Chapter 3141

I don't care who you are

"I also used the bones of tiger beasts here to practice ninety-nine eighty-one spears."

"This guy is extremely cruel. You are not the first batch to come here." Those who came to this small island, during these thousands of years, more than a dozen groups of monks discovered this small island and came to this small island!" "In the end, they were all eaten away by

this bone cliff. How long will it take for him to reshape his physical body and leave."

"Your friend should be very dangerous now, so you should go find her as soon as possible." "

This drop of soul blood can help you find that guy, taking advantage of his strength If he has not recovered, he must be killed, otherwise it will be very dangerous."

The old man followed David, and a drop of soul blood slowly condensed from the center of his eyebrows!

And when the soul blood condensed, the figure of the old man became more and more faint, and finally disappeared completely!

"Senior, senior..."

David called out twice, but the old man's voice could no longer be heard!

The surrounding waters rippled, and the spatial dimension slowly disappeared at this moment!

Everyone was still not far from David and the others, immersed in the package of aura!

Thinking that Gao Qilan was in danger, David quickly woke up Ji Yun and the others, and then swam towards the sea!

As for the others, David did not take care of them, and there is no danger here for the time being, if they are willing to immerse themselves in cultivation, then let them!

David's top priority is to rescue Gao Qilan, if something happens to Gao Qilan, David doesn't know how to explain it to Gao Qiqiang!

Soon, David and the others emerged from the surface of the ink sea, and then swam up to the island.

After going to the island, David sacrificed that drop of soul blood in an instant!

Accompanied by the sudden explosion of the soul blood, turning into a cloud of blood mist, there was a burst of ripples on the small island, and it was not far from David and the others!

A disheveled, ragged guy appeared!

I saw that he was still holding an arm in his hand, and he was eating, with blood dripping down the corner of his mouth!

But in front of this guy, there are dense bones, covering the ground!

This person should be the bone cliff that the old man said, looking at the scene in front of him, this bone cliff is simply extremely cruel!

Gao Qilan and a few other monks were all pale and trembling aside, as if they had been greatly frightened!

When seeing this scene, Ji Yun couldn't help but vomited!

Even the other monks on the small island were shocked!

They have been around the island for several days, but they have never seen such a sight!

I don't know what method David used to make another world seem to open up on the island!

“David...David...”

Seeing David and the others suddenly appear, Gao Qilan shouted excitedly!

“Sect Master, save us, save us...”

Several disciples of the Feitian Sect shouted excitedly after seeing Ji Lian fight!

David ran towards Gao Qilan, but just after two steps, he was knocked back by a force!

I saw that Gu Ya threw away the arm he was gnawing on, wiped the blood on his mouth and said, “I still want to enjoy you a little bit, but I don’t want you to take the initiative to send it to your door.” “It seems that the old

man The devil told you, otherwise, how could you break my space barrier and enter my dimension.” “

Old man, let me let you go, and I can let you die happily, otherwise, I will let you die like this!” A remnant soul, experiencing the pain of purgatory.”

David gritted his teeth, and said to Gu Ya in a cold voice! Gu Ya was slightly taken aback, then laughed loudly and said: “Hahaha, ignorant boy, do you know who I am, so you dare

to say such a thing?”

I also let his soul fly away.”

David grabbed it casually, and the Dragon Slaying Sword appeared in his hand, and the aura on his body surged!

Chapter 3142

Heavenly King and Lao Tzu Can’t Do It,

Gao Qilan heard David’s words “My woman”, and his heart suddenly warmed up. It seems that David recognized her identity, and it was not in vain for him to follow her from the far north. David is here!

“It turns out that you are a brat of the Jinlong lineage. No wonder you are so arrogant. Thousands of years ago, I would kill your ancestors without any

difficulty. I am afraid that you are a little guy with half-haired hair.” “Today I will kill you.

” Kill you, eat your flesh and blood, your flesh and blood are much stronger than others!”

After Gu Ya finished speaking, his body shook slightly!

boom!

Suddenly, visions appeared frequently behind the bone cliff, the void exploded, and a hiss shook the world!

Behind the bone cliff, eighty-one sky-holding spears appeared as white as jade, each of which was forged from the leg bones of ancient tigers and beasts!

There are still runes on the Sky Spears that light up slowly, illuminating half of the sky. These Sky Spears are behind Gu Ya, making Gu Ya seem like a fairy descending!

These eighty-one sky-holding spears made the sound of roaring tigers, as if the ancient gods and beasts were awakened, exuding infinite power!

