Chapter 3313

Looking at Sikong Zhen's look, David knew that these were caused by the golden silkworm poison!

David did not expect that Protector Gong would not even let Sikong Zhen off!

He deceived Sikong Zhen from the beginning, asking Sikong Zhen to hold David down so that he could use his methods to release these golden silkworm poisons!

"Ah..."

Sikong Zhen roared, his expression looking very painful!

Soon, Sikong Zhen's expression became more and more dull, and finally his eyes became hollow and lifeless, and he stood there like a zombie!

This is a symptom of Sikong Zhen's soul being cannibalized. Now Sikong Zhen is just a shell, and it won't take long for him to become a monster's meal!

Sikong Zhen worked hard and finally ended up like this!

This can be considered retribution!

Sikong Zhen's mouth opened, and the poisonous insects crawled out of Sikong Zhen's mouth. The shape of the poisonous insects that had just come out could still be seen!

When David saw this, he quickly fired a ball of fire, intending to use it to burn these poisonous insects to death!

The fire burned together with Sikong Zhen's body!

Soon, Sikong Zhen's body was burned to ashes, but the poisonous insects were not harmed at all!

“Damn, there are poisonous insects that are not afraid of fire. These golden silkworm poisons are too powerful.”

When David saw this, he could only turn around and run away!

“Mr. Chen, these golden silkworm poisons are ancient poisonous insects. There are very few people who can raise such poisonous insects now. If that guy hadn’t been trying to save his life, he probably wouldn’t have released these golden silkworm poisons so quickly. “

Zhe Yan said!

Zhe Yan was right. Protector Gong, who had escaped at this moment, was already heartbroken. These golden silkworm poisons were his biggest support and his trump card!

Even the people in the Soulless Palace don’t know about these trump cards. In order to raise these golden silkworm poisons, Protector Gong took a lot of resources, not to improve his own strength, but to raise these poisonous insects.

And the pain experienced every time is not something that ordinary people can bear!

The poisonous insects that Protector Gong worked so hard to raise were all used on David. This made Protector Gong very sad, but there was nothing he could do!

The golden silkworm poison was once again dissolved in the void at this moment. Even if David used his spiritual consciousness, he couldn’t detect it at all!

If anyone comes here now, they will definitely be injured by poisonous insects, and they will be attacked by poisonous insects without even realizing it!

The poisonous insects were so fast that David could only run away desperately and had no ability to pursue Protector Gong!

“Zhe Yan, is there no time when these golden silkworm poisons will stop? Will they keep attacking?”

David didn't understand. No matter how powerful these poisonous insects are, there will always be a time when they stop, right?

"As long as this golden silkworm poison is released, it must eat away at the soul until it is full, and then it will slowly stop, and then turn into a pupa shape, waiting for the next host to raise." "If no one raises these golden silkworms

, The silkworm chrysalis will slowly disappear..."

Zhe Yan explained after David!

When David heard this, he was immediately confused. What a joke if these golden silkworms are full of poison!

Just when David was running away desperately, Mr. Miao came towards him with his men!

They were afraid that David was in danger, so they chased him!

Seeing Mr. Miao and the others coming towards him, David was shocked and hurriedly shouted, "Don't come here, run, run..."

Mr. Miao and the others were stunned and looked at him at a loss. David!

They found that there was nothing behind David, but David was very panicked!

"Run quickly, run quickly..."

Seeing Mr. Miao and others standing still, David shouted anxiously again!

But it's too late, David is about to join Miao Lao and others!

If David runs over, those golden silkworm poisons will definitely follow him. By then, none of Mr. Miao and the others will be able to escape!

Chapter 3314

Thinking of this, David gritted his teeth and stopped!

As soon as David stopped, he suddenly felt something strange in his body, followed by a pain from a distance!

David felt as if his soul was being peeled off bit by bit!

Seeing David's ferocious expression, Mr. Miao and others wanted to step forward to help!

"Don't come here, stay away from here quickly, there are poisonous insects here..."

David reminded loudly!

When Mr. Miao and others heard this, they were so frightened that they did not dare to come near, so they could only move back!

All those golden silkworm poisons entered David's body, and then in David's sea of consciousness, they desperately ate away at David's soul!

David was already sweating profusely at this moment. He was helpless to deal with these poisonous insects that entered the sea of consciousness. He could only watch helplessly as these golden silkworm poisons ate away at his soul!

Zhe Yan on the side looked very anxious, but he couldn't help at all. He only had this ray of life left. If those golden silkworm poisons saw him, they would definitely eat him directly. It fell!

Mr. Miao and others were also very anxious. Looking at David's ferocious look, they didn't know what happened to David!

At this moment, David felt dizzy and his mind was a little unclear!

