

# A Man Like None Other

## Novel

### Chapter 3009

Hearing David's ridicule, the two of them were furious, and they all roared and went towards David!

"Boy, you dare to laugh at the two of us, you're courting death..."

"I'm going to kill you and tear you into pieces..."

Jin Sha and Huo Sha roared, their breaths surging in their hands!

But facing the two people, David remained motionless, his eyes were full of disdain, as if he didn't look down on them at all!

Seeing David's expression, the two of them became even more angry!

Boom...

The attack of the two together suddenly erupted with a deafening sound!

For a moment, the earth shook and the mountains shook, and the void trembled endlessly!

While looking at David, he suddenly disappeared. Their desperate attack did not hurt David at all!

"This... Could it be that the last one is also fake?"

Huo Sha frowned, his face full of puzzlement!

“How could this be? Are these all illusions, illusions created by us?”

Jin Sha kept rubbing his eyes, but there was no shadow of David, nor was there any corpse of David!

At this moment, both of them were stunned. They really couldn't figure out why David disappeared all of a sudden.

In fact, these are not illusions, but real clones with David's aura!

That's why the two of them feel so real!

However, David knew that he was invincible, so he didn't use his clone to resist!

The spiritual power consumed by the avatar was also David's body, so David didn't resist, but the body quietly escaped!

“Damn it, I let him run away, I'm so pissed off...”

Huo Sha gritted his teeth, his face full of anger!

At this moment, the other people of Five Elements Tiansha rushed over after receiving Huo Sha's message!

“Where are people?” Mu Sha asked when he came over and found that there was no one there!

Jin Sha and Huo Sha didn't speak anymore, if this was said, wouldn't they be laughed to death!

The two of them didn't stop him from speaking, and finally let David escape!

Neither of them can stop a little cultivator of the fourth rank of the Composite Realm!

“Everyone has run away, let’s continue chasing...”

After Jin Sha finished speaking, he chased in the direction where everyone was fleeing!

Seeing this, the others followed suit!

On the other side, after Ji Yun and Lao Sun fled for a certain distance, they slowed down!

They were all deliberately waiting for David, and they stopped altogether in the end!

“Can Mr. Chen escape by himself?”

Ji Yun said worriedly!

“There should be no problem. Since he told us to go first, there must be a way.”

Old Sun believed in David.

But even so, Lao Sun kept looking back with a bit of worry on his face!

Many monks also stopped spontaneously, waiting for David to catch up!

During this period of contact, these monks all know that only by following David can they have a great chance of survival!

“Look, Mr. Chen...”

At this moment, Gao Qisheng saw a figure, and after realizing that it was David, he immediately shouted!

Seeing that it was David, everyone was very excited!

"Mr. Chen, I didn't expect you to escape."

Seeing this, Ji Yun said happily!

"Why don't you stop and go?" David asked in surprise!

"Brother Chen, we are worried about your safety, so we are waiting for you."

Old Sun said!

"Let's go, the Five Elements will catch up again in a while, let's find a hidden place to recover our strength." After

David finished speaking, he led everyone to continue running forward!

David walked with these people for an unknown how long, but he still couldn't find the aura David was familiar with. When David saw the ancestors of the ancient body training clan in the thatched hut, that aura followed the current old man's aura. The breath of the devil is fundamentally different!

Now that David finds that different aura, maybe he can find the ancestor of the ancient body-refining clan!

## Chapter 3010

"David, we've been walking for so long, but we still can't find the ancestor of the ancient body-refining clan, and it's like a maze here.

" There is a way to restore physical strength!"

Ning Caichen stepped forward and said after David!

David also frowned slightly at this time. At that time, he had no consciousness at all. He suddenly arrived in front of the thatched cottage, and then left suddenly. It would be very difficult for him to find the thatched cottage now!

"Mr. Chen, do you think it will take special means to find the ancestor of the ancient body-refining clan?"

"It takes special means or items to open the door to meet the ancestors of the ancient body-refining clan!"

Gao Qisheng asked David!

David thought about it carefully. At that time, he went directly to the thatched hut because he had the real key to the treasure, and met the ancestor of the ancient body training clan!

"Let's find a place to rest first, maybe I know how to find the ancestor of the ancient body training clan."

David said to everyone!

Everyone found a place to rest, and they all regained their strength while they were almost there!

And David looked at the void in front of him, thinking for a while!

He doesn't have the key to the treasure now, so if he wants to meet the ancestors of the ancient body-refining clan, he needs other methods!

"This entire treasure land may be an illusion. Since it is an illusion, can I also use illusion to re-illusion a space?" David looked at the void and meditated. Since the space

here may not be real, then he also You can use the illusion to make that thatched cottage appear!

Thinking of this, David gently stretched his hands forward, and then the source of illusion began to flicker out from the original space!

David saw that the void touched by his hands actually caused a ripple!

Seeing this situation, David was overjoyed, and then kept waving his hands crossed!

It only took a moment for David to stir up a huge vortex in the void!

Looking at the whirlpool in front of him, David laughed!

"Mr. Chen, what is this?"

Ji Yun asked in surprise when he saw the huge vortex that suddenly appeared!

"Through this vortex, we should be able to find the ancestor of the ancient body training clan..."

David smiled slightly!

At this time, many monks came together, looking at the huge vortex in mid-air, their eyes were gloomy!

Because the vortexes they encountered at the beginning were full of murderous intentions!

At that time, in order to find a suitable passage, Wuxing Tiansha treated those casual practitioners as guinea pigs, and many people died!

Seeing the sudden vortex now, many people have a kind of fear in their hearts!

"Brother Chen, did you create this vortex?"

Lao Sun looked at the vortex and asked!

David nodded and said, "The place we are in is a man-made time and space, so no matter how we go, we can't find the ancestor of the ancient body-refining family." "The ancestor of the ancient body-refining family should be

in In another constructed time and space, when he and his younger brother died together, the remnant souls of both of them entered their own illusions. Although their illusions have overlapped for so many years, they are still different." David explained to everyone

.!

"According to what you said, can we go through the vortex to enter the illusion of the ancestor of the ancient body-refining clan?"

Ning Caichen asked!

"Not bad!" David nodded and said!

Even so, who will pass through this vortex first?

If there is another murderous intent in this vortex, wouldn't the first one to enter it be sure to die!

"Let me try it first, if it doesn't work, you are thinking of other ways..."

At this moment, Lao Sun spoke up, someone must take the lead!