Feeling this power, everyone looked dignified!

Ji Yun, Jin Dong and others all backed away one after another!

Only Ji Lianzhan and Moshan Guilao were still standing beside David!

The two are also gathering strength, ready to join forces with David!

Hum.....

Suddenly, the void trembled, and a sky-holding spear disappeared instantly.

David frowned, and the Dragon Slaying Sword in his hand fiercely slashed towards the void in front of him!

At the same time, he shouted: “You two back off, I’ll deal with this guy, but it’s just a remnant soul, nothing to be afraid of!”

David's current strength has reached the peak of the eighth rank of the Fusion Realm, and he really wants to know how strong he is!

When the sword was cut out, the entire void was shattered, and the disappearing Sky Spear appeared instantly, and directly followed David's sword light to collide fiercely!

A violent explosion sounded, and the whole island seemed to be trembling along with it!

David's feet fell into the ground in an instant, and all the clothes on his body were torn!

Booming...

horrible auras continued to hit David, and the whole island seemed to collapse at any moment!

All the muscles on David's body bulged, and the indestructible golden body was activated, and golden scales covered David's body!

"Broken..."

David yelled loudly, his body rose up suddenly, and the terrifying aura was broken away and dissipated the moment David rose up!

David held the dragon-slaying sword and wore a golden and indestructible golden body, just like a god of war in golden armor!

Looking at David's appearance at this time, many people were full of envy in their hearts. They could see that David's indestructible golden body was definitely a treasure!

"Boy, I didn't expect your physical body to be so strong, and even have treasure armor blessings, but I'm just warming up, how do you feel?"

Gu Ya looked at David with a sneer and asked!

"I don't feel very good, this kind of pediatrics, don't show off in front of me anymore!"

After David finished speaking, a light flashed on his chest, and the power of the dragon in the dragon crystal began to surge!

In David's dantian, the power of the three clans also glowed, and the endless breath began to spread!

At the same time, David's original space was wide open, and the original stars also shone with light!

The origin of thunder and lightning...

The origin of fire...

the origin of illusion...

Although David said it was easy, he didn't look at this bone cliff and mobilized all the power he could mobilize!

The opening of each source made David's aura stronger.

Feeling the opening of David's original breath, everyone was stunned!

What's the situation?

David is only in the body-fit state, he actually has the original space, and he also comprehends the original source.

This is outrageous, outrageously excessive!

The Demon Mountain Ghost stared blankly at David, with his mouth wide open. He had already reached the Transcendence Tribulation Realm and hadn't opened the original space yet. David, a monk in the Composite Realm, actually opened the original space?

Chapter 3143

Huluo Pingyang was bullied by a dog

"You really have something, no wonder you are so arrogant. Just a mere fit state opened up the origin space, and I realized several origins. Even in ancient times, I was considered a genius You are a character!"

“It’s just that you are unlucky, and if you meet me, even if you open up your original source, what can you change?”

Gu Ya said with a cold smile!

“Then try...”

David shouted loudly, swung the Dragon Slaying Sword in his hand upwards, and instantly sent the Sky-Holding Spear flying!

With David’s sword, a golden light appeared, which instantly reflected the entire sky, and the entire sky seemed to become a golden galaxy!

Even the sea water, which was as black as ink, changed color under the golden light!

Gu Ya frowned slightly, and the Sky Spear behind him disappeared in an instant, and gathered together with the Sky Spear that was blown away!

Eighty-one holding spears directly gathered into one!

Gu Ya leaped forward, grabbed the Sky Spear, and a roar of a tiger erupted from the Sky Spear, a force of destructive force erupted in an instant!

Boom.....

David’s sword collided with the force from the Sky Spear, causing the surrounding space to distort instantly, and the surrounding sea instantly set off a huge wave of 100 meters!

This kind of power made everyone on the island feel suffocated.

“This power is not inferior to mine at all. Mr. Chen is so powerful. He is only at the eighth stage of the Body Fit Realm. It’s too scary...” The

devil mountain ghost looked shocked, although he Level three, but compared with David’s attack just now, he admits that he can’t even use it!

It’s too scary, how could this be the power that a monk of the eighth rank of the Compatible Body Realm can erupt?

Seeing this blow, Ji Lianzhan’s expression became a little complicated!

As the suzerain of the Feitian Sect, a monk who had just been promoted to the Transcending Tribulation Realm, was shocked by the aftermath of David's blow just now!

Just now he instinctively wanted to run, because the blow just now and the aftermath of the explosion made everyone feel the danger!