Seeing David losing consciousness little by little, a golden light suddenly flashed up in David's sea of consciousness. It was the golden light emitted by the Daluo Golden Code. Then the golden silkworm poison stopped instantly, and then he tried his best to want to escape from David's sea of consciousness!

But the golden light became more and more intense, and finally all the golden silkworm poison was actually under this golden light, and the body was slowly dissipating!

When all the golden silkworm poison disappeared, David's pain disappeared, and where the golden silkworm poison had been, a silkworm chrysalis appeared!

David was very curious, why did these golden silkworm poisons suddenly disappear, and a silkworm chrysalis appeared?

Under David's gaze, the silkworm chrysalis slowly squirmed, and finally a golden silkworm poisonous larvae emerged from the shell!

This golden silkworm GuThe poisonous larvae look a bit strange, their whole body is actually golden, and they look a bit cute, but there is no way to associate them with poisonous insects!

"Mr. Chen, this golden silkworm poison larvae is so special. Could it be the king insect of golden silkworm poison? If so, it would make you rich." "There are very few

golden silkworm poisons now. If we can I got a king insect and when I raise it, I can become Mr. Chen's powerful assistant."

Zhe Yan said excitedly!

David didn't know if this was the king insect of the golden silkworm poison, but since such a golden silkworm poison larva suddenly appeared, David would keep it!

This golden silkworm poison is really powerful, and David himself is helpless. If it weren't for the Great Luo Jindian in his consciousness, he would have been eaten by his soul and turned into a body!

"Then you should take good care of it. If it sucks blood, let it suck blood. Just one of them can't suck much!"

David actually handed the golden silkworm poisonous larvae to Zhe Yan!

Zhe Yan was also very happy. This time he finally had a companion, even if it was a bug!

"Little brother, are you okay?"

Mr. Miao approached cautiously and asked David!

“It’s okay.” David shook his head, and then asked, “Miao Miao, where are those demon cultivators?” “They

ran away. These guys are very familiar with this place, and we couldn’t catch up.”

Miao Lao sighed!

After all, these demon cultivators have stayed in the Chilian Mountains for many years and are already very familiar with this place. It is the first time for many of them, Mr. Miao, to enter here. Of course, it is impossible to catch up.

“Just run away. After this time, they probably won’t dare to cause trouble anymore. Let’s go see Boss Cai and the others.”

David took Mr. Miao and others to look for Cai Hongwei and the others.

At this time, Cai Hongwei and others were behind a hidden boulder, and Pharmacist Chen was refining elixirs to heal Cai Hongwei’s injuries!

Miao Miao looked around nervously, her eyes full of worry. She was afraid that something would happen to her grandfather.

Chapter 3315

Huofeng and Ji Yun are also worried about David. After all, those demon cultivators are not easy to deal with!

But just when everyone was worried, David, Miao Lao and others had already come looking for him!

“Mr. Chen, are you okay?”

Ji Yun saw David and hurriedly rushed to greet him!

“Grandpa...” Seeing that Mr. Miao was fine, Miao Miao also shouted happily!

“It’s okay, those demon cultivators have been beaten away.”

Mr. Miao said with a faint smile!

At this time, Pharmacist Chen, who was refining the elixir, saw David coming, and immediately came over and said, “Mr. Medicine Master, although Boss Cai’s injury is not serious, it is probably very difficult to walk out of the Chilian Mountains on foot, and he will need to rest for two days. Why don’t you help me?”

Pharmacist Chen knew that his level was not as good as David’s, so he said humbly!

David just glanced at Cai Hongwei, and then said, “He injured his meridians and really needs to rest for a while, but we must find a safe place first.” “

Monsters are rampant in the Chilian Mountains, and now there are demon cultivators. “Where is there a safe place?”

Pharmacist Chen was a little confused!

It was the first time for many of them to enter the Chilian Mountains, and they had no idea where it was safe!

“I know a place that should be safer. Even if there are monsters, they will hide in that place.” “There is

a cave there. I have been in it before. There is nothing in it, but within ten miles of the cave , no monsters have entered, which is very strange.”

Cai Hongwei said!

He has walked in the Chilian Mountains many times, so it is normal for him to know some places that others don’t know!

“The monsters don’t dare to set foot there?” David looked a little confused after hearing this. “If that’s the case, there must be something in that place that scares the monsters, right?” “

I thought so at the time, but I was in the cave. I did check and found nothing. I also doubted whether there was a treasure in that place, but I never found it.”

Cai Hongwei explained after David!

r> “Then let’s go to the cave to rest for a day, and wait until Boss Cai is better before heading on the road.”

David suggested.

Everyone agreed with David's proposal. After all, without Cai Hongwei leading the way, they would not be able to get out of the Chilian Mountains.

What's more, the battle just now made everyone very tired. They need to take a good rest and replenish their spiritual power!

