

A Man Like None Other Novel

Chapter 3107

Facing the things on the altar, everyone fell silent!

After a while, Ji Lianzhan said in amazement, "This small altar has no aura fluctuations. I didn't expect such a terrifying seal..." "

This seal is indeed very powerful, but it seems to have failed."

David said!

It turned out that on the altar, there was a rough stone with a diameter of two meters, with complex lines engraved on it, and it looked like a sealing formation at a glance!

It's just that everyone doesn't know, what kind of things can be sealed by such a simple altar, and such a large sealing formation is used!

This rough stone engraved with the sealing formation has already become a little tattered after years of tempering, and the lines on it can only be vaguely recognized, and a general shape can be seen.

If they hadn't seen it with their own eyes, no one would have believed that there would be a sealing formation on such a crude altar!

The most important thing is that this original seal stone does not have any aura fluctuations, just like an ordinary stone, so when David and the others were below, no one noticed it! *M.LINSHUgE.COM*The

sealing formation without aura fluctuations has no effect on the surface, which is why David would say that the formation seems to have failed!

After all, no matter what kind of formation, it needs to be driven by spiritual power. Some ancient formations will gradually become weak due to the consumption of spiritual power, and eventually lose their effectiveness completely!

This is why some sealing circles need to re-inject power after several years to keep the circles running!

Obviously, the original seal stone here has been there for many years, and no one has injected spiritual power, so it is invalid!

But David really wanted to know what on this small island required such a large sealing circle, and it seemed that the sealing circle was very complicated.

"There are some incomprehensible figures engraved on such a stone. Could it be a sealing magic circle? As magical as you say?"

Ji Yun didn't know anything about magic circles, so he wanted to reach out and touch the rough stone!

"Don't move..."

David stopped Ji Yun, "You don't want to move until you have fully figured out whether the magic circle is invalid." When

David said it, Ji Yun was so frightened that he didn't dare to move anymore. !

Ji Lianzhan took out the wooden figure from his bosom, and then made seals with both hands, and the spiritual energy kept pouring over the wooden figure!

Soon, the wooden man started to move, and became more and more flexible!

“Let this wooden figure see if it’s dangerous first.”

Ji Lianzhan said, throwing the wooden figure away, and then the wooden figure turned into Yimi Laughing, walking towards the original seal stone under Ji Lianzhan’s command go!

“I didn’t expect Sect Master Ji to know the spirit wood transformation technique?”

David did not expect that Ji Lianzhan, a suzerain who specializes in commercial sects, would know this kind of technique. Although he saw this kind of technique, he would know it. There are not many monks!

“Mr. Chen laughed. I spent a lot of money to buy it. How could I know this? A magic circle was carved on this wooden figure.”

Ji Lianzhan said with an embarrassed smile!

When David heard this, he realized that Ji Lianzhan’s wooden figurine was just like the sound transmission jade slip, and had already been engraved into a magic circle by a magician. When needed, Ji Lianzhan only needed to take it out and use it!

But this kind of thing is definitely not cheap, it is many times more kneeling than the sound transmission jade slip!

Now that Ji Lianzhan has bought such things, it can be seen that Feitianzong is making a lot of money!

Just as David was talking to Ji Lianzhan, the wooden man controlled by Ji Lianzhan suddenly shook.

Seeing this, Ji Lianzhan hurriedly tried to control it, but in the end the wooden figure fell apart and turned into a pile of rotten wood!

Seeing this scene, Ji Lianzhan frowned and asked, "Is this original seal stone still powerful?"

He thought the reason why the wooden figure was like this was because the original seal stone was powerful, and it became like this when touched!

Chapter 3108

David shook his head with a smile and said, "Sect Master Ji, it's not the power of sealing the original stone. You were deceived. The magic circle carved on this wooden figure is not perfect, so that's why it happened.

" You are a wooden guy, and you are also a half-baked magician."

When Ji Lianzhan heard this, he immediately became angry, "Damn, you dare to lie to me, but I bought it for hundreds of millions of spirit coins. That guy, I must have skinned him."

"Mr. Chen, what should I do now? How about I send a disciple to try..." "

No!" David waved his hand, and then broke it off a tree at will A twig in your hand!

I saw David chanting words, and the branch in his hand moved!

Afterwards, the branch began to twist like a human being, and jumped from David's hand onto the original seal stone!

Then under David's control, the branch jumped up and down on the original seal stone, nothing happened, and the whole altar did not respond!