It would be a shame if he turned around and ran away!

Not to mention the others, all of them had grim faces, trying their best to resist the aftermath of the explosion!

At this moment, under this blow, Gu Ya's body suddenly retreated, and the Sky Spear in his hand dissipated in an instant, and turned into streamers of light, piercing directly onto the island!

Eighty-one sky-holding spears formed a strange pattern on the small island!

Looking down from mid-air, Gu Ya's face instantly became extremely ugly, because the eighty-one sky-holding spears were placed directly into a big hand with the middle finger raised!

Obviously, David was using this method to humiliate him!

Seeing that David knocked down the Sky Spear with one blow, everyone secretly breathed a sigh of relief!

Even the other monks silently prayed for David's victory. After all, David's victory allowed them to survive, otherwise they would all be eaten by this bone cliff!

"Your broken bones are not bad. They didn't break under my Dragon Slaying Sword." "However, my Dragon Slaying

Sword's sword spirit was damaged, so its power has not been fully exerted. Otherwise, these few bones of yours Broken bones, already turned into scum."

David said with a sneer!

Listening to David's words, Gu Ya's face was full of anger. As a strong man in ancient times, although there was only a wisp of remnant soul left, his divine power was still there. Gu Ya is going to die of anger!

This is exactly when the tiger falls in Pingyang and is bullied by dogs, and the dragon falls in the shallows and is teased by shrimps.

Gu Ya waved his hands, and the eighty-one sky-holding spears came back behind him, but at this time Gu Ya was surprised to find that some of the eighty-one sky-holding spears had cracks!

Chapter 3144

Underestimating

this almost made Gu Ya's jaw drop. These spears were made from the leg bones of ancient tiger beasts, and they were blessed with various runes. After David's blow, Come on, there is a crack?

Moreover, David's dragon-slaying sword has not exerted its full power. Is this too outrageous?

"Boy, it seems that I really underestimated you, but no matter how strong you are, you are nothing more than a bigger ant in my eyes."

Gu Ya still said arrogantly!

After finishing speaking, I saw that Gu Ya put his hands together in front of his chest, and a drop of soul blood was forced out from between his eyebrows!

The soul blood floated up slowly, and then exploded suddenly, forming a cloud of blood mist. This blood mist enveloped all the Sky Spears!

Under the blessing of this blood mist, the runes on the Sky Spear began to flicker and turned red!

When David saw this, he didn't hesitate, but waved the dragon-slaying sword, and his whole body turned into a bolt of lightning and rushed towards the bone cliff.

Seeing this, Gu Ya put the Sky Spear together again, and then followed David to fight with the Sky Spear!

The Sky Spear in Gu Ya's hand, every time he swung it, countless phantoms would shuttle back and forth, and he could even see fierce tigers in the void opening their mouths wide and attacking David!

And David was holding the dragon-slaying sword, shuttling through the phantoms all over the sky, as if facing countless strong attacks at the same time!

David's speed was also extremely fast, setting off sword lights all over the sky, both of them broke out with full strength!

No one dared to leave any leeway, everyone could only see, in the mid-air, sword shadows shuttled, and there were bursts of whistling sounds, like the abyss of hell!

It can be said that the two people were fighting in a dark world, the sun and the moon were dark, and everyone was stunned!

At this point, David and Gu Ya can no longer be distinguished, only incomplete figures can be seen all over the sky, and even the trajectory of the two people's movements can't be distinguished!

"This is too terrifying. If we rush up to help, we will be strangled in an instant."

Ji Lianzhan said with cold sweat on his forehead as he watched the terrifying battle!

As a cultivator in the Transcending Tribulation Realm, Ji Lianzhan believed that even if he was fighting by himself, it would be impossible for him to have such a terrifying scene. David's fighting power was simply beyond his imagination!

Who would have thought that a little cultivator in the Composite Realm would burst out with stronger aura and strength than those cultivators in the Transcending Tribulation Realm?

And the other monks were full of disbelief!

They thought David was crazy enough to trigger Lei Jie to kill the silver-feathered eagle, but they didn't expect David to be able to fight fiercely with this ancient monk!

How could this speed, this strength, be possessed by a monk in the Composite Realm?

Everyone's jaws almost dropped in shock. If they were fighting David, they would have been killed in seconds!

Boom.....

Accompanied by a loud bang, a golden light suddenly appeared in the sky, and with a sound of dragon chant, Gu Ya's body flew backwards!

