Chapter 3113

The Fate of Death

“Do it, try to pick up as many items on the ground as possible!”

Ji Lianzhan said to several Feitian Sect disciples, and charged up first!

“Kill...”

Several Feitian sect disciples also rushed up, their bodies bursting with spiritual power, and they fought together with those evil spirits!

When Zhou Tai saw someone rushing out to help, he felt a little grateful in his heart!

He didn't know that Ji Lianzhan came here not to help, but to make money!

“Mr. Chen...”

Ji Yun didn't move, even if his father rushed up, he didn't move!

Because these evil spirits are not strong, they will not pose any danger to Ji Lianzhan!

Moreover, during the time that Ji Yun followed David, he took less interest in money and interests, unlike his father!

David stared blankly at those evil spirits, and suddenly had an idea in his heart!

Now that Jian Ling Zhongli has been injured and has not recovered, David wants to find time to go to the Artifact Sect and ask Jian Lao to help Zhongli recover!

But now it seems that David only needs to kill and absorb these evil spirits with the Dragon Slaying Sword, and then Zhongli's body can slowly recover!

Although these weapon spirits are affected, and the heart-born killings are not controlled and become evil spirits, they are also weapon spirits. As long as Zhongli absorbs enough weapon spirits, Zhongli can slowly recover!

You must know that in the entire celestial world, there are not many people who can possess weaponry weapons, and not every ancient divine weapon will have a weapon spirit!

So it is a rare opportunity to meet so many weapon spirits and kill them at will!

Thinking of David here, he didn't hesitate, but grabbed the Void, grabbed the Dragon Slaying Sword and jumped up!

Ji Yun simply rushed out after him!

David walked towards a huge evil spirit, and slashed down fiercely with the Dragon Slaying Sword in his hand. After all, the bigger the evil spirit, the more energy it has, so Zhongli can recover faster!

This was David's plan, but under David's sword, he was touched by the claws of the evil spirit, and a huge force burst out instantly, almost letting the Dragon Slaying Sword in David's hand drop!

"It's so powerful, this evil spirit is not weak..."

David felt a little surprised!

The strength of this evil spirit is absolutely no less than that of the eighth rank of the Compatible Body Realm. He just tried it, and the strength of the evil spirit was tested out!

Knowing the strength of the evil spirit, David had confidence in his heart. He swung the dragon-slaying sword forward instantly, and a golden sword light shot up into the sky!

Feeling the golden sword light, the evil spirit was terrified, and it was too late to dodge, it was swept by the sword light, and let out a scream!

Immediately afterwards, a suction force in the Dragon Slaying Sword sucked the evil spirit that had turned into a cloud of black mist into the Dragon Slaying Sword!

On the ground where the evil spirit was sucked into the dragon-slaying sword and there was nothing there, suddenly there was a stone hammer.

There are runes engraved on the stone hammer, and it is full of cracks. It is obvious that this stone hammer is the natal weapon of the evil spirit just now.

David picked up the stone hammer and found that the stone hammer didn't look big, but it was very heavy. David had to use his strength to pick it up!

"No wonder that evil spirit is so powerful..."

Looking at the stone hammer in front of him, David understood why the evil spirit had such great strength just now!

Looking at the runes on the stone hammer and the cracked appearance, David felt a little regretful.

Crashing.....

The stone hammer suddenly shattered and scattered all over the ground!

I don't know why, looking at the broken stone hammer, David felt very sad in his heart!

Because he knew what happened to the monk who used the stone hammer thousands of years ago to make his weapon look like this!

And he himself may have already lost his soul and disappeared into the long river of history!

"Hey, even if you become a fairy and ascend to the heavens, you still cannot escape the fate of death!"

David sighed.

All the battles between Gods and Demons were monks at the level of immortals. In the end, they were like ants, with countless casualties!

Chapter 3114

You Can't Kill Me

Just when David was sighing, a few more evil spirits rushed over!

David held the dragon-slaying sword in his hand and killed them one after another, and the natal weapons of these evil spirits were all broken things, so David had no interest in them!

After beheading several evil spirits in a row, David felt that the strength of these evil spirits was a bit low, so the energy was also low. If Zhongli was to recover, how many evil spirits would he need to absorb!

David looked into the dark hole. Since these evil spirits came out of the hole, there should be something in the hole. With such a huge sealing stone, it is impossible to seal only these low-strength evil spirits!

Thinking of this, David wanted to jump into the hole to investigate, but suddenly a breath came straight to David!

Whoosh...

David only felt a streak of spiritual power flying past behind him, as fast as lightning!

Fortunately, David reacted quickly and dodged the blow with his figure flashing!

When David turned his head to look, he found that there were clusters of evil spirits all around, and everyone was fighting with the evil spirits, as if no one moved him!

David took a glance. Although he didn't see anyone attacking him, David knew that someone must have tried to sneak attack him, but it failed, so he put on a show!

Seeing this, David turned around and walked towards the cave!

Whoosh...

David just turned around, and then another spurt of spiritual power shot out. David quickly turned his head, protruding out a stream of spiritual power with his fingers, and directly followed the spiritual power swung by the other party. Collided together!

This time, David saw clearly the guy who did it!

This is Zhou Tai's subordinate, David has seen him before boarding the boat, and he has the strength of the seventh rank of Fusion Realm!

A servant of the Zhou family is in the same realm as Ji Yun, so it can be seen that the Zhou family is much stronger than Fei Tianzong!

