Chapter 3317

“Since there is no danger, everyone should rest quickly and regain their strength. I will refine some elixirs for Boss Cai first, so that he can recover early tomorrow morning...”

David said to everyone!

Everyone began to sit cross-legged and regain their strength!

David quickly refined the elixir for Cai Hongwei to repair his meridians. Cai Hongwei had to recover to his peak as soon as possible so that they could successfully pass through the Chilian Mountains. Otherwise, if he had been supporting Cai Hongwei, when would he be able to walk out!

After everyone took a rest, David slowly walked out of the cave!

It was quiet around the cave, without a sound, not even the roar of monsters!

David felt the atmosphere of this place quietly. He always felt that the atmosphere was familiar, but he couldn't remember it!

“Master, why don't you go and take a rest?”

Fire Phoenix also walked out of the cave and asked!

“I always feel that there is a familiar atmosphere here, but I can't remember it.”

David frowned slightly!

“Master, there must be a monster occupying this place. I can feel it, but I can't feel what kind of monster it is.” “And the

trees in this area are obviously different from other places. It seems that they occupy this place. The monster will definitely not be an ordinary monster.”

Huo Feng said!

“Of course, even the silver-red tiger king didn’t dare to approach, and he even persuaded us that the monsters in this place are definitely not ordinary.”

David also understood how the monsters that even the silver-red tiger king was afraid of It might be an ordinary monster!

“Let’s take a look around. This place is not big. If the monster is still there, we will definitely be able to find it.”

David took Huo Feng and began to explore around the entrance of the cave to see what it was like. The monster has taken over this place!

But after turning around twice in a row, he found nothing, which made David very puzzled!

It stands to reason that a monster that is more powerful than the Silver Scarlet Tiger Tiger King must be very huge, and it is impossible not to discover it!

“Maybe the monster is not here, so that’s okay. We can leave after taking a rest to avoid any conflicts!”

Seeing that the monster was not found, Huo Feng said!

David could only nod his head, “Let’s go back...”

But just when David and Huo Feng were about to enter the cave, the ground suddenly trembled, and powerful aura waves surged out from the cave.

David and Huo Feng were stunned for a moment, and then they heard roars one after another, and Mr. Miao and the others ran out of the cave one after another!

Everyone had panic on their faces and yelled “Dragon, there is a dragon...”

When everyone ran out, a hot wave of heat came out of the hole!

Then a head as big as a house emerged from the hole!

When David saw this, he quickly led everyone back!

Soon, half of the dragon’s body emerged from the hole. Only half of its body was exposed, and it was already dozens of meters long!

David could tell at a glance that this was not a dragon, but a dragon. Because it was about to transform into a dragon, it looked very similar!

This kind of dragon is considered a type of snake, not a dragon!

“How...how could there be a dragon in this cave?”

Cai Hongwei was so frightened. He had just said that the cave was very safe, but now a huge dragon appeared!

“This dragon is too powerful. We can’t bear the lightness of its aura.”

Mr. Miao’s face was also extremely pale!

After all, they have no power to fight back when encountering such a monster!

When Huofeng saw the dragon in front of him, he was shocked and said, “It’s such a big dragon. This is the first time I’ve seen it. You know, if a dragon turns into a dragon, it’s a narrow escape.” At this moment, the dragon looked at it with his big eyes

. David and the other monks!

Chapter 3318

David finally remembered why he felt familiar when he came here!

It turned out to be the breath of this dragon, with a trace of dragon energy.

Because this dragon has not completely transformed into a dragon, the dragon energy it exudes is very little, and it is not pure yet, so David feels a little familiar, but he can’t remember it!

“You human monks, you are so brave, you dare to break into my territory privately. This is your first offense, please leave here quickly, otherwise, I will not be polite.” Jiaolong uttered human words and threatened David and the others

. !

When everyone heard Jiaolong's words, they immediately breathed a sigh of relief, then turned around and walked towards the distance to leave this area!

But David looked at the dragon quietly without moving!

"Master, let's leave quickly. This dragon is indeed very powerful."

Huo Feng stepped forward and pulled David to leave!

"You guys go first, I want to know how this dragon can reach this state."

David suspected that this dragon must have discovered the immortal energy and then absorbed it. Qi turned into a fairy beast, and then he truly transformed into a dragon!

Maybe this guy was just a little snake from the beginning!

After absorbing the immortal energy, everything is possible!

Thinking of this, David's eyes were full of excitement. If this guy really absorbed the immortal energy and became like this, then the beast elixir in his body would be a real treasure!

