

## A Man Like None Other

### Chapter 3203

Liu Ruyan and Gao Qilan looked at David with some resentment!

Huofeng can follow, but they can't. No one is happy, but they also know that they are not strong enough now, and following David will only burden David!

At this moment, especially Gao Qilan, who followed all the way from the far north, and now has to be separated from David!

The most important thing is that all these women have served David and they are all very happy. She is the only one who has not been favored by David!

This made Gao Qilan always feel that she was inferior to others!

Looking at Gao Qilan's look, Huo Feng seemed to understand something, so he came close to David and whispered a few times!

After hearing this, David looked at Gao Qilan and found that Gao Qilan's eyes were full of desire!

"Okay, let's get ready. We'll set off in a moment."

David waved his hand and said!

"Mr. Chen, please take care of yourself. The nearest teleportation array is thousands of miles away. From there, you can teleport to the Central Continent, and then teleport from the Central Continent to the Southern Continent." "Although there is a teleportation array, this

teleportation The formation is not open every day, so whether you can catch up with the opening of the teleportation formation depends on luck."

Yihe said to David!

"Well, I understand, you must protect the safety of the Jade Cauldron Sect."

David said to Yihe!

The Jade Cauldron Sect has now become a gathering place for David's women. He can't let anything happen to the Jade Cauldron Sect!

“Don’t worry, Mr. Chen. After I go back, I will send a large army to station around the Jade Cauldron Sect. And now that Mingli Royal City is also occupied by us, the Jade Cauldron Sect will be very safe between the two cities.” Yihe was very serious

. Guaranteed!

Soon, everyone walked out one after another. When Gao Qilan was walking out, Huofeng naughtily stopped Gao Qilan!

“Sister Qilan, don’t go out. The master seems to have something to say to you.”

After Huofeng stopped Gao Qilan, he walked out!

While Gao Qilan was still confused, David suddenly picked him up and walked towards the room inside!

After a while, the room was filled with spring, and there were bursts of sweet sounds!

Huofeng eavesdropped outside and couldn’t help laughing!

Gradually there was no sound in the room. When the door opened, Gao Qilan walked out in a somewhat embarrassed manner!

“Sister Qilan, how do you feel?”

Huofeng stepped forward and asked playfully!

Gao Qilan blushed and ran away quickly, but his running posture was a bit strange!

When David saw Huo Feng eavesdropping outside, he couldn’t help but glared and said, “Are you all ready?”

“Already, Ji Yun’s airship has also started. We will set off after you finish... ..”

Huofeng said with a smile!

“Let’s go.” David waved his hand!

When David and the others boarded the airship, everyone from the Jade Cauldron Sect came out to see them off!

Especially Liu Ruyan, Gao Qilan and Yu Jiameng, although there is reluctance in their eyes, they are helpless!

The airship slowly began to take off, and everyone in the Jade Cauldron Sect waved goodbye!

They don't know how long it will take David to come back after leaving!

They don't know how long it will take to see each other again. Now all Liu Ruyan and the others can do is practice hard and improve their strength as soon as possible!

Only then can they become David's helpers instead of being a burden!

The airship flew slowly towards the distance, until there was no trace of the airship, Gao Qilan and the others were still unwilling to leave, looking at the sky quietly!

"Huofeng, how often does this teleportation array open?"

David looked at the sky outside the window and asked Huofeng!

"I don't know. There is no fixed time for the teleportation array to be opened, because each time the teleportation array is opened, a lot of resources are consumed. If there are fewer people using the teleportation array, then you need to wait until there are enough people to open it. ."

"But this time there is a battlefield of gods and demons appearing in Tianmo Mountain. It is estimated that there are many people going to Tianmo Mountain, so the activation time of this teleportation array will be very short."

Huofeng explained!

David nodded after hearing this. He was not talking, but looked at the scenery outside the window in a daze!

## Chapter 3204

After the barbarians flew for a day and night, the airship slowly landed in a small town with a teleportation array!

Putting away the flying boat, David and the others headed towards the place where the teleportation array was located.

After everyone paid millions of spirit coins, the three were qualified to enter the teleportation array!

After several inspections, the three of David finally saw that there was a formation pattern hundreds of meters in front of them, which was the teleportation formation!

The pattern of this formation is extremely complicated, and there is also a dark stream of light inside, revealing an ancient atmosphere!

These are the teleportation formations left over from the ancient times. With the level of the monks in the heavenly world, no one can lay such a huge formation!

In the past, there were many such teleportation arrays in the Celestial Realm. After all, the Celestial Realm is vast and boundless, and its area is hundreds or even thousands of times larger than the secular world!

With the teleportation array, the travel time between the two places can be greatly shortened!

But such a huge formation requires extremely resource-intensive maintenance and opening!

So many teleportation arrays have been in disrepair for a long time, or have been destroyed, and there are not many teleportation arrays left!

It may be because the news about Tianmo Mountain has spread, and there are hundreds of monks around the teleportation array at this moment!

But at the entrance to the teleportation array, a noisy voice came: "Is the teleportation array activated? We have been waiting for three days, and there are hundreds of people now. Why hasn't it been activated yet?" "That's right, too

. It's too much. We have paid millions of spirit coins and we still have to wait endlessly.” “

You people from the Juman Palace are simply greedy...”

A group of monks shouted loudly, and in front of them, there were two people who were more than two meters tall, extremely large, and wearing animal bone accessories!

