Chapter 3365

You must know that the way to cultivate immortality is not just to sit in a room and absorb resources to practice. Especially when your cultivation reaches a bottleneck, you must practice. Maybe you can break through the bottleneck during practice!

And this time the battlefield of gods and demons is the best experience. I believe that there will definitely be many monks who can break through the bottleneck in the battlefield of gods and demons!

“My daughter has always wanted to enter, but I want Jin Dong to go even more. After all, Jin Dong is strong and has enough experience. With more experience, his cultivation will increase a lot.” Luo Shouhai said

!

“Master, it’s good for junior sister to enter the battlefield of gods and demons. She has been suffering from serious illness, which has affected her cultivation, which makes her cultivation level low. Therefore, taking advantage of this time to enter the battlefield of gods and demons, junior sister can practice more and improve herself. cultivation level.”

Jin Dong said to Luo Shouhai!

“Having said that, the battlefield between gods and demons is full of dangers. It would be too dangerous for Luo Xi to go in alone.”

Luo Shouhai sighed and said!

“Master, there is no need to worry. Mr. Chen has also entered the battlefield of gods and demons. When the time comes, just ask Mr. Chen to take care of the junior sister. With Mr. Chen’s ability, everything will be fine.” Jin

Dong Said!

When David saw this, he immediately knew that the master and apprentice were singing the double act just so that he could take care of Luo Xi!

I must be embarrassed to say it directly, so I just sang and sang like this!

“Don’t worry, Valley Master Luo. After entering the battlefield of gods and demons, I will help take care of Miss Luo.”

David said with a faint smile!

“Okay, okay, with Mr. Chen’s words, I feel relieved. If Mr. Chen needs me for anything in the future, I, the Blood Spirit Valley, will definitely be obliged to do so.” Luo Shouhai said happily

!

Just as he was talking, someone from Blood Spirit Peak came over, and then Cheng Jinghui looked at Luo Shouhai and said, “Brother, my eldest niece is so weak, how dare you let her do it?” She was too careless when she entered the battlefield between gods and demons.

“Don’t you know how dangerous it is inside? ” What should we do if something unexpected happens to our eldest niece? “

Even if there is no danger, if you encounter some pervert, with the beauty of my eldest niece, I think she will not be able to escape. When the time comes, the little princess of the Blood Spirit Valley will be turned around. It will be unpleasant to tell... “

Cheng Jinghui was so angry that he seemed to be deliberately irritating Luo Shouhai! After

hearing Cheng Jinghui’s words, Luo Xi’s face turned red with anger, while Jin Dong’s eyes widened, “Cheng Jinghui, shut your stinking mouth and give you face. Uncle Master, do you think you look a bit like an elder? Damn you...”

Jin Dong was about to follow Cheng Jinghui!

Luo Shouhai stopped Jin Dong, then gave Cheng Jinghui a cold look and said, “Get out of here right away, don’t think I dare not touch you. “

Seeing that Luo Shouhai was angry and did not dare to touch him, Cheng Jinghui seemed to let out a bad breath, and then turned and left!

Behind Cheng Jinghui, Liu Xueyi looked at Luo Xi and said, “Little junior sister, you don’t have to be afraid. When we get to the battlefield of gods and demons, senior brother. I’m here to protect you, and then I’ll let my senior brother and me taste what it’s like to be my little junior sister...”

Liu Xueyi’s face was filled with a lewd smile, and his broken arm had already recovered to its original state!

“Liu Xueyi, you’ve forgotten how your arm was broken. , with Mr. Chen beside Junior Sister, if you dare to touch Junior Sister, Mr. Chen will break your limbs. “

Jin Dong threatened Liu Xueyi fiercely!

But Liu Xueyi was not afraid at all. Instead, he smiled coldly and said, “When we enter the battlefield of gods and demons, I will be the first to kill this kid. Although I am not his opponent, but I have helpers...”

After Liu Xueyi finished speaking, a figure suddenly appeared and stood next to Liu Xueyi!

This man was wearing a black robe, and there was a strange-shaped monster embroidered on the black robe. His long hair was draped over his shoulders. Blowing in the wind, there is no expression on the thin face!

Chapter 3366

It seems that this man is young and very cold, but his aura is not low. Although this man is deliberately hiding his strength, you can still feel the domineering aura in him!

“Qi Peijia?”

Jin Dong couldn’t help but frown when he saw the person coming!

Luo Shouhai and Luo Xi on the side also became very surprised when they saw the person coming!

“Brother Jin, I haven’t seen you for many years. I didn’t expect you to know me...”

The visitor looked at Jin Dong and said with a faint smile!

“Of course we know each other. Even if a hundred years pass, I will never forget it...”

Jin Dong looked at Qi Peijia with a bit of anger in his eyes!

“But this time, you don’t enter the battlefield of gods and demons, which makes me a little disappointed. If there is a chance, I will continue to learn from you.” After

Qi Peijia finished speaking, he turned and left, Liu Xueyi glanced at Jin Dong with a sneer on his face, and then followed him like crazy!

“Brother Jin, who is this person? He looks very mysterious and very powerful.”

David asked Jin Dong!

“He is a casual cultivator in Tianmo Mountain. This guy has no family or sect in Tianmo Mountain, and no one takes him in,”

Jin Dong said!

“Loose cultivator?” David was stunned. “Can a casual cultivator reach such a state? And I think you have some issues with him?”

David could see the anger in Jin Dong’s eyes!