David actually wanted to kill the dragon in front of him!

Huofeng seemed to sense David's excited murderous intent, and quickly reminded him, "Master, don't be ridiculous. This dragon is probably going to ascend soon. If it sneezes now, all of us will be dead." "

"Don't worry, I won't do anything stupid..."

David quickly smiled awkwardly. He didn't expect Huo Feng to notice his little thoughts!

Huofeng had no choice but to slowly withdraw from this area!

But when he saw that David was still motionless in that corner, and he noticed a hint of murderous intent in David's eyes, he immediately stared at David with his red eyes and said, "You don't know the height of heaven and earth, you want to kill me and take my beast elixir." Really?"

"I have this idea, but I know I can't do it yet!" David agreed generously!

Not far away, Mr. Miao and the others almost vomited blood when they heard David's words!

What the hell is David doing?

How dare you speak like this in front of the dragon that is about to ascend!

The dragon was also stunned. It didn't expect that David would actually admit it!

"Boy, if this dragon hadn't been about to ascend and kill too many people, you would have been wiped out by now."

The dragon snorted angrily!

"Stop bragging and calling yourself a dragon, you are just a big python and you still dare to call yourself a dragon!"

David said with a disdainful smile.

"Boy, you are looking for death..."

Jiaolong was angry.

You know, the dragon is the most annoying thing when someone calls it this!

Mr. Miao and the others were completely shocked. They simply couldn't understand why David deliberately angered the dragon. Was it just to seek death?

The dragon roared, its terrifying aura was like a tornado, making it impossible for Mr. Miao and the others to stand!

David, on the other hand, dug his feet into the ground, and the dragon crystal on his chest began to flicker!

When the dragon saw the dragon crystal on David's chest and felt the pure dragon energy exuded by David, his whole body instantly froze!

After a while, the dragon lowered his head in shock, and no longer had that aloof aura!

When David saw this, he suddenly jumped on top of the dragon's head!

Seeing the transformation of the dragon, everyone was shocked. They couldn't understand how this kind of dragon, which was almost invincible in the world of heaven and humans, could bow to David.

Chapter 3319

"Take me into the cave, I have something to ask you..."

David let Jiaolong take him into the cave!

After all, David didn't want too many people to know his identity, so he could only go into the cave and talk to the dragon!

After Jiaolong heard this, he immediately took David into the cave!

When he arrived inside the cave, David discovered that at the bottom of the cave, there was actually a cave that led directly to the ground! The

dragon was there underground and sealed the cave, so David and the others entered the cave. There was nothing in the cave, and they quickly reached the bottom of the cave!

"Who are you?" Jiaolong asked David!

"You don't need to worry about who I am. If I ask you now, you should answer truthfully. If you satisfy me, I can enlighten you and make you a real dragon." David said with a profound look

!

After Jiaolong heard this, he immediately said politely, "Ask me, I will definitely tell you everything..." "

How did you become like this? Did you absorb the immortal energy and turn into a dragon?"

David asked directly. !

"Yes, I used to be just a red chain snake. I accidentally discovered a boulder with immortal energy, so I have been absorbing the immortal energy to practice." "For so many years,

I have been stuck in the ascension realm, and I have never been able to truly become a The dragon clan ascends.”

Jiaolong said truthfully!

“Is the immortal energy boulder still there?” David asked!

“Yes!” Jiaolong nodded!

“Take me to see...” David wanted to know what the fairy stone that could turn a little red chain snake into a dragon looked like!

Jiaolong took David and began to crawl under the bottomless cave!

I don't know how long it took, but a patch of red began to appear in front of David's eyes.

It turned out that it was magma. The red magma was boiling and the temperature was thousands of degrees!

However, David's body was not afraid. Even if it was as hot as the Demon Clan's Zhihuo, David'sThe body can bear it, just magma is nothing!

David saw that in the center of the magma, a huge stone was soaked in the magma. The boulder was so big that it was more than enough for the dragon to coil on top of the stone!

“Such a big fairy stone?”

David said in surprise!

“Of course, otherwise how could it be absorbed by me for so many years, but now there is very little immortal energy left in this boulder. If I can't use this immortal energy to ascend, I'm afraid I will stay in this state forever.”

Jiaolong said very lonely!

David looked at the immortal energy boulder in front of him, jumped on it, and then discovered that the immortal energy emanating from the boulder was the same as the ice soul fragment he had in the far north!

Although the immortal energy in this boulder is not much for this dragon, it is almost exhausted!

But for David, it is a big treasure. It is estimated that it will be no problem for him to break through a small realm!