Everyone supported Cai Hongwei and started heading towards the cave Cai Hongwei mentioned!

On the other side, Protector Gong also joined Elder Fei and others!

What was supposed to be a sure win ended up being chased!

"Damn it, I didn't expect that this kid would have a master by his side. He almost fell into trouble..."

Elder Fei gritted his teeth and said angrily!

"Elder Fei, what should we do? Now that the human monks are united, it is estimated that it will be difficult for us to attack David in the Chilian Mountains."

Protector Gong asked!

David almost lost his life, and he also released all the golden silkworm poison he had finally cultivated. It was a huge loss!

"After the Chilian Mountains, we will reach the Falling Sun City in the Southern Territory. They will definitely be repairing it there. Let's go to the Falling Sun City to contact the Demon Sealing Alliance in the city first." "Now, I'm afraid we won't be able to kill them with our strength alone

. That kid is David."

Elder Fei said solemnly!

"Elder, if we go to Yuanri City, our identity will be discovered by the aura on our bodies. We are all demon cultivators. Isn't it too dangerous to go to such a densely populated city?" Protector Gong asked in surprise

!

If it weren't for the fear of discovery, Protector Gong wouldn't have been able to lead people to stay in the Chilian Mountains for many years and suffer like a savage!

"Don't worry, I have pills here to cover up your aura. If you take them, you won't reveal your identity."

Elder Fei took out some pills from his body and distributed them!

Protector Gong knew that Elder Fei's pills must have been given by the Demon Sealing Alliance. After all, he was the only pharmacist in their Soulless Palace who could refine pills.

Chapter 3316

David and the others on the other side, led by Cai Hongwei, have now arrived around the cave!

"The cave is right ahead..."

Cai Hongwei pointed to the front and said!

David discovered that the trees in front of him began to grow taller, obviously different from other places, and the roaring sounds of the surrounding monsters disappeared! Chen

Ping frowned slightly. He knew that there must be something in this place, so that the flowers, plants and trees here were different from other places!

But David doesn't know what it is specifically!

Just when David and the others were about to step into the cave, a huge figure suddenly jumped out and stood in front of David and the others!

Everyone was startled, and when they looked closely they found that it was the Tiger King!

The sudden appearance of the Silver Red Tiger King made everyone nervous!

However, David was not afraid. Instead, he stepped forward, looked at Tiger King and said, “Why are you blocking our way?” “Don’t move forward.

The area in front is a restricted area. It will be very dangerous for you to enter.”

King Tiger reminded David!

“Restricted area?” David was stunned!

“What kind of restricted area? I’ve obviously been in it...”

Cai Hongwei hurriedly retorted to Tiger King!

The Tiger King ignored Cai Hongwei and continued to say to David, “If it wasn’t for you to help us detoxify, I wouldn’t have told you. It’s really dangerous here. You’d better not go in!” “What’s going on here?

” What is there? All the monsters dare not go in?”

David asked curiously!

“Don’t ask, I’m just kindly reminding you. As for whether you listen or not, that’s your own choice.” After the

Tiger King finished speaking, he disappeared with a straight body!

At this time, everyone was a little confused, and David also started to hesitate!

Everyone’s eyes are on Cai Hongwei!>

“I have indeed gone in. I’m not lying to you. There is nothing in the cave, and there is nothing around here.”

Cai Hongwei tried his best to explain.

“Boss Cai, I believe you, let’s go...”

David finally decided to go in and see what dangers there were!

Everyone continued to move forward and soon stepped into the surroundings of the cave!

After just stepping into that range, David suddenly felt a familiar aura!

In this void, there is something different from spiritual energy!

You must know that the entire heaven and human world is filled with spiritual energy, but the atmosphere here is different from spiritual energy!

David felt a little familiar, but couldn't remember it for a moment!

After David stepped in, the fire phoenix frowned instantly!

"Master, this area doesn't seem to be safe. It should be occupied by monsters." "

As soon as I entered here, I felt warnings and threats. This should be left by other monsters."

Fire Phoenix is also a beast. The clan is particularly sensitive to the warnings and threats from the beast clan!

David also felt something was wrong, but he couldn't remember what was wrong!

"Don't make any noise first, wait and see what happens..."

David reminded Huo Feng, don't talk nonsense yet, otherwise, he will cause panic!

Soon, everyone came to a cave. The entrance of the cave was very large and it was pitch black inside!

After walking into the cave, I found that the cave was not very deep and very spacious. There was nothing in the cave, and there were no monsters!

If the Tiger King hadn't warned him in advance, David would have thought this cave was the safest place!

"I have told you before that there is nothing in this cave. Look what's empty!" "

Don't listen to that demon tiger. I don't know what the demon tiger has in mind."

Cai Hongwei thought that the Tiger King was just scaring them. Now It seems that there is indeed no danger!