When the servants of the Zhou family saw that they were discovered, they no longer hid, but walked up to David openly!

"Zhou Tai asked you to sneak attack me?" David asked the servant of the Zhou family!

"Yes, you have deceived our young master, so you must die..."

Zhou's servant said with a grinning face!

Although David dodged his two blows, he was not afraid, and his face was still somewhat ferocious!

"You want to kill me? But on your own, there is no way you can kill me."

David said with a disdainful smile!

"Hmph, you're too confident. You're only at the fifth level of the Composite Body Realm, but I'm at the seventh level of the Composite Body Realm. Do you think I can't kill you?" "Are you trying to say that even Ye

Fengqing couldn't kill you?"

"Don't think we don't know, Ye Fengqing simply didn't use his full strength because he was merciful and didn't want to kill you." "

If he had used his full strength, you, a little monk of the Fit state, would have been slapped to death by him long ago."

"But I won't be as careless as him, I will never give you a chance to live..."
After

the servant of the Zhou family finished speaking, he suddenly pulled out a dagger and rushed towards David!

Seeing the other party's self-confidence, David couldn't help but smiled and said: "Ignorance is the disrespect for life..."

After finishing speaking, David lightly raised his palm, and a ball of flames suddenly ignited in his palm, the flame is so small that it is almost invisible!

But just as David waved the flame in his palm, the inaudible flame burst into flames!

boom!

The flames exploded and turned into a sea of flames, enveloping David in it!

At this time, David was like a burning man. Even those evil spirits hid away when they saw it, and did not approach here at all!

Seeing this, the servants of the Zhou family who rushed towards David couldn't help frowning!

"It turns out that you are practicing fire-type exercises, but do you think that you can stop me from killing you? It's ridiculous..." The servants of the

Zhou family didn't even notice that David's flame Power, I thought it was an ordinary fire-type skill!

Pediatrics

saw the dagger in the man's hand thrown forward, and with the shock of spiritual power, the thrown dagger turned into countless ones at this time!

The void split by countless daggers went straight to David!

David held the dragon-slaying sword, but his face was indifferent!

Dealing with a seventh-grade monk in the Composite Realm is crushing for him. Even if he doesn't move at all, the opponent can't break through his defense at all!

Sure enough, when those countless daggers arrived in front of David, they were immediately stopped by the raging flames and turned into nothingness!

You must know that David is not an ordinary flame, but the origin of fire realized by the flames of the demons!

This kind of ordinary weapon can't penetrate the burning of the flame at all, and is evaporated in an instant!

When the servants of the Zhou family saw this, their pupils shrank, and they looked very surprised!

"What kind of weapons do you have? Just use them. If you can penetrate my wall of fire, you'll be awesome!"

David said disdainfully!

The corner of the Zhou family servant's mouth twitched, and he snorted coldly: "Don't be complacent, I will let you know how good I am."

After finishing speaking, the Zhou family servant bowed his head, then picked it up with his foot, and picked it up from the ground. A rusty, chipped long knife!

Obviously, the evil spirit inside the long knife was wiped out, so the long knife appeared!

Looking at this guy, David actually wanted to use this ancient weapon that had lost its weapon spirit and was still damaged. It was ridiculous!

This ancient long knife is afraid that it will break if touched!

This week, the subordinates of the Zhou family muttered something, then bit their fingers, and drew blood on the long knife, obviously drawing runes!

When David saw this, he didn't expect that this guy was also a charmer who knew all kinds of spells!

With the blood falling down from the long knife, the originally rusty and lifeless long knife seemed to come alive at this moment, the blade trembled and burst into light!

Immediately afterwards, the servants of the Zhou family threw the long knife in the air, and the long knife instantly turned into a beast, with a bloody mouth exposed, and descended from the sky towards David!

When David saw this, the corners of his mouth curled up, and he wanted to play tricks with him, so David would accompany him to the end!

David waved his palms, and the flames around him instantly turned into a fire dragon, roaring and rushing towards the beast!

Seeing this, the servants of the Zhou family became suspicious again!

He didn't expect that David also knew how to spell, and it seemed that his strength was not inferior to him!

The fire dragon roared, and tongues of fire spewed out from its mouth in an instant!

And the beast transformed from the long knife was engulfed by the tongue of flames just by meeting him, and finally disappeared without a trace left!

At this moment, the servants of the Zhou family panicked a little, and hurriedly pinched the formula with both hands, their bodies were wrapped in black mist, and they turned quickly.

It looks like he is going to use the phantom technique to escape!

But just when Zhou's servants turned around quickly, thinking that they had escaped from David, a voice slowly came from above his head!

"Pediatrics like you, don't show it in front of me..."

David looked disdainful!

That Zhou family servant looked up and saw David looking at him, he couldn't help but said in shock: "You...you..."

Before the Zhou family servant could finish speaking, David slapped Just swung it down, and a burst of flames instantly enveloped the servant of the Zhou family!

"Ah....."

Zhou's servants screamed!

This week, the servants of the Zhou family kept pinching the magic formula, water jets fell from the sky and landed on him, trying to extinguish the fire on his body!

But the flame is not affected in the slightest!

Looking at the skills of the servants of the Zhou family, David understood the reason why Zhou Tai was with him despite his low strength.

As far as this body's technique is concerned, it can be regarded as a leader in the world of heaven and man!

It's a pity that he actually wanted to kill David, so he was destined to die soon!