Holding the Sky Spear tightly in his hand, Gu Ya knew that if he let go, the Sky Spear might not be his own!

After Gu Ya flew upside down for a certain distance, his face became extremely ugly, he gritted his teeth and stared at David!

But David was calm and relaxed, his face was still calm!

"I just broke through, and it really takes a hearty battle to stimulate the potential in my body."

David felt that the fight was very enjoyable!

But that bone cliff is a bit sad, David regards himself as a trainer, and doesn't regard himself as an opponent at all!

Bone Cliff, which has survived for thousands of years, has never been so underestimated!

"Boy, if I'm not the body of a remnant soul, how can I allow you to act wildly, but don't underestimate me. Even if I fight this remnant soul to perish today, I will let you die!

" Follow David to die together!

I saw Gu Ya let go of the Sky Spear in his hand, and a faint blood-colored light radiated from around his body!

## Chapter 3145

### Sue Die

The rune on the Sky Spear lights up again, and from Gu Ya's body, there are bursts of roaring tigers!

Immediately afterwards, Gu Ya's body became lighter and lighter, and then a tiger overlapped with Gu Ya's body!

As the tiger rushed out, the Sky Spear merged with the tiger, and a reddish halo surged around the tiger, causing the space to continuously distort, making it impossible to see the tiger's appearance clearly!

This fierce tiger is like a projector, projecting it into the midair, but the terrifying aura on its body obviously has the blood of ancient beasts awakened!

The tiger seemed to merge with the whole space, and even Gu Ya's body seemed to become transparent!

There was a red light shining in the tiger's eyes, shining on David like two spotlights!

"Boy, even if my main body dies and my strength is damaged, the magical powers I possess are beyond the comprehension of a little celestial cultivator like you. Just wait and die!" Gu Ya finished speaking

, With a light wave of his palm, the tiger let out a roar, and suddenly moved towards David!

Sometimes this fierce tiger is in the shape of a tiger, and sometimes it becomes that spear holding the sky. It is impossible to tell what is attacking!

David faced the attack with a sneer on the corner of his mouth!

Immediately afterwards, I saw David in mid-air, who suddenly disappeared, and when he reappeared, he turned into six identical David!

The aura of each David is exactly the same, and it is almost impossible to tell them apart by their aura!

Gu Ya was taken aback by this sudden change, and even the tiger stopped for a moment, not knowing how to attack!

“Hmph, little illusion, you also want to stump me?”

Gu Ya snorted coldly, and then the vision behind the whole person shook, and the sky-holding spears instantly dispersed, turning into eighty-one sky-holding spears again!

Every sky-holding spear turned into a fierce tiger, howling roars!

For a moment, the tiger’s roar resounded throughout the small island. This roar was so powerful that it made everyone feel a tightness in their chests, as if their bodies were being pressed down by a huge boulder!

Eighty-one fierce tigers, facing six David, almost surrounded David in the middle!

This time, everyone became nervous. After all, in this situation, would David still have the strength to fight back?

They all thought that David’s clone was just a phantom, but in fact there was only one David’s body.

But they didn’t know that these six Chen Pings could be said to be all bodies, and they all had the breath and ability of David’s body!

“Boy, let me take a look at your little illusion, how can you hide.”

Gu Ya snorted coldly!

But David did not panic, held up the Dragon Slaying Sword, and suddenly let out a dragon whistle!

I saw a bright golden light blooming from David’s body, and the power of the dragon pierced through the Dragon Slaying Sword, soaring straight into the sky!

Immediately afterwards, David’s six figures overlapped together, and the golden light became even brighter!

Soon, behind David, a golden dragon figure slowly appeared!

A huge golden dragon hovered in the air, with a pair of eyes the size of a bucket!

The golden dragon let out a roar, and the terrifying aura made the entire void tremble!

Even in the face of more than 80 fierce tigers, Jinlong still exudes majesty, and his eyes are full of contempt!

Seeing the golden dragon coming out behind David, Gu Ya's expression changed immediately!

It never occurred to him that a mere junior of the Golden Dragon clan, a mere little cultivator in the Fit state, would burst out with the Golden Dragon Soul?

This is simply impossible, only the most pure and noble blood of the Golden Dragon Clan can burst out the Golden Dragon Soul!

And how could David, a little cultivator in the world of heaven and man, be the noblest bloodline of the golden dragon lineage?

Impossible, absolutely impossible...

But the golden dragon roaming above David's head, it really appeared in front of his eyes, Gu Ya didn't want to admit it!
