!

"Huh?"

Ning Caichen was taken aback, staring blankly, wondering why the sword glow he had struck with all his strength just now disappeared.

But the next moment, the barrier began to shake and shone with light!

"Get out of the way, everyone out of the way..."

Seeing this, David reminded him loudly!

Soon, a ray of light shot out from the barrier. Fortunately, everyone was reminded by David, they dodged quickly and were not hurt by this ray of light!

"What kind of formation is this? It's so powerful?"

Ning Caichen was puzzled, even a hard blow was useless!

Everyone was ashamed at this moment, they were trapped here, there was a formation blocking the way in front, and the old devil was approaching every step of the way behind!

"Damn it, since you can't escape, let's fight. You're going to die anyway, so why be so aggrieved."

Old Kong shouted angrily!

He didn't want to die little by little in despair like this, that kind of death was too uncomfortable!

"Yes, try hard, maybe we still have a chance if we try hard."

"It's death anyway, why bother to shrink back!"

Many people were about to go crazy, clamoring loudly to do their best!

Gao Qisheng was also infected by everyone, and he was filled with righteous indignation, "Fight it, who will go with the Gao family to kill this old devil?" "

Now he is just a remnant soul, as long as we work together, we may not be able to defeat him.”

Gao Qisheng raised his arms and shouted, and many people responded one after another!

“Okay, in this area, none of us is the opponent of that old devil, let alone the Five Elements Heavenly Fiend.” “It’s not yet the time to

die, everyone, don’t panic...”

David persuaded everyone!

“Mr. Chen, do you have a way to unlock this formation?”

Ji Yun asked happily!

“I’m not sure, but I can try, but I need time!”

David said!

“We will protect you and give you time...”

Ning Caichen understood what David meant, and hurriedly said!

“Okay!” David nodded!

Then the whole person walked slowly in front of the barrier, touched the barrier lightly with one hand, closed his eyes slightly, and began to look for the eyes of the formation!

The old man saw that David was looking at the formation that had broken him, and there was a hint of sarcasm on his face!

“My formation has been set up for thousands of years and no one has broken it. You, a little monk, want to break it. What a joke!” The

old man sneered, and then looked at the Five Elements Demon. Kill me, and you guys will survive..."

Wuxing Tiansha and the others immediately nodded when they heard this!

Ning Caichen brought all the monks to face the Five Elements Heavenly Demon, and he was definitely not his opponent!

If you add David, maybe you still don't know who will win and who will lose!

But now that David has broken the formation, there is no way to help, so they can only stop the Five Elements Heavenly Demon!

"Patriarch Ning, I'm really sorry, none of you can get out alive, or else the secret of our Seal of Demons will be spread."

Jin Sha said with a cold smile!

"Hmph, if you help the evildoers, you will be punished by everyone sooner or later..."

Ning Caichen snorted coldly!