Facing the accusations of many monks, these two people didn't even look at it, as if they didn't hear it!

Behind them, the passage into the teleportation array is closing at the moment!

“There are hundreds of people here, why haven't the teleportation arrays started yet? If there are too many people teleporting at once and the teleportation array is overloaded, it will be damaged, which is dangerous.” Huo Feng glanced at the black monks around him

. , couldn't help but say!

“The people in Juman Palace are very greedy, even more greedy than my father. This time so many people came to sit on the teleportation array, they will definitely make a lot of money.” “We'll wait and see, maybe we have to

temporarily The price has increased...”

Ji Yun said helplessly!

“What kind of gang is this Juman Palace? Why do they control the teleportation array?”

David was a little confused!

Moreover, he saw that the two people guarding the teleportation array were very large and powerful, but the aura exuding from them was not very powerful!

“Mr. Chen, the people in this Giant Barbarian Palace are all descendants of the former barbarian tribes. These people admire strength and have some connections with the ancient body-refining clan. The difference is that the

people in these Giant Barbarian Palaces are very wild, like It's exactly the same without evolution."

"They practice not by relying on the spiritual energy of heaven and earth, but by hunting some monster beasts, eating their meat raw, and drinking their blood raw. They believe that only in this way can they maximize their body's potential." Ji

Yun Follow David's introduction!

After hearing this, David couldn't help but smile and said, "Aren't you talking about the barbarians?" "

Well, they are all descendants of barbarians. Because this teleportation array is on the territory of their Jubarian Palace, it is managed by them. These This guy is also extremely greedy by nature."

"Hundreds of monks are surrounding you now. Seeing this, they will definitely raise the price."

Just as Ji Yun finished speaking, there was another argument at the entrance of the teleportation array!

"Are you barbarians unreasonable? Although this teleportation array is on the territory of your Juman Palace, it does not belong to your Juman Palace. You only have the right to manage it. Barbarians like you, even in ancient times, have no power at all. I don't have the ability to set up this teleportation array."

Chapter 3205

Parents A monk is really unhappy. He has been waiting here for three full days, but now hundreds of people are gathered here, and the teleportation array has not been activated yet. This is a bit outrageous!

"How dare you humiliate our ancestors and seek death..."

A person from the Juman Palace suddenly stared and kicked the monk who had just vented his dissatisfaction!

The monk instinctively wanted to dodge, but there were people around him and there was no room to dodge!

Boom.....

The cultivator was kicked into the air, and then fell heavily behind the crowd!

Seeing this scene, no one dared to help. After all, they were not familiar with each other. No one wanted to provoke the people of Juman Palace for a stranger. After all, they had to ride in someone else's teleportation array!

With this kick, the monks who were dissatisfied just now all shut up. Although it was obvious that they were very unconvinced, they did not dare to say anything!

"These people from the Giant Barbarian Palace are too domineering..."

Seeing this, Ji Yun couldn't help being filled with righteous indignation!

"Hmph, they are just a bunch of barbarians. Now they are guarding a teleportation array. They really take themselves seriously."

Huo Feng snorted coldly, and was also very dissatisfied with the actions of these people in the Juman Palace!

And the two people from the Juman Palace saw that all the monks had become honest, lowered their heads and said nothing, and their faces became even more unruly!

In their opinion, these monks who use the teleportation array are their fish and meat, and they can be slaughtered at will!

"Beat someone if you disagree with me, aren't you a bit too domineering..."

Seeing that no one came forward, David spoke at this moment!

"Who? Who dares to meddle in other people's business?"

A person from Juman Palace looked around and shouted!

At this moment, everyone gave way to a path, and David and the other three slowly stepped forward!

Many monks around looked at David and the others and found that David and the others were all young monks in the Fusion Realm, and they couldn't help but worry!

If you are very powerful, you can exchange a few words with people from the Juman Palace, but it won't be a big deal. But with David's strength, if they provoke the Juman Palace, there won't be any good results!

The two guys from the Juman Palace who were guarding the entrance to the teleportation array, saw that David and the others were only in the Fusion Realm, and they immediately sneered!

"Who was meddling just now?"

A guy from Juman Palace looked at David and the others and asked!

"Is it me?" David said slowly: "It's a bit too much to hit someone when you disagree. Besides, we paid to ride in the teleportation array. Since we spent money, we are customers and your parents. "

Do you treat your parents like you? If none of us come to sit in this teleportation array, how will your Juman Palace make money? You stupid guys will starve to death by then." David said to the Juman

Palace's People just spit out their words!

David's words touched the hearts of many monks, and they couldn't help but applaud David!

At this moment, the two guys from the Giant Barbarian Palace became angry, with a violent aura erupting from their bodies, and their eyes stared at David like bull's eyes!

Just when the two guys were about to attack David, a cold and arrogant voice suddenly sounded: "Who dares to say that our Juman Palace doesn't want to live anymore?" Following the sound, a strong wind followed everyone

. The fierce hurricane roared past, causing many monks to retreat, and some were even knocked to the ground!

Then a figure fell in front of David. When the two Juman Palace disciples saw the person, they immediately knelt down and saluted: "I pay my respects to the Young Palace Master..."

David narrowed his eyes slightly and looked at the person. This person was also very tall and the clothes on his body were also very gorgeous. The most important thing was that this guy had two nose rings on his nose, which looked like Like a buffalo!

And this man looked at David coldly and arrogantly, his eyes full of disdain.