Seeing David's method, Ji Lianzhan admired him very much. Regardless of David's strength, with David's operation method, if he does business in the world of heaven and man, he will definitely be able to earn a lot of money!

It's just that David is in the world of heaven and man, and he is not here to make money. He has no attachment to money!

"It should be that the sealing formation has failed, there is no problem..."

David waved his hand, and the branch instantly turned into powder.

"I don't think there is any problem. There is no magic circle without spiritual fluctuations. Looking at the damage of the original stone, I guess it has been here for thousands of years?" Ji Yun said, walking forward and stroking the original

stone of the seal, and there was nothing wrong. matter!

Seeing that Ji Yun stepped forward to touch the original seal stone and nothing happened, David can be sure that the seal formation has indeed failed!

Otherwise, in order to protect the seal from being destroyed, the sealing formation will be accompanied by an attack formation. As long as someone touches or intentionally damages it, the attack formation will activate and it will hurt people!

This is also the reason why David didn't let Ji Yun touch the original seal stone at first!

"It seems that this is a deserted altar, with no use at all."

Ji Lianzhan said a little disappointed!

In this kind of place, when encountering this kind of altar, everyone wants to get some treasures, but now it seems that this is an altar that has been abandoned for a long time!

"It seems that we don't want to waste time here, we need to go out and have a look!"

David looked around, there was nothing else on the simple altar, so he left loudly!

But at this moment, Ji Yun, who was touching the original seal stone with one hand, suddenly injected a wave of spiritual energy into the original seal stone!

Buzz...

It was Ji Yun's action that made the original seal stone tremble instantly, and then a huge force sent Ji Yun flying!

"Yun'er..."

Seeing this, Ji Lianzhan jumped up and caught Ji Yun!

At this time, Ji Yun's face was very ugly, and his expression seemed a little painful!

"Are you okay?"

David looked at Ji Yun and asked!

"It's nothing serious, the power that burst out from the stone just now is so powerful."

Ji Yun said with lingering fear!

"It seems that this sealing formation has not failed, and it looks very strong. The reason why we can't feel the fluctuation of spiritual power, and it looks

like an ordinary stone is because the person who set up this formation did it on purpose. "

"In this way, no one will care about an ordinary stone, and this can be regarded as a protection against the formation!" "

A master, really a master..."

David couldn't help admiring the people who set up the formation!

"This kind of sealing formation is set up here. Could it be that under this altar, there are some monsters, ghosts, and terrifying things? Otherwise, why bother?" Ji Lianzhan said, looking at

the original sealing stone that was shining faintly. !

Chapter 3109

Now this sealing formation caused Ji Yun to activate it unintentionally, and the spiritual power fluctuations on the entire sealing rough stone were very obvious!

Perhaps after they leave, the original seal stone will return to its status quo, but now the original seal stone exudes spiritual fluctuations and shines with light!

"I'm also more interested in what is sealed under this altar. Such a powerful sealing formation, if it is not sealing some monster, Moxiu, then it is possible..."

David stopped suddenly when he said this, His complexion also became a little ugly!

"Mr. Chen, what is the possibility?" Ji Yun asked in puzzlement!

Without saying a word, David suddenly took off into the sky, and his flight over the small island would not be affected, so David came into the midair and looked down at the entire small island!

A few minutes later, David fell down slowly, with a more dignified expression!

"It is possible that this is just the eye of a sealing formation, and this entire small island is the real sealing formation, and the things that need to be sealed are under this small island." David

said Out of my own guess!

When Ji Yun heard this, he was immediately stunned. You must know that although this small island is called a small island, its area is tens of thousands of square kilometers. How could such a large island be a large sealing formation?

If so, who on earth can set up such a large formation?

Is it the Daluo Jinxian who descended from the heavens?

Ji Lianzhan was also taken aback by David's guess, he quickly shook his head and said, "Mr. Chen, your guess is too bold, it's impossible, how could someone set up such a huge seal array, and such a big seal array Isn't it too scary to want to seal things?"

"Maybe I'm overthinking." Seeing the terrified expressions of Ji Yun and Ji Lianzhan, David hastily smiled and said!

Now David is not sure, but he always feels that this small island is very weird, and this altar that suddenly appeared!

The whole island is full of weirdness, which makes David have to think about it!

"Mr. Chen, what should we do next? Are we going to break this seal? Maybe it's not some monsters that are being suppressed, but some kind of magical weapon." "This used to be an ancient battlefield, how many magical

weapons They all fell here, even if you get a somewhat broken ancient magic weapon, it is worth it, if you have a weapon spirit, it will be perfect."