Jin Dong did not answer, but glanced at Luo Xi, and then said, “Yes, this guy bullied the junior sister many years ago and almost took away the junior sister’s innocence. I beat him seriously in anger and threw him into the In the Demon-Swallowing Cave.”

“I really didn’t expect that this guy didn’t die, and his strength became so strong. It’s simply outrageous.” “

Demon-Swallowing Cave?” At this time, David was a little confused and didn’t understand. What is this Demon Swallowing Cave!

“Mr. Chen, this Demon Swallowing Cave is justIt was just a cave in Tianmo Mountain, but many of the disciples of the six major demon sects would disappear for no reason when they passed near the Demon-Devouring Cave, so over time the cave was named the Demon-Devouring Cave. “

“And all the major demon sect disciples in Tianmo Mountain have also avoided that place and will not pass by there again. “

Luo Shouhai followed David and explained!

David understood now why they were all shocked when they saw Qi Peijia! They were seriously

injured and thrown into the Demon Swallowing Cave, but they didn't die and became, even more, It's so powerful, this is a bit too outrageous!

If it weren't for the opening of the battlefield between gods and demons, David would have wanted to explore the Demon Swallowing Cave to see what was so special about it!

David and others were waiting for the crack in the different space Open it completely, and you can enter after the surrounding space-time turbulence completely disappears! The

vortex around the crack becomes less and less, and becomes lighter and lighter, and finally disappears completely!

And the wisps of white mist around the crack begin to violently, a passage was quickly formed around the crack!

Everyone saw that the passage was open, and when they were about to take a chance, suddenly a figure rushed towards the crack quickly!

Then a harsh sound sounded, like an alarm. The same!

Dozens of monks standing in front of the crack saw this and waved out together!

Dozens of breaths condensed in one place, becoming extremely powerful!

In an instant, the breath hit the figure, and the figure directly transformed into It turned into a blood mist and was blown away by a gust of wind!

“Everyone, if you don't have a VIP token and want to intrude without authorization, this is what will happen. I hope you pay attention!” “

Sect Master Kong of the Xuanyin Sect said loudly!

As soon as Master Kong's words fell to the ground, he saw a black shadow turning into a gust of wind and heading towards the crack!

But this time, there was no harsh sound. It was obvious that this person had a VIP. Token, so the dozens of monks guarding the front did not take action!

Chapter 3367

Everyone stared blankly, but no one rushed forward. After all, no one knew whether the passage was completely opened. Although the first one to rush in could have a time advantage, he was also at risk!

If the passage is not fully opened and is swept away by the turbulence of time and space, there may be no return!

David looked at that figure and knew it was Qi wearing armor, he couldn't help but admire the guy!

Qi Peijia's figure reached the crack, and his whole body looked distorted as if the turbulence of time and space still existed!

Everyone was secretly glad when they saw this. Fortunately, they didn't rush in first!

But the twisted body of Qi Pear did not stop, but continued to move towards the crack, and soon entered the mist channel, and then the figure disappeared without a trace!

"Miss Luo, let's go..."

David saw Qi Peijia entering and knew there would be no danger, so he said to Luo Xi!

Luo Xi nodded, and then followed David and flew towards the passage!

Others also jumped up and headed towards the passage of the battlefield of gods and demons!

Soon everyone's figures disappeared into the passage. There were only a few people left above the sea of clouds that was bustling just now!

“Master, let’s go back. Mr. Chen will take care of our junior sister, so it should be fine.”

Jin Dong said to Luo Shouhai, who was unwilling to leave!

Luo Shouhai nodded, and then followed Jin Dong from above the sea of clouds to the Xuanyin Sect!

When David took Luo Xi into the battlefield of gods and demons, it turned out to be a desert. There were many bones on the ground that had stayed here for thousands of years!

These bones can no longer tell which ones are immortals and which ones are demons, but looking at the bones all over the ground, you can tell that many people died on this battlefield!

“These white bones are also treasures. You must know that these white bones are also treasures.” The owners of the bones are all those immortals and demons who have ascended to heaven. If these bones can be used to make weapons, they will definitely be very powerful! Luo

Xi looked at the bones all over the ground. He was not afraid, but was excited to pick up the bones to use as weapons!

“If you pick up the bones all over the ground, when will you pick them up? Throw them away quickly.” “

David asked Luo Xi to throw away the bones.

They entered the battlefield of gods and demons for more powerful treasures, not to pick up bones!

When Luo Xi saw this, he could only throw away the bones he picked up!

David looked around, The sky was filled with yellow sand, and not a single person could be seen at all. David didn’t know if the other people were sent to other places, or if the battlefield of gods and demons was divided into several spaces! After all, this

different space was created by man, so how many spaces did he want to create? You can create several of them, and you can create whatever kind of environment you want!

David emitted his spiritual consciousness and wanted to explore the surrounding situation, but here, his spiritual consciousness was actually restricted. David's spiritual sense can only detect a few hundred meters, not as far as the eyes!

In this case, it is obviously impossible to rely on the spiritual sense to detect treasures. It probably depends on luck!

“Miss Luo, I will give you a jade slip, and the two of us will look for it separately. No matter whether we find the treasure or not, we will eventually meet up in one place. “

This jade slip is for the convenience of communication. You must take it...”

David knew that time is precious. If the two of them hunt for treasure together, it would be a waste! If

the two of them act separately, they can get it in the shortest time. Exploring the largest area!

And there are no people around, so there should be no danger, so David suggested this!

“Okay!” Luo Xi nodded, and after taking the jade slip, he set off in one direction!

David also found a direction and took steps forward!