You must know that the resources David needs to break through a small realm are several times or even dozens of times that of others!

“You are now fully capable of ascending in strength, but you are just stuck on enlightenment. After all, you are not a real dragon. Even if you have some dragon energy in your body, you are not pure!” “I will pass on some purity to you now

. Dragon Qi, and then you can realize it. When you truly understand everything about the Dragon Clan, I believe you can ascend to become a real Dragon Clan.” David

said to the dragon!

“Thank you...”

Jiaolong swayed and transformed into a handsome man, kneeling directly in front of David!

No matter what David’s identity is, the dragon crystal in his body is real, and there is also that pure dragon energy!

So Jiaolong didn’t need to ask any more questions, and he knew that David was definitely a member of the dragon clan!

Being able to get the enlightenment of a true dragon can be regarded as the blessing of a dragon!

David gently pressed his hand on the dragon’s head, and a burst of dragon energy entered the dragon’s body!

Chapter 3320

Feeling this dragon energy, Jiaolong slowly closed his eyes, and waves of stench began to emit from all around his body!

Soon, the graceful dragon was already covered in filth!

David jumped up, away from the dragon, and then looked at him quietly!

David knew that this dragon must have understood everything about the dragon clan because of his dragon energy, so it was undergoing transformation and emitting waves of stench!

Roar... Suddenly

, the dragon turned into a beast again, and the scales on its body fell off in large pieces!

Soon the originally red scales on the dragon's body turned into silver.

Dragon horns slowly sprouted from the top of the dragon's head, and a pair of dragon claws were formed at a speed visible to the naked eye!

Just an hour later, Jiaolong completely transformed, and now he is a real dragon!

"Thank you..."

The dragon hovered, feeling the changes in his body, and was very excited inside!

"Now that you and I are of the same race, it's only right that I can help you."

David said with a faint smile.

The dragon circled around David and then soared into the sky!

A huge gap was created in the entire mountain, and then the dragon's body soared into the sky!

Rumble...

Listen to the huge noise and watch the dragon suddenly rush out of the mountain!

Everyone was very shocked!

"What's going on? Could it be that the dragon has ascended?"

Mr. Miao and Cai Hongwei were all stunned!

None of them could have imagined that the dragon would ascend so quickly!

You must know that the transformation and ascension of the beast race is more difficult than that of the human race, but it is not that easy!

A colorful ray of light suddenly appeared in the sky, and the ray of light shone on the entire Chilian Mountains, making the night in the entire Chilian Mountains look like day!

This ray of light also caused the monster beasts in the Chilian Mountains to curl up in place, and no one dared to make the slightest sound!

Thousands of miles away in Yuanri City, many people are also paying attention. I noticed this glow!

“The colorful rays of light are so beautiful. Is this someone ascending?” “

Chilian Mountains, that is the direction of the Chilian Mountains. It has been a long time since the world of heaven and humanity has seen these ascending colorful rays of light.” “

I don't know about the ascension. Who is he, is he an orc or a human...”

Everyone's eyes were full of envy!

Ascension...

a dream of all monks in the world of gods and humans!

Their efforts are all for the moment when they ascend to immortality!

Mr. Miao and the others opened their mouths wide and watched helplessly as the dragon flew into the colorful glow and slowly disappeared!

The colorful glow disappeared, and everyone slowly came back to their senses!

“Mr. Chen, where is Mr. Chen?”

Ji Yun thought of David and ran towards the cave with all his strength!

Huofeng and others also ran towards the cave!

After all, these people have received favors from David, especially Mr. Miao who followed Cai Hongwei. They cannot be ungrateful!

What's more, now that the dragon has ascended, there is no danger in the cave!

When everyone entered the cave, they were instantly stunned by the sight in front of them!

They saw a downward passage at the bottom of the cave. They followed the passage and found David sitting cross-legged on a boulder. Surrounding the boulder was boiling magma!

The temperature of thousands of degrees made everyone sweat profusely and frown!

“The master should be practicing, let's not disturb him...”

Huo Feng saw that David was practicing, so he reminded him!

When everyone heard this, they quickly retreated, leaving David to practice on the giant rock mountain!

The sky is gradually getting brighter, and everyone has recovered a lot of strength after taking a rest!

Especially Cai Hongwei, after taking the elixir refined by David, he has completely recovered!

“Go and see how your little brother is doing...”

Mr. Miao said after waking up!

Just when everyone was about to follow Mr. Miao to see David's situation, suddenly there was a muffled thunder in the sky!