Ji Yun asked David!

David stared at the original stone of the seal, then shook his head and said, "It's better not to touch this seal, if there are some terrifying monsters under this seal, then we are asking for trouble.

" I don't know how many years, but apart from the birds flying in the sky, I can't see a living thing on the ground, it's too weird, so don't move around."

David was also a little scared by this weird island, Don't dare to move around casually!

"Mr. Chen, you're right. This small island is too weird. Don't touch the things on it. Let's look for those missing people." "If we can find them, then find a way to

leave this small island as soon as possible." , I always have a bad feeling!"

Ji Lianzhan did not agree to move the seal. After all, the person who can set up a sealing circle here is definitely not a mortal. Ran!

"Let's go..."

David called out to Ji Yun and Ji Lianzhan to leave, they didn't want to move the sealing circle!

But just as David and the others were about to leave, there was a burst of noisy footsteps not far away.

Everyone was taken aback when they heard footsteps, which proved that someone had also gone to the island!

But who it is, they don't know.

"Could it be that the missing brothers have been found?"

At this moment, a disciple of the Feitian Sect said excitedly!

Chapter 3110

"It shouldn't be them, everyone be careful!"

Ji Lianzhan frowned slightly!

Soon, the noisy footsteps were getting closer, accompanied by complaints!

"What the hell is this place? Looking at the green trees and shade, the environment is very good, and not even a living thing is lifeless."

I didn't find them, and I lost two people!"

The voice of cursing and complaining made David and Ji Yun all look at each other!

They could tell from the voice that it was Zhou Tai who came!

With the appearance of Zhou Tai's figure, more than a dozen people followed him!

These people were also wandering around the small island and got together temporarily. After all, Zhou Tai was strong, and there were many people in Zhou Tai, so Zhou Tai was the center!

"Young Master Zhou, look ahead..."

Someone suddenly shouted!

"Altar, it's an altar, there is an altar here, there must be something good."

Someone also shouted excitedly!

And there are still people who are about to run towards the altar!

But Zhou Tai stopped him!

"Everyone, there is not even a single ant on this small island, but an altar suddenly appears. No one knows if it is a trap, but I can tell you that no matter what treasures are here, if we all go together, then we must Split equally, don't hurt the peace."

Zhou Tai said loudly!

"We all listen to Mr. Zhou..."

"Of course, we are a group now."

"When we get together, harmony is the most important thing."

Everyone echoed!

It's just that no one knows what everyone thinks in their hearts!

After all, these people got together temporarily and didn't know each other well. In this world where the weak prey on the strong, how could anyone really share the benefits equally.

If the treasure is not expensive, that's okay, but if it is a valuable treasure, these people will definitely fight for it, who would be stupid to divide it equally!

Zhou Tai was also like a bright mirror in his heart, the reason why he said this was to stabilize these people first, after all, he was the most powerful among this group of people!

If there is really any treasure, it is not up to him to decide!

Zhou Tai and the others walked towards the altar carefully. They were very cautious at the beginning, but they relaxed a lot when they saw that the altar was broken and small, and it looked like it would collapse at any time!

"This altar looks like it was built by a certain tribe. What kind of treasures can there be? It seems that it has gone through many years, and there is probably nothing."

Someone looked at the altar and was disappointed!

"I'll go up and have a look..."

At this moment, a monk with a scar on his left face jumped up and onto the altar!

He saw the original seal stone at a glance. At this time, the original seal stone exuded a faint light, and the runes carved on it kept circulating!

Seeing this scene, the monk's eyes straightened!

"There are treasures, there are treasures on this altar..."

the monk shouted!

As soon as they heard that there was a treasure, everyone else rushed towards the altar!

When they saw the original seal stone, they were also shocked. No one thought that there would be such a stone in such a dilapidated altar!

It's just that these people don't have human-activated formation spells, so they don't know what the runes carved on the rough stone are!

"This stone looks like a treasure at first glance. What is that engraved on it?"

Someone was very curious, and couldn't help reaching out and touching it!

But when he touched the original seal stone, a powerful force instantly knocked the monk away!

Seeing this, everyone hurried away from the original seal stone in fright, and looked at it in surprise!

"I didn't expect this stone to have its own attack. It is definitely a treasure. We must find a way to take it away."

Zhou Tai looked at the original seal stone with bright eyes!
